## QUESTION OF PERSONAL LIBERTY IS DISCUSSED

J GLENN ROSS, JUDGE

Affirmative Team Wins at Home. Negative Lose at Capital On Following Night

Otterbein's debate team won the first meet of the 1927 forensic season last Wednesday evening in the college chapel when the home affirmative team met Capital University's debaters. Thursday evening Otterbein's negative team journeyed to Capital University and were defeated.

The question discussed was, "Resolved: That the Present Governmental Tendency in The United States to Restrict Personal Liberty is to be Condemned." Perry Laukhuff who has participated in debate work previous to this year, acted as chairman. Professor J. Glenn Ross of Ohio State University was the only judge.

Otterbein's affirmative team is composed of Fletcher, Bromeley and

## AUTHORITY CONFUSION MAKES AUDIENCE SMILE

"Give me liberty or give me death". Those were the very words the immortal Webster used in his speech. The audience guffawed. The forensic warrior blushed and tried to stammer his next sentence. "Good land, Maria, he's starting in on the dictionary" was heard to come from the audience. And the laugh was on the poor Otterbein debate who got his authorities mixed up. Pat Henry was the author of the 'liberty or death' statement.

Knight with Echard serving as the alternate. La Porte, Mayer and Hampshire are on the negative team with Charles as alternate.

The debate was not a conference meet so that the decision will not affect either school's standing.

## Former Student Dies.

Miss Alma Evans, a former Otterbein student, committed suicide at her home in Union City, Indiana, late yesterday afternoon. Poor health was given as the cause.

Besides Otterbein, Wittenberg, Wooster, Heidelberg, Hiram, Baldwin-Wallace and Ohio Wesleyan will have representatives at the Contest. Professor Lester Raines is secretary-treasurer of the Oratorical Association, and Melton Boyd, last year's Muskingum orator is president of the Association. Boyd will act as chairman of this year's contest.

The judges will consist of one faculty member, other than the orator's

## STUDENT COUNCIL PASSES SOCIAL GROUPS RULINGS

### MAY CHANGE FROSH CAPS

Provisions of Inter-Social Group Council Constitution Will Be Presented to Faculty.

The passage of certain important sections of the Men's Inter-Social Group Council Constitution and by-laws relating to election of officers and to initiations, was the most important business transacted at a meeting of the Student Council last Wednesday evening at Cochran Hall. Student Council inserted another section in the Inter-Social Group Constitution regarding the election of an official observer.

The provisions were to have been presented to the Campus Council Friday afternoon. Due to the fact that there was not a quorum present no business was transacted. The provisions will be presented to the Faculty soon.

### May Change Frosh Caps

A proposition to change the color, and possibly the style, of the Freshman caps was also presented at the Student Council meeting. Next year the caps may be made of tan and cardinal material which will make them more consistent with the school colors. This method is used by many other colleges and universities.

In the near future the Student Council, through the National Student Federation Bureau, may present special outside speakers at the chapel exercises.

### PROF. MILLS TAKEN ILL

Prof. Gilbert E. Mills, of the department of Romance languages, was taken suddenly ill at his home on East Walnut street Sunday morning. He was rushed to Grant Hospital by local physicians who were unable to diagnose the case. Hospital physicians were still making tests to determine causes of the illness.

### Correction

The statement, "Lower Third of High School Can Not Enter", which appeared in a headline on page 8 of last week's edition of the Tan and Cardinal is slightly misleading. The word "Can" should have been "May" in order to conform with the body of the story.

## DR. CORNETET CLAIMS RECORD FOR PAYING TUITION TO COLLEGE

After paying tuition in Otterbein College for twenty-one consecutive years, Dean N. E. Cornet will have the privilege of witnessing the last of his five children graduated. His daughter, Grace, is a member of the present senior class and will graduate with her classmates in June.

Away back in 1906 his son, Dwight, entered Otterbein and was graduated in June 1910. The next fall his daughter, Hazel, registered for her freshman

year; she received her diploma in June 1914.

Three years elapsed before a second son, Wendell, matriculated. He received the traditional sheepskin in 1921. The same fall that Wendell became a Junior, another son, Russell, registered as a freshman; he was graduated in 1924.

Two weeks ago Dean Cornet settled with the Treasurer of the college for his forty-second semester bill. Few people can lay claim to a similar record.

## CHEER LEADER MARSH ISSUES NEW YELL

Cheer Leader Lawrence Marsh sends the Tan and Cardinal this yell which he says he will lay particular stress on at the game with Muskingum Saturday evening. The yell is as follows:

Eeeeeeeeee Yow

Eeeeeeeeee Yow

TEAM

Eeeeeeeeee Yow

Eeeeeeeeee Yow

TEAM TEAM TEAM

Any name or word can be substituted in the yell for the word "TEAM." The Athletic Department issued a verbal statement condemning "referee razzing" which has been prevalent recently. The Department suggests that it be stopped at once.

Robert Bromeley of Lafayette, Ind., was elected editor and Quentin Kintigh of Greensburg, Pa., was elected business manager, of the 1928 Sibyl at a meeting of the Sophomore class last Tuesday morning. An election the day before was declared invalid because of the small number in attendance.

Bromeley and Kintigh have already been interviewed by representatives of two engraving companies regarding the engraving contract for the 1928 yearbook.

The announcement of the personnel of both the editorial and business staffs will be made in the near future according to an announcement made by Bromeley and Kintigh.

Ruth Asire has been appointed head artist and Lorin Surface has been named advertising manager.

## Combined Cabinet and Council Meeting

The purpose of the meeting of the Student Council and Cabinets of the various campus organizations was to plan for work during the evangelistic meetings. Rev. Chester White, Pres. of the Ministerial Association was chairman of the meeting, and it was an open forum in order that the attitude of the students toward the proposed meetings, might be learned.

During the meeting, Waldo Keck was appointed chairman of the Publicity Committee, and Mabel Eubanks was appointed chairman of the Devotional Committee. Roy Burkhart was made chairman of a committee to make suggestions as to the type of program which would appeal most to students.

## Geneva Debate Cancelled.

Geneva College has cancelled its debate with Otterbein which would have been held here February 23. Geneva is making a tour of Ohio but as Otterbein was the only one to use the Personal Liberty question authorities cancelled the affair.

## HISTOLOGY DEPARTMENT CREATED FOR PRE-MEDICS

A new course in Histology has been instituted under the Department of Biology. In previous years the course has been listed in the catalogue but it has not been given for a number of years. There are seven in the class under the supervision of Mr. George Moore who has charge of both the lecture and laboratory work. The subject is designed especially for pre-med students although it is not limited to them.

The institution of the course has necessitated the purchase of about \$400 worth of new equipment. The Spencer precision Microtome and the paraffin imbedding oven are a part of the apparatus recently bought. Special attention will be paid to the preparation of slides.

## LOCAL LECTURE COURSE COMMITTEE GETS \$20.

Approximately 175 people attended the concert given by the Chicago Male Quartet last Monday evening. The Redpath Bureau furnished this extra number to the local Lecture Course Committee as an aid in clearing up a \$75 deficit. The door receipts totaled \$50 of which sum 40 per cent was given to the local committee.

## Intra-mural Correction.

In the account of the Dubs vs. Lakota 2nds game in the first paragraph of the men's intra-mural games story, Zimmerman was credited with being high scorer for the losers. This is an error; the name should have been Simmermacher.

The Alps forfeited to Lakota giving the Alps team undisputed possession of the cellar position.

Philota put up a stubborn fight but finally succumbed to the Jonda's to the tune of a 19 to 12 score. O. Cline scored most for the winners with 11 points. Wilson scored 6 for the losers.

## TAN MEN BATTLE TO 26-19 LOSS SATURDAY EVE

Heidelberg continued on its Ohio Conference rampage by downing the Tan and Cardinal crew here Friday night 26 to 19 in a fast game which was marred by poor shooting on the part of both teams.

After the first few minutes when the Heidelberg offense puzzled the locals, the rival outfit battled on about even terms. Both quintets broke quickly and had fast passwork.

During the first half the lead changed hands several times, a short shot by Crump giving the visitors the advantage 11 to 10 at the half-time. Heidelberg scored five points before Otterbein got started in the final period and held the lead throughout the game.

### THE PROFESSOR'S LIFE

When Mr. Vernon M. Riegel, state director of education, said before the Ohio legislature that college professors are a lazy sort who have made it an unwritten rule to work no more than 12 hours a week, he forgot to take into consideration everything a college professor has to do.

To begin with the college professor must put up with: the bluffer, the boy in the back row with a loud, harsh voice and an empty head; the silent knight who might have something worthwhile to say but keeps it to himself; the sweet little co-ed with nothing in the world to worry about, who can attract the class's attention at an time and who needs at least a B in the course; the collegian, with hard leather heels, who arrives ten minutes late, hasn't read far into the text but whose spouting off is supposed to barrage classroom progress; then there is his colleague on his left who is so conservative that he wears his grandfather's shirt studs; then there are the window gazers who watch the campus squirrels part of the time and sleep the rest, and they don't count unless they snore; and so on ad infinitum.

The professor's routine that would kill an ordinary man is this:

He has to live. Besides, he organizes courses of instruction; devises

educational, athletic and moral legislation; conducts clubs and meetings; attends 15 hours a week committee and faculty meetings; investigates educational standards; examines textbooks; supervises student publications; edits catalogues; publishes bulletins; plans laboratories; attends regional, state and national church or school association meetings; revamps the curriculum; aids in financial drives; advises students; disciplines student moral breakers; reads exam papers keeps scholastic records of several hundred students; reports absences; spends two hours in preparation before each class, and, after reading his obligation in the college catalogue, attempts to keep in personal touch with the student.

Yet some wonder why professors get gray!!

### THE OXFORD PLAN

Shall Otterbein propagate conformists or individualists? Should she follow the Oxford plan of education or resort to discipline which is common in the military academy? These are questions which merit close examination by both faculty and student.

By the Oxford Plan, the student is not requested to attend class, but must rely on his own initiative to master a course. He receives help from the faculty only through lectures, conferences

and group discussions. However the student follows a definite outline of a course for the year. Such a plan is in the process of experimentation at Antioch College, here in our own state.

Obviously, the Military Academy requires strict adherence to certain schedules and requirements. As soon as the student has fulfilled the requirements he is through. He need only absorb what information is assigned him.

Otterbein follows both plans at least in the main. There can be no doubt that the former is the better. While we do not advocate non-required attendance of classes we do believe that the principle of stimulating the individuality of the student, cannot be questioned.

There is a course now being offered in the English department which, in the main, follows the plan suggested. Enough work is continually suggested to the student to keep the very best student busy. If all the work is not done, all right. The reverse is equally agreeable. The work is there. The student can do and apply it if he wants to. Those who work get high grades. The class discussion is more or less determined by the students themselves.

In post-graduate days knowledge acquired according to strict formulae and specification, will be of little value. All life is a continuous exploration. It requires originality and initiative. Education should teach man how to live, instead of merely equipping him with an arsenal of impotent degrees. —L. W. N.

### JUAN DE RODRIGUEZ TO SPEAK TONIGHT

To-night the Y. M. C. A. and the Y. W. C. A. are featuring a very special joint meeting.

The occasion for this gathering is the coming of Mr. Juan de Rodriguez to the campus. He will speak this evening in the college chapel.

Mr. de Rodriguez is a native of the Philippine Islands and will address the two organizations on the question of the relations of the United States toward this far-away possession. He is a graduate of the higher schools in Manila and also the University of Washington in this country.

The International Friendship division of the National Council of the Y. M. C. A. is sponsoring Mr. de Rodriguez visit. He will in all probability remain over Wednesday and address chapel at that time.

The cabinets of the two Associations are anxious that everyone attend the joint meeting because this question is one of great importance to our country and is presented by one well fitted to discuss the problem because of his intimate associations with both.

"Memory is a luxury which only those who have lived right can enjoy." If this be true, we fail to see how college women can conscientiously keep diaries.

There are but few truly beautiful women in Otterbein, and those few serve to make us thankful that all women are not hopelessly conceited.

Was it Shakespere who said, "Moving money like moving water, soon purifies itself?" Regardless of who said it, there has been little money purified in King Hall since Christmas.

It is the common idea that when a girl wears a boy's frat pin at Otterbein it merely means necking privileges. We have yet to see an Otterbein co-ed wearing 14 or 15 frat pins.

## LECTURER TO BE LAST LYCEUM COURSE NUMBER

DR. MACGOWAN TO SPEAK

Will Appear in College Chapel Thursday Evening. Graduate of U. of Glasgow.

"The Individual and Society" is the subject of the speech which Dr. Robert MacGowan, internationally known lecturer, will deliver in the College Chapel, Thursday evening, February 17, as the final number on the Citizen's Lecture and Lyceum Course for 1926-27.

Dean N. E. Cornet, who is chairman of the local committee, desires that a full house be in attendance for this final number. Tickets may be obtained from Ed Hammon at King Hall, and Mabel Eubanks at Cochran Hall. The admission is 30 cents.

American and European study and platform experience have equipped Dr. Robert MacGowan for the lecture engagement which he is to fill. He holds degrees from the University of Glasgow, Scotland, and an honorary degree from the University of Pittsburgh. At the University of London, England, he took post-graduate work in psychology. He is a graduate of the four-year course in the United Free Seminars of Glasgow and Edinburgh. While his first ministry was in his native land, Scotland, when he felt the call to service in America he experienced little difficulty in soon attaining prominence. Likewise, he has been able to give series of lectures in some of the leading colleges in the east and middlewest.

(Continued from page three) leading Heidelberg in the scoring column all year, was high point man for his team with three field goals and four fouls. Mautz scored 8 points.

Seaman displayed the best all-around form for Otterbein, despite the fact that he did not score a field goal. His work in guarding Stalter, Heidelberg's tall center, was nothing short of sensational at times. Buell led in scoring with 10 points. Captain Barnes started the game but was unable to last due to the effects of illness the forepart of the week.

Y. M. C. A.

Waldo Keck led Y. M. C. A. last Tuesday by introducing questions which were the basis for helpful round-table discussion. All the discussion centered about the practicability of Jesus Christ's living ideals, and served to arouse much comment.

Sixty-three others peer around from behind books, encyclopedias or notebooks. 47 smile sympathetically, 5 freshmen giggle hysterically—they think they have to—by all rules and codes of etiquette because the performer happens to be Soph. The rest, Seniors probably, scowl and return to their drudgery.

Two love birds cooing in the East Reading Room. The gray clad figure, symbol of law and order, stalks majestically toward the offending pair. And then . . . "Ah, did the course of true love ever run smooth" The other 39 look sympathetically or critically as circumstances might suggest. One engaged girl furtively wipes a tear from her eye as she fears a blasted romance.

Great noise in the basement. Varsity O rushes en masse to the rescue and find 30 of the 31 victims of Play Production fighting over a single copy of "Drama".

Back to first floor. And we find the President of Student Council firmly ensconced in the umbrella rack while he delves into the mysteries of Economics in the Middle Ages.

This is too much. Without a backward glance we cut for the outside air where we can read the Public Opinion with no fear of violence or censure.

### THIRTY-ONE MEN ANSWER SPRING TRACK SUMMONS

Thirty-one men answered the call for track men issued last week by Coach Ditmer, and are working out daily either in the gym or on the track.

No one man can safely feel that he has any position cinched on the squad this year. Coach Ditmer urges that more men report; the old excuse, "It's no use to go out, I couldn't do anything with so many old men out", does not hold good this year, because

every man has a good chance of making the squad.

Only nine letter men have reported to form the nucleus of the squad. They are Pinney, Pilkington, Wales, Erisman, Keck, Cheek, and Smith. Martin and Falstick, letter men who have returned to school are also out. Snavely and Reigle may report later on following the basketball season.

Men on last year's squad who have graduated are Stoughton, Tinsley, Widdoes, Drury, Porosky, Richter, Stair and Ferguson. Crawford, Storey, Meyers and Shaffer are not in school this semester.

Other candidates for this year's squad beside the letter men are L. Hicks, Kumler, McGill, Holdren, Keller, Borrer, C. Mumma, Troxel, Gordon, Hatton, Shoemaker, Lai, Lambert, Charles, Green, Thompson, O. Cline, Redman, Hall, Van Auker, Knight, and Stirm.

## WILL ATTEMPT REVENGE ON BLACK AND MAGENTAS

After dropping two games in a row the Otterbein quintet will attempt a comeback next Saturday night at the high school gym at the expense of the Muskingum College pill tossers.

Muskingum defeated Otterbein a week ago last Saturday at New Concord by a score of 22 to 37. If Otterbein had shown usual ability to hit the basket there would have been a different story told. The Tan and Cardinal quintet should have that ability on their own floor.

So far this season Muskingum has only lost one game and is leading the conference. On the other hand Otterbein has lost four of the seven games played and are in the lower half of the conference standing.

A good chance for victory depends considerably on Captain Barnes' recovery from his recent attack of the gripe. It is expected that he will be completely recovered and in that case he and Buell will start at the forward posts with Seaman at center and Snavely, and probably Reigle, holding down the guard positions.

Muskingum's starting lineup will probably be C. Orr and J. Orr, forwards Taylor, center; and Captain Harrop and Clark, guards.

## GRADE CHART SERIES WILL BE CONTINUED

### CHARTING MADE DIFFICULT

Tan And Cardinal Will Tabulate Grades of Social Groups For Chart Series.

Now that the grade cards are out the time again approaches for the Tan and Cardinal to issue grade charts for the men's and women's social groups. Next week the first chart, for the men's social groups, will appear. The following week the chart for the women's social groups will be published.

Some time in the near future, after the social group charts are completed, the grade cards of non-social group students will be summarized. Figures will be published for both men and women in this chart.

Grade cards were issued Friday by Registrar F. J. Vance. Copies of the cards are being mailed from the college offices to parents today.

### Charting Made Difficult.

All grades on every card will be tabulated with the following provisions: F will count hours but no points; X will also count hours but no points; for the abbreviation "Inc." neither hours nor points will be counted providing the incompleting work is regular; for the letter "W" neither hours nor points will be considered.

In order to be perfectly consistent

## BASKETBALL SCHEDULE FOR 1927 Absolutely Official.

| Date     | Team               | Where             |
|----------|--------------------|-------------------|
| Jan. 12— | Otterbein 26,      | Kenyon 45.        |
| Jan. 15— | Otterbein 31,      | Ohio Northern 29. |
| Jan. 22— | Marietta 36,       | Otterbein 32.     |
| Jan. 29— | Baldwin Wallace—32 | Otterbein—38      |
| Feb. 2—  | Marietta—31        | Otterbein—39      |
| Feb. 5—  | Muskingum—37       | Otterbein—22      |
| Feb. 11— | Heidelberg—26      | Otterbein—19      |
| Feb. 19— | Muskingum          | Westerville       |
| Feb. 26— | Heidelberg         | Tiffin            |
| Mar. 1—  | Wittenberg         | Springfield       |
| Mar. 7—  | Kenyon             | Westerville       |

throughout the entire chart the above tabulation system was found necessary. The charting will be made doubly difficult by the fact that two new forms, "Inc." and "W", have been instituted. Professors have not been perfectly consistent regarding these forms in entering of grades. With the aid of the Registration Department these difficulties will be ironed out as well as possible. Pledges and those who have been expelled, will be considered in these charts also.

## QUIZ AND QUILL WILL SPONSOR ANNUAL CONTEST

Productions Must Show Marked Originality. Will Be Printed in Spring Magazine.

The Quiz and Quill Literary Club will again offer three prizes of \$10, \$5, and \$3 to any Freshman or Sophomore who may submit the best production in the annual contest.

The production may be of any kind, and the contestant may submit as many productions as he wishes. A prose production should not exceed one thousand words, and a production in verse should not be more than fifty lines in length. The prime requisite which productions must show unmistakably is the quality of originality. No production that has been previously used will be considered.

The final test of the production will be that of adaptability for publication in the 1927 Quiz and Quill magazine. Members of Quiz and Quill Club will be judges of the contest.

Only one copy of the composition needs to be submitted. This copy should be typewritten (double-spaced), or written very carefully in black ink. The name of the writer must not be placed on the manuscript but upon a separate sheet.

All manuscripts must be submitted to Prof. C. O. Altman, Prof. P. E. Pendleton, or Prof. Alma Guitner on or before April 20, 1927.

Some radio announcers should be seen and not heard.

A survey of the 1924 Alumni Directory shows that the number going into teaching is increasing, which, of course, is to be expected with increased enrollment; but what is more startling is the fact that the per cent going into teaching is mounting rapidly.

Any attempt to abandon the teacher training departments of the college would be fatal for present figures show that at least 40 per cent of the present student body came to Otterbein in preparation for teaching. Therefore abandonment would mean the lessening very materially the opportunity to serve the constituency of the college. In the past, one of the chief businesses, if not the chief business, of the college, vocationally, has been the preparing of teachers; it is the chief business of the college now. It would seem then, that Otterbein must go forward in the training of teachers.

If Otterbein's Education Department moves forward at the stride compelled by the state, the proceeding will throw the present program of the college more out of balance than it now is, unless a strong effort is made to develop other vocational departments. The need for emphasis in other fields is evident, if Otterbein is to give an equitable, balanced distribution of service to the boys and girls of the denomination.

At the present the curriculum is so planned that it meets the needs of the girls of the constituency better than it meets the needs of the boys. The three departments—education, Home Economics and Music are unquestionably more attractive to women than to men—and these are the chief vocational departments. More emphasis should be placed upon other vocational departments now here or to be introduced. To place more emphasis upon teacher training is to increase rapidly the attendance of women without proportionately increasing the number of men. The curriculum will have to be

### TWO CONCERTS PRESENTED

Will Present Program in Findlay  
Next Week. None Scheduled  
for This Week.

The Otterbein Men's Glee Club made its debut Friday night of last week at Johnstown. Here they sang to a small but appreciative audience. Saturday night the club journeyed to Linden High School. The concert was put on under the auspices of the church of which Lewis Hampshire is pastor.

The two concerts progressed very favorably according to Prof. A. R. Spessard, director of the club. He claims the organization of this year to be fully as efficient as last year's club, which was said to be one of the best in central Ohio.

The future concerts are: Findlay, O. February 25; Baltimore, O. March 5; Barberton, March 12; Canton, March 18; Sugarcreek, March 19. Tentative concerts may be scheduled with Akron and Rittman.

Shipley, gave an essay on "Mottoes."

Aside from the formal installation of officers by Phillip L. Charles, the other exercises were of the routine type.

## SEVENTEEN IN RECEIPT OF FACULTY EXIT NOTES

### SIX STUDENTS TO REMAIN

Faculty Discusses Twenty-Three Names. Discretionary Committee Refused Dean.

Contrary to a widely and popularly conceived idea prevalent in the student body, the Tan and Cardinal will not publish the names of the seventeen students who were formally ousted from school at the result of a Faculty meeting last Monday evening. Failure to receive the requisite number of points was given as the reason for the wholesale exit.

A total of twenty-four names were under consideration by the Faculty but one student had left school several weeks before thus leaving twenty-three for actual discussion. Of these twenty-three students Dean N. E. Cornet was authorized to expel seventeen. Six students, which included three Seniors, two Sophomores and one Freshman, were allowed to remain.

All students who were placed on probation were required to obtain at least 12 points by the end of the last semester; the more flagrant examples were required to gain 14 points.

A motion to allow Dean N. E. Cornet a discretionary committee composed of President Clippinger, Dean McFadden, Prof. L. A. Weinland, and Registrar F. J. Vance, to act in matters concerning scholastically delinquent students, was voted down by a comparatively large majority.
