# HEIDELBERG VS. OTTERBEIN

## OBSERVATIONS FROM THE PRESIDENT'S BOX

Fall, 1973, inaugurates a year of promise for Otterbein football. Otterbein football is more than a game. The emphasis on participation, practice and perception make it a learning-living experience.

Nearly 20% of the student body participates in the football, band and related programs that combine to make one football Saturday. Students work together for common goals. They learn that for group success some must play supportive roles so that others may lead. No one learns involvement vicariously. We know its value only through experience.

Hard work and discipline are essential to a successful life. Both come from the desire to achieve goals. The team effort required to attain a successful football Saturday inspires hard work and discipline. The reward is personal growth and satisfaction.

Perception combines intellect and emotions. It is learning to make and accept judgments. It is understanding of self, others and the interrelationship of one to the other. Perception requires comprehension of the significance of values to purposeful life. Developing perception is an integral part of the Otterbein football and band programs.

Bob Agler and his coaching staff and Gary Tirey and his band staff are advocates of participation, practice and perception. They are committed to team and band goals. They are dedicated to developing individual student potential. They make each year one of educational promise. I wish both staff and student goal fulfillment.

Thomas J. Kerr, IV  
President

# OTTERBEIN IS ALWAYS A WINNER

## How to tell a winner from a loser

by Sydney J. Harris

A winner says, "Let's find out; a loser says, "Nobody knows."

When a winner makes a mistake, he says, "I was wrong"; when a loser makes a mistake, he says, "It wasn't my fault."

A winner credits his "good luck" for winning—even though it isn't good luck; a loser blames his "bad luck" for losing—even though it isn't bad luck.

A winner knows how and when to say "Yes" and "No"; a loser says "Yes, but" and "Perhaps not" at the wrong times, for the wrong reasons.

A winner isn't nearly as afraid of losing as a loser is secretly afraid of winning.

A winner works harder than a loser, and has more time; a loser is always "too busy" to do what is necessary.

A winner goes through a problem; a loser goes around it, and never gets past it.

A winner makes commitments; a loser makes promises.

A winner shows he's sorry by making up for it; a loser says "I'm sorry," but does the same thing the next time.

A winner knows what to fight for, and what to compromise on; a loser compromises on what he shouldn't,

and fights for what isn't worthwhile fighting about.

A winner says, "I'm good, but not as good as I ought to be"; a loser says, "I'm not as bad as a lot of other people."

A winner listens; a loser just waits until it's his turn to talk.

A winner would rather be admired than liked, although he would prefer both; a loser would rather be liked than admired, and is even willing to pay the price of mild contempt for it.

A winner feels strong enough to be gentle; a loser is never gentle—he is either weak or pettily tyrannous by turns.

A winner respects those who are superior to him, and tries to learn something from them; a loser resents those who are superior to him, and tries to find chinks in their armor.

A winner explains; a loser explains away.

A winner feels responsible for more than his job; a loser says, "I only work here."

A winner says, "there ought to be a better way to do it"; a loser says, "That's the way it's always been done here."

A winner paces himself; a loser has only two speeds: hysterical and lethargic.

The Cardinal Marching Band is performing for the fifth consecutive season under the direction of Prof. Gary Tirey. Featured with the band is the "O" Squad, a coed drill unit performing with a set of 16 Tan and Cardinal flags, which were presented by the "O" Club, Otterbein's athletic booster organization.
