...DEDICATION...

The Department of Athletics dedicates this program to President Leslie H. Fishel, Jr., Heidelberg's tenth president who took office on July 1, 1969.

President Fishel's warm interest in athletics, plus his scholarly experience and administrative ability are a happy promise of an exciting and rewarding future for the College. He has the respect and admiration of every member of the team and its coaches. We consider him one of us and will do our best to deserve the many thoughtful things he has already done to advance the fortune of football at Heidelberg.

THE PRESIDENT'S GREETING

As one new to Heidelberg and Tiffin, let me welcome each of you to this home football game, whether you are attending your first one or your fiftieth. I know how important your support is to the College and to the football squad.

Football's popularity is not accidental. It demands skills that most Americans respect and for that reason we like to watch football. You will see these skills developing on the field, as brains, coordination, teamwork, enthusiasm and a certain toughness mix it up for four quarters. This is the excitement of football.

This is the reason why football is a major intercollegiate sport at Heidelberg. Before the drama of the game come long days of hard, grueling work, with every squad member concentrating on the development of these skills under the watchful guidance of Head Coach Jim Getz and his assistant coaches. Beyond the drama of the game is the educational experience of improving skills which will be useful for a lifetime.

Heidelberg is fortunate to be able to play its home games in this fine Columbian High School stadium and we are grateful to the Tiffin community and the Board of Education for the privilege. Our campus is just a short distance away and I invite each of you to pay us a visit after the game or in the near future.

Leslie H. Fishel, Jr.

GOOD LUCK HEIDELBERG!
