In Memoriam

We have died in Vietnam.  
BUT WE HAVE WALKED THE FACE OF THE MOON.

We have befouled the waters and tainted the air of a magnificent land.  
BUT WE HAVE MADE IT SAFE FROM DISEASE.

We have flown through the sky faster than the sun.  
BUT WE HAVE IDLED IN STREETS MADE UGLY WITH TRAFFIC.

We have littered the land with garbage.  
BUT WE HAVE BUILT UPON IT A HUNDRED MILLION HOMES.

We have divided schools with our prejudice.  
BUT WE HAVE SENT ARMIES TO UNITE THEM.

We have beat down our enemies with clubs.  
BUT WE HAVE BUILT COURTROOMS TO KEEP THEM FREE.

We have built a bomb to destroy the world.  
BUT WE HAVE USED IT TO LIGHT A LIGHT.

We have outraged our brothers in the alleys of the ghettos.  
BUT WE HAVE TRANSPLANTED A HUMAN HEART.

We have scribbled our filth and pornography.  
BUT WE HAVE ELEVATED THE PHILOSOPHY OF MAN.

We have watched children starve from our golden towers.  
BUT WE HAVE FED THE EARTH.

We were raised in a grotesque slum.  
WE ARE SURFEITED BY THE SILVER SPOON OF OPULENCE.

We live in a country in the world in a great time in history.  
BUT WE SCORN THE GROUND WE STAND ON.

WE ARE ASHAMED.  
WE ARE PROUD.  
IN AMERICA WE LIVE.

and golden in our years . . .*

One of the most active and controversial groups on campus, *Student Senate* made great strides towards establishing and maintaining effective communication between students, faculty and administration. Representatives from every campus organization and class participated in debate over such issues as the dress code, women's hours, and the implementation of the new college governance proposal.

Through the *Women's Student Government Board*, Otterbein women take an active part in the administration and governance of living centers. It determines many of the social and academic responsibilities which each student should learn to accept.

The Otterbein *Women's Panhellenic Council* compiles rules governing rushing, pledging and initiation, and seeks to keep sorority life and inter-sorority relations on a high plane. Perhaps one of the most effective units of student government on campus is the Standards Committees of the women's residence halls. Members are elected by the women who live in the dorm, and work with housemothers, and in freshmen dorms with counselors, to provide an atmosphere conducive to study and the development of mutual respect among the residents. The importance of these committees became especially apparent this year when the women of Saum Hall were moved into the old Health Center and made more than a successful attempt at self-governance. Standards members do much to make the dorms a community of responsible young women living together under often less-than-desirable conditions.

*Cochran Hall Standards:* D. Sanford, G. Steck, S. Wurster, pres.; B. Andrews, J. Steinhauser, D. Hempy, Miss May, Housemother; F. Clemens.

**Saum Hall Counselors:** P. Dunn, L. Eddy.

That often difficult, but always fascinating transformation from high school girl to college woman, is made more smoothly through the efforts of Junior Counselors. Contrary to popular opinion, JC's function not as policemen, but as individuals who have experienced the heartaches and problems which challenge all freshmen, have coped successfully with unwelcome situations, and desire the same adequate adjustment for their counselees. Though involved with her own activities and studies, no JC is ever too busy to serve as a shoulder-to-cry-on, an outlet for frustration against the overwhelming confusion of the freshman year, to share a secret, or to congratulate an achievement.

Membership in *Torch and Key* is the highest scholarship recognition a student can receive. The organization, commonly called the Otterbein Scholars, requires a 3.5 average with 24 courses, a balance in course of study, and good moral character. The honorary sponsors a Spring Banquet to recognize all Otterbein honoraries and to award a prize to a high-ranking junior.

The aim of this year's small, but talented and determined staff was to produce a *Sibyl* which would present an objective and complete look at the ever-changing, always casual, atmosphere of the Otterbein campus. More liberal editorial policies, creative and outspoken staff members, and a hard-working, imaginative photographer combined to make this volume a meaningful record of one of the most significant years in the history of Otterbein.

Under the direction of Lt. Col. Dallas K. Stephens, the Department of Aerospace Studies strives to maintain its goal of placing on active duty lieutenants who are knowledgeable about the Air Force, who are able to think critically and creatively, and who have the ability to speak and write effectively. The result of this program is young men who have the knowledge and potential to become leaders and managers in today's society. Activities such as visits to various Air Force bases help to bring the vastness of military operations into a clearer perspective for cadets. Cadets receive opportunities to increase their community participation and social experience by participating in the Military Ball, Heart Fund Drive and President's Parade and Review.

Preparing students for undertaking further studies in graduate schools or for becoming high caliber candidates for competitive employment in industry and business is the main goal of the Department of Economics and Business Administration, under the supervision of Dr. Young Koo. Recent statistics show that almost 60% of department majors entered graduate school and performed well. The shortage of graduates to meet demands of industry make this an exceptionally practical and remunerative field.

Extra-curricular activities of the department include the sponsorship of S.A.M. which affords members the opportunity to put economic theory into practice.

John Coulter

With the qualifications and aptitudes of the individual being of paramount importance, the Department of English has designed courses to challenge the maturing student on various levels. While offering basic survey courses in Otterbein's "Common Course" tradition, upper level offerings are geared to topic courses. In opposition to straight period surveys, these courses provide the opportunity for the study in depth of a few authors or a particular kind of literature. In all areas, the ability to understand the written expressions of others, as well as the ability to express one's own thoughts clearly and concisely is stressed. A creative writing organization, *Quill and Quill*, is sponsored by the department. The club has periodic publications.

Although the 1969 Otterbein gridiron campaign proved somewhat disappointing in the won-loss column, the season was certainly not void of its share of excitement and individual achievements. The Cards were only able to compile a 3-5-1 record, however the closeness of the scores is indicative of the competitiveness of this year's unit. Three of the contests were lost by a total of only 19 points. Defensively, the team showed a marked improvement over previous campaigns. What Otter fan could possibly forget the closing second goal-line victories over Susquehanna and Ashland. Offensively, the Cards showed with a record-breaking team and notable individual performances. Against Baldwin Wallace Otter QB Norm Lukey set Ohio Conference records with 62 attempted passes, and 427 total yards passing. On the receiving end, Ken Jackson pulled down 16 aerials for another conference record. Post season awards went to tackle Rich Rawlins as the Most Valuable Player, Doug Thompson as the Most Valuable Freshman, and Dave Kellett as Most Improved.

there will undoubtedly be a great deal said about this book—  
 a little pro, a lot more con  
 but whatever it is to others, to me it is Otterbein  
 her tale is told with pictures rather than with words  
 because she is all she appears to be  
 it is the tale of those people who have become too much a part  
 of us to ever be forgotten—  
 those people who taught us to expect more of ourselves

much grateful appreciation to the loyal, understanding staff  
 without whose patience, determination, and constructive criticism  
 this volume could never have been published

beyond all else, I must recognize the one person whose often biased  
 encouragement and never-lagging faith in my abilities  
 kept me going when things were at their worst  
 although I did not realize it at the time,  
 he provided the impetus  
 necessary for me to put my entire being into producing  
 the best book I possibly could

for this opportunity I shall always be grateful

sincerely,

Sue Buteke
