May Breakfast a Huge Success

Y. W. C. A. Girls Serve Dainty Lunch to the Delight of Hungry Breakfasters.

Tables Well Decorated

Violets and Blossoms Beautiful—Menu Well Chosen and Served in Excellent Style.

More than two hundred guests enjoyed the beautifully decorated tables, the cheerful atmosphere, the dainty invitation to Cochran Rall popular talk to the Volunteer Band after Cochrane's speech. "I have talked to the Volunteer Band after the closing Tuesday evening meeting last Friday evening. As a substitute the members of the class will hold a function for themselves some time during the senior vacation which begins on May 26.

During the first year the class of 1916 held a great many social affairs which have not been enjoyed a single social function but have been spending their money in paying for a memorial which took the form of the 1915 Sibyl. The class feels fully justified in departing from precedent for the benefit of gathering together for a grand good time.

Club Will Give Concert

Singers are to appear Tuesday evening—Quartette Will Sing and Fritz Will Read.

For many months, Westerville's many music lovers have been looking anxiously forward to the annual appearance of the Otterbein Glee Club. Tomorrow at eight o'clock this anxiety will be done away, when Professor Spessard will present his singers to the delight of hundreds of listeners, who are expected to pack the chapel. Indeed this event has for many years been the crowning feature of Otterbein's concert season and the one which will be staged to-morrow night promises to excell all past performances.

Scoring tremendous success before he settled down to a quiet life, during the winter months the club has had a most successful season and has done glory to her alma mater. Only the highest words of commendation were spoken on behalf of the excellent work done at every concert. The shading, the attacks, the resonant tone and the presence of a college spirit were especially noted and praised, by people who were present to judge the work. These many concerts, have given the fellows a striking stage presence and a power in their songs which coupled with faithfulness throughout the year has stamped the club as one of the highest character.

Another feature of the evening will be the appearance of the Otterbein Concert Quartette, composed of F. W. Keeler, Professors Grabill, Benderinger and Spessard in songs and instrumental numbers. These men have worked down to a house, (Continued on page five.)

Garver Elected Athletic Prexy

Student Association Selects Representative Men for Athletic Board—Will Assume Duties in June.

Girls Given Membership

Constitution Amended to Meet Needs of New System and Board of Control.

John B. Garver was elected president of the Athletic Association at its meeting in the college chapel last Thursday. Garver has been prominent in all events connected with athletics during the past three years. He has served faithfully on the board as a vice president. As the manager of the Hambone Minstrel Show he was particularly successful. In intercollegiate sports he has won distinction in baseball but in all alike he has displayed a keen interest.

Other officers who were elected are Glenn O. Keam, vice-president; E. R. Turner, secretary and Elmo Lingren, treasurer. G. A. Schooff and C. L. Booth will serve as class members on the Board.

These men are equally well qualified for their positions because of their interest and activity in Otterbein athletics. The present board will turn over all business to the newly elected members in June who will continue the work next year.

In order to conform to the new athletie system and give way to the Board of Control some changes were found necessary in the association constitution. This reserve constitution as ratified by the association provides that both girls and boys who have paid the four dollar athletic fee shall be considered active members of the association. It was deemed advisable to make a change in the eligibility rules so that any person might play on a team providing he had secured credit for twelve hours during the preceding semester. This would make him eligible to play during the entire season thereby prohibiting one professor from keeping a player off a team at his own choice during the season. Instead of an auditing committee from the Athletic board the committee will come from the board of control. A few other minor changes were also made. These will be submitted to the faculty for ratification.

Rickey Will Captain Seniors

Clarence L. Rickey was elected captain of the senior baseball team. "Rich" is gathering his men together and when the class series opens expect to put a strong team upon the field.

Missionary Tells of Work in Africa and Appeals for Help.

Last Sunday evening the members and friends of the First Un. ted Brethren Church had the rare privilege of hearing Mrs. J. Hal Smith, a returned missionary from Africa. Her address was made up chiefly of events connected with Smith's work in the Congo country. She related many thrilling experiences in that country, describing some of the hardships and trials of the missionaries, in those foreign fields. The work which is being done is very great but there are so many parts of the interior which have not yet been reached because the number of workers is too small. Mrs. Smith made an earnest appeal for both money and workers in order that the Christian work might be increased in the foreign fields.

Iddings Formally Elected

Members of Executive Committee Send in Vote in Favor of Famous Chicago Athlete.

Final action has been taken by the Otterbein College executive committee on the election of Hal J. Iddings of Chicago as football and basketball coach. Because of the fact that the college executive committee wished to secure a woman to have charge of the girls' work they held up this election for some time. It was found after careful consideration that this plan was not at all practical at this time and the funds which are available are necessary at present. It was impossible to get the college committee together for action so through the efforts of President Clippinger the selection was ratified by correspondence from the various members who are scattered over the country. A contract has been sent Mr. Iddings and the entire matter will be definitely settled immediately.

Iddings one of Chicago's star athletes, having played under Stagg three seasons, during which time the Maroon eleven lost but two games. In 1907 and 1908 Iddings was the universal choice as backfield of the All-Western team. In 1905 and 1906 he played a guard position on the Chicago basketball team. In track, he set the Big Nine pole vault indoor record at 13 feet, 8 inches. Since leaving Chicago he has met with much success as a coach at Miami, Kentucky State and Simpson College, Iowa.

Iddings received word of his election at his home in Fort Benton, Mont., where he is managing his large wheat farm. He will come to Westerville the first of September. He expects to take work in the Medical College at Ohio State.

Mrs. J. Hal Smith gave a half hour talk to the Volunteer Band after chapel this morning.
KENYON WINS ON DASHES

Otterbein Track Team Loses by Close Score on Home Field—Pedest Breeze Record.

Kenyon won over Otterbein in a track meet here Priday afternoon by a score of 64 to 55. The visitors were especially strong in the dashes, while Otterbein made a clean sweep of the weight events. Goldbruch was the best man for Kenyon, taking three firsts and two seconds.

Peden easily won the pole vault and afterward broke his own record for the college when he cleared the bar at 10 feet, 5 inches. His record of last year was 10 feet, 6 inches. Miller and Higlennore took both first and second places for Otterbein in the discus and hammer throws.

Love and Fellers, new men in track work here made a beautiful finish in the 880 yard run defeating the Kenyon men by very short distances. Love ran a fine race in the two mile. He has a fine stride and is especially strong in the sprint to the finish for he possesses a great amount of endurance.

Summary:

100 yard dash—Goldbruch (Kenyon) first; Leonard (Kenyon) second. Time—104.5 seconds.
Mile run—Williams (Kenyon) first; Goodwin (Kenyon) second. Time—4 minutes, 49.4-5 seconds.

220 yard run—Goldbruch (Kenyon) first; Neally (Otterbein) second. Time—234.5-6 seconds.

High jump—Barnhart (Otterbein) and Leonard (Kenyon) tied for first. Height—5 feet, 6 inches.

440 yard dash—Goldbruch (Kenyon) first; Neally (Otterbein) second. Time—556 seconds.

Pole vault—Peden (Otterbein) first; Steinfeld (Kenyon) second. Height—9 feet, 6 inches. Mile run—Goldbruch (Kenyon) first; Neally (Otterbein) second. Time—275-6 seconds.

Hammer throw—Miller (Otterbein) first; Higlennore (Otterbein) second. Distance—110 feet, 5 inches.

Low hurdles—Gregg (Kenyon) first; Goldbruch (Kenyon) second. Time—9.5-6 seconds.

Shot put—Tanglay (Otterbein) first; Doll (Kenyon) second. Distance—35 feet, 10 inches.

Hammer throw—Miller (Otterbein) first; Higlennore (Otterbein) second. Distance—105 feet, 8 inches.

High hurdles—Gregg (Kenyon) first; Mundhenk (Otterbein) second. Time—20 seconds.

Two mile run—Goodwin (Kenyon) first; Love (Otterbein) second. Time—11 minutes, 27.4-5 seconds.

Rally forfeited by Kenyon to Otterbein.

For a splendid teaching position, try the "Central." Our specialty is high school positions. Consult E. C. Reger, Manager 80 East Gay street, Columbus, Ohio—Adv.

PROCLINENT SENIORS.

Cloyce D. LaRue.

Hailing from the vicinity of a Ttle village named DeShaler, located some 15 miles on the east side of Ohio, came "Babe" LaRue. This portly gentleman arrived in Westerville in the fall of 1912 and has ever since been conspicuous among his associates in every sense of the word.

As a football player, he started out well. Under the Indian's stay with "Babe" played some football which will long be remembered. At Ohio State he was the point of attack many times when we had 50 men scored against us. At Springfield on Thanksgiving Day "Babe" received the ball on the kick off, tore off his head gear and raced at full speed across the field to the goalpost.

In the class fights during the year of 1918 and '13 the sophs had their hands full when they tried to throw him into the chilly waters of Alum creek. Their artillery tempests fell full away when they decorated the foreheads of this GoBath of the class of 1918.

History, economics and political science have been the most popular subjects of study during his course. His mind has a strong affinity for things of the historic nature while in social life his has not been so strong, at least he has not been so successful in securing the same as his memory book clearly testifies. A visitor in Westerville a year ago plainly shows that he is held in mighty high regard in another place and she looks to be worthy of the attention of the best.

To teach school seems to be his ambition and intention at the present time. If he acquires the success that line that he has been as a student Otterbein may justly be proud of the "Babe" among the youngest of his alumni.

Professor J. P. West is attending the meeting of the Board of Education at Dayton.

LARGE CROWD HEARS ORGAN — — — —

Pittsburg Organist Plays Well at Inaugural Recital—Explains Organ Mechanism—Choir Sings

Beautiful tonal quality was shown to be the crowning effect of the inaugural organ recital given last Monday evening by Sutherland Dwight Smith. Mr. Smith is the representative of the Eatee Organ Company and also the organist at the First Presbyterian Church of Pittsburg. The auditorium, Sunday school assembly room and all galleries were crowded by Westerville people who were anxious to hear the Know memorial organ.

The program rendered by Mr. Smith was of the popular nature throughout but very well adapted to show the various compassions, beauties and advantages of the organ. Mr. Smith played with perfect ease and exhibited rare skill in the handling of the organ with each number. Between the two parts of this program Mr. Smith told of the evolution of the pipe organ and its uses at various times in the history of the world. He then explained some of the mechanisms of the modern organ and especially of the Eatee instrument. The organ here is a two manual with pedal, tubular pneumatic action. It is equipped with all of the latest improvements which give the organist everything to make the various effects and shades which he desires.

The soft stops are especially beautiful. Some criticism has been expressed that the organ could not be heard when these stops were used. This was caused to a large extent by the constant buzzing of the huge fan in the ventilating system. Then, also, there was a great deal of confusion in the rear of the audience last week which detracted greatly from the joy of the others. When the main auditorium only is used the organ affords ample force to be heard in all parts when stopped down to the limit.

The program of last Monday evening was helped much by the two choruses numbers given under the direction of J. A. Bendinger. The "Cherubim Song" by Tschaikowsky given by the church choir was well received. The ladies' chorus "The Lord is my Shepherd" by Schubert was equally pleasing to all.

Doctor Jones made a rousing appeal in behalf of the May Morning Breakfast, in chapel Friday. The jovial Doctor is a good advertiser and caused many a laugh with his humor.

Much to the surprise of local canoe owners the crew took a sudden jump on Saturday night after the heavy rain of the north. It is hard to say whether the boat's were away for the lands are completely submerged by the muddy waters.

The Board of Education is holding its thirty-fifth annual meeting in the Baptist Theological Seminary, chapel Monday and Tuesday of this week. President Clippinger addressed the session this afternoon.

Mrs. Henry Garst is Laid to Rest in Otterbein Cemetery.

The funeral of Mrs. Henry Garst was held at the United Presbyterian church at Westerville on last Saturday afternoon. She was too late to be buried in the new church. The church and the college lost a staunch friend and supporter.

She was born near Cincinnati and spent her early life there, graduating from the Hughes High school of that city, with first honors. She had a brilliant mind, a kind and loving disposition and was loved by all who knew her.

She was not a graduate of Otterbein but always had great interest in it. Her husband, Dr. Garst, was a graduate of the class of '81 and was connected with the school as President, Pastor or Professor during the greater part of his life. She also had two daughters, Mira Garst Stewart, '95, and Minnie Garst, '96, and one son W. A. Garst, '94, and two brothers H. A. and W. J. Flickinger, '75, and '76, who are graduates of Otterbein.

Mrs. Garst's death was very unexpected, caused by acute inflammation of the heart. She enjoyed good health until two days preceding. The funeral was conducted by Rev. E. E. Burnside, assisted by President W. G. Clippinger and Doctor T. J. Sanders.

Tennis Team Loses to Ohio Northern at Ada on Saturday.

With one man out of condition and with disheartened rooting Otterbein's racquets were defeated at Ohio Northern last Saturday by a score of 5-1. The team was royally entertained during its stay in Ada and had a pleasant trip.

In the first singles Bercaw of Otterbein met McKoberta who represented Northern. Each man exhibited first class playing but Bercaw proved too much for his opponent and took both sets, the score for each being 6-4.

Ross of Otterbein was matched in the second singles with McFadden. On account of sickness Ross failed to play up to his usual speed and style and lost the score 6-2 and 6-1.

The doubles started with more pep and Otterbein easily took the first set 6-3. Disconcerted by the excessive sideline rooting the two men lost their bearings and the next two sets went to Northern. Score 6-8 and 6-1.

Dr. Henry Speaks to Men.

In his address before the men last Thursday evening Dr. G. A. Henry of the Anti Saloon League spoke on the need of a stimulant in Christian work. This is only secured through an unaltering faith in Jesus. Dr. Henry gave many illustrations in every day life to prove this fact which appealed to and interested the men very much.

On Friday the baseball team plays Wooster at Wooster. This game will be the big athletic event in connection with the inaugural exercises of President J. Campbell. Who has announced that the Saturday Capital will again be the opponent, this game being played at Columbus.

The sense of honor is of so fine and delicate a nature that it is only to be met with in minds which are naturally noble, or in such as have been cultivated by great examples, or a re­

MOTHER'S DAY.

Sunday, May 14 has been set aside all over the entire world as Mother's Day. The occasion is not local, sec­
tarian or limited to any one people. Instead it is universal in its scope and will be observed by every one who has the cherished memories of a loving and thoughtful mother and who has that deep respect and admiration for motherhood.

Mother's Day was founded by Miss Jarvis who had for her purpose to honor and uplift motherhood and to give comfort and happiness to the "best mother who ever lived—your mother." In her words—"Do something to show your mother that she is Queen of the May" in your heart.

Hence it is only that she should be remembered on that day by some honor. Be with her if you can. If such is impossible send her some remembrance, write her a letter or wire her of your praises and gratitude. If she is not living think of her in the glad recognition that she was the best mother who ever lived.

The white flower is the memory flower for the occasion. Its white­ness stands for purity; its form, beauty; its fragrance, love; its wide field of growth, charity; its lasting qualities, faithfulness; car­nation, mother sufferings of the flesh—all a true mother attributes. This beauti­ful flower should be worn by every one in greatest remembrance of the one who in our infancy watched over us with tenderest care; in our youth

carefully guided us to higher ideals and in maturity is the ever faithful counsellor.

To be told and retold concerning certain things to do causes a lot of the trouble in this world. In the first place the person who must continu­ously watch the other fellow for the purpose of seeing that certain things are done is quite often driven to distraction because others fail to see and do. Why one in so much of the world almost loses all faith and respect for his fellow beings when he must nag at and pester the other person in or­der that a certain end may be accompl­ished.

Then what is more annoying when a live and wide awake individual must suffer from the continual harangue of another. We cannot blame him for keeping after us, how­ever, for he does not realize that some are capable of seeing and doing and being continually disappointed in so many others. There are so many who slight things that the good must suffer with the bad in being told just to move to make and when to make it.

A man once told me that one of the greatest trials of his life was seeing his assistants do things. In many cases he could do things and know that they were done correctly in much less time than he could run after others and then with no assur­ance that some part of that work would not be slighted. Well, in the case with many individuals, there are a lot of folks who cannot be trusted with any responsibility. These people not only fail to acquire pro­gress but they bring shame and dis­grace to all their fellows.

If you are a shirker, brace up, not only for your own success but also for the sake of those about you. Give the world a chance to believe in you and increase the faith of mankind in the other fellow.

A Rest.

Spring fever has hit The Otterbein Review staff. At any rate we shall take a vacation next week and turn the Review over into the hands of the Philadelphian girls. We have heard a great many comments upon this matter and every one is very anxious to see what Miss McCully and her staff will do. The readers of this college paper seem more than pleased for a change and we are positive that they will be delighted.

Not only will the regular college news be covered in an interesting way but it is rumored that there are to be several innovations in the is­ue. We do not know just what will be but it is a good bet that some one will be roasted. The girls are quietly gathering some information and news on the campus and in the walls, labs, and class rooms. They may make some of our kind friends and co-workers sit up and take no­tice.

Graduate gives Recitals

Camp Foltz Renews Old Acquaintances on Tour and Writes in Characteristic Way.

Goodby to Boston for a few weeks, and the next morning on my maiden voyage up Fifth avenue, I found myself in New York, call of friends, and New York standing in lies to greet me. However, shortly, into Philadelphia in prelude to my recital on the West Side, I find myself greeted by the most charmingly he royalists, in front of the Young Men's Christian Association, and off we whisk to his splendid apartment, Harry Johnson, 2nd to the nephew, driving Dr. Maynard's car. Mr. Lock ranks himself most admirably with the progressive practical analyst, and his wife (Miss Tuttle) is a most charming type. Out of Philadelphia, at midnight, and the next afternoon into Shenandoah Institute, Broadway, Virginia. Horace Hott, 1914, reigns supreme. Not only has he less than a million invested in a leather concern, superintendence of the U. S. Sunday school, secretary and treasurer of the institute, also a prominent reader, but can borrow money in all the banks of the city, and was so lonely Christmas day that he climbed the dome of the water tower, and sat there. He has a speedy mother and sister, and a home, including a banquet spread after the concert, known no limit. Grace Barme, 1914, is quite a popular professor in Shenandoah Institute.

Out of Virginia, into West Virginia up the hills, most wonderful and strengthening, and into Clay county, John Hall of 1914 has had his second year, and J. John, and off we whisk to his splendid apartment, Harry Johnson, nephew, driving Dr. Maynard's car. Mr. Lock ranks himself most admirably with the progressive practical analyst, and his wife (Miss Tuttle) is a most charming type. Out of Philadelphia, at midnight, and the next afternoon into Shenandoah Institute, Broadway, Virginia. Horace Hott, 1914, reigns supreme. Not only has he less than a million invested in a leather concern, superintendence of the U. S. Sunday school, secretary and treasurer of the institute, also a prominent reader, but can borrow money in all the banks of the city, and was so lonely Christmas day that he climbed the dome of the water tower, and sat there. He has a speedy mother and sister, and a home, including a banquet spread after the concert, known no limit. Grace Barme, 1914, is quite a popular professor in Shenandoah Institute.

A hurried stop over in Westerville just long enough to see a group of good new faces, and let my eyes rest on Philomathia's artistic new chairs.

Another part of my little journey finds me in Fostoria. This is the historic spot of the Barringer, Plott, Mathers controversy. Although I was not privileged to greet any of these, good reports were obtained concerning the consistent efforts of Mr. Harold Plott, teaching in Fostoria High. The Mathers' home hospitality seemed ideal.

My last attack featured Mogadore. Honorable James B. Smith, 1914, is monarch of all he surveys. Who could resist his sunshine? She caught him off guard, and he may even have to resort to more aggressive methods the threatening tetranychus bee sings much stronger.

At home in Akron I bumped into Rev. Guy Hartman and wife, who are not sharing conditions at the Third U. B. church there most successfully.

Returned to Trine and Gretchen, who now has two teeth, I finished a most enjoyable final week, and many interesting Otterbein friendships.

Club will give concert

(Continued from page one.)

by their clever work and this attraction is a great one.

Professor C. A. Priz, who pleased all by his rendition of Hamlet, will read. His ability is known to all and will be another pleasing part of the evening. W. A. Martin, baritone soloist will sing “Song of Hebrass the Cretan.”

Tickets are on sale by the members of the club and reserved seats may be had at Williams. The concert begins promptly at eight o'clock.

Ohio State Professor Talks to Science Club on Health Fads.

Monday evening the Science Club had the privilege of listening to a very interesting paper by Prof. R. J. Seymour, of the department of Physiology of Ohio State University on the subject “Health Fads.” In beginning his address Prof. Seymour apologized for appearing before a science club with a paper on health fads because as he put it, if there is anything that a health fad is not it is science.

Many people think they can not get along without their daily morning plunge. As a matter of fact cold baths are the direct result of a very large percentage of the Brightly’s disease that is developed. A cold bath is taken to wake one up and to put new energy into them. This means as a rule a proper amount of good sleep was not obtained. However if a cold bath is necessary it should not be plunge. A warm bath gradually changing to cold is much better than the plunge. A warm bath aids in the preparation of the body to get up and start the work of the day.

That certain foods are good for certain kinds of bodily diseases while other foods are harmful has been a current opinion for some time. This has no particular justification. Then the matter of breakfast foods was taken up. Wheat is worth about a dollar a bushel in the average season. But flour will pay fifteen dollars a bushel for it in the form of shredded wheat biscuits. Certainly it has no more good value than in its raw state. But we are willing and anxious to pay the price because it is popular.

We have a season when the demands of style made footwear such an important item in dress. You will find that the new Walk-Over Shoes and Oxfords challenge your criticism.

Aetna Life

Prof. L. E. Gilbert has been visiting his brother Russell and Mr. and Mrs. P. J. Reeder the past week. Professor Gilbert was a member of the Conservatory faculty a few years ago.

The townpeople are complaining that there are too many large dogs running about town. Zoology students, here's your chance; make the best possible use of it.
COCHRAN NOTES

Quite a few young ladies at the Hall have proved themselves excellent hostesses this week.

Alice Hall entertained Miss Lilian DeBray and "Froggies" sister over the week-end. Thursday night there was a big push and Friday night a slight party in which eight girls did their best to sleep but had to get up at 5:30 to do their duty at the "Breakfast."

Annette Brane was the delightful and tiny hostess at a large "book" party Saturday evening in honor of her friend, Miss Isabelle Tole of Dayton. All enjoyed themselves immensely.

The girls thought of old times again to see Agnes Drury and she too when she saw the nominees for the next visit us. Marie Hendrick had an onion and the whole association got the benefit. "Love" is coming fine."

My but Love is coming fine."

But her joy reached the climax noon as soon as Avery left. Quite a few young ladies at the window. They play tennis (mostly love game) from time.

The May Morning Breakfast was a great success. "It pays to advertise."

To Chautauqua Crew Boys.
One boys who worked on a chautauqua crew will appreciate this little piece of poetry written by a real "wit" on the Redpath circuit last year.

This here weather is a gettin' in my bones, an' I can see, That when the summer's here for sure.

There won't no office job hold me.
I can see them baggage cars already.
I piled up high with seats an' fence, A'p there ain't no power can hold me.
When they start them Chautauqua tents.
I can see the wagons loaded.
With the "top" an' center poles, With the stakes an' trunks an' beddin' Sorta fillin' up the holes.
An' there's the fellers up there, With their best duds on their knees,
While along behind bums Jenney, Independent as you please.

"Slippery" Fuller.

Hear the Glee Club Tomorrow Night.

Former College Pastor Will Leave Ministry to be Lecturer.

Richard L. Swain, Ph.D., a former college pastor, who for several years has been pastor of the Congregational Church of Bridgeport, Connecticut, has resigned his pastorate to enter the lecture field. Dr. Swain was the leader in the movement which resulted in the union of the two old town Congregational churches of Bridgeport into a big plant with all new buildings including a parsonage house. The value of these new buildings approximate half a million dollars. The two old ministers stepped out of this work in order to give them as a United Church a chance to call a minister or ministers to man the different departments of this bigger church. He writes that he is happy over the proposition.

Dr. Swain is not looking for a new church but feels impelled to enter a new and untried lecture field. For ten years he honestly doubted the existence of a God. He knows the heart-aches of every doubt. He realizes that there are honest doubters. His deepest passion is to help such, hence he has prepared a course of six lectures, dealing with this question, from an entirely new angle. He is offering to the wider public the method which he has used successfully in a Vesper Institute for ten years.

He is a graduate of Western College, now Leander Clark, and served as the college pastor of Otterbein which was his first pastorate from two to 1906. He just closed two fine weeks of six lectures in Dr. Halls' church, Brooklyn and the same in Union Church, Providence and is returning to Providence for another week.

'15. Jas. R. Parish, who has been teaching in the High school at Auburn, Indiana during the past year, was recently elected as professor of Biology in the Elkhart (Indiana) High school for next year.

'14. Ivan Sechrist has been elected principal of the Wauseon High school for next year. He has been teaching science and directing athletics at that place for the past two years. This promotion came unsolicited by Mr. Sechrist and carries with it a nice increase in salary.

'12. Chaas. F. Sanders, teacher and athletic director of South High, Columbus, was among the visitors at the game Saturday afternoon.

'15. Dorothy Gilbert was a week-end visitor in Westerville.

'05. Rev. E. J. Pace, who was active in a number of layman's conventions, is now doing some follow-up work in interdenominational meetings in Pennsylvania. He will also attend branch conventions of the Woman's Missionary Association in Pennsylvania and Virginia.

'98, '79, '10. Mrs. Mira Garst Stewart, a daughter, and Mr. W. J. Flickinger, a brother, were in attendance at Mr. Henry Garst's funeral. Miss Minnie Garst, a daughter was unable to attend. She has been in Albuquerque, New Mexico during the past several weeks for her health. The attending physician refused to permit her to make the trip home for the funeral.

'84, '79, '10. Mrs. Mira Garst Stewart, a daughter, and Mr. W. J. Flickinger, a brother, were in attendance at Mrs. Henry Garst's funeral. Miss Minnie Garst, a daughter was unable to attend. She has been in Albuquerque, New Mexico during the past several weeks for her health. The attending physician refused to permit her to make the trip home for the funeral.

'92. Dr. O. H. Cornwell was in Toledo last Thursday and Friday inspecting the Masonic Council of that city.

'13. Rev. Glenn D. Spafford and family were visitors in Westerville during the past week. He has accepted the pastorate of the United Brethren Church at Lancaster.

'07, '01. Mr. and Mrs. W. C. Worman (Emma Guinther) and son Eugene returned to the Guinther home after a few days' visit in Dayton. They will leave for Cleveland this week where Mr. Worman will attend the International Y. M. C. A. convention which opens Thursday.

'96, '79, '10. Mrs. Mira Garst Stewart, a daughter, and Mr. W. J. Flickinger, a brother, were in attendance at Mrs. Henry Garst's funeral. Miss Minnie Garst, a daughter was unable to attend. She has been in Albuquerque, New Mexico during the past several weeks for her health. The attending physician refused to permit her to make the trip home for the funeral.

'98. Dr. and Mrs. H. M. Newton (Anna Baker) of Coldwater, Michigan are the parents of a son, Edward Baker, born May 1.

Everybody back for Commencement.

The Optimist—Does this Mean You? Full-gifted with power to see and understand. Product of ambition, noblest of the land. Believing in the future—in the present, too—This is the optimist—does this mean you?

Pure-hearted, with strength to fight and win, Guided by a purpose—not what might have been, Aiming at the greatest, nothing less will do—This is the optimist—does this mean you?

Unmindful of the failures, looking straight ahead, Outliving disappointment profiting instead, Rising above discouragement, beginning life anew, This is the optimist—does this mean you?

—Milton Ruggles' Otterbein enthusiasts will be mighty glad to see Captain Garver back on the baseball team just as soon as he can get off of his crutches. The ankle which was sprained severely three weeks ago is healing very slowly.

Ohio State University College of Homoeopathic Medicine

1. One of the eleven colleges of a great State university.
2. College and University Hospital on campus. All hospital patients are for the clinic.
3. All faculty members, including clinical teachers, full time, salaried men.
4. Two years of college work required for entrance.
5. The demand for well trained Homeopathic Physicians is far greater than the Colleges can supply.
6. No profession offers better opportunities to the college bred man.

Address,
CLAUDE A. BURRETT, Ph. B., M. D., Dean, Columbus, Ohio.
