The Otterbein University CAMPUS SAFETY BULLETIN is intended to provide safety and security information to students, faculty and staff in order to help the campus community be aware of security concerns and assist in maintaining a safe and secure campus environment. If students, faculty and/or staff have information to be distributed for urgent dissemination, contact the Otterbein University Police Department at 614-823-1222 or via e-mail at police@otterbein.edu.

CAMPUS SAFETY ADVISORY

SHARE THE ROAD
#SHARE THE RESPONSIBILITY

The purpose of this Bulletin is to promote safe behavior among students, faculty, staff, and visitors moving around campus and raise awareness to provide a safe environment for pedestrians, bicyclists and motorists. We all use multiple modes of transportation, whether walking, biking or driving and share the responsibility in assuring it’s done safely.

Pedestrians:
- **Always cross at marked crosswalks.**
  You forfeit your rights as a pedestrian if you cross elsewhere.  
  The pedestrian crosswalk for Otterbein students/faculty/staff members is marked on the roadway between the Courtright Memorial Library and Towers Hall.
- **Obey any pedestrian signals and look left-right-left**
  to make sure the road is clear in both directions before crossing.
- **If a vehicle approaches, make eye contact with the driver**
  to be sure s/he sees you before you cross.
- **Look before walking past stopped vehicles.**
  Do not cross just because a driver waves you on. Be sure all lanes are clear first.
- **Remember that bicyclists are not considered pedestrians**
  unless they are walking their bikes. Otherwise, they are considered vehicles
- **Avoid distractions by stopping distracting behavior**
  like texting, talking on your phone, and listening to loud music on headphones.
  Observe your surroundings and be aware of signs or any obstacles

Bicyclists:
- **Yield to pedestrians.**
- **Remember that bicyclists are not considered pedestrians**
  unless they are walking their bikes. Otherwise they are considered vehicles and forfeit their rights as pedestrians in the case of an accident or citation.
- **Use extra caution as you transition between bike paths, roads and sidewalks.**
  Be aware that your actions are unpredictable to drivers and pedestrians.

Drivers:
- **Yield to pedestrians in crosswalks and at intersections.**
- **Be prepared to stop**
  at all marked crosswalks. Stay alert and reduce speed in areas with crosswalks.
- **Be alert for bicyclists and skateboarders**
  whose approaches to the crosswalk may be much swifter than those of pedestrians.
- **Come to a complete stop**
  if pedestrians are crossing or preparing to cross.
- **Wait until pedestrians have crossed at least one lane past the lane you are in**
  before resuming travel.
- **Never pass another vehicle that has stopped or is slowing down at a crosswalk.**
