FROSH CREMATE CAPS AFTER SPORTS PARTY

Dr. and Mrs. King and Prof. and Mrs. Weinland are Hosts to Yearlings.

Green caps and ribbons are now a thing of the past as far as the class of 1930 is concerned. The green emblems of the first year students were officially burned by the Freshmen last night following a class party at King Hall. An imitation green cap of gigantic size topped the bonfire back of the Administration Building around which the cremation celebration was held.

Dr. and Mrs. King, and Prof. and Mrs. L. A. Weinland were hosts to the Freshmen at a delightful sports party in King Hall. The men of the class wore knickers and the girls went in sport dresses. Members of the women's debate team, were guests at the party.

DR. DAVIS CONCLUDES SERIES OF MEETINGS

MAY RETURN NEXT YEAR

Chicago "Specialist on Religion" Leads Interesting Four-Day Religious Gatherings.

Dr. Ralph M. Davis, pastor of the Hyde Park Presbyterian Church in South Chicago, brought the series of addresses he has been delivering daily in the chapel during the first four days of last week, to a close Thursday night.

Beginning Monday morning, this peerless leader of student thought spoke twice daily, once in the morning and once at night. Between these meetings personal conferences were held, in addition to a group discussion in the Association Building in the afternoons. Thursday afternoon was turned into a "question-box". Students who had questions concerning the purpose and quality of life, were given an opportunity to turn them in written out, before the meeting; Dr. Davis read them and gave answers during the entire afternoon.

Dr. Davis, a prominent minister in Chicago, came to the campus at the invitation of the two Y Associations. The cabinets felt that the college would profit by having a leader who could interpret life constructively to it and it was on account of Dr. Davis' win-

The question for discussion, as officially recognized by Pi Kappa Delta, was "Resolved: That Congress Be Given the Power to Enact a Uniform Marriage and Divorce Law."

Otterbein maintaining the negative side, was represented by Helen Gibson, Virginia Nicholas, Margaret Duerr, and Mabel Plowman, alternate.

Grace Otte, Nellie Otte, and Captain Winifred Anderson, spoke for Heidelberg on the affirmative side. Prof. H. Dana Hopkins, Director of Public Speaking and Oratory at Heidelberg accompanied his team to the campus.

OTTERBEIN ONE OF ELEVEN COLLEGES ON COLLEGIATE HIGHWAY

Otterbein is one of the eleven colleges and universities on the scenic Three C's Highway in its diagonal cut through the state of Ohio from Cincinnati to Cleveland.

A tourist starting at Cincinnati, the home of St. Xavier and the University of Cincinnati, will pass by, on his way to Cleveland, Wilmington College at Wilmington, Ohio State University and Capital University at Columbus, Otterbein College at Westerville, Mt. Vernon College at Academia, Wooster College at Wooster and Case, Western Reserve and John Carroll University at Cleveland.

'Tis truly a collegiate highway; perhaps this highway has more colleges for its length than any other in the United States.

NORTHERN OHIO SCHOOLS MAY ORGANIZE "BIG TEN"

GROUPING NOT AUTHENTIC

Attempts Being Made By Proposed Coalition To Restrict Game Schedules.

Ten schools in the northern part of the state have copied closely the ideas of the Buckeye Athletic Association and have organized a so-called "Big Ten" association within the Ohio Conference. Akron, Case, Oberlin, Western Reserve, Mount Union, Hiram, Wooster, Kenyon, Baldwin-Wallace, and Heidelberg are named as the unofficial members.

Professor R. F. Martin, president of the Ohio Managers' Association, stated last week that the Ohio Conference has not fostered any such movement among northern Ohio schools, and that the organization is entirely unofficial and invalid. Athletic directors of the various schools involved are reluctant in speaking about the proposed organization. Such a condition was evident at the Ohio Managers' Association meeting held several weeks ago in Columbus. Everything points, however, to an understanding if not to a definite organization.

May Injure Baseball.

"The proposed organization of a 'Big Ten' group in northern Ohio will probably not interfere with Otterbein's football and basketball schedules but it will make a marked difference in scheduling base ball games," Professor Martin declared last week. Otterbein's baseball games have been mostly with Buckeye A. A. teams which make up their schedules early with members of their own group and thus leave no room for the smaller schools. Money allotted to base ball in Otterbein will not allow any lengthy trips to be made to other schools.

Athletic directors of the schools believed to be in the coalition met in Cleveland recently. No definite information regarding this meeting is available but it is believed that they decided to schedule games as much as

CUCKOO CO-ED THINKS TRACKMEN PAINTERS

I was out walkin' the other afternoon, Saturday, with my little Jezebel Anne (the cutest lass that's ever wore the green) and we was a-lookin' at the sights of nature all around the sidewalk, and a-talkin' about soul-searchin' questions like as when it's right to do wrong, and how significant 'tis that hair grows out o' us nuts's heads and not in, and that this meant of course that there's an immortality for all humans with hair on, for hair has continyus growth—so we deduced that we'll have continyus growth, too.

An' so, as we was a-talkin' along lamentin' about how bad it 'twas for the poor shiny-headed bald men what'll have no immortality—Jumpin' Juniper! if there didn't come a-tearin' and a-trottin' down the street two gallopin' house painters! They was reg'lar painters, alright, 'cause they had white pants and jersey shirts on like all union painters! Well! Jezebel 'n me just gasped. They was plum crazy! That's all there was to it. 'S far as we could see they didn't have their brushes 'n their buckets with 'em—but then, they were crazy! They were that kind, you know. They couldn't help it.

Jezebel and me just looked at one a-nother—comprehendin'-like—an' both of us was sayin' back of our eyes to each other "Poor-things! They're crazy! O Boy, we can be glad that we're not like that!"

FRESHMAN GIRLS' TEAM IS VOLLEY BALL CHAMP

The Freshman girls first volley ball team won the championship by winning every game on their schedule. The Sophomores, Juniors and Seniors finished in the order named.

The scores for the past week are as follows: Juniors 15—Seniors 6, 19-9, 15-7. Freshmen 9—Sophomores 15, 15-9, 15-7. Freshmen 15—Juniors 12, 15-4. Sophomores 15—Seniors 9, 16-14.

The Sophomores won the second team tournament by defeating the Freshmen in the finals 16-14, 11-15, 15-11, after defeating the Seniors in the opening round 15-3, 15-13. The Juniors defeated the Seniors in the consolation round 15-6, and 15-7 after losing to the Sophomores in the other opening round 15-8, 10-18, 9-15.

possible within the proposed group. However, Otterbein has basketball games scheduled for 1928 with Heidelberg, Kenyon, Wooster, and Baldwin-Wallace, schools which are said to be involved in the merger.

Not one of the so-called "Big Ten" of the northern group scheduled games with Miami, Denison, Ohio U., Cincinnati, Ohio Wesleyan, or Wittenberg, members of the Buckeye Association, at the meeting of the Ohio Conference recently.

COOK HOUSE SECONDS WIN VOLLEY JAMBOREE

IN GYM SATURDAY

"Has Beens", Made Up of Faculty Members, Is Scream of the Conference.

Defeating the Philota Seconds 15-10, 15-8, in the final match of the volleyball jamboree held in the gym last Saturday, the Cook House Seconds won the men's championship of the school.

The champions were represented by Gibson, Fletcher, Wales, McGill, Hance, and Marsh. Baker, German, Keller, Stuckey, Hampshire, and Borror played for the runners-up.

Although the Cook House team won the championship, the outfit which attracted the most attention was the Has Beens, representing the faculty. Professors Menke, Clippinger, Troop, Martin, Engle, and Hanawalt displayed their ability on this team. After defeating the Jondas in the first game, the faculty was eliminated by the champions.

Scores of the first round were: Dubs 21, Zu Zus 17; Sphinx 21, Cook House 18; Philota Seconds 21 Happy Six 8; Has Beens 21, Jondas 8; Cook House Seconds 21, Lakota 14; Philota 21, Lakota Seconds 5.

Second round scores were: Six Horsemen 21, Dubs 13; Philota Seconds 21, Sphinx 10; Cook House Seconds 21, Has Beens 8; Invincibles 21, Philota 13.

In the semi-finals the Philota Seconds defeated the Six Horsemen 21-12 while the Cook House Seconds won over the Invincibles 21-10.

The games were witnessed by a good sized and enthusiastic crowd.

NET ARTISTS SHAPING PLAYS RAPIDLY NOW

Captain Pilkington and ten other net artists are hoping that Old Sol does his work well over vacation so they may leave the indoors and go outdoors on the courts for their daily workouts. These men are working out four days a week in the Methodist gym and are rounding into form. However, they will develop their skill much faster when they are able to feel the clay under their toes.

Pilkington has the entire squad back from last year and from all indications should have a very strong team this year. The men back from last year are: Roby, Lai, Bechtolt, McConaughy, Sham and Keller. New men who have reported are Raver, Sanders, J. Noel and Bauer.

Managers Boyer and Moore are working on the courts and are expecting to have them in shape if the weather permits, by opening of school after vacation.

EDITORIALS

ANOTHER DAWN

It is evening—the evening of life for the present staff of the Tan and Cardinal. Soon the rays of a new sun, the light of a new dawn, will burst forth in the glory of its own brilliance. The next edition of the Tan and Cardinal will be edited by a new editor and written by a revised and partially new staff. The Publication Board election will take place on Wednesday, April 13.

We, as the editor, do not look upon ourselves as miserable failures. We have more faith and confidence in humanity than that. We could not have reached the degree of success we have attained without the earnest co-operation of the staff and those interested in the welfare of the paper. Now we want to extend to you all our heartfelt thanks for the parts you have played. We can only hope that you will continue to exemplify your true spirit of willingness and co-operation toward the new organization.

True we have made mistakes, but what one of you has not? Some of our policies have been criticised and condemned as destructive; those who criticised failed to note, however, that interwoven and interspersed in those same policies were bits of constructiveness. The students, we believe, agreed with and supported most of our policies.

Certain of our policies have not been welcomed by the administration and by some alumni of the college. Both have at various times suggested that certain ideas and policies be suppressed; this has been done only when a proceeding was for the welfare and best interest of the students of Otterbein College. The Tan and Cardinal is published by students for students; it is essentially a student project and such it should always remain.

It is peculiar how the petty and unpleasant things seem to stick; all the shouts of glory and praise are unable to overshadow them. Before you criticise the paper, be sure that you have studied the situation carefully and have all the facts in hand; you can battle efficiently with facts.

You have perhaps seen in past editions, and doubtless will continue to see in future editions, places where the paper could have been improved, some little error that could have been corrected. Before you make such a criticism, recall that the staff cannot know everything, remember that some people actually pervert and exaggerate the truth for the sake of a little publicity. Know before you criticise.

Did you know that it takes 11,000 words a week to fill up the Tan and Cardinal? The editor must write, read copy on, and write headlines for approximately 11,000 words every week

CO-DONOR OF GARST MEMORIAL ORGAN DIES

Mrs. Mary Flickinger Freeman, a student of Otterbein in the '70's, died at the home of her sister, Mrs. Lettie Coleman in Germantown, Ohio, last Tuesday. Mrs. Freeman and her first husband, the late Henry A. Flickinger who graduated from Otterbein in 1875, were the donors of the Garst memorial organ in the college chapel. Mrs. Flickinger's name was Mary Judy when she was attending Otterbein.

President W. G. Clippinger attended the funeral services which were held at Germantown last Thursday evening. Interment was made at Lebanon, Ind., Friday.

GRADUATE IN 1917 CLASS IS AWARDED FELLOWSHIP

Dr. Richard Bradfield, associate professor of Soils at the University of Missouri, and a graduate of Otterbein in the class of 1917, has been awarded a fellowship for 1927-28 under the John Simond Guggenheim Foundation. He was one of the 63, who were appointed out of 600 applicants. He received the fellowship for an investigation of the principles involved in the purification of colloids by electro-dialysis, principally with Dr. Hermon Freundlich at the Kaiser Wilhelm Institute, Berlin, Germany.

so that you may know all the news of the day on the campus. It is a sacrifice to give up hours which could be devoted to better study and pleasure to apply them on college journalism. Yet every member on the staff does that every week.

The most of you drop words of praise, suggest cheerfully, and criticise constructively. Won't you do it for the new staff?

Preparatory Students In Recital

Pupils in the preparatory department of the Conservatory of Music gave their second recital of the year last Saturday evening in Lambert Hall.

CHRISTIAN ENDEAVOR

There was music in the air at C. E. section A! Mildred Lochner led the all-musical meeting.

Mrs. Starkey had charge of the first part of the services, telling the history of the negro folk-songs and then conducting the singing of them. The latter half of the program was given by the following members: Isabel Ruehrmund, a vocal solo; Mildred Wilson, a piano solo; LaVere Breden and Homer Huffman, a violin duet; Gladys Walker, a cello solo; Mary McKenzie, a musical story; Charles Mumma, a vocal solo.

The large attendance attested the great interest in a musical program.

Philomathean Interest Revived

Election of officers was the feature of last Friday's meeting of Philomathean. The following men were elected to the respective offices: president, L. H. Hampshire; vice president, L. B. Knauff; recording secretary, W. V. Harsha; critic, E. Caldwell; censor, R. A. Shipley; assistant censor, W. M. Keck; chaplain, C. P. Kohr; chorister, A. H. Bauer; pianist, H. M. Steckman; orchestra leader, C. M. Zimmerman.

Definite decision was also reached regarding the continuation of activities of the society. Philomathean will continue to function indefinitely. The program is to be radically revised, the length of the session is to be kept within the limits of one hour, and spontaneity is to be the motto of the members for the rest of the year.

The Cardinal's Whistle

By C. Howie Laffs.

For Men Only.

(Read backwards).

Didn't you if woman a be wouldn't you; this read would you knew we.

Dr. Davis says there are 23 letters after his name. That's nothing. There are 23 women after Bechtolt's name.

We were wondering around in Johnny Vance's room the other day. He has one of those pictures taken of all the students in Otterbein. There is a little sign above the picture which reads: "College Humor."

In every community there are some people who are self righteous and holier-than-thou. Here is something they can cut out for their scrap books. "Oh ye who judge so harshly, are you sure the stones that trip the feet of others have not bruised your own?"

He: I'm going to kiss you every time a star falls.

She: (Ten minutes later): You must be counting the lightning bugs.

Once little Audrey went to a wild, wild party in Westerville. The hostess offered her a cocktail and said there was real whiskey in it but little Audrey laughed and laughed because she knew all the time that Westerville was the capital of the Anti-Saloon League.

The Brunette: The nerve of that girl! She's used my perfume!

The Blonde: Oh, the skunk!

—Vassar Vagabond.

Father: The man who marries my daughter will get a prize.

Ardent Suitor: May I see it, please?

—Stanford Chaparral.

ning personality and his wide experience with student groups, that he was selected.

Specialist on Religion.

This "specialist on religion," as he calls himself, stressed the fact that Life begins now while students are in school and that those who claim they will follow the lead of the Master when they get out of school, are likely never to follow Him. "Just because you are rich is no sign you can do without God, just because you are healthy is no sign you can do without God," he said. Dr. Davis has a keen mind and

a vivid imagination. In addition, he is a master speaker. He held his listeners in perfect control during the entire series of addresses. He portrayed the Christian life in a realistic and challenging way. His dramatic interpretations of Bible scenes were intensely interesting.

The consensus of opinion among faculty and students alike, is that they "never before heard a man like Davis".

There never has been a man on Otterbein's campus who has gripped the whole institution as Davis has. Beginning with a moderately large audience on Monday evening, Dr. Davis filled the chapel on the last two nights of his stay here.

May Return Next Year.

Many of the faculty and some of the students were anxious to contribute toward the defrayal of his expense. In-

cluding regular payments by both the Y Associations, Christian Endeavor, Section A, and the Student Council, the total amount given Dr. Davis for his services was \$141.00.

When asked if he could and would come back next year, he smiled broadly and said, "I don't know of any place I would like to go back to better than Otterbein." It is likely that he will come to the campus next year.

"Elephants a-pilin' teak,

In the sludgy, squidgy creek,
Where the silence 'ung that 'eavy

You was 'arf afraid to speak!"

—Kipling's "Mandalay"

ELEPHANTS

The elephant is man's most intelligent helper. But—consider this interesting comparison:

An elephant is much larger than the electric motor of a "yarder" or logging machine. The "yarder" has the power of twenty elephants; it handles clusters of logs; it works dependably, twenty-four hours at a stretch, if necessary.

Twenty elephants would eat daily 10,000 pounds of green food, which a corps of attendants must gather. A motor "eats" nothing but electricity, supplied at the throw of a switch.

Power used in the modern industrial world is applied through electric motors—tireless "iron elephants" that are relegating antiquated machines to museums, along with such oldtime household articles as wash-tubs and ordinary irons—and stuffed elephants.

Two million elephants could not do the work now being done by General Electric motors. Whatever the work to be done, whether it needs the power of an elephant or the force of a man's arm, there is a General Electric motor that will do it faithfully for a lifetime at a cost of a few cents an hour.

RUSSELL ORATORICAL CONTEST COMING SOON

FIVE CONTESTANTS

Otterbein Will Send Five To Pi Kappa Delta Provincial Contest Next Week.

As men's debate leaves the stage, oratory comes to the foreground. Soon after the spring vacation the Russell Oratorical Contest will be held.

Five contestants have signified their intentions of entering this contest. John W. Hudock will orate on the subject, "Dreams of Tomorrow;" Phillip Charles, "The Arch of Triumph;" Karl Kumler, "Men;" Nathan Roberts, "Shackles of Folly;" Alice Propst, "Education for Peace."

On April 22 two contests will be held on the campus, one for women and one for men. The Preliminary Women's State Oratorical Contest will take place at 3 p. m. in Philophronean Literary Hall. The Preliminary Men's Peace Oratorical Contest will be held in the College Chapel at 8 p. m.

Otterbein's representatives to the Provincial Contests, to be held April 13, 14, 15 at East Lansing, Michigan, are making preparations for this tangle. TWENTIETH CENTURY BALLOONS ATTRACT UNDUE ATTENTION

They slink across the campus in a sneaky glide or a childish hop, according to their costume of the day. One must, of course, affect a jaunty stride in knickers and a species of hop in these voluminous trousers known as "balloons." This extensive article of clothing is much more striking when one hops, and if a man is bizarre to the extent of omitting that particular device which keeps his hose from hanging over his oxford tops, the aforementioned "balloons" reveal the fact perfectly. Also, humanity at large is given countless opportunities of gazing frequently upon his slim but hairy ankles.

How many are the times I have marveled at the handsome physique of a man, and how many times have my artistic wanderings been brought to naught! For when I am convinced that he has the most perfect figure on the campus, he appears in knickers, and this shrunken variety of trousers re-

ADDITIONAL TRACK TRY- OUTS HELD LAST WEEK

More Try-Outs Scheduled For Yesterday Afternoon; Results Too Late for Publication.

Tryouts were held last Thursday in the shot-put, javelin throw, 440-yard dash, mile run, pole vault, and high hurdles. Results were slightly better than had been expected in most cases. Pinney, Smith, Buell and E. Riegel seemed to have the inside track for the positions of shot-putter.

Kintigh won the javelin try-out with a throw of 147 feet. Van Aucken, Pinney and Smith finished in the order named in this event. E. Riegel who threw the javelin last year did not take part in the try-out but will probably act in that capacity in most of the track meets.

Erisman won the quarter-mile try out in 56 seconds. The time was very good for the condition of the track and the time of the season. Wales, Thompson and Molter finished second, third and fourth, respectively, in the try out.

Pilkington finished first in the mile winning the event in five minutes and ten seconds. Falstick and Hicks finished second and third, respectively.

Van Aucken and Wales did well in the pole vault, Van Aucken clearing the bar at 10 feet, six inches. Wales was called to the 440 try-out before the bar was quite that high but had been clearing the bar at lower heights with ease.

McGill and Green finished first and second in the high hurdle try out. The runners ran only over six hurdles in the event so that no comparison of time is obtainable. More tryouts were scheduled for last night but the results will be too late for the press.

Attention is called to an error in last week's edition of the Tan and Cardinal when it was announced that Pilkington won the 100-yard dash tryout. Captain Pinney was the winner of the race.

veals the lower part of his anatomy to be other than the type one admires in a bathing suit.

But, if he must wear plus-fours, there is one consolation in the fact that these extremely wooly golf hose make certain appendages seem much larger than they actually are.

Since he possesses a musical soul, he speedily wends his way to the shoe-makers shop, therein to have odd little steel plates attached to the heels of his shoes. Since a man's popularity is determined by the amount of noise he makes on walking across the library floor, this expenditure is not only necessary, but also absolutely essential to his future welfare.

We will not complain about the business section of this thriving metropolis, but when we gaze upon the condition of various masculine attires, we are afraid the local haber-dashers have failed in some way to fulfill the requirements of Hart Schaffner and Marx or Bond's. Of course this prevailing condition of clothing is explained by excessive study. In fact, the lights of King Hall burn steadily into the night as the occupants sink themselves into nerve-racking study—But, is it study that keeps them up at such shocking hours? We wonder.
