Feb. 3, 1970

Mrs. Mildred Stauffer  
Njala University College  
Education Department  
Private Mail Bag  
Freetown, Sierra Leone  
West Africa

Dear Mrs. Stauffer:

President and Mrs. Turner returned tanned and healthy in our sub-zero weather. He said they enjoyed their visit in Sierra Leone and he thought the students would gain much from the experience.

President Turner gave his approval for the program to continue next year if funds can be secured for it. I have written an article for the Tan and Cardinal announcing that applications are being received. I will try to gather all of the information needed for selection, but wait on the actual screening until you return.

The first letter that the girls sent back has been received and published in the T&C. We sent a copy of that issue of the T&C along with the group photograph made in New York to the parents of each of the girls.

We received three boxes of slides addressed to you. If these were intended for recruiting, please let me know. We have not opened them.

Your house is O.K. although we have had some record cold weather. It is a little above freezing now and raining - so the groundhog is not going to see his shadow.

Mrs. Williams is sending the package of materials you requested today.

I hope you are enjoying your experience and that you and the girls are all in good health.

Sincerely,

  
Chester L. Addington
