GENERAL INFORMATION

HISTORICAL STATEMENT

With the founding of Otterbein College the work of higher education in the United Brethren Church began. The founder of Otterbein College, Rev. Lewis Davis, D.D., is the father of higher education in the denomination.

The General Conference of 1845 authorized and recommended the founding of a college. The Board of Trustees met for its first session in Westerville, April 26, 1847. The work of the College began September 1, 1847.

From that time to the present, Otterbein has made growth and progress through varying degrees of success from a plant valued originally at \$1,300 with only one professor and three instructors, to a plant whose present valuation, including endowment, is over two million dollars, with a faculty of forty professors and instructors, and eleven buildings.

This institution has offered only the traditional liberal arts courses demanded of a school of this character. In recent years, however, in order to meet the pressing demands of the age, more emphasis has been placed upon the importance of vocational work. Of special note is the work in the department of education and its emphasis on teacher training.

Otterbein has been aggressive in that she has stood out in a marked fashion with an identity peculiarly her own in several particulars. Otterbein furnished the first State Young Women's Christian Association secretary in the world. Its Young Men's Christian Association and its Young Women's Christian Association were the first college associations in the State, and its splendid building for Association purposes was the first of its kind in the country. Otterbein was the second college in the world

to admit women on an equality with men. In slavery times she stood staunchly in defense of the rights of the black man and has always figured prominently in temperance movements.

She maintains her well-earned place in the front ranks of the colleges of Ohio. Otterbein College is a member of the Ohio College Association, the North Central Association of Colleges and Secondary Schools, and the Association of American Colleges, and is on the approved list of colleges of the Association of American Universities; also a member of the American Association of University Women.

LOCATION

Otterbein College is located at Westerville, Ohio, twelve miles north of Columbus, on the Cleveland, Akron and Columbus branch of the Pennsylvania Railway. Convenient transportation by bus, Buckeye Stages, leaving terminal station nearly every hour. Running time, 35 minutes.

Westerville has a population of 3,000 and has all modern improvements. These material conditions, coupled with the high moral tone of the village, make Westerville an ideal place for a college town.

BUILDINGS AND GROUNDS

Otterbein's buildings and grounds occupy about forty acres on the west side of Westerville. About twelve acres of this ground are in the main campus, the balance in various contiguous locations separated only by streets from the main campus.

The college group consists of eleven commodious structures.

1. **THE ADMINISTRATION BUILDING**—A large four-story structure of brick in Gothic style of architecture. Erected in 1870.

2. SAUM HALL—Erected in 1855, a dormitory for girls.
3. THE ASSOCIATION BUILDING—This building is devoted to the interests of the Young Men's and Young Women's Christian Association. It was constructed in the year 1892. It is also the headquarters of the Women's Department of Physical Education and is fully equipped for this purpose.
4. COCHRAN HALL—Constructed through the gift of Mrs. Sarah B. Cochran, of Dawson, Pa., in the year 1905. It contains rooms to accommodate nearly one hundred women.
5. THE CARNEGIE LIBRARY—It is the gift of Andrew Carnegie. Erected in 1908.
6. THE LAMBERT FINE ARTS BUILDING—This structure is the gift of Mr. G. A. Lambert, of Anderson, Indiana, as a memorial. It is the home of the Conservatory of Music, the Home Economics Department, and the Art Department of the College. Erected in 1909.
7. THE HEATING PLANT—Installed and constructed in 1906.
8. THE PRESIDENT'S HOUSE—The President's House is a comfortable, eight-room structure, located on the north side of the college campus.
9. THE McFADDEN SCIENCE HALL—Funds for this building were appropriated from the money secured during the 1918 campaign. Erected in 1919.
10. KING HALL—A building for men constructed and donated by Dr. and Mrs. John R. King, class of 1894, in 1926.
11. THE ALUMNI GYMNASIUM—It contains a floor sufficiently large for two parallel basketball courts and an

auxiliary floor of ample size. There is seating capacity for 1,400 spectators. The gymnasium contains in addition a suite of rooms as alumni headquarters and four recitation rooms. Erected in 1929.

HOUSING AND SUPERVISION OF STUDENTS

Otterbein College believes that the physical and social interests of the student can be served best by providing well for their home life while at college. As far as it is humanly possible, fatherly and motherly care is exercised in behalf of both young men and women.

To secure a room, a retaining fee of five dollars is required of each student. No room will be regarded as assigned until said fee has been deposited with the Treasurer. The fee is retained to the end of the year, or to the time of graduation, when the value of any breakage of furniture or damage to the room is deducted. This fee for new students making early application is refundable up to September 1st, provided previous notice is given of the student's inability to enter college.

Board and room rent for both men and women are payable strictly one month in advance. Any student neglecting to settle in this manner, unless by special arrangement with the Treasurer, will be charged with a delinquency fee of twenty-five cents a day until settlement is made.

MEN—All Freshmen and Sophomores are required to room and board in King Hall. Others desiring to room there may have the privilege until the Hall is filled. Rooms in King Hall range from \$2.00 to \$2.50. An additional charge of \$1.00 is made for room if only one person occupies a room. The rule applies to rooms for three and occupied by two only. Board, \$166.50 per year.

The men may furnish their own bedding except mattress and pillows. If furnished by the Hall an extra charge of \$5.00 per year will be made.

The housing of all non-resident men of the college will be under the direct supervision of a special committee known as King Hall Committee.

The Philip G. Cochran Memorial Hall and Saum Hall are the residence Halls for women. The rooms rent for \$2.25 or \$2.50 per week, per student.

Cochran Hall has accommodations for eighty-five residents as well as the common dining hall for women. Rooms in Cochran Hall vary in price from \$1.50 to \$2.50. Only a few rooms are available at the lower rate. Board in both halls, \$166.50 per year.

The students supply their own towels and bedding except mattress and pillows. Curtains, dresser and table covers are not furnished. Rugs are provided. *No woman will be permitted to room or board outside the residence Halls except with the approval of the faculty.*

HEALTH SERVICE

As a part of the health service a professional nurse is employed to care for all minor illnesses of students. Two rooms, one in Cochran Hall and one in King Hall, are set aside for hospital purposes.

LIBRARIES

The Library, including the libraries of the Philomathean and Philophronean Societies, contains about thirty-five thousand volumes and pamphlets.

RELIGIOUS SERVICE

A chapel assembly is held every morning, except Saturday and Sunday, at eleven-thirty. All students are required to be present at the regular chapel service.

Public worship is conducted at ten-forty-five every Sun-

day morning in the college church. All students are expected to be present, except those who arrange to worship elsewhere.

A well-organized Sunday School is conducted every Sunday morning at nine-thirty o'clock.

PHYSICAL EDUCATION

Physical training is required of all college students in the Freshman and Sophomore years. The Department of Physical Education now offers a minor to both men and women which meets the approval of the State Department of Education.

Each student is given a physical examination on entering.

Athletics include Varsity teams in football, basketball, tennis, baseball and track. The college participates in intercollegiate contests with other colleges in Ohio. Intramural activities are arranged in the various sports for both men and women.

Uniform gymnasium clothing is required for those who are members of the gymnasium classes. It is advised that the purchase of equipment be deferred until arrival here.

The Varsity "O" Association is composed of honor men who by virtue of certain proficiency in the various athletic sports are admitted to membership.

The Women's Athletic Association, affiliated with the Athletic Conference of American College Women, fosters athletics for the women of the college. Membership is on a point basis. The object of the Association is to promote high ideals, encourage participation and to afford training for those who may be desirous of becoming teachers of physical education.

STUDENT ACTIVITIES

LITERARY SOCIETIES

There are four societies—Philalethea and Cleiorhetea for women; Philomatheia and Philophronea for men. The society halls are furnished in attractive fashion and are quite spacious.

MUSICAL ORGANIZATIONS

The Otterbein College Men's and Women's Glee Clubs, the Banjo-Mandolin Club, the College Orchestra, and the College Band, are all made up of students of the college.

A Music Club composed of members of the faculty and students of the Music Department meets at regular intervals.

DEBATE, ORATORY AND DRAMATICS

In addition to the regular courses in Public Speaking, ample opportunity is offered for varied forensic expression. Otterbein is a member of the Ohio Inter-collegiate Debating Association, and the Ohio Inter-collegiate Oratorical Association, and each year is represented in these contests. Otterbein participates in both the Peace and the Constitutional contests which are sponsored by national organizations.

Otterbein maintains an active Cap and Dagger Club for those interested in Dramatics. The Otterbein Chapter of Theta Alpha Phi, national honorary dramatic fraternity, honors with membership those students who have fulfilled certain requirements.

There is a chapter of Pi Kappa Delta, an honorary forensic fraternity. Only those students who have represented the college in inter-collegiate debate or oratory are eligible for membership.

RELIGIOUS ORGANIZATIONS

The Young Men's Christian Association and the Young Women's Christian Association meet weekly in halls of their own in the Association Building.

Two Christian Endeavor Societies of high grade exist at Otterbein. The meetings are held regularly every Sunday evening.

The Young People's Department of the Sunday School has its own organization. Services are held at 9:30 each Sunday morning.

The Life Work Recruit organization offers encouragement to those interested in Christian work and training.

CAMPUS CLUBS

The following are important departmental clubs on the campus conducted and participated in by the students and faculty:

The Quiz and Quill Club, for those interested in creative writing; Chaucer Club, for the study of contemporary authors; International Relations Club; Epsilon Chapter of Sigma Zeta Fraternity; Home Economics Club; Krafts Klub; Cap and Dagger Club and Music Club.

GOVERNMENT

The Cochran Association and the King Hall Association function as student self-governing agencies in the residence halls. The Student Council and the Campus Council are representative of the student and faculty interests.

STUDENT PUBLICATIONS

The Tan and Cardinal is the official college paper. Every phase of college life is given its share of notice.

The Sibyl is a student publication issued annually by the Junior Class.

OTTERBEIN COLLEGE

The Quiz and Quill is a magazine composed of the best English productions of the college students during the year.

The Association Handbook, published yearly by a joint committee of the Y. M. C. A. and Y. W. C. A. members, is a neat pocket manual containing valuable information for new students.

FACULTY CLUB

A faculty club composed of all the members of the faculty meets monthly at the regular faculty hour for the discussion of current educational problems.

OFFICIAL PUBLICATIONS

The official publication of The Otterbein College is issued quarterly, in October, January, April and July.

The Alumni Register, containing a complete list of the officers, trustees, and alumni of the institution from its founding, is issued at intervals of five or six years.

CURRICULUM REQUIREMENTS

The normal load for a student is fifteen to seventeen hours. A student may be permitted excess hours providing he has made a point average of two during the preceding semester and has been carrying at least fourteen hours of work. A student who makes less than a one point average in the work of the preceding semester may be asked to reduce his work below the normal load. In either case the number of hours carried must receive the sanction of the committee on excess hours.

In music, full work shall consist of two lessons per week in a major study (Piano, Organ, Voice, or Stringed Instrument), one lesson per week of a minor study (Piano, Organ, Voice, or Stringed Instrument) and either Har-

mony, Counterpoint, or History of Music, one hour per week. In art, full work shall consist of regular work in the studio and at least one text-book subject.

FRESHMAN PERIOD AND ORIENTATION

Freshman Period begins Saturday, September 9, at 2:30 P. M. and continues through Sunday, Monday and Tuesday. This is not an optional introduction to the college course. It is an integral part of it. (Detailed program of the period will be available about August 10.) This is the freshman's opportunity to make a good beginning of his college work toward the attainment of scholarship and the development of character.

This work of Freshman Period is continued throughout the first semester in a one hour credit course known as the Orientation course. This course consists of lectures and discussions on adjustment to campus life and a guidance program introductory to the entire field of knowledge. *Participation is required of all freshmen not only in the class work of the Orientation course but also in the exercises of Freshman Period.*

GRADING SYSTEM

The symbols A, B, C, D, F, X, Inc., and W are used in ranking students. The letter A stands for extraordinary attainment in the course. B is good; C average; D poor; and F failure. X is given for unsatisfactory work, failure to take examination, notebook not in, or other similar reason *within the control of the student*. Inc. is used to mark a course which is temporarily incomplete on account of illness of the student or other circumstances *beyond control*. W is used to mark a course regularly discontinued by permission of the instructor and Dean. When a student leaves college within a semester W is used to mark

the courses in which he was enrolled if his work was satisfactory at the time of withdrawal.

REMOVAL OF CONDITIONS. A condition not removed by the end of the corresponding semester of the next year shall become an F.

POINT SYSTEM

The following Point System is a basis for *scholarship* and graduation honors:

For each semester hour of A.....	3 points
For each semester hour of B.....	2 points
For each semester hour of C.....	1 point
For each semester hour of D, F, X, Inc., & W.....	No points

For graduation a student must have at least 124 hours and 124 points. Work taken outside of class will receive one point per hour. In the case of private lessons in music the regular point system will be followed.

SCHOLASTIC HONORS

A point average of 2.3 for both semesters of any one year entitles a student to be listed as an honor student. The list will be published each year in the college catalog.

SCHOLASTIC HONORS AT GRADUATION

A point average of 2.3 for the entire course entitles a student to have "cum laude" on his diploma.

A point average of 2.6 for the entire course entitles the student to a "magna cum laude" on his diploma.

A student may be eligible for honors at graduation on the basis of two years of work at Otterbein, provided he submits evidence of excellent grades in work transferred from other standard institutions.

EXAMINATIONS

Written examinations in all classes are held at the middle and close of each semester and grades are reported to parents or guardians.

DEGREES AND DIPLOMAS

The degree of Bachelor of Arts (A.B.) will be conferred upon those who complete satisfactorily 124 hours of college work and earn 124 or more points, as prescribed in the college catalog; the degree of Bachelor of Science (B.S.) may, on the same conditions, be conferred upon those majoring in the departments of Biology, Chemistry, Mathematics, or Physics.

The degree of Bachelor of Music (B.Mus.) will be conferred upon those who satisfactorily complete the work prescribed in music, as described in that department, and the degree of Bachelor of Public School Music (B.P.S.M.) upon those who satisfactorily complete the work in Public School Music.

The degree of Bachelor of Fine Arts (B.F.A.) will be conferred upon those who complete satisfactorily the work in art as described in the department of art.

GENERAL REGULATIONS

No secret society is permitted and no other self-perpetuating society or organization may be formed without permission from the Faculty.

A student who is a member of any college organization representing Otterbein in intercollegiate or special extra curricular relations shall not participate in such activities unless a satisfactory standard in scholarship is maintained and the student complies with all other college regulations. A student in an individual capacity representing the college shall conform to the same standard.

OTTERBEIN COLLEGE

Five unexcused absences from daily chapel shall be the maximum for a semester. Any student who has more than five unexcused absences shall be suspended by the Dean for a period of three days.

Every absence from the last recitation in any study before a recess, or from the first recitation in any study following such a recess, or vacation, shall reduce the credit for that course one hour.

REGISTRATION

Registration as a student of Otterbein is understood to imply a willingness to comply with the social ideals and traditions of the college.

Entrance credentials must be sent early in the summer.

Students will not be enrolled unless their entrance certificates or certificates of transfer from other institutions with letters of honorable dismissal, are in the hands of the Registrar.

Students are required to register in person with the Registrar and make all necessary arrangements for studies not later than the first day of each semester.

As a part of their registration, students are required to choose an adviser not later than the beginning of the Junior year. This choice is to be made a matter of record by the Registrar and any change of adviser must likewise be recorded.

Students shall have their studies for the following semester entered by their professors on cards for that purpose, and deposited in the college office at least ten days before the close of the semester then in session.

FEES FOR DELINQUENCY AND CHANGE OF SCHEDULE

All students not entering for the first time, failing to register as above directed, will be required to pay a penalty of \$1.00 for each day of delay. The same penalty

will be imposed for failure to pay tuition and laboratory fees at the time set for such purpose.

Each freshman who fails to register at the time scheduled in the Freshman period will be charged a fee of \$1.00. The same charge will be made for each of the examinations of the Freshman period taken out of scheduled time.

A fee of fifty cents is charged for change of schedule.

PAYMENT OF BILLS

Students are required to pay bills on or before the second day of the first semester and on or before the first day of the second semester. Board and Room payments are due on the 15th of each month during first semester and on the 1st of each month during the second semester. Late payment fees shall be \$1.00.

EXPENSES

Due to the emergency arising out of the present economic depression Otterbein College makes the following reservations and hereby announces that all tuition, laboratory fees, room and board rates, and regulations concerning housing are subject to change without notice at any time. This change may be in the form of an increase or decrease in rates as circumstances demand.

ENTRANCE FEES

A registration fee of \$1.00 is charged all students.

An incidental fee of \$14.00 is collected from each student. This is payable at the time of matriculation and covers all necessary personal expenses for all athletics and physical education, including a free ticket to all home games, and health service from the resident nurse.

Two dollars of this amount is appropriated to the *Tan*

OTTERBEIN COLLEGE

and *Cardinal*, the bi-weekly student publication which covers the student's subscription to this paper.

Pierre Frederic and Louise Marguerite Rosselot Scholarship, \$1,000. For a Senior who shall have attained high rank in the departments of American and European History, Political Science, and French Language, and who shall have made a special study of some phase of international relations.

PRIZES

Rev. Howard H. Russell, D.D., founder and associate superintendent of the Anti-Saloon League of America, has established two series of prizes for those who win distinction in Public Speaking and Oratory at Otterbein.

1. RUSSELL PRIZE, DECLAMATION CONTEST—Three prizes of twenty-five, fifteen and ten dollars each, are offered to students who win the first three places in the annual declamation contest for underclassmen.

2. RUSSELL PRIZE, ORATORICAL CONTEST—Three prizes, twenty-five, fifteen and ten dollars each, are offered to students who win the first, second and third places in the annual oratorical contest for upperclassmen.

3. BARNES SHORT STORY PRIZES—Mr. J. A. Barnes, of Wellesley, Mass., class of '94, has established a short story prize scholarship amounting to \$2,000, the income from which is to be used for prizes of \$40, \$20 and \$10 each for the best stories on Good Citizenship. The sum of \$50 is to be used for the purchase of books for the library bearing upon the subject. This scholarship is established in the memory of Mr. Barnes' brother, Walter Barnes, of the class of '98.

4. WEAVER MATHEMATICS PRIZE—A prize of \$10 is awarded annually by Mr. and Mrs. James H. Weaver of Columbus, Ohio, to the student who distinguishes himself most in the department of mathematics.

5. THE LAWRENCE KEISTER CLASSICAL GREEK PRIZE FOUNDATION—Rev. Lawrence Keister, D.D., Scottdale, Pennsylvania, gave \$1,000 as a permanent foundation for annual prizes in classical Greek to be distributed to first, second and third year students on the basis of ability.

Such variations in all the prizes may be made as changed conditions and discretion suggest.

6. THE LAWRENCE KEISTER NEW TESTAMENT GREEK PRIZE FOUNDATION—The foundation for these prizes consists of \$500. In the fourth year course the major study will be New Testament Greek. To pupils in this course prizes of fifteen, ten and five dollars shall be made in order of class rank. These awards shall be made in chapel about June 1 of each year. The winners shall also be announced on Commencement Day.

7. THE COX PRIZE FOUNDATION FOR DEBATE—A prize

of \$25 is awarded by Mr. J. O. Cox of Valparaiso, Ind., to the winning team in the Freshman-Sophomore debate.

8. QUIZ AND QUILL FOUNDATION, \$1,200—This fund was established by members of the Club to promote the *Quiz and Quill* magazine, to provide prizes for the annual contest promoted by the Club, and to further the interests of creative writing on the campus. Prizes of \$10, \$5, and \$3 are awarded by the Quiz and Quill Club for the best English essay or poem written by either a Freshman or a Sophomore.

9. THE ROY BURKHART PRIZES IN CREATIVE WRITING—Mr. Roy Burkhardt, class of 1927, has offered \$35 in prizes for various types of creative writing. This year a single prize of \$35 will be given for the best short-story, not to exceed three thousand words, presenting some Christian virtue in action.

REQUIREMENTS FOR ADMISSION TO COLLEGE

Fifteen units of work are required for admission to college.

Four one-hour recitations a week, or five recitations of forty-five minutes a week throughout the school year of thirty-six weeks, constitute a unit of work for requirements of admission.

Graduates from first-grade high schools who rank in the upper two-thirds of their classes are admitted to freshman standing upon presentation of a certificate of graduation. Only a limited number of students ranking in the lowest third of the class will be admitted. Such applications must be in the hands of the Committee on Admissions by August 20. If such a candidate is admitted, he will be placed on probation and must earn a minimum of twelve hours and twelve points the first semester or retire at the end of the semester.

Candidates coming from other colleges or universities who have not earned a minimum of twelve points in their last semester may not be accepted.

The units presented for entrance should include the following:

English	3 units
Foreign Language	*4 units
History and Civics	2 units
Mathematics	†2 units
Science	2 units
Elective	2 units

If the credits presented from the high school contain total number of units but are deficient in any of these five departments, the candidate may be allowed entrance to the Freshman class but will be required to make up the deficiency on the basis of one college unit for two high school units. This must be made up by the close of the sophomore year.

The minimum hours of work required to obtain entrance to the various classes above Freshman are as follows:

At the beginning of the first semester a student must have completed, in addition to any entrance conditions—

For Sophomore standing	24 hours and 24 points
For Junior standing	56 hours and 56 points
For Senior standing	90 hours and 90 points

At the beginning of the second semester the numbers stand as follows:

For Sophomore standing	40 hours and 40 points
For Junior standing	72 hours and 72 points
For Senior standing	106 hours and 106 points

*If a student is admitted with 4 units of foreign language, only 8 hours will be required in college. If a student is admitted with 3 units, 12 hours will be required in the college. If a student is admitted on 2 units or less, 16 hours will be required in the college.

†Elementary algebra, one unit, must be offered.

See Point System.

REQUIREMENTS FOR GRADUATION

The following is a description of the Major-Minor System adopted by the College:

A semester consists of 18 weeks, or one-half of the college year.

A semester hour is one class hour a week continued through the semester. For illustration, a subject in which a student recites two hours a week for a semester would count two semester hours of credit. One in which he recites four hours a week would count four semester hours of credit.

To graduate, a student must have completed satisfactorily 124 semester hours of work, and have earned at least 124 quality points.

No student can graduate in any department of the College without spending at least one year (the Senior year) in residence at Otterbein.

A major consists of not more than 32 nor less than 24 semester hours in one subject or department.

A minor consists of 15 semester hours in a subject or department other than that in which the major is taken.

One major and one minor must be completed for graduation. However, no student should take more than 36 hours in a department. A student may complete two majors in different departments under the direction of the heads of these departments and may designate who of the two professors shall be the adviser. This arrangement provides for both reasonable specialization and freedom of election and at the same time insures a liberal and general distribution of work through the entire curriculum.

Bible required in Sophomore year. All other work elective in all years.

There shall be a special advisory committee for Freshmen to be appointed by the faculty.

The following are the minimum requirements of all students for graduation:

English Literature or Advanced Public Speaking	6 semester hours
Composition and Rhetoric	6 semester hours
Bible	6 semester hours
History, Religious Education or Social Science..	6 semester hours
†French, German, Italian, Spanish	6 semester hours
Greek, Latin, or Mathematics	6 semester hours
Science	6 semester hours
Philosophy and Education	6 semester hours
Physical Education	4 semester hours
Electives	72 semester hours

Total.....124 semester hours

Explained more fully, the above means that the amount of work indicated in each subject named will be required of all students for graduation, no matter what may be the major subject. More than these may be taken if it does not conflict with the regulation touching majors and minors.

*Neither Greek nor Latin in review will meet this requirement. In Mathematics, courses 421 and 422 or 423-424 are required.

†An ancient language may be substituted for a modern on faculty action.

PRE-PROFESSIONAL COURSES

For the convenience of students who desire to make an intelligent arrangement of their work in college, preparatory to professional courses after graduation, a suggestive arrangement is offered. In no case is this work prescribed or required by the College. Requirements vary in different professional schools, hence these are merely suggestive and quite flexible. For information apply to the dean.

EXTENSION AND CORRESPONDENCE COURSES

Otterbein is offering a limited number of Extension and Correspondence courses, as follows:

List of courses:

Accounting and allied subjects—Professor Troop.
English Bible and Religious Education—Professor Engle.
Biology—Professors Shear and Hanawalt.
Child Development, The Family and Home Economics—Professor Hoerner.
Education—Professor Mendenhall.
English Composition—Professor Altman.
Shakespeare, Drama, Novel—Professor Pendleton.
American History—Professor Snively.
Mathematics—Professor Glover.
Mechanical Drawing—Professor McCloy.
Physical Education—Professors Martin and Johnson.
Public Speaking—Professor Smith.
Romance Languages—Professors Mills and Rosselot.
Religion and Adult Education—Dean Potts.
Sociology and Missions—Professor Hursh.

These courses are carried in connection with the teaching load of our regular professors. The teachers named above are willing to undertake a limited amount of this work during the school term or in the summer.

Not more than six semester hours may be taken by *correspondence* in one department, and a total of not more than eighteen may count toward graduation. *Extension*

courses may be done for more hours if pursued in classes in the *presence of the instructor*, the limit to be determined by the Director and the Professor concerned.

FEES

Each student on entrance pays a registration fee of one dollar. For correspondence work the tuition is five dollars a semester hour and one dollar a course is charged to cover postage and stationery. For Extension work the tuition is seven dollars a semester hour.

For further details write to F. J. Vance, Director of the Extension Department.

PARENTAL EDUCATION

Committee: Professors Hoerner and Mendenhall.

- I. A minor of 15 hours in parental education may be chosen from a group of selected subjects, if there is no overlapping with other majors and minors. The approval of the committee should be secured in each case. Open to Juniors and Seniors in the college.
- II. The courses included in this group of studies are open to any adult, whether or not enrolled in the college, who desires work of this kind to help him meet his parental responsibilities. However, no college credit will be given unless the student is regularly matriculated. The courses requiring prerequisites can be taken only with the permission of the professor giving the course.

Suggested courses:

Principles of Education...	190
Observation	191 or 192
History of Education....	196
Social Problems	632
Rural Sociology	633
Principles of Religious Education	71

Principles of Christian Living	74

SPECIAL WORK FOR TEACHERS

Sufficient work in education is offered to enable students to meet the requirements of the State Law of Ohio for the four-year provisional High School Certificate. Following are the requirements of the State Department of Education:

General Psychology	3 semester hours
Educational Psychology	3 semester hours
Principles of Education	3 semester hours
Special Methods	2 semester hours
Observation and Participation	2 semester hours
Student Teaching	3, 4 or 5 semester hours
Administration and Supervision	3 semester hours

and three additional semester hours to be taken from the field of technical education, making a total of 23 semester hours.

Electives from which to choose are offered as follows:

Principles of Teaching	3 semester hours
History of Education	3 semester hours
Educational Sociology	3 semester hours
Tests and Measurements	2 semester hours

Every prospective teacher must have a teaching major of 18 hours in one department and two teaching minors of 12 hours each in other departments.

COURSES OF INSTRUCTION

In the numbering of the courses, first semester courses have odd numbers and second semester courses even numbers.

Year numbers are indicated by two numbers separated with a dash (201-202). Credit hours in such courses are given for the year.

Courses marked with an "E" following the regular course number indicate courses in Special Methods for teachers.

Days of the week are abbreviated thus: Monday, M.; Tuesday, T.; Wednesday, W.; Thursday, Th.; Friday, F.; Saturday, S.

BIOLOGY

PROFESSORS SCHEAR AND HANAWALT

The combination of courses which may be offered as a major in Biology depends upon the line of professional work for which a student is preparing and must be chosen in conference with the Head of the Department. Geology is offered as a part of a 32 hour major, but will not be accepted as a part of a 24 hour major in Biology.

91-92. GENERAL BOTANY. A general survey of the plant kingdom, emphasizing the economic aspects of the subject. Two lectures, three laboratory hours, and an average of one to two hours of library or field work each week. Mr. Schear.

*9:30 or 10:30, M., W.; Laboratory, 2 Sections,
M., or T., 1-4; Field work F. afternoons.*

8 hours

101-102. GENERAL ZOOLOGY. This course begins with the history of zoology and some of the problems associated with life. The animals are studied in an ascending order to man, concentrating upon a few of the most important forms and upon the essential principles of the subject. Two recitations and four hours of laboratory work each week, Mr. Hanawalt.

*9:30, M., W., or T., Th., Laboratory, M., W., or
T., Th., 1-3.*

8 hours

103. ENTOMOLOGY. A general study of insect life, the insect being studied in its natural environment as much as possible. Instruction is given in the collection and preservation of insects, insecticides and their application, life histories, natural enemies, winter condition of insects and its significance. One lecture, one quiz and two to three laboratory hours a week. Laboratory fee \$1.50. Mr. Hanawalt.

8:30, T., Th., S.

3 hours

104. ORNITHOLOGY. Study of birds and bird life. Thirty or more lectures, recitations and frequent reports on assigned topics. Nest building and home life will be investigated in the field. Two lectures; four to six hours in library, laboratory and field. No deposit. Laboratory fee \$1.50. Mr. Hanawalt.

3 hours

8:30, T., Th., S.

105. COMPARATIVE VERTEBRATE ANATOMY. A detailed study of the comparative anatomy of vertebrates. Throughout the course the interrelationship of structure and function is emphasized. One lecture and four laboratory hours each week. Prerequisite, Biology 101-102. Mr. Hanawalt.

3 hours

7:30, Th., Laboratory, 1:30 to 3:00, T., Th.

106. CELLULAR BIOLOGY. A study of the intimate structure and the activities of the cell, divergent types of cell specialization, cell division and growth. Prerequisite: one year of Biology. Mr. Hanawalt.

3 hours

7:30 Th.; Laboratory, 4-6 hrs. a week.

107. GENERAL EMBRYOLOGY. Includes karyokinesis and the early development of amphibians, reptiles and birds; the germ cells and the processes of differentiation, heredity, and sex determination. The subject matter is approached from the standpoint of general biological relations. One lecture and four laboratory hours each week. Prerequisite Biology 101-102. Mr. Hanawalt.

3 hours

7:30, T.; Laboratory, M., F., 1-3

108. HISTOLOGY AND ORGANOLOGY. The course includes a study of histological technique, histogenesis and microscopic structure of the tissues and organs of the vertebrate body. Emphasis is laid on the relation of structure to function. One lecture, one quiz, and two to four laboratory

hours each week. Prerequisite, Biology 101-102. Mr. Hanawalt.

7:30, T.; Laboratory, M., F. afternoons.

3 hours

115. GENERAL BACTERIOLOGY. A general course giving instruction in the preparation of culture media, principles of sterilization and disinfection, methods of cultivating, staining and studying bacteria, fermentation with special reference to those affecting foods, and in the relations of bacteria and other micro-organisms to health. Two lectures and four to six laboratory hours each week. Prerequisite, one year of Biology. Mr. Schear.

8:30, T., Th.; Laboratory, 1-4, T., Th.

4 hours

116. ADVANCED BACTERIOLOGY. A biological examination is made of air, water, foods, and soil. Special attention to milk and some of its products. Isolation of bacteria in pure culture from their natural habitat. Specific study of a few of the more common pathogenic organisms. One lecture, one quiz, and four to six laboratory hours each week. Prerequisite, Biology 115. Mr. Schear.

8:30, T., Th.; Laboratory, 1-4, T., Th.

4 hours

121-122—HUMAN PHYSIOLOGY. An introduction to the general principles of physiology and a consideration of their application to the human body. Sufficient attention is given to anatomy and histology to lay a foundation for the study of the properties and hygiene of tissues and organs. Certain advanced problems receive special attention. Two lectures and six laboratory hours each week. Prerequisite, one year of Biology. Mr. Schear.

10:30, T., Th.; Laboratory, 1-4, W.

6 hours

126. GENETICS. A study of the general principles of heredity. Types are chosen from both plant and animal material. Heredity characters found in man are given

much consideration. Prerequisite, one year of Biology.
Mr. Schear.

8:30, M., W., F.; Laboratory, Sat. A. M. 3 or 4 hours

129-E. SPECIAL METHODS. The teaching of the biological sciences in secondary schools is studied by means of lectures, library references and laboratory work. Special attention is given to the place of laboratory instruction in secondary education, the organization of courses and equipment. Mr. Schear.

8:30, F., S.

2 hours

LABORATORY FEES AND DEPOSITS. All students who register for laboratory courses requiring the use of dissecting instruments, magnifiers, etc., are required to make a deposit of \$5.00 in addition to the regular laboratory fee, which covers only cost of materials consumed. The cost of apparatus injured or destroyed is charged against the deposit and the balance refunded. See page 30 for statement of laboratory fees.

CHEMISTRY

PROFESSORS WEINLAND AND ESSELSTYN

A major in Chemistry shall consist of General, Quantitative and Organic Chemistry, making a total of twenty-four hours. A minor consists of fifteen hours.

151-152. GENERAL CHEMISTRY. The attempt is made in this course to give a thorough drill in the fundamentals of Chemistry and to lay the foundation for the future work of those students who intend to follow this line further. Two hours a week are spent in recitation and four hours a week in the laboratory, working out a carefully graded system of experiments. The last third of the year will be devoted to elementary qualitative analysis.

*Three Sections: 10:30, W., F., and
 9:30, 10:30, T., Th.*

8 hours

153-154. QUANTITATIVE ANALYSIS. The best known gravimetric and volumetric methods for the quantitative examination of substances are used in this course. Prerequisite, Chemistry 151 and 152. Six to eight hours in laboratory and two lectures a week.

8:30, M., W.

8 hours

153B-154B. ADVANCED ANALYTICAL CHEMISTRY. May include special methods in quantitative analysis or advanced qualitative analysis.

Hours to be arranged.

4 to 8 hours

155-156. ORGANIC CHEMISTRY. A study of the compounds of carbon with special reference to industrial applications. Prerequisite, Chemistry, 151-152.

7:30, M., W., F.; two laboratory periods

10 hours

155B or 156B. ORGANIC QUALITATIVE ANALYSIS. The separation and identification of organic compounds. Prerequisite, Chemistry 155-156.

Hours to be arranged

2 hours

157-158. HOUSEHOLD CHEMISTRY. One semester of organic and one semester of applied Chemistry with appropriate laboratory work.

7:30, T., Th., S.; one 3-hour laboratory period

8 hours

159-160. ADVANCED INORGANIC CHEMISTRY.

10:30, T., Th.

4 hours

161-162. MINOR PROBLEMS IN CHEMICAL RESEARCH. A course designed to familiarize the advanced student with the tools and technique of chemical research. Prerequisite, Chemistry 151-152, 153-154, and 155-156 or 163-164. May be elected only by special permission. Fees to be arranged.

Conference, library and laboratory work

2 or more hours

163-164. PHYSICAL CHEMISTRY. An introductory course in physical chemistry.

8:30, T., Th.

4 hours

165-166. INORGANIC PREPARATIONS.

Hours to be arranged.

4 hours

167. METHODS IN TEACHING CHEMISTRY. This course is designed to supplement work of the Department of Education by presenting problems peculiar to the teaching of chemistry.

Hours to be arranged.

2 hours

LABORATORY FEES. To cover cost of materials a fee of \$7.50 will be charged every student taking a laboratory course.

CIVILIZATION

PROFESSOR ROSSELOT

169-170. CIVILIZATION OF LATIN EUROPE. This is a study of the social, economic, and political conditions and structure of Italy, Spain, Portugal, France, Belgium and Switzerland. SCHOOL OF MUSIC

The School of Music is located in the Lambert Hall of Fine Arts. Numerous practice rooms, equipped with pianos, which are rented at a normal rate, furnish a means for systematic practice. There is a recital hall which seats about three hundred persons.

GENERAL INFORMATION

All students taking full work pay an incidental fee of fifteen dollars. Music students taking less than half work are not required to pay this fee. Out-of-town pupils and pupils in the public school grades are also exempt from the fee. The regular matriculation fee of one dollar is, however, required of all pupils. Tuition is payable in advance for each semester.

Reduction is not made for lessons missed, except on account of long illness, and then the college shares the loss with the pupil.

Lessons falling on holidays are not made up.

Students should enter at the opening of the year for the *Theoretical studies*, as classes in beginning Theory are not started during the second semester.

Pupils will be admitted at any time during the year for private lessons, but not for less than the unexpired part of the semester, except by special permission from the **Director**.

SYSTEM OF INSTRUCTION

It is the aim in the course of study to give a systematic training, which will prepare the candidate for successful teaching, and at the same time give him a thorough preparation for public performance.

The system of instruction is largely individual. Here

the mature judgment and different methods mastered by each instructor are given full expression.

Theoretical work, such as Harmony, Counterpoint, History of Music, etc., is taught in classes.

LIBERAL ARTS CREDIT

Studies pursued in the School of Music may be used as electives in the Liberal Arts Courses. For graduation from any department of the School of Music, the student must hold a diploma from a first-class high school, or its equivalent.

DEGREES AND DIPLOMAS

Courses are offered leading to a degree in Public School Music Supervising, the Diploma of the School of Music, the Degree of Bachelor of Music. The Liberal Arts Course with Music as major leads to the Bachelor of Arts Degree.

MAJOR AND MINOR IN MUSIC

A major in Music shall consist of twenty-four hours including eight hours of Theoretical Music and sixteen hours of Applied Music.

Not more than thirty-two nor less than twenty-four semester hours shall be permitted in Music for a major. Any music over the minimum of twenty-four hours shall be divided equally between Applied and Theoretical Music.

Four hours of Piano are required of all students who major in Voice or Violin. For outline of course with major in music see page 100.

A minor shall consist of fifteen hours including five hours of Theoretical Music and ten hours of Applied Music.

All music credited as Major or Minor toward the A.B. degree shall be of the Freshman grade or above, as outlined elsewhere in the catalog.

OTTERBEIN COLLEGE

PREPARATORY DEPARTMENT

Beginners in music have always been taken as students in the School of Music. This department is designed to prepare pupils from the very first grades up to the regular graduating courses of the School. Pupils who have been prepared in this department are not required to pass an examination to enter Freshman in any course of the School, but are advanced as the teacher sees fit. Special rate for pupils who enter this department from the Public Schools. For rate, which includes the matriculation fee, see page 105.

SPECIAL STUDENTS

Students not wishing to enter any of the courses leading to a diploma are entered as Special Students and are not required to follow the prescribed courses, but are given systematic work in whatever musical study they take up.

THEORY, HARMONY AND COUNTERPOINT

Otterbein offers an unusually well arranged and thorough course in Theory. From the very beginning in Ear Training, Sight Singing and the Elements of Harmony up to the highest forms of Harmony, Counterpoint, Musical Form and Composition, the student is taught those principles which make for the development of his perception of true musical realization.

History of Music is a requirement in each course of study.

ORGAN

With the constantly growing number of organs which are being placed in churches as well as many other public places, comes the insistent demand for trained players who have more than a passing acquaintance with the "King of Instruments" and its possibilities.

Prospective organ students must first complete the

equivalent of one year and a half of regular work in the course of study for piano. (See page 96.)

Otterbein offers as good facilities for organ study as can be secured anywhere.

(See prices for instruction and practice under "Tuition" on pages 105 and 106.)

PIANOFORTE

The course of study with piano as the major, outlines a period of four years with the Diploma of the School of Music on completion.

To secure the Degree of Bachelor of Music the candidate must complete one year's work in his major study in addition to the above-mentioned course. For other requirements for both courses, see the outline of courses of study of Pianoforte on pages 102 and 103. The Degree of Bachelor of Music carries with it as one of its requirements the completion of a first-class high school curriculum, besides the following academic courses:

Bible	6 hours
English	12 hours
Logic	3 hours
Psychology	3 hours
Physical Education	4 hours
	<hr/>
	28 hours
College Electives	20 hours
	<hr/>
Total.....	48 hours

ENTRANCE EXAMINATION

All students of Pianoforte wishing to enter the course leading to graduation shall be required to pass an informal examination for admission to the course. Students wishing advanced standing must likewise pass an examination admitting them to the desired standing.

The examination for Freshman standing shall show

satisfactory knowledge in elementary training, fundamental technique, rhythmic sense, scales and arpeggios; the candidate must be prepared to play any one of a self-selected list of three studies or pieces, which shall include one easy sonatine from Kuhlau or Clementi, one of the easier Czerny or Bach studies, and one classic or modern selection of comparative grade. The latter should be memorized.

SCOPE OF COURSES OF STUDY FOR PIANO

The following courses are designed for the average pupil, and are simply models to give a general idea of the work required by the School in a course covering four or five years' work leading to the graduate or post-graduate diplomas. The time in years as laid down in the courses is not a hard and fast schedule, for there are some talented pupils who can take several years' work in one, and on the other hand there are pupils who can scarcely get out one year's work satisfactorily in the allotted time.

PUBLIC SCHOOL MUSIC TRAINING COURSE

This course is designed for students who wish to fit themselves for the teaching and supervision of music in the public and private schools of the United States from the Kindergarten through the High School. Students who enter training for music supervision must be graduates of a recognized four year high school, or have the equivalent training. In addition the applicant should have special musical ability, a pleasing voice and a good ear.

Students taking this course will be required to belong to an Otterbein Musical Organization (Choir, Glee Club, Orchestra), for at least two years and should be able to appear creditably in student recitals (Piano, Voice, Orchestral Instrument.) The State Department of Public Instruction in Ohio requires four years of training.

Upon completion of the course the student will receive the degree of Bachelor of Public School Music from Otterbein College and the regular Provisional State Certificate from the State Department.

NOTE—Following is a brief description of the School of Music work as it is outlined in the preceding course:

SCHOOL MUSIC 761-762—A study of Notation and Terminology which will help to form correct habits of notation and clarify thought and speech in defining and explaining musical terms.

SCHOOL MUSIC 763—A study of the voice of the child and application of principles involved in gaining a repertoire of children's songs.

SCHOOL MUSIC 764—This course is intended primarily for those majoring in Public School Music, but any music student who expects to direct musical organizations would find it to be of unusual value and may be admitted to the class.

SCHOOL MUSIC 765—General Survey and establishment of aims and ideals pertaining to all grades. Problems of 1st, 2d, 3d grades. These problems include song singing, listening lessons, monotones, observation work, ear training, beginning sight-reading and a study of materials—with numerous other problems. Problems 4th, 5th, 6th grades. Continuation of work of previous grades.

SCHOOL MUSIC 767—Problems of Junior and Senior High. First a study of boys and girls of these grades and how to keep them interested in music. Then the specific problems of chorus work, care of the changing voice. Appreciation, Theory and Beginning Harmony, Glee Clubs, Orchestra and Materials.

SCHOOL MUSIC 768—The ideal Supervisor, his relation to the officers of the school, to the teachers, the pupils and the community at large.

HISTORY OF MUSIC

The aim is to give the student a survey of the entire field of musical development as presented in the light of recent research.

Lives and ideals of composers are studied with the idea of obtaining a keen, sympathetic understanding of their works.

LOW RATES FOR CHILDREN'S COURSES

Otterbein College offers classes in the lower public school grades. These classes are taught by experienced teachers of the School of Music using the most attractive and successful of the new methods of class instruction. In classes of ten or more each pupil will pay 25 cents a lesson. Pupils will be registered individually at the opening of the Public Schools by the teachers in charge of the classes.

MINIMUM FEE FOR PUBLIC SCHOOL MUSIC COURSE

A minimum fee of \$125.00 a semester will cover all instructional costs in this course, unless the pupil wishes to study with the heads of departments in applied music. This minimum fee does not include matriculation, laboratory fees, or piano rentals, but does include all academic subjects.

EXPENSES

If the pupil studies music alone, the following table will give an approximate idea of the necessary expenses for a year of thirty-six weeks:

SCHOOL OF ART

GENERAL STATEMENT

The aim of the school is to provide students with a sound technical training in the various branches of the Fine and Applied Arts, to teach them how to put this training to a practical use in the creation of a work of art, to develop them individually, with an appreciation for the cultural side of life and love of the beautiful, and to encourage them to seek the highest degree of excellence, which leads to a wider and nobler view of life.

A major in Fine Arts, leading to the degree of Bachelor of Arts, requires not less than 24 semester hours and not more than 32 semester hours. A minor shall consist of 15 semester hours.

Outline of course in Liberal Arts with a major in Fine Arts.
