Graduate School Spotlight: Disruptive Innovation

Otterbein University sponsored a face-to-face educational event for members of the American College of Healthcare Executives to discuss "Disruptive Innovation". Twenty-five executives were in attendance from different healthcare systems around the greater Ohio area. Paul Longenecker, faculty member and MSAH program director, served as moderator.

Welcome Jeff Kasler as Adjunct Professor to the Master of Science in Allied Health Program

The Allied Health program is proud to welcome our newest adjunct professor, Jeff Kasler. Jeff is the Director of Government Relations at OhioHealth at the local, state, and federal level. Jeff comes to us with a wealth of knowledge and has been a regular guest speaker in the MSAH program for several years. We are thrilled to have him teaching the U.S. Healthcare Policy course this semester.

Jeff shared a bit of insight about his hopes for this experience. "I hope to facilitate unique thoughts, dialogue and perspectives from all the students. Ideally, I leave the class more informed and curious than I found it!"

Jeff Kasler, Master of Science in Allied Health Adjunct Professor
