GUESTS ATTEND BIG RECEPTION

Parlors of Cochran Hall are Completely Filled by Students, Faculty and Visitors Saturday Evening.

VARIED PROGRAM RENDERED

Readings, Piano and Vocal Solos, Orchestra and Glee Club Numbers Entertain Visitors.

Saturday evening the parlors of Cochran Hall were the scene of a brilliant reception rendered by the Y. M. C. A., Y. W. C. A., and Sections A and B of the Christian Endeavor Society, in honor of the prospective students visiting Otterbein University. Last Friday night a hundred students and prospective students enjoyed the hospitality of these organizations. This was the first opportunity that the students and visitors had of really getting together and of getting acquainted and the most was made of the occasion.

As the guests entered the parlors they were received by President and Mrs. Clippinger, Miss Cora McFadden, Dean of Cochran Hall; Professor and Mrs. Ream, President of Y. W. C. A.; Glen O. Ream, President of Y. M. C. A.; Herman E. Michael, President of Section B; Christian Endeavor and Lydia Roose, Vice President of Section A. In the parlors a very agreeable hour was spent by all mingling with each other.

Philosophical Alumni Enjoy Regular Session Friday Night

Even the men who came back from the graduating classes of "many long years ago" said that Philipsphoria had the largest crowd they had ever seen in her halls, last Friday evening. The old timers conceded that the program was very good, but of course, said it could not come up to the programs of the good old days. The program was arranged as a regular session and was not prepared as an open session program. As much as possible, the session was carried on in the regular manner, and for this reason the visitors enjoyed it all the more. It gave them a chance to see the society as it used to be. The first number was an oration by Glen O. Ream. The subject, discussed by the orator, was "Why?" There is nothing in the subject, but everyone will testify that there was a lot in the oration. A reading, "Uncle Daniel's Prayer," by Lloyd B. Mignery followed. The last name is enough to say that the reading was excellent, but to emphasize the fact we will just say that Mr. Mignery was encored twice. He gave as his encore, "The Felinophone" and "I ain't got no cry no" (Continued on page five.)

WHY AND HOW DISCUSSED

Means of Securing College Education Told by Students at Meeting on Sunday Afternoon.

The conference and student rally held in the church auditorium Sunday afternoon at 10:30 could not fail to give prospective students a more accurate idea of Otterbein life nor to inspire them more than ever with the desire to come back here as a student. The meeting opened with a prayer by Professor Cornetet of the college. Following this were several informal talks on the values of college, and ways and means of attending college. The first of these talks was given by Rev. O. T. Deever, Secretary of Young People's Work in the United Brethren Church. He spoke of the advantages of Otterbein, commending several of the professors. The central idea of his speech was the importance not only of attending a Christian college but of attending one's own denominational school.

Speaking from the standpoint of the young men of the college, R. M. Bradfield and A. C. Siddall presented U. O. life in various ways. Mr. Bradfield said, "after one is convinced that (Continued on page five.)

Otterbein to Have Exhibit.

At the General Conference of the United Brethren Church which will be held in Wichita, Kansas, May 10 and 12, Otterbein will have a large exhibit of pennants, posters, charts, diagrams, and pictures which will represent the various phases of college life which will be of most interest to those who will attend the conference.

President Walter G. Clippinger will go as a delegate from the East Ohio Conference. Professor J. F. West, who is a member of the Board of Education of the United Brethren Church will also attend and (Continued on page five.)

MAY BREAKFAST BEST EVER

Unusually Large Crowd Gathers at Cochran Hall For Breakfast

Given by Y. W. C. A.

One of the most enjoyed and pleasing occasions of the Visitation Days was the May Morning Breakfast. Almost all of the large number of visitors and practically all of the students were there. It was the first time that the visitors and students all got together and a spirit of good fellowship was manifested by everyone. The visitors were made at home by the students and many new acquaintances were made.

The breakfast was held in Cochran Hall with its roomy and beautiful parlors as fine reception rooms. The students and practically all of the visitors and students (Continued on page five.)

FRESHMEN AND PREP DEFEATED

Varisty Men Down First Year Basketball Team—"Smitty" Hands "Prep Cassel" a Knockout.

VISITORS SHOW INTEREST

Cheering and Enthusiasm Equal that Shown at Completely Fill Gymnasium.

Having postponed the interclass track meet and baseball game on account of wet grounds, the committee in charge planned two boxing exhibitions and a basket ball game in the gymnasium Saturday afternoon. A preliminary bout between "Prep" Cassel and "Young Smithy" ended in the second when "Knock-out" Smith laid the Daytonian on his back with a light backhand blow which caught Cassel in the middle when he was off his balance. Cassel was unable to rise on the tenth count having been stunned by his fall. This bout was followed by a contest held by them a short time ago which ended in a draw.

The main bout was cancelled by request of the competitors who did not wish to see any blood shed.

Plenty of excitement was furnished the visitors in the basketball game. The freshmen, who won the interclass championship, played a team composed of varsity men, four of them receiving basket ball "O's" (Continued on page five.)

Philotahmata Holds Musical Session Before Many Guests.

With Philotahmata having opened the doors, that literary society delightfully entertained the visitors Friday night at its annual Musical Session. This session was to have been held earlier in the year but it was fortunate that it could be postponed until this time. Philotahmata indeed did herself justice in the rendition of this musical program. The glee club and orchestras were especially pleasing features. N. W. Grabill and I. M. Ward played a piano duet and W. A. Maring, bass, I. M. Ward, baritone and J. W. Hartman, tenor, each sang solos. Mr. Durant and his violin were on hand and to say that their part in the program was well received is to say the least. Mr. Durant's encore, an improvisation of "Annie Laurie" only attributed to his ability as an artist. Another feature of the program was the quartet, Messrs. Hartman, Michael, Durant and Maring, which rendered a double number.

The program gave the visitors a little insight into the musical phase of the society and the school as a whole, and too much praise can not be given Mr. Ward under whose direction the program was arranged.
Gladys Lake, the leader at the Y.W.C.A. meeting Tuesday evening, gave a very interesting talk on the subject, "Mountain Whites." These people, although descendants of the Cavaliers and Hugenots, are far behind us in almost every respect. Shut off as they are from the rest of the world, they have clung to their own customs and traditions, handed down from mouth to mouth. For instance, they celebrate Old Christmas, unaware that the calendar has been changed. Some of the people in these mountain districts, do not even know that there is a war going on. They use the primitive methods of their fathers in agriculture, saying, "What was good enough for our fathers is good enough for us." Their language is not a dialect but the purest form of English to be found. It is composed of the obsolete idioms found in Shakespeare, the King James version of the Bible, and the old Scotch, Irish, and English ballads of centuries ago. Although illiterate, the children especially showing their skill in making their dolls, marbles, and other toys. They are hospitable, and not really lawless when they understand the law. Their women are regarded as equal to the men. Illiteracy is beginning to be overcome by the establishing of schools in the mountain country. The people are eager to learn when given the opportunity, even the parents attending what are known as "moonlight schools." The great need is for more schools and churches, and the call comes to each one of us to help in this way our next door neighbors.

Mock Dinner Feature at Science Club Meeting.

An exceptionally interesting meeting of the Otterbein Science Club was held in Domestic Science department at Lambert Hall on Monday night. The program was in charge of Mrs. Noble, assisted by Betty Fries, Helen Ensor, Fred Frazier, and Merle Black in domestic science costume.

After the usual business of the club had been transacted Miss Noble gave a brief introductory speech touching upon the importance of the work of her department, and the necessity for the conservation of the food supply in the home, because of the probable shortage of canned goods next year due to the shortage of vegetables and the increased cost of cans. They then proceeded to the main feature of the program which was a demonstration of the correct style in which a dinner is served, the method shown being a combination of the formal and informal styles, the one in which most stylish dinners are served. First the correct manner of setting dishes and silver were shown and then a mock dinner was served in four courses, Miss Fries acting as waitress. This feature was very interesting and entertaining except that it created a desire for things spoken of but not seen. The highly excited appetites however were appeased to some extent at least by the serving of tea and cakes. The program was a departure from the usual literary work and brought out the importance of the work the domestic science department is doing.

There was a young tutor who tooted, And the more that he tooted they rooted But a fatal big E, Sealed their fate, don't you see And so at vacation they scooted.
MANY VISITORS REGISTER

FOLLOWING is a List of Visitors Who Registered During Visitation Days.

Arcanum—Freda E. Albright, Nellie Best.
Barberton—W. E. Bovey, Chas. S. Skaggs, Homer E. Weaver, Ethel P. Yoemans, Esther Hobson, Mildred L. Bachett, Faith Seyfried, Helen M. Swart.
Beach City—John Weimer.
Bloomdale—Zelma Stillwell, Dorothy Dehnoff, Florence Smith.
Burlington—Eula Marie Kumler.
Crestline—Alma Montgomery.
Columbus—Harriett Homer Lawton, Alice Miller, Ethel Drummond presented an interesting lecture while the price of loose leaf book paper is at its present height.

St. Marys—Audrey Cisco.
Tiro—Nessie F. Gundrum.
Toledo—Charles W. Shaver, Bryan Pennington.
Warwick—Vera Munn, Mary Dowell, Eva Brenneman, Ruth Ellis, William L. Hertle.
Wauseon—Leah Williams.
Yellow Springs—Chas. H. Hite, Miriam Fergud, Ethel Fergud, Margaret Pogue, Lee Ray Lake, Clyde P. Wilson, Stanford Wright.
Zanesville—R. E. Harris.

Do You Bid?
President Wilson appeals to all the people of the nation urging them to join the great service army.

To Farmers—Increase the yield of your land and co-operate in the sale and distribution of your products.

To Men and Boys—Turn in to the farms to help cultivate and harvest the vast crops Imperatively needed.

To Middlemen—Foreign surplus profits and ‘organise and expedite shipments of supplies.’

To Railway Men—See to it that there shall be no “abstraction of any kind, no inefficiency or slackened power” of the “arteries of the nation’s life.”

To Merchants—Take for your motto, “Small profits and quick service.”

To Fishermen—Give extended help.

To Manufacturers Men—“Speed perfect every process,” for your “service is absolutely indispensable” to the nation.

To Gardeners—Ably filling a vacancy left by the unavoidable absence of the advertised leader, Seth Drummond presented some decidedly interesting facts about the “Real Army Life” at the Y. M. C. A. Friday evening. Mr. Drummond was evidently fitted to speak on such a subject having served six years as a regular in the U. S. Army and four years as a Y. M. C. A. secretary in the Philippines.—Ohio Wesleyan Transcript.

OTHER COLLEGES

The Case Tech of May 2 gives a valuable explanation of various military terms which many of us will do well to read.

The annual meeting of the Ohio College Press Association which was to have been held at Athens on May 4 and 5 has been indefinitely postponed.

The students at the University of Washington are attempting to economize on the paper they use. Consequent they have circulated a petition to force instructors to shorten their lectures while the prices of loose leaf book paper is at its present height.

The Senior and Sophomore classes of Lebanon Valley were given a holiday last Wednesday with the proviso that they work in improving the athletic field. All turned out with a will and the field now presents a much better appearance than heretofore.—College News.

Up-to-date, seventy-six young men from the college and Aggies of Muskingum have answered the call to the farm and have already left the college or will leave the first of the week. This is a larger per cent of the student body, from the best information we can obtain, than has answered the call from any other college in Ohio.—Black and Magenta.

Faculty and students of Mount Union College have adopted a resolution to be sent to Ohio representatives in Congress taking a definite stand against the war. Even if this legislative enactment at Washington does not materialize this vote is a good omen, for it shows that Mount students are going to be positive about going against peace in the Ohio campaign next fall.—The Dynamo.

Ably filling a vacancy left by the unavoidable absence of the advertised leader, Seth Drummond presented some decidedly interesting facts about the "Real Army Life" at the Y. M. C. A. Friday evening. Mr. Drummond was evidently fitted to speak on such a subject having served six years as a regular in the U. S. Army and four years as a Y. M. C. A. secretary in the Philippines.—Ohio Wesleyan Transcript.

Military training is surely becoming a reality at Case. The new appearance of it is a gun rack and rifles on the east wall of the gymnasium. Dr. Howe borrowed ninety-eight guns from the Arms and Gray companies and the Juniors are now being trained in the execution of the Manual of Arms. It is quite probable that in two more weeks the Freshmen who have acquired sufficient skill, will be detailed to instruct the undergraduates in the various maneuvers with arms.

Impressions Worth While.

Visitation Days have come and gone, and many of us have carried back to their homes whatever impressions they received while they were with us. We do not know just what those impressions are, but we attempted to show them, as best we could in their short visit, just what college life in Otterbein really is. We hope that in some degree at least, we have succeeded.

We are sure of one thing, however, and that is that we have enjoyed every minute they have spent with us. Coming from the different parts of the country as they did, our visitors brought with them ideas and inspirations that will have a lasting impression on all of us. Their youth, their optimism, and their plans for the future mean much to us. They are eagerly looking forward to what many of us have nearly completed — a college education. They appreciate it more, we believe, than do ourselves.

Agreed we say, we do not know just what impressions we have made. We all realize that under more favorable weather conditions, the occasion would have been much more enjoyable and would have been, a larger interest for all of us, but if our guests will continue our acquaintance, they will find that Otterbein is the most democratic, enthusiastic and the most college of its size in the state.

—FACULTY SHOWS FAIRNESS.

On account of the adoption of military training at Otterbein the faculty agreed to take off one hour a week from all four hour courses. This is something that we all appreciate; in fact we feel that if we will practically give us the same amount of work as we had before, for by dropping four recreation hours a week, it will mean at least eight hours of work this week. This will give us opportunity for military drill and every student should go into it and give it full time and strict attention.

Our Military Band.

For the first time since military drill was started we had the pleasure of marching to the music of the band last Thursday afternoon. Although some difficulty was experienced in keeping in step with the band, it gave us new interest to the regular drill which is liable to become monotonous. We hope we can have the band out more regularly, and learn to work together. It gives "pep" or morale and a kind of patriotic pride to the one who may be tired of drilling or who may not have the right kind of interest in the work.

Keep Clean.

Lieutenant Beebe's talk to the men at the M. C. A. meeting this evening should forcibly impress upon every man in Otterbein the value of a true clean life. The way in which he spoke of the many unfavorable conditions and associations of the soldier's life were especially valuable to the man who is planning to enlist in the near future or the one who has already enlisted.

High School Military Spirit.

Several young men who are in high school have expressed the desire to join us in our military drill. We think that the suggestion is a good one and that it should receive our consideration. There are not of course, enough men in high school to procure an officer for training a company, but this need not stop students from working with us and taking an active part in our drills.

Keep Your Heads.

"Keep your heads and apply yourself diligently to the tasks at hand," was the advice of Dean Bosworth of Oberlin in a chapel talk last week.

We have been wondering if he is not overstating it. It is true that men are needed on the farm and in the services of the government, but there is a work for them in the college, and an opportunity for them to serve their country by applying themselves to the tasks that are now confronting them and that will confront them after this conflict is over.

Indecision.

If indecision runs in your blood, arouse yourself and struggle this insidious foe to your achievement before it saps your energy and ruins your life chance. Do not wait until tomorrow, but begin today. Compel yourself to develop the opportunity which the constant practice of firm decision. Analyze thoroughly every affair before decided. Then when your decision is made let it be the final.

Music.

Music is a joyful noise occasionally. Some folks say music is to the soul what air is to the body. If this were true most of us would breathe far too much of our soul's life; the concern is. When you hear sound emanating from a machine shop or boiler factory you call it noise; but when it comes from the platform of a music hall and is manufactured by a symphony orchestra instead of a tripp hammer it is music. We hear a coyote on the hill making love to its mate and we shoot it because it howls: We see a contralto billed to show us how to make love to our mates and donate our property and wealth to an oratory, but if it is nature or otherwise. But let us use a little common sense and abide by the advice of the sage of old when he said " Let not a coyote in a dress suit or silks and satins make a fool of you on the music proposition." —An Essay by Olaf.

CLUB TALK

Dear Editor:

The initiation of compulsory military drill in Otterbein has, to say the least, created a disturbance in the ordinary routine of our college life. One of the most interesting things about it is the contrast between the effects on different types of students. As usual there are some who are as serious as it is, with levity. These jokes and light remarks are, of course, excusable on the campus but they have no place during drill hours.

On the other hand, many of the fellows are opposed to the plan for one group of fraternity and group of students. They say that it is only a half-hearted way. To my mind whatever one's opinions in regard to a rule may be, if it has been established by those who doubtless are more capable of judgment than he, and if the observance of that rule involves no moral principle, then he should go into the proposition with all his strength. Such is the case in this matter and it therefore behooves every male student in Otterbein who has no reasonable excuse for not going to the drill for all that there is in it.

These remarks are given from the standpoint of one who during drill saw these things and felt the need of some suggestions in regard to them and he sincerely hopes that those who read this letter will thoughtfully consider their own attitude toward the drill.

An Observer.

We know of at least two reasons for the rainy weather Friday. It was the first of our Visitation Days and was "Circus Day" at Columbus.

Deer children:

Well I get its time tw start in tw ritin the mews you tw this week again. I sold sum calls up tw Saffern yester­day an an I wiz ther I talked a littel tw the rekrutin ossifer an told him I had a son and datter in college. Wel he smiled an said yes go an I sat him what fer part up the survive a yong fer who has had colleg experiense wuz fitt fer. Wel he skratched his hed as he shifted my cud fer his answer case I thot he woz gwain tre frature that if he pops up all uv a suddan an sew tew me he, Wel he Myster aint n o uster gitt all riled up about this hear. I cert the wether con spine in all ways give time fer a man sew tew show up what hes gud fer even in conspi rakhun gis. But ses he, he told me, its the voleanters ef the fellers what gits intew lehger leggers before conspi rakhun gis wuz gwain tw git the first chese an pic uv army jobs. Wel I thanked him an walked out an let me tel you sumphin Henery, you go down sew the rekrutin of fer try for that trainin camp an if you cant cutt cum back tw skew u git the rest uv your eduction but don't under no circumstanses git all riled up an jump intew the army not knowin or carin where they put you. Jest as Mister Job Dasher see—allus use yourself tw best advantage an every man.

Wel visitations days is over an I saw a got uv a uv new students lined up down sew tew. Wel I thot he an din bi noint it but I ges the wether man thot he woudn show Otterbein at its best, as tew lev sew sumphins fer the new stu dents. But on the oth r hand, it is tw bad they wuzzent niser wether. Tew its bad they coud have there may pole dance after the winn in wuz all fixed fer it an the fellers all sat fer the performance. You mist sumphin Henery, I saw an uv them maypole dances wuz st an it sure was gud.

Id like tew see them there seniors in there bath robes on Fridays I bet they look funny. Mister Job Dasher an mes we emodist Camp Meetin the other nite fer tew hear a heathen in close like he weres when his tew home texture from China or sum wheres. Mister Job Dasher jest observed then that he looked sumphin like a senior in his cap and gown an I laffed an thot all a n seniors only you look so dern funny if you look like them heen. Wel lav.

P. S. Henery you keap yer feat both dry when you march.

Philomorphan Alumni Enjoy
Regular Session Friday Night.

(Continued from page one.)

Philo Club.-Attendance was
high, the number present in the
auditorium being larger than usual.
The program included the singing of
several songs and the reading of a
short paper by Mr. W. H. Lemler on
the gift of the class of 1890 to the
philomorphan association.

Mr. Beebe.-Mr. Beebe was in charge
of the program, which included
music, recitations, and a debate on
the question of whether the
philomorphan association is preferable
to a state university for the
undergraduate student.

The debate was conducted by the
members of the philomorphan
association, who were divided into
two teams, each consisting of four
speakers. The first team defended
the philomorphan association, while
the second team opposed it.

The debate was well received by the
audience, who showed their approval
of the speakers by frequent applause.

The debate was concluded by a vote,
which decided in favor of the philomorphan
association.

Mr. Beebe.-Mr. Beebe expressed his
satisfaction with the results of the
debate, and congratulated the
members of the association on their
success.

The program was well received by
the audience, who showed their
appreciation by frequent applause.

The evening concluded with the
singing of several songs, which
enjoyed by the audience.

GUESTS ATTEND
BIG RECEPTION
(Continued from page one.)
other, forming new acquaintances, ex-
changing ideas, and in pleasant con-
versation. The visitors soon became
inoculated with the spirit of friend-
liness for which Otterbein is famous
and began to fall victim to that new
disease called Otterbeinitis. Some-
ting which added enjoyment to the
evening was the presence of several
professors and their wives, mingled
with the rest as a part of them and
aided greatly is putting all at their
case as well as removing any idea
which might have been entertained
about the awfulness of college in-
structors. The college orchestra of
fifteen pieces was also there and furn-
ished much delightful music for the
reception.

About nine o'clock a short program
was held. Miss Agnes Wright very
beautifully played "Die Jagd" by Rheinberger on the piano. Then
John Garver read "The Cremation of
Sam McGee" in his inimitable way.
Following this our ever popular Glee
Club sang "In the Morning by the
Bright Lights" and responded with
"Flag Pipe" for an encore. Then An-
nette Brane delightfully read "Almost
Little Grey Home in the West." After
the program, refreshments,
consisting of ice cream and wafers,
were served. The Misses Rachael
Low and Alice Resaler and Mrs. J. C.
Siddall presided over this part of the
evening's entertainment.

The time for departing came too
soon for those present and all left
with the sense of having enjoyed a
most delightful evening. Those es-
pecially who had participated in a
social occasion of this sort at Otter-
bein for the first time went away with
a renewed idea and determination to
come again and take part in other
such events as students, rather than
teachers.

WHY AND HOW DISCUSSED
(Continued from page one.)
"Can I?" If you should go you can go." To illustrate
his point the speaker told a bit of his
own experience in going through
college. Mr. Siddall on the other
hand told "Why you should come
Otterbein." Her history shows that
the school is progressive. It is a live
school. No one can remain here long
without being affected with a touch of
"Otterbeinitis" or the school spirit.
Last but not least, the religious side
of one's nature is not neglected.

Misses Helen Ensor and Helen
Keller represented the girls of the
college. The moderator said that no
girl with a will to come to Otterbein
need never despair on account of lack
of funds. To the one who works her
way through college comes a double
education. She not only recieves the
theoretical knowledge of the classroom
but gains a practical training in bat-
thing with the tough problems of life.
Miss Keller in a very pleasing man-
ner told why she liked Otterbein
"better than any other school in the
United States."

The rest of the time was spent in a
round table discussion between old
students and new. Toward the close
of this discussion President Clip-
ninger asked for an expression from the
visitors as to how many would
like to come to Otterbein soon and
how many were actually planning to
come. A large proportion of those
present signified their intention of
coming here as students next year or
at least very soon.

FRESHMEN AND
PREP DEFEATED
(Continued from page one.)
this year. The entire game was snap-
py and full of pep in many instances
showing rather rough play. The first
half ended with the score tied 18 to 18,
but in the last half of the second
period the underclassmen were unable
to cope with more experienced players.
The freshmen showed good pass
work and played a good game al-
though they were roughly handled at
times. The final score was 42 to 30
in favor of the varsity men.

Recital at Lambert Hall.
(Continued from page one.)
and Herbert Johnson as was also the
piano solo by Edna Farley. The
violin numbers given by Wendell
Cornet, Ira Mayne, and Virginia
Snavely were enjoyed. The violin
solos by Karl, Ritten, and Tom
Bradrick were well rendered and
enjoyable. The vocal solos by Betty
Henderson and Stanton Wood were
received with much applause and
showed the pleasure always ex-
perienced by the work of these two
artists. The last number, a vocal
duet by Mrs. Dudley and Mr. Bend-
ingter, was one of the most pleasing
parts of the program.

The program was thoroughly en-
joyed and was characterized by the
musical students. All of the perform-
ers showed the results of the training
given them by the instructors of
the conservatory, and are deserving of
much praise for the creditable work
they are doing.

Otterbein to Have Exhibit.
(Continued from page one.)
has charge of the exhibit that is be-
ing made. Rev. E. E. Huttner will
also attend the conference. He will
be sent by the members of the
Brotherhood of the United Brethren
Church.

The bird's-eye view of the college
grounds will be one of the pictures
exhibited. Then there will be shown
pictures of the faculty, the members
of the senior class, students, band,
conservatory, and Cochran Hall girls.

Mr. Siddall was very pleased with
the work of these two artists. The last
number, a vocal duet by Mr. Snavely
was enjoyed. The violin numbers
given by Wendell Cornet, Ira Mayne,
and Virginia Snavely were enjoyed.

The violin solos by Karl, Ritten, and
Tom Bradrick were well rendered and
enjoyable. The vocal solos by Betty
Henderson and Stanton Wood were
received with much applause and
showed the pleasure always ex-
perienced by the work of these two
artists. The last number, a vocal
duet by Mrs. Dudley and Mr. Bend-
ingter, was one of the most pleasing
parts of the program.

The program was thoroughly en-
joyed and was characterized by the
musical students. All of the perform-
ers showed the results of the training
given them by the instructors of
the conservatory, and are deserving of
much praise for the creditable work
they are doing.

Otterbein to Have Exhibit.
(Continued from page one.)
has charge of the exhibit that is be-
ing made. Rev. E. E. Huttner will
also attend the conference. He will
be sent by the members of the
Brotherhood of the United Brethren
Church.

The bird's-eye view of the college
grounds will be one of the pictures
exhibited. Then there will be shown
pictures of the faculty, the members
of the senior class, students, band,
conservatory, and Cochran Hall girls.

Mr. Siddall was very pleased with
the work of these two artists. The last
number, a vocal duet by Mr. Snavely
was enjoyed. The violin numbers
given by Wendell Cornet, Ira Mayne,
and Virginia Snavely were enjoyed.

The violin solos by Karl, Ritten, and
Tom Bradrick were well rendered and
enjoyable. The vocal solos by Betty
Henderson and Stanton Wood were
received with much applause and
showed the pleasure always ex-
perienced by the work of these two
artists. The last number, a vocal

Deever Speaks at C. E.

In a union meeting of Section A and Section B Christian Endeavor Societies, Sunday morning Rev. C. E. Deever, the head of the work of our church was the speaker. These union meetings are always welcome to the members of both societies, for they give to each society, the opportunity to get new ideas and improve their society. There was a large number of members and visitors at this meeting and everyone left with a large conception of the value and meaning of Christian Endeavor work.

Mr. Deever is a very interesting and able speaker. By means of many appropriate stories and illustrations he at once gains the attention of his listeners. By a few statistics he first showed how the Christian Endeavor work is growing and how encouraging the outlook is, but even though this is true many Christian Endeavor societies are asleep. How much we can do as we go back to our homes to put new spirit in the societies there. The C. E. is a training school object being to make men and women of high moral character. To have a society that will accomplish this the members must keep warmed up in the work—they must not shirk their duties, but get at the tasks and do them. He emphasized very much the need of being generous in our giving and of trying with God's help to live up to our pledge.

Well, the visitors have gone and Otterbein is settling back into its usual steady pace. I don't know how you folks feel about it, but I have a sort of relieved but very painful feeling round my heart—in fact, the painful feeling is all over my body. Never did I see such a jam of young folks in Otterbein. I'm hardly able to write. Those prospective students may be all right, but they didn't have much consideration for poor little me. They stepped on my tail, they shoved me into corners, they pushed me down stairs, some of the boys threw stones at me—but what's the odds? They had a good time, and I guess maybe I'll recover.

They couldn't help having a good time with such a reception as they got. Excepting the weather, man, every one was on his best behavior. And maybe after all, it was better that we had rainy weather, for all of those out-door stunts might not have gone off right, and then we would have spoiled a good impression. It's always best to look on the bright side of everything. (So Tom says.) Of course it is kind of hard to see the bright side of three successive cloudy days when the dark side is toward you, but it can be done. Just try it and see if I'm not right.

The Ideal Man.
The girls at Ohio Northern have expressed the characteristics which their "true knights" should have: A sterling Christian character. Self-control in all things. A model of excellence, mentally and morally. A mind to learn and a determination to achieve success; but should success be attained, he should have the ability to guard against self-conceit. Correct usage of the mother tongue and power to refrain from the use of profanity. Abhorrence of all forms of tobacco and strong drinks. Careful choice of lady friends and a respectful attitude toward them whether in company with them or with gentleman friends. Ability to distinguish between right and wrong and the power to overcome the wrong.

The Ideal Woman.

According to fifty Harvard men, the following are the attributes of the "girl that's worth while." She is attractive, graceful and healthy, but not necessarily pretty. She can dress tastefully and entertain anyone and make them feel at ease. She can make bread as well as fudge, and cake as well as a "rarebit." Her dancing is not necessarily the latest, her tennis is not necessarily up to the standard but she is appreciative of the dance and of the sports. She is broad minded, sympathetic, tactful, unselfish, optimistic, thrifty, a good disposition and moderate in all things. She can stand reverses without worry. She is gentle to children and kind to older people, especially to her parents. She is modest and true and home-loving. She has a good social stand, is of a religious nature and is not "too proud to pray."—Ex.

May Festival Given Saturday.

Danish and Swedish folk dances, graying games and action poems concluded by a wand drill and the crowning of the May queen will comprise a May festival program by the boys and girls of the physical training department of the Westerville public schools on the Anti-Saloon League lawn Saturday afternoon, May 15, at the direction of Miss Louise Martin.
Elmer and Earl Barnhart of Pitcairn, Pa., spent several days around Otterbein this week. They have both enlisted in a band at Pittsburgh and expect to report for duty in a few days.

Forest Jacobs of Findley visited various friends here over the weekend. Mr. Jacobs was formerly a student here.

Rev. E. M. Counsellor of Dunkirk spent several days here visiting his son, Bill.

Many of our Visitation Days' visitors were favorably impressed by the close proximity of the church to the college campus. Yes, it's close enough to the campus but not to our beds.

And some of them went to Willies Saturday morning and presented their tickets for the May Morning Breakfast. But we can't blame them, as it was the only place mentioned on the ticket.

“What makes you so fat?”

“I eat soldier's food.”

“Spring it.”

“It always goes to the front.”

C. E. Mullin will leave today for his home, Mt. Pleasant, Pa., where he expects to work on a farm.

The Otterbein student body was greatly shocked the other morning in chapel when Prexy informed us that we would have a "full house." Everybody is wondering where he learned the phrase.

Rev. Dr. Daugherty, college pastor at Lebanon Valley College, Annville, Pa., led chapel Thursday morning.

1st Fresh: “They don’t serve mincepies at our club anymore.

2nd Fresh: “They can’t do it; the government is using the ingredients to make high explosives.

We all admit that Germany put the “fat” in “Pacifist” but Otterbein is saying that she can’t put her fat in our face.

A Freshman reading the alumnals saw an item headed ‘00, and exclaimed, “I wonder how they got my math grade in the paper.”

Dr. and Mrs. J. W. Funk and son Robert, of E. Pittsburgh are here for a visit with the doctor’s father and mother, Mr. and Mrs. A. L. Funk, and Mrs. Funk’s mother, Mrs. Sarah Heckert.

She—“I can’t think of the right word to express my meaning.”

He (handing her a package of Life-savers)—“Have a mint and a coin a word.”

Prof. J. P. West served as a judge at a debate between Delaware and Buckeye high schools at Delaware Friday night.

A problem in Freshman math: \( x = \text{boys}. \) \( y = \text{girls}. \) \( z = \text{charperon}. \) \( x + y + z \) equals misery. \( x + y - z \) equals bias.

H. D. Cassel returned from a business trip to Chicago Tuesday night.

People Look - But Never Stare

This week at the Hall has been very busy with the Red Cross work beginning, the visiting students, the May Morning Breakfast, the reception and other events. It has been a pleasant week too. There were about sixty-six visitors at the Hall during the past three days. Sunday noon one hundred and thirty people ate together in the dining room, and the May Morning Breakfast was served to over four hundred people. The reception was well attended, also, and a delightful time enjoyed. Many new acquaintances were formed and the Visitation Days were a benefit to Otterbein Students as well as visiting ones.

Among the visitors at the Hall were served several alumnae: Lucy Huntwork, Vida Van Sickle, Mary Bolenbaugh, Margaret Marshall, Ruth Detwiler Sanders, Ruth Brundage, Zola Jacobs, and others.

One of the many pleasant features of the days, and one much appreciated by the visitors, was that of the serene atmosphere.

Mrs. Wilhelm, Mrs. Van Gundy, and Mrs. Burtnor have been guests at the Hall during the past few days, visiting their daughters.

Mary Alice Myers and Grace Barr went to Grace’s home over the weekend. Mary Alice ‘took the teachers’ examinations in Dayton, Saturday.

Several of the Hall girls took the teachers’ examinations in Columbus.
