If you want to make sure your child can see the blackboard, trust Pearle.

Most children don't tell their parents they're having trouble seeing.

So before the school year begins, bring your child to Pearle Vision Center. For a professional eye exam by a doctor of optometry.

If a prescription is needed, we fill it to the doctor's exact specifications.

So your child can see the blackboard, and the rest of the world, the way it was meant to be seen.
