Otterbein-Heidelberg Debate.

W. G. S.

The debate at Tiffin against our old rival, Heidelberg, was one of the pleasantest in which Otterbein has ever been interested. The question was, "Resolved that Corporations Engaged in Interstate Commerce should be Compelled to Obtain their Charters from the Federal Government."

The first speaker on the affirmative, Mr. Milton Kanaga said in speaking of corporate abuses that the states had competed against one another in two different ways: First, by lowering fees. Second, by making tax. He cited various examples to illustrate this and showed that certain states were robbing their sister states by this process.

R. B. Dunlap, the first speaker for the negative, showed the drastic and revolutionary nature of the plan proposed and the "grave constitutional difficulties involved."

Mr. W. M. Spitler, second affirmative speaker showed the effect of lack of uniformity under state laws and how uniformity would be obtained under federal incorporation.

S. Tryon, second negative speaker, showed the effect of such a law upon our treaty relations with commercial nations and proposed the federal license system as having all the benefits and none of the objectional features of the federal incorporation scheme.

F. W. Stoner, for the affirmative, emphasized the utter inadequacy of state control and showed that the billion dollar trust must be controlled by the hundred billion dollar government.

L. E. Myers, for the negative, showed the state of the federal corporation in the states, that state powers had not been exhausted and that federal incorporation was an effort to take the corporation farther from the people and that it had been urged most by John D. Rockefeller, H.

H. Rogers, John D. Archibald, John Gates. He also showed the failure of federal government to control the railroads in incorporated by it.

The negative rebuttal speech was made by S. Tryon and the affirmative rebuttal by W. M. Spitler. The debate was keen and spirited throughout and showed great preparation on both sides. The affirmative, however, had several surprises sprung upon them and their rebuttals were either superficial or total failures. Otterbein, on the other hand, successfully met on rebuttal practically all the points made by the affirmative.

The judges who gave the decision were: Judge King, of Sandusky; D. McReynolds, president of Defiance college; Jesse Vickery, an attorney of from Bellefleur. Prof. F. W. Kennedy, of Heidelberg, was chairman of the meet and was entirely fair to both sides. The timers were Prof. Graber for Heidelberg and W. G. Snavely for Otterbein.

After the debate an informal reception was given, at which the most friendly sentiments were expressed. Speeches were made by representatives of both schools and by each of the three judges. This reception is one of the most pleasant reminiscences of the debate.

The debaters had a loyal and enthusiastic supporter in Mr. Theodore Davis, of Columbus, a former Otterbein student, now a contracting agent for the Erie railroad. He accompanied the team to Tiffin, showing the keenest interest and took notes in shorthand, from which this sketch is written.

Arrangements have already been made for a debate to be held here next year and feel sure that the interest in this fine art is just beginning to take a deeper hold on Otterbein.

Prof. McFadden was in Dayton over Sunday.

Otterbein Defeated by Kenyon in First Game of Season.

The team left at noon for Gambier where the opening game of the season was played with Kenyon. Although defeated by a score of four to nothing the score does not tell the story of the game.

Those that witnessed the game are of the opinion that Otterbein should have won in as much as Kenyon was out played as well as out batted. Several costly errors at critical times and an inability to hit when men were on bases was the cause of defeat.

Otterbein put up a good game in the field and at bat. The pitching corps was especially strong. Funk, Grabill and Smith each pitching three innings in the order named. Only four hits being made off of all three. With the showing made by these three pitchers with Strahl and Trimmer not yet tried and the work done in the field the prospects for a successful season are good. At the bat each man seemed able to meet with the ball with ease although with not very good affect, but this will follow with practice.

Now that captain Flick has seen how the men work under fire the practice from now on will be along the weak points so that a strong team will be the result.

The game opened with Strahl at bat and he opened both the game and the season with a hit but was unable to score. He showed his old time form by getting another hit later on in the game. Lack of practice was evident in his fielding the same as in the playing of the rest. His one error was a hard chance. Smith also secured two hits and had the Kenyon boys at his mercy when in the box. We can expect much from him as soon as his arm gets in good working condition. Kenyon was unable to do anything with Grabill. His delivery and curves seemed to puzzle

them. Funk started the game and from the start seemed to place them where he pleased. Although Kenyon started the ball rolling while he was in the box it was not through his pitching but a matter of luck. He had good curves and plenty of speed and made four of them fan the air.

Spitler caught the whole game and showed up well, it being his

GIRLS' BASKETBALL.

BY M.

The Otterbein Girls' basketball team has played six games with foreign teams during the season. The team won the last two games, which were played with Muskingum and Plain City on the home field. Throughout the season the girls have played very pretty, clean and fast basketball. The girls who have played on the team have been: Forwards, Grace Ressler, captain, Ethel Hansford and Ethel Ressler; centers, Sylvia Wors-tell, Adrienne Funk and Elizabeth Gerlagh; guards, Jeannette Good, Hattie Stouffer and Ora Maxwell. The captain, Miss Ressler, played her usual good basketball. Miss Hansford did some exceptionally good playing in the Muskingum game. Centers have all been good. Miss Funk was noted for her quick playing. Miss Good was an especially fine guard. In most games she played the hardest opponent and always won admiration for her close guarding. Miss Stouffer did very well.

The girls all deserve words of commendation and praise for their faithful work. Scores were as follows:

O. U. 9, Muskingum 13.

O. U. 5, O. S. U. 12.

O. U. 8, Ada 30.

O. U. 12, Ohio University 20.

O. U. 17, Muskingum 7.

O. U. 14, Plain City 9.

Y. M. C. A.

The Association year of 1905-6 closed last Thursday night. The report of the retiring administration is as follows:

Men in school, 217.

Men enrolled in Y. M. C. A., 185.

Men enrolled in Bible Study, 150.

Men enrolled in Mission Study, 70.

Total expenses for the year, \$262.32. The report of the employment deserves of special mention. In all 152 positions were secured for men, with a total earning of \$370.25.

"Life work" meetings were held during the spring term of last year, and a number of special meetings were arranged during the year.

Otterbein was well represented at all conferences and institutes to which we were invited. Delegates as follows:

Lakeside, 8; Presidents' Conference at Ashland, 2; Bible Study Institute, Columbus, 10; State Convention, Toledo, 12; Nashville Student Volunteer Convention, 1.

Deputation work has been done by men in the mission of Columbus, and through our representative upon the Ohio Evangelistic Committee, a number of colleges in Southwest Ohio have been touched.

The new administration was installed by our state college secretary, B. J. Woodmansee. All committees were in conference with him during his stay of two and one-half days with us. His work will bear fruit in the renewed energy and enthusiasm which

his work has created among the new officers and committeemen.

The work for the coming year should be the very best that we have yet known. Assistant College Secretary A. H. Lichty will be on the field, so that we have every reason to expect greater results than we have yet seen in Otterbein.

The regular Conference of Y. M. C. A. Presidents will be held at Delaware on the coming Friday, Saturday and Sunday. An excellent program has been prepared, and all departments of the Association work will be considered. Among the speakers other than Y. M. C. A. Presidents will be G. B. Landis State Secretary of the mining department work, A. B. Williams, of Cleveland; H. A. Wilbur, of Dayton; Kenneth McArthur, of N. Y., members of the International committee and Emory W. Hunt, President of Denison University.

Of special interest will be the address by W. B. Petters, who is soon to sail for China. He is General Secretary of all Y. M. C. A. work in China.

As our baseball team goes to Delaware next Saturday, a goodly number of fellows should plan to take in both the convention and the game. The convention will adjourn in order to give the delegates a chance to see the game. All fellows attending the convention will be furnished entertainment by the Delaware Association.

Y. W. C. A.

There were about sixty girls at Y. W. C. A. Tuesday night. A very interesting meeting was led by Miss Lillian Ressler. Miss Hanawalt and Miss Oehlschlagle sang a duet.

PERSONALS.

Philomatheia will have open session Friday evening of this week.

Mrs. Wright, of Dayton, O., visited her daughter, Irene last week.

Misses Fletcher and McNall, of Fostoria, visited Miss Myrtle Karg last week.

Philophronea held their regular installation open session one week ago Friday evening.

Otterbein-Kenyon Game.

Continued from Page One.

first experience at college ball. A strong wind was blowing towards the batter so that it made throwing to second very difficult and accounts for the stolen bases. He made a nice hit but like the rest when no one was on bases.

Both Leibcap and Titus made good use of their few opportunities. "Liby" was unable to do anything at bat, but taking all-in-all it looks as if he will make a good man.

Kring at third played fast and snappy ball. His batting eye has wonderfully improved. Keller accepted all the chances at second but was unable to meet Walcotts curves with any effect. Flick played the same consistent game as of old. He made a nice catch of a long foul after a hard run. His whiskers were the source of much comment from the spectators. "Flick the man with the 'Chestnut fur' on his chin"

It was a fast and well played game and the players received many comments from the Kenyon boys on the improvement over last years team. In most of the innings the men went out in one two three order although twice Otterbein had a man on third but the desired hit was lacking.

It was a good game even if we were defeated.

It was good pitching done by all three.

Are you going to Delaware with the team next Saturday?

The team received the usual good treatment at the hands of the Kenyon boys.

It is likely that a mid week game will be scheduled with Kenyon here. We will put it to 'em the next time.

The debating team joined the baseball team at Mt. Vernon and went on up to Gambier to see the game. That's the spirit.

The next game is with Wesleyan at Delaware. A good crowd ought to accompany the team over. Remember the word is "all aboard for Delaware next Saturday."

Flick says that he is pleased with the showing that the team made Saturday.

If you want to see a good game go to Delaware next Saturday and see Otterbein play Wesleyan.

About sixteen girls, members of the Katydid's and Katydidn't's club held their second irregular meeting at the home of Miss Norah Thompson last Friday evening. The regulation menu for Katys was served and a fine time is reported. Members will be glad to give further particulars upon inquiry.

Good morning have you Otterbein Weeklied?

Prof. Snavelly (to an eminent lawyer of Westerville)—“Can I ask you a legal question?”
 Lawyer—“I don't know whether you can or not, you may try.”

Mr. Bailey—“Otto, I only punish you to show my love for you.”

Otto, sobbing—“If I was only bigger I'd return your love Pa.”

Miss Geeding carefully avoids a certain little spider for fear that he Will Webber.

What mark of punctuation should be after Leibcap's name? A period of course, because he is so fond of a Dot.

Morris:

Prof. S. (in the Old English class)—When will there be 25 letters in the alphabet?

Mr. W.—When U and I are one.

Were you ever buncoed? Ask Geo. DeWitt Bender for the latest prices in lumber.

Sympathy will be gratefully accepted.

Some late quotations:

Sanders—“Don't you think my moustache is becoming?”

Miss McF—It may be coming but it is not here yet.”

New version:

Laugh and the world laughs with you.

Snore and you sleep alone.

“For the last time,” she whispered. “Yes for the last time,” he repeated. A tear stole

down her cheek. Her lips quivered. He sighed, thinking of their broken lives, of the hours they had spent in happiness. “Are you sure of yourself?” she asked.

“Yes” he replied, hugging her closer. With a struggle they parted. She listened to his footsteps as they died away in the distance; then she went to the looking-glass, arranged her hair, dabbed some powder on her face, and murmured, with a yawn, “I wonder what time he'll come tomorrow night.”

IT HAPPENED IN THE REGULATION PARLOR, At seven o'clock they sat like this,
