OTTERBEIN COLLEGE

# MOM to 696 KIDS

Otterbein College's students, faculty, and alumni are often referred to as "The Otterbein Family." The term is appropriate because of the friendly, hospitable attitude that most Otterbeinites have toward both fellow students and strangers.

In dedicating the 1957 Sibyl, we feel that we have selected one of the most warm-hearted, understanding, amicable and deserving persons ever to become a member of the Otterbein family.

Although she never attended Otterbein, her position has acquainted her with nearly every student, faculty member, and many alumni.

Our subject symbolizes the philosophy of the Otterbein family . . . through her personality and hospitality she has worked her way into the hearts of many hundreds of Otterbein students. She has the warmth, understanding, and patience of a devoted parent.

## Dedication

We therefore dedicate the 1957 Sibyl to Mrs. Lucy Shaw, Student Union proprietress and adopted "mother" of the big Otterbein family.

*Lucy helps Lynn Gilt and John Merriman decide what songs to play.*

*Lucy chats with Ken Ramage and Art Green about campus events.*

A smile . . . a bit of windblown hair . . . a vignette of frosted  
lawns or of trees in the spring. . . These colored bits float past the  
eye of memory in soft profusion and pass once more from view.

Though these may pass, many more remain . . . a revolution within ourselves concealed from view by time. Look now to the fading image of the stranger who once was you. The vanished person lives yet subsumed in Otterbein.

The gift comes silently upon us, in the soft minutes that pass, in the sharing that fills our days. We see with new wisdom, walk with the strength of a hundred friendships, and mingled with this the awareness of the gift. We are the bearers of this gift, for the gift is Otterbein which is not a place, but the handiwork of generations, not a memory, but a potential within us all.

Otterbein College  
Is not found in buildings,  
But in the minds of its students.

The College is people—  
Administration to direct,  
Faculty to instruct,  
Students to learn.

The outer pattern constantly changes  
But the inner core  
Remains Otterbein.

# English Department

The richness of both past and present genius is discovered through the study of English Language and Literature. The department, headed by Dr. Robert Price, fosters self-expression by sponsoring Quiz and Quill, the honorary creative writing society. Various contests such as the Barnes Short Story Contest and Roy Burkhart Poetry Contest receive the backing of the department.

Top: Dr. Robert Price, chairman of the English department, finds a moment of relaxation among the many rare literary treasures of the Otterbein Room. Bottom: Warm fireplace, stimulating book—Mrs. C. Fuller, instructor in English, finds this an ideal setting in which to spend an evening.

Mrs. M. Nelson, the Freshmen's guiding hand.

Give him a big comfy chair, a current best seller; then Prof. Coulter is settled for the evening.

Prof. J. K. Ray is an avid sports fan, as evidenced by his ringing of the "victory bell."

Marion Chase, M.A.

"The thee—aa-tre requires sacrifice . . ." "Anything for the thee—aa-tre" are well known quotations made by Prof. Chase or "Old Deanie" during his class between play practices, finding a chapel speaker, or visiting high schools (to find new Otterbein converts). Prof. Chase tells his students how the theatre started and where it will end.

## Speech Department

James Grissinger, M.A.

"Get your cotton pickin' hands off that television camera, Griselda Jean," roared the voice of the Great White Father, or Mr. G., as he is affectionately called by his students.

If you were to drop in on Prof. Grissinger at the right time, any afternoon, you might hear the beat of congo drums or the rattle of a jawbone. These are just a couple of Prof. Grissinger's hobbies.

In his spare time he is working on his doctor's dissertation, which will complete his Ph.D. work at Ohio State University.

Speaking, a part of our lives that we take for granted, in the speech department is considered a serious expression of ourselves. Every facet of any speaking situation is pursued to its fullest extent thereby giving each student a chance to improve himself.

One facet . . . radio and television speaking . . . a radio station . . . a mock television camera at the students' disposal, to add that touch of reality or that practical experience needed for that real-life situation.

Another facet . . . play production . . . each student directs a segment of a play to make him aware of all the situations encountered by a play director.

"Me think 'em!"

"Me place 'em!"

"Me watch 'em."

These are just some of the comments one can hear any time in the science and math department.

The main thing all science students seem to remember about the department is the professor's guiding hand, his friendly suggestion, his deep concern for each person. These are the lasting memories of science students.

# Foreign Languages

The vastness of the world is considerably reduced through the study of foreign languages. The department, headed by Dr. Gilbert Mills, strives to impress upon each student the fact that English is not the only language spoken today. The professors use films, records, and oral discussion groups during lunch to provide the best possible training for their students.

*Drs. La Velle and A. P. Rosselot are seen busily cutting more tape for a new innovation in college language instruction—a "motion picture textbook."*

*The majority of the text was filmed in France and is based on a series of 2-4 minute conversational scenes.*

*Miss L. Wilson, assistant professor of foreign languages, discovers that memories of countries visited this past summer are preserved for her in timeless souvenirs.*

*Pruning trees gives Dr. Gilbert Mills, head of the foreign language department, a chance to derive enjoyment from nature.*

# History and Government

*Harold Hancock, Ph.D.*

Write too much rather than too little . . . Miss Otter-student, if you'd spend more time studying your lessons and less time . . ."—sounds familiar, doesn't it?

Dr. Hancock, head of the history and government department, recently completed his Ph.D. work (in *Delaware* history) at Ohio State University.

*Ursula Holtermann, Ph.D.*

History of ancient civilizations . . . current problems in world affairs . . . Dr. Ursula Holtermann correlates these in interesting, informative courses. . . .

Dr. Holtermann, of the history and government department, fills her spare time by reading and by caring for household pets.

*David Burks, Ph.D.*

From Chicago to Washington, D. C. . . . Dr. David Burks, young and enthusiastic, encouraged us and taught us history and government . . . advised us in political youth organizations . . . relaxed in his workshop. . . .

A Ph.D. graduate of the University of Chicago, he worked with the State Department before coming to Otterbein in 1952. Dr. Burks, on a leave of absence, has now returned to Washington in order to do research for the State Department, specializing in Latin American affairs.

*Prof. Shackson demonstrates proper conducting technique.*

*E. Johnson, M.A.*

*R. Hohm, M.Mus.*

## Music

The music department, headed by Professor Lee Shackson, easily fulfills the following aims: 1. To provide professional training for those who are qualified to make music their life work. 2. To contribute richly to the cultural pattern of the liberal arts college community, through the study and performance of great music. 3. To provide opportunities for the singer or instrumentalist in any department of the college to participate in musical organizations of high calibre. 4. To contribute to the education of the future elementary teacher. 5. To develop needed musical skill and understanding in those who are entering the field of Christian service.

*P. Frank, Ph.D.*

*F. Myers, M.Mus.*

*F. Brobst, B.Mus.*

*R. Westrich, M.Mus.*

*L. Frank, M.Mus.*

# Visual Arts

Every educated person should be able to appreciate art. The visual arts department, headed by Lillian Frank, strives to develop this appreciation in every student. Besides this, the department offers advanced courses, such as costume design, interior decoration, and advanced sculpture.

*Earl Hassenpflug, B.A.*

Color, line, and form . . . motion on canvas . . . art instructor Earl Hassenpflug, a graduate of Otterbein and a student of the Columbus Art School . . . teaches art methods, painting, and art history. . . .

Earl and his wife, Joy, are an Otterbein team, learning and helping others to learn and understand the modern world in terms of visual expression.

*Lillian Frank, M.A.*

"In a church?" . . . "Sure! Wait till you see it!" . . . that's right. This year the Franks have remodeled a church and are now the proud possessors of a modern home on South Vine Street, designed entirely by Mrs. Frank.

As a graduate of Oberlin in Fine Arts, Mrs. Frank received her master's degree from Ohio State and now heads the Otterbein visual arts department.

Home economics students, under the direction of Mrs. De Voss, cook tasty dishes, hoping that they will be able to apply this art in the near future!

## Home Economics

The home economics department strives to prepare its students for the fields of teaching and homemaking through courses in child development, cooking, sewing, canning, and home furnishings. During the past year the department moved into the newly remodeled Clements Cottage.

The new quarters contain a living room, dining room, "cozy" room, three kitchenettes, one kitchen, and a clothing department. Every girl will attest to the fact that these facilities are a wonderful improvement for the department.

*Mrs. Joyce, head of the home economics department, looks through magazines to find the latest household hints.*

*Dr. Scott explains a basic theory to his economics class.*

## Business

The world today is one in which business and its related fields play a vital part. The business department, headed by Dr. Rolston Scott, provides instruction in three basic areas of study.

Typewriting, shorthand, accounting, and office practice are included in business education. Courses in business law, marketing, accounting, and management are classified under business administration. Economics, both national and international, is the third major field.

*F. Smith, M.A.*

*H. Adams, M.B.A.*

*G. Hogue, M.B.A.*

*R. Scott, Ph.D.*

# Religion and Philosophy

*Paul Ackert, M.Ed.*

God . . . man . . . what is their relationship? . . . that is the question that faces Professor Paul Ackert each day . . . he answers it in ways that are both satisfactory and enlightening to students.

Prof Ackert loves to play the piano and listen to records—sentimental music and jive are his favorites.

*Philip Deever, S.T.M.*

Prof. Deever patiently waits for someone in the class to answer his question. Even though he has a full schedule of classes, Prof. Deever finds time to work on his doctoral thesis. Also, he's an avowed "do-it-yourself" man concerning household repairs.

# Psychology and Sociology

The world no longer exists in the simple form it did 2000 years ago. Rather, it is highly modernized and complex. In order to live in such a civilization, one must understand both the behavior and interrelationship of his fellow human beings. Socialization, not isolation, is today's hope for survival.

Professor John Wells heads the psychology and sociology department, in which every effort is made to acquaint students with the development and behavior of various cultures and institutions.

*Prof. Wells discusses the world situation with Harvey, his dearest and most understanding friend*

*He's losing the game, but at least Prof. Wert is able to relax and forget his rigorous duties as sociology instructor and personal counselor.*

*When not busy as director of the education department, Prof. McMillan loves to work on his farm.*

## Education

In order to teach in the public schools, prospective teachers must have the proper knowledge and understanding. The education department, headed by Professor Harold McMillan, offers courses in the history of education, child behavior, school administration, techniques of teaching, special methods in the chosen teaching field, and practice in actual classroom instruction. All of these courses are designed to produce efficient and well-informed teachers.

*Dr. Harshman finds that his time is consumed by teaching and advising educators on matters pertaining to their field.*

*E. Anderson, M.A.*

*J. Bott, M.A.*

*N. Pagean, Ph.D.*

*B. Verbeck, M.A.*

*"Spring is here—it's time to clean the equipment!" groan Miss Estes and Miss Day, instructors in physical education.*

## Physical Education

Besides training freshmen and sophomores in the techniques of several sports and training physical education teachers and coaches for high schools, the physical education department, under the leadership of Dr. Martin, plays an important part in campus activities. These people who train our intercollegiate teams take time to manage the many intramural competitions.

*Prof. Harry Ewing is kept busy fulfilling his duties as professor of physical education, track coach, and Athletic Director.*

*Sports as well as seasons change. Robert Agler and Kenneth Zarbaugh, instructors in physical education, examine the prospective baseball line-up for spring.*

*Some Air Force ROTC Cadets prepare for a flight to Texas.*

## AFROTC

"Tomorrow's Air Force leaders are today's students in the Air Force Reserve Officers Training Corps, which is now recognized as a principal source of United States Air Force Officers."\* The professors of air science at Otterbein recognize this fact, and devote their efforts to teaching and training men to be good leaders. The work of our AFROTC is symbolized by the drill team which, in national competition, ranked first in the state of Ohio and outranked many other outstanding state universities.

JIM STANLEY

JIM . . .

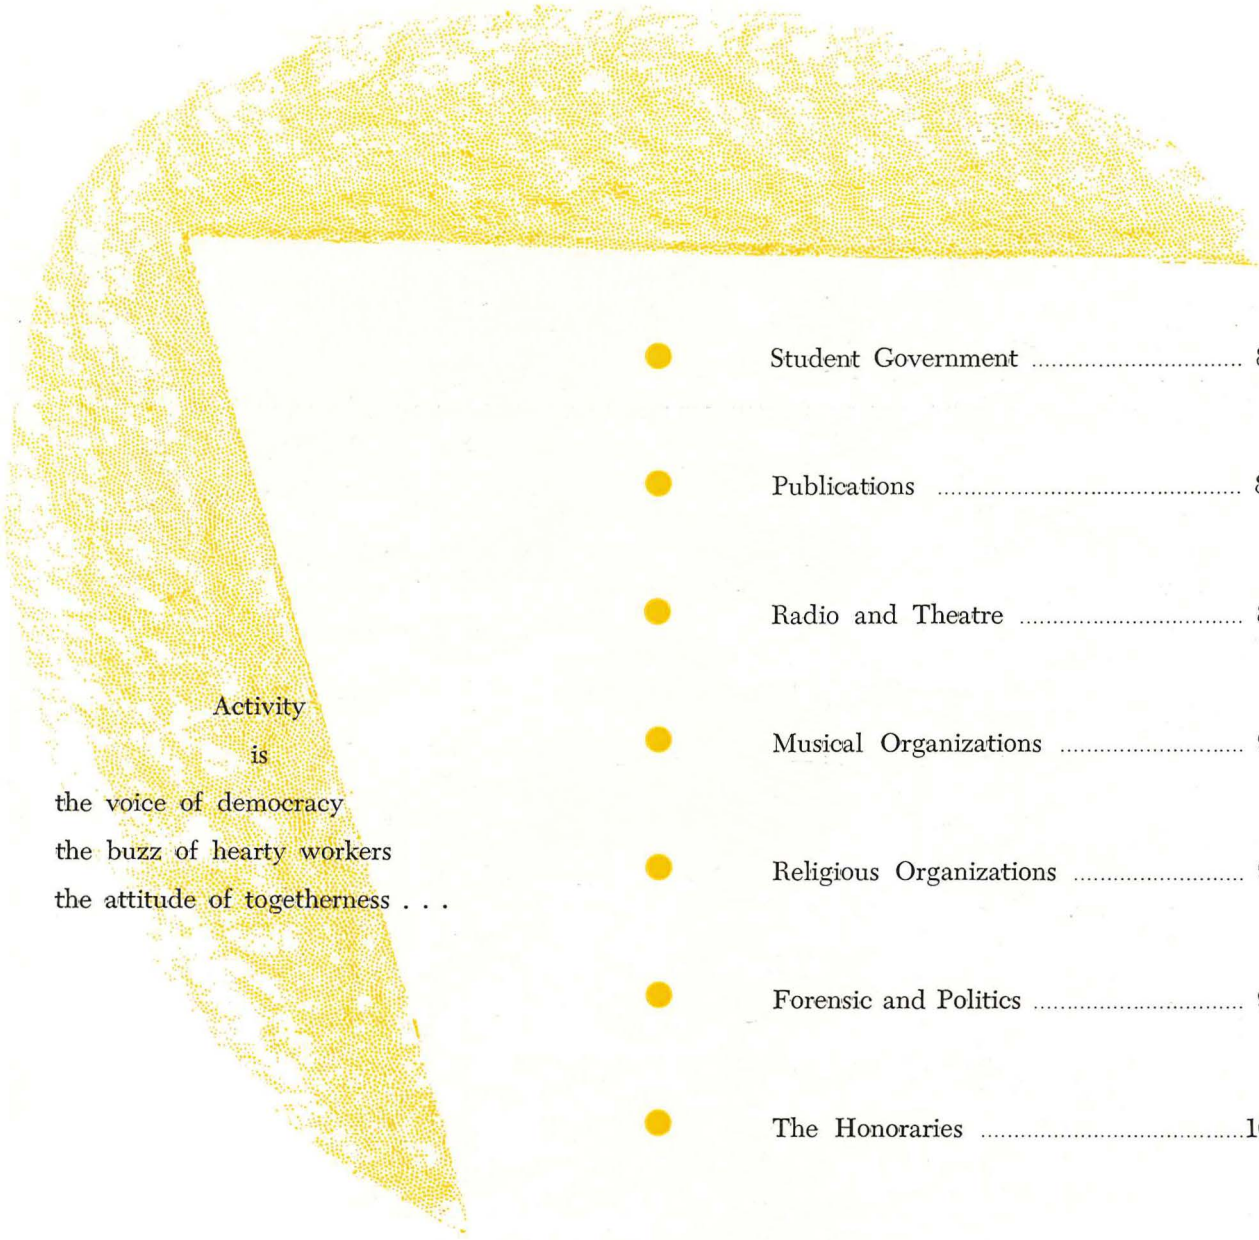

he was one of those “once-in-a-lifetime” friends, a helping hand, a smile in the middle of your rainy day.

he was not a great athlete, nor a musical whiz; not always a class leader. He walked softly—and his presence was felt.

he smiled at the sad tune awaiting him at death’s door—and stood there silently, as we watched from a helpless distance. An unspeakable stillness settled over all.

few ever saw him sad, but we all saw him laughing. His impression upon us cannot be captured in words.

yet one thought remains throughout . . . a short time of living is more than a lingering life.

Activity  
is  
the voice of democracy  
the buzz of hearty workers  
the attitude of togetherness . . .

## Student Council

Got a complaint about anything connected with the campus? Take it to the Student Council! Dislike the way things are going? Tell it to the S. C.! Lose your new Otterbein Identification Card? Report it to the—you know!

Or if you want to buy or sell a book, give money to the United Appeals Campaign, have an idea for Freshmen Orientation Week, bonfire night, Homecoming or May Day dances, or want to vote for any class or queen election—go to the Student Council.

That's what they are for—to create and maintain a desire for the students' share of campus responsibilities and government. Speak up! They represent you!

Bill Freeman, President of the Student Council—"Mr. Go-Between."

# Women's Student Government Board

"Women's Student Government Board"—boy, that sounds official! I wonder what they'll do to me?"

This really doesn't happen very often but the W.S.G.B. is the legislative, judicial, and advisory organization which represents the entire women's student body. It's membership is composed of officers elected by all women and the presidents and vice-presidents of each women's dormitory.

In the future, opportunities will be provided for women students to submit problems for discussion and debate in open meetings.

So next year, girls, don't be worried if you receive an "invitation" to attend a W.S.G.B. meeting!

# The Tan and Cardinal

Chief Alan Norris surveys the final product.

. . . Tuesday night and all the copy isn't in yet! The picture of the five freshmen "beauties" running for Miss T. & C. came out good, though

. . . the fraternities sure know how to pick 'em! . . . Wonder who will win this year?

. . . Speaking of running for something, we have to get started on publicity for the second "Ann-Ton's Invitational Run" . . . also for Jump Week! . . .

The staff always comes through and the paper comes out every Friday. Thanks to all their efforts, the campus voices its opinions and is kept informed of all current events via the Tan and Cardinal.

Eloise Vanlentine, Bill Skaates Ann Reder, Larry Neeley, Eve Miller, and Janice Ellenberger make that last minute check of copy.

A phone call, a meeting—the rush; a picture to take, a write-up needed—the rush; the deadline date—the RUSH!

The year's watch-words for all "Sibylers" have been work and hurry!

Way down South in the dark basement of Towers Hall is a cubby hole, known to the campus as the Sibyl Office!

In this room have been crammed the layouts, copy, pictures, typewriters, advertisements, glue, scrap paper, cameras, yearbook guides of all kinds, and people. (People doing all kinds of jobs—talking, hurrying, producing your annual.) Around and about all this have been Jerry, "selling" the book, and Bev and Keith, guiding, directing, getting the job done.

Unless you were a part of this book, you don't know what you have missed!—the work, the rush, yes, but most of all the fun and gratification of working together with college friends to bring forth the Otterbein Sibyl.

*Carolyn Shafer, Barbara Cox, Doris Wise, Pat Silver, Betty Gibson, Blanche Gehres, and Marshall Cassidy agree the layout looks good so far.*

"Good evening, everyone, time once again for your Otterbein Hit Parade. We'll play the top songs you've picked, along with the requests for that someone special. This week number ten, on the Otterbein Hit Parade is ...!"

WOBC, Otterbein's radio station, operates not only for the pleasure of the campus, but also to give interested students practical experience in radio.

This year plans are under way to change WOBC to an FM educational radio station. With this addition, WOBC will become an outstanding radio station, spreading the name of our fair college even farther.

"I'm on my way to Cowan Hall, of course." The members of Cap and Dagger spend a great deal of time on, in front of, behind, and all around the stage of this building. Those interested in theatre must do so in order to become members of this organization.

The major productions given this year were the annual Homecoming Play, *Brigadoon*; the traditional "student production," *Born Yesterday*; and the May Day play, *Angel Street*. The Freshman One-Acts were given as a Christmas present to the campus.

Mixing fun with work comes natural to this group, so they also have theatre parties to study the theatre and to create fellowship within the organization.

## Theta Alpha Phi

"All the world's a stage and" . . . the spotlights of Cowan Hall have a strong attraction for the members of Theta Alpha Phi, the National Honorary Dramatics Fraternity. This organization increases interest, stimulates creativeness, and fosters artistic achievement in all of the allied arts and crafts of the theatre. The members have been active on the stage in major and minor roles, as directors, business or publicity managers, technical directors, and even as authors of dramas. The organization was first installed in 1927 and was reactivated in 1952 under the leadership of Marion Chase. It is presently composed of fifteen members who have achieved distinction in the dramatic arts.

Human emotion with "the fourth wall" in which the audience becomes a part of the play.

The artist of the action is the center of attraction.

“Sixty of the best voices on campus” constitute Otterbein’s A Cappella Choir. Although this choir is only ten years old, they have established themselves as one of the outstanding organizations on the campus.

In addition to their annual tour and home concert, the choir provided music for High School Day, various meetings, and presented chapel programs both here and at Ohio Wesleyan.

Professor Hohn works diligently with his “sixty solo voices” to achieve a blend of harmony, distinct enunciation, and all-around high-quality music. They “make such beautiful music together!”

## The Glee Clubs

"Over hill, over dale, we hit the dusty trail as this Greyhound goes bouncing along . . ." echoes through the windows of both the Women's and Men's Glee Club buses each spring at "tour time."

Work, work, sing, sing, practice, practice, goes on all year long in preparation for that leg-aching, throat-straining, completely fatiguing and altogether thoroughly inspiring tour.

"We love you Daddy . . . You sound like Bing!" was sung to Professor "Daddy" Shackson by the women all the way through Ohio, Pennsylvania, and New York on the seven-day trip that took place this spring.

"Come On Down to Otterbein" was sung by the Men's Glee Club on their tour of high schools throughout all of northern Ohio.

Seated at piano: Bruce Lake. Row 1: Bill Duteil, Jim Fenner, Marshall Cassady, Tom Miller, Carl South, Bob Reichert, Neil Leighton, Charles Lembright, Chuck Dillman, John Mizer, Lew Gray, Larry Willey, Ken Jenkins, Lewis Frees, Professor Shackson. Row 4: Wayne Shaw, Wayne Wright, Bill West, George Stump, Bruce Keck, Charles Huhn, Bob King, Mervyn Matteson, John Lewis, Dave Schneider, Dick Strouse.

"Say, didn't the band make some terrific formations at the football game yesterday?"

"You're going to the Band Concert Thursday night, aren't you?"

"The band sure added pep to the basketball game last week. I love those kinds of tunes!"

These kinds of comments were heard this year about the three units of the Otterbein College Band—marching, concert, and pep.

This was the organization's Silver Anniversary and they "really outdid themselves" in fine performances.

## *Note to the Brass Choir:*

Although you're "still a baby," as far as years go, you have become one of our top musical organizations.

You play a valuable part in music education by providing an opportunity for recital experience and music training; and you also promoted good relations on your Ohio and Pennsylvania tours.

Of course, you know these things—for they are the reasons you exist—but we just wanted to let you know that we're aware of them, too!

## YOUTH FELLOWSHIP

College students are afforded wholesome religious activity every Sunday Evening through the Youth Fellowship. This group is directly affiliated with the College Church. Formal worship, recreation, and discussion groups constitute the program.

## C. C. A.

The Council of Christian Associations is the judicial, legislative, and unifying body for all campus Christian Organizations.

## DELTA TAU CHI

Delta Tau Chi, meaning "Servants of Christ," is an important organization on campus. This year the group had several guest speakers and sent out deputation teams to surrounding churches.

## S. C. F. AND MID-WEEK PRAYER

These groups meet on Sunday morning and one evening each week to provide interested students with religious worship services.

# Y.W.C.A.

*Nancy Veith plays the piano while Carol Hunsicker, Francine Thompson, Phyllis Bush, Diane Daily, Rosalie Yarmon, Linda Longberry, Juanita Walraven, Mary Sue Webner, Mary Kay Atwood sing their favorite song.*

Dear Little Sis,

It has been such fun corresponding with you this summer and now it won't be long until we'll be arriving on Otterbein's campus. I'm certainly looking forward to our first meeting and the chance to help you become a member of Otterbein's traditional family.

Oh, yes! before I forget, I want to tell you a little about our Y.W.C.A. organization. Upon the opening of college, freshman talent is introduced through a Y-sponsored Talent Show and late in the fall there will be a Big and Little Sis Program which is culminated by a banquet. To encourage creative life through the knowledge of God, the Y.W.C.A. sponsors chapel services at the special seasons of the year. A new project, Mother's Weekend, will be introduced to acquaint the mothers of all women students with campus life. The Y. is really a wonderful organization, don't you think?

Let's make it a date for that talent show and then go to the Union for a coke and a game of ping-pong. See you soon.

Always,  
Your Big Sis

## Y.M.C.A.

Fulfilling their desire to bring to the attention of the campus problems of a religious, social, and cultural nature, the Young Men's Christian Association members secured a speaker on "Contemporary Judaism" for a chapel service, and planned an International Fellowship Night where Otterbein's foreign students related their problems concerning adjustment to their new manner of life on campus.

The social aspects of campus living were not forgotten, as they held an open discussion and student-faculty forum on "Dating, Mating, and Rating."

The "Y", in cooperation with other campus organizations, aided the Hungarian Student Relief Campaign, sponsored a coed swimming party, and actively participated in the men's intramural sports program.

## S.A.M.

A new organization on campus this year is the University Chapter of society for Advancement of Management. It is for those students interested in business administration and management. The chapter is being organized through the efforts of Dave Dietzel and Jerry Greene.

At the meeting, business people, such as personnel directors and salesmen, are brought in to give a first-hand account of the activities of the business world. S. A. M. meetings are open to all interested students above the freshmen level.

## The Debate Team

"Resolved, that Otterbein professors should not give term papers."

The debate team may win but it's doubtful if the professors will conform! Nevertheless, the debate team offers students a chance to express themselves in competition either for credit or experience.

In conjunction with Pi Kappa Delta, the debate team was host for the Otterbein Invitational tournament. This year our debaters finished in a tie for first place.

## Pi Kappa Delta

"Resolved that: Pi Kappa Delta, Honorary National Forensic Fraternity, shall offer recognition and opportunity to students interested in debate."

No one took the "negative" side against this resolution, so all of the "positives" made it a successful year by sponsoring an Invitational Debate Tournament for Ohio colleges and sent delegates to the Provincial and National Tournaments.

Left to right: Professor Grissinger, Al Norris, Keith Leonard, Reynold Hoefflin, Pat Weigand, Elaine Ellis, Bill Haller.

# Political Clubs

"Let's make Otterbein and Westerville 'politics conscious'!" This seemed to be the slogan of the year for the two political clubs as they did just that by jointly holding a mock election, bringing notable political officials to campus, and by door-to-door solicitation urging residents of Westerville to vote.

The Young Democrats, directed by Dale Robinson, secured Governor Lausche as a chapel speaker. The Governor was well received and welcomed questions from the students at the conclusion of his speech.

The Young Republicans, under the leadership of Reynold Hoefflin, who is also president of the Ohio League of College Young Republicans, attended the Ohio State Republican's Convention, held a victory breakfast following the Presidential Campaign and even celebrated "Ike's" birthday by giving cake to the students as they passed through Towers Hall that day!

## Torch and Key

“ . . . to recognize and promote scholarship on the Otterbein campus.”

To join this organization one must have completed ninety semester hours of college work and have maintained an accumulative point average of at least 3.5.

The campus salutes and congratulates those superior students who have achieved this goal and are members of this honorary organization.

Torch and Key Officers: *Ted Huston, President; Astrida Salnais, Secretary; Roger Wiley, Vice President.*

# M. E. N. C.

The M. E. N. C., Music Educators National Conference, offers an excellent opportunity for those students who are in music education to learn new methods and trends through a workshop which is set up by a national committee, headed by famous music educators.

In addition to the workshop, Otterbein's chapter of M. E. N. C. sponsors a music contest in the spring for high schools.

Seated, left to right: *Carolyn Cribbs, Eileen Fagan, Shelia Mason.*  
Standing: *Prof. Westrich, Wayne Shaw, Bob Munden, Jerry Gribler, John Lloyd, Al Young, Lois Hoover, Don Mitzler, Patty Satterfield, Betty Knisely, Delyte Jones, Leslie Fagans, Nancy Gallagher, Barbara Puderbaugh, Dorothy Sardinha.*

## Delta Omicron

If you are a woman planning to teach music, you will be interested in Delta Omicron, Professional Musicians Fraternity.

This organization provides an opportunity to discuss and prepare for problems the members may encounter as teachers.

Chapters at schools throughout the country exchange ideas and methods benefiting members of all chapters.

Row 1, left to right: *Janice Gunn, Patty Satterfield, Sheila Mason, Dr. Frank.* Row 2; *Prof. Shackson, Carolyn Cribbs, Virginia Winn, Kay Fulcomer, Eileen Fagan, Miss Myers.*

## Kappa Kappa Psi

Great honor came to Otterbein's Kappa Kappa Psi this year when they were asked to install the new chapter at Ohio Wesleyan.

Only in its second year at Otterbein, Kappa Kappa Psi is a fraternity for men who have achieved proficiency in band. Otterbein's chapter is one of two hundred national chapters.

Row 1, left to right: *Kenny Domer, Prof. Westrich, John Lewis.* Row 2; *Don Metzler, Bruce Keck, Dick Strouse, Wayne Wright, Wayne Shaw.* Row 3: *Dick Myers, Bob Munden, John Weiffenbach, Charles Huhn, Mervyn Matteson.*

## Sigma Zeta

Students with test tubes . . . "zoo" books . . . chemical dictionaries . . . and high ideals constitute Otterbein's chapter, Epsilon, of Sigma Zeta, National Honorary Science Fraternity. To honor those of high scholarship . . . to encourage further study and work in science . . . to think to the future . . .

Special projects are reported by the students . . . "I worked in a chemical laboratory at Wright Field this summer . . ." and studies are made in preparation for the National Convention held each spring.

Films on biology and chemistry and the AED-Sigma Zeta banquets were this year's activities.

## Alpha Epsilon Delta

Many students in the premedical fields work to further prepare themselves for their vocations through Alpha Epsilon Delta, Pre-Medical Honorary Society.

In 1956 this group sponsored several films of medical interest, to which other students were welcomed. Co-operation with the local Red Cross in the blood drives kept members busy.

Second semester activities included films and a series of discussions led by members of A. E. D.

Left to right: *Dick Charles, Astrida Salnais, Marion Jenkinson, Lois Vore, Joan Taylor, Paul Warnes, Jerry Lingrel, Ted Huston, Prof. Botts.*

# Quiz and Quill

"Inspiration, inspiration, why hast thou forsaken me?" Quiz and Quill members occasionally have this trouble when, during the hustle and bustle of activities, they have to sit down and write something to be presented at their bi-monthly meetings! At these meetings they also criticize each other's work, give book reviews, have special speakers, and plan for their spring magazine.

The club's purpose is to recognize and encourage creative writing, which they do through contests and by publishing the best of the campus writers' materials in their spring magazine.

Row 1, left to right: Dr. Price, Craig South, Joan Ensign, Pat Mizer, Eve Miller, Row 2: Beverly Brumley, Mrs. Wildman, Mrs. Fuller, Carolyn Cribbs, Janice Ellenberger, Mrs. Price.

# Home Economics Club

"A stitch in time saves nine."

Anyone interested in "stitching," cooking, or care of the home? If so, and if you have completed at least one course in Home Economics, this club is for you!

During the year the women in the club baked pastries and made candy and sandwiches to sell. The profits from these sales were used to help in furnishing the Home Economics Department.

Row 1, left to right: Carolyn Shafer, Shirley Booher, Shirley McCullough, Phyllis Volponi. Row 2: Amy Brown, Phoebe Watts, Helen Wells, Martha Gilliland, Martha Lawton, Arlene Horter, Kay Dornan.

## Phi Sigma Iota

The interview went like this:

"What's the purpose of Phi Sigma Iota?"

"We wish to promote interest in the Romance Languages in order to better understand and appreciate the peoples of the world."

"And how do you do this?"

"Well, we encourage study abroad, especially in language, and take particular interest in our foreign students. Also, at each meeting, a literary paper is given concerning some field of Romance Languages."

## Phi Alpha Theta

This national honorary contains students who "... spend more time studying" to "do better in history!"

Seriously, Phi Alpha Theta is composed of students who have completed the prescribed number of hours and have a high point average.

The group presented a chapel program on United Nations Day and also sponsored a trip to the Campus Martius Museum. Slides taken on a European trip were shown by one of the members at a meeting.

Seated, left to right: Janice Ellenberger, Marge Curtis, Al Norris, Shirley Roe, Joyce Shannon. Standing: Joan Ensign, Bob Richardson, Dr. Burks, Ronald Rankin, Marion Jenkinson, Dr. Hancock, Dr. Rosselot, Ray Cartwright, Karl Dilley, Mr. Holterman.

# Modern Dance

The rhythm . . . a beat . . . movement . . . music . . . expression through dance.

The body becomes the means for expression . . . an expression the means of communication.

The Modern Dance Club consists of those students interested and proficient in dance, and each year the club presents a Thanksgiving and Christmas program and a Spring show.

This year the club had a large part in the theatrical production of *Brigadoon*.

The Spring show, "Moods in Life," the largest production of the year, was one of the best Modern Dance shows Otterbein has ever viewed.

## Varsity "O"

Friday . . . "TGIF" day . . . the last class before the weekend rush . . . no chapel . . . "T & C" hits campus . . . the tan and cardinal sweaters of Varsity "O" men integrate themselves into the kaleidoscope which is called "life at Otterbein" . . . their importance noted in campus activity and felt by bareheaded freshmen in the enforcement of tradition at Alum Creek . . . official authority spreading to Scrap Day's events.

Concession sales at halftime during football season . . . and Winter Homecoming . . . the crowning of the Princess . . . and the selection of her court . . . a stable pattern, yet in constant change . . . correlating life at Otterbein. . .

## W. A. A.

"Dear Co-Ed:

Having earned the necessary 100 points in competitive athletics, you are cordially invited to join the Women's Athletic Association."

The "big event" this year was the convention of the Athletic Federation of Ohio College Women. Clements Hall residents vacated for the weekend to provide housing for the eighty visitors in attendance.

A new club activity was the "Ann-Ton's Walk." The fifty women who participated had fun, but were so tired when they arrived that even eating pizza was a task!

## ***The Interfraternity Council***

Each year the Interfraternity Council presents a trophy to the fraternity winning the interfraternity sports events.

One of the first projects of the Council was to secure a new trophy as somehow the old one came up missing at the end of last term!

Seriously, the IFC is the combined voice of all the men's Greek organizations, to co-ordinate and regulate fraternity events and projects.

Seated, left to right: *Gay Ann Fravert, Carol Peterson, Marge Curtis, Pat Mizer, Nancy Leonhardt, Betty Johnson, Sheila Mason, Sarah Howard, Joyce Bigham, Ruth Kassner, Marilla Clark, Joan Ensign, Sally Gordon.* Standing: *Marjorie Lambert, Beverly Brumley, Shirley Booher, As'rida Salnais, Betty Gibson.*

## ***Pan Hellenic Council***

The Pan Hellenic formal—with flowers, pretty girls in lovely gowns—the largest dance of the year, is an annual Christmas event sponsored by the Pan Hellenic Council.

This Council is composed of representatives of all sororities to sponsor and co-ordinate the women's Greek activities. This year the Pan Hellenic Council had joint meetings with the Interfraternity Council to discuss campus problems.

“Look at all the fresh paint on the house, the furniture, the floor, the men . . .” No, no! It was just on the Eta Phi Mu house, both inside and out. All the Jonda men worked very hard and their efforts were justly rewarded by a most successful open house.

These men not only worked hard this year, but they played hard too—in basketball, taking second place in intramural competition.

Jonda is also well known for its fun-filled “Jonda Rendezvous,” the all-campus event held at the bandshell.

OFFICERS: *Tom Dipko, chaplin; Bob Henn, president; Bob Fulton, vice-president; Tom South, treasurer; Ron Rankin, secretary.*

## Lambda Gamma Epsilon

"Look out! Those pledges are on the rampage again!" Things get pretty tough when a fraternity has thirty-six pledges giving it a difficult time just before Greek Week. But the Kings actives proved that they were "rough and tough" too when they decided that the latest fad for Lambda Gamma Epsilon pledges would be undershirts of burlap! This kept the pledges scratching and gave them less time to plot.

As soon as pledging activities subsided, the Kings men undertook the task of painstakingly planting grass seed around their new fraternity house, located on Home Street. They also were kept busy with their annual "Racketeer's Rendezvous," a swimming party, and a Senior Recognition Banquet.

*Bruce Bryce addresses his fellow King's men during their fraternity meeting.*

Justice thy cornerstone, manhood thy

O'er all thy enemies forever victorious  
Hail Kings Fraternity . . ."

## Pi Beta Sigma

"The U. S. S. Annexer puffed into port . . . 72 Plum Street off the starboard!" These were Pi Sig's plans for their smoker this year, along with the Homecoming float that placed first for the third consecutive time.

To initiate that good old "school spirit," Pi Sig launched their traditional Cap-Otter balloon, which exploded in all the excitement of the pep rally! Also their candidate for Miss T & C was victorious for the second time in four years.

Since it will be fifty years this fall that the Pi Sig men have been walking on our campus, a Golden Anniversary Celebration is in the process of being planned.

The Pi Sig Men launch their traditional Beat Cap Balloon.

"Pi Beta Sigma, Pi Beta Sigma  
We pledge our hearts to you.  
To the Black and to the Gold,  
Forever we'll be true . . ."

## Pi Kappa Phi

"Come one, come all! To the Mardi Gras!"

"House cleaned? Best bib and tucker? Here come Mom and Dad!"

Pledging? Oh yes, remember the red noses? And of course the unforgettable cowboy "ya-hoooo!" in Barlow—an added attraction!

These are some of the comments heard concerning Country Club during the year.

Pi Kappa Phi began a new tradition by holding a "Parents Day," with special invitations to the parents of each member to attend, see the house, and meet their son's fraternity brothers.

This fraternity seems to have that certain knack for friendliness and leadership, as it contains many well-liked campus leaders.

Left to right: *Andy Pike, George Stump, Jim Minnick, Dick Wilson, Don Brehm, John Howe.*

“Fairer than fair and sweeter than sweet,  
 Who is the girl all the boys want to  
 meet?  
 Hair of pure gold and eyes blue as the  
 sky,  
 She’s the sweetheart of Pi Kappa Phi . . .”

## Zeta Phi

"Dig that crazy hair cut!" "Oh, he's a Zeta Phi pledge."

"One, two, sound off! Alright you guys, we've got the reputation for the best drill team, so 'shape up or ship off'!"

"O. K.! We have to find the wise-guy who painted the insignia on the front walk black!"

If you were around any Zeta Phi men this year these comments are familiar.

Zeta Phi again captured the Inter-fraternity Sports Trophy and are certainly well-known for their supremacy in sports.

The annual "Zeta Phi Stomp" was another triumphant event for these successful men.

Left to right: *Dale Robinson, unknown, Lee Snyder, Jim O'Connor, Tom Miller, Jack Coate, Virgil Christian, Bruce Flack.*

"In my heart there's a name that is

## Epsilon Kappa Tau

“So You’re Gonna’ Be An EKT” is a pledge booklet given this year by Arbutus, inviting a new idea in pledging.

For forty years, Epsilon Kappa Tau women have held as sacred the beautiful Indian legend of the Trailing Arbutus.

Though the Trailing Arbutus is their flower, we never see this group “trailing”! In fact, they’re often on top, as at Fall Homecoming this year when their candidate was queen.

You know these gals are also experts at having fun if you have ever attended their annual Bowery Brawl.

Left to right: *Judy Jenkins, Bonnie Paul, Phoebe Watts, Sally Wright, Lily Keohokapu.*

“Then let us show in word and deed  
Our love for Kappa Phi;

We give our pledge to thee . . .”

## Kappa Phi Omega

They sure grow 'em cute around here . . . Scottie dogs, that is . . . like the big one the Kappa Phi "Scotties" built for their second place Homecoming float.

Never underestimate the power of a Scottie! They held bake sales, an all-campus Pizza Party, sponsored a Japanese War Orphan, and also won the Inter-sorority Bowling Trophy this year.

The Onyx gals always work as "sisters and friends" to a successful end.

Left to right: *Carole Carles, Pat Mizer, Dorothy Duryea, Marilyn McConagha, Charlotte Heinze.*

"Let's give a hoot for green and gold  
And shout her praises high;

## Sigma Alpha Tau

"Get your tan and cardinal shakers here! Buy a shaker for the Cap-Otter game!" . . .

"Would you like to buy some pecans?"

These were two ways the "Owls gals" worked together to earn money this year.

Sigma Alpha Tau holds the honor of being the oldest sorority on campus and also the wisest, according to its mascot!

These girls know how to have fun and help others do the same, as shown at their traditional "Sock Hop." Every brave "sole" checked his shoes and danced the evening away in his socks.

Left to right: *Nancy Leonhardt, Ann Reder, Peggy Knoff, Eloise Valentine, Gloria Bayman, Eileen Fagan, Marilyn Wiles, Shirley Roe, Judy Lovejoy, Leslie Fagans, Alice Horner.*

“The circle of our friendship ever widens,  
For all the girls of old T. D.;

OFFICERS: *Fran Sadler, corresponding secretary; Gay Fravert, president; Virginia Winn, vice-president; Carolyn Shafer, secretary.*

## Tau Delta

"Oh, my achin' back!" If you heard a T. D. gal moaning this, she was probably suffering from having carried cement and bricks to the basement of Clements Hall for the new divider they built in their clubroom.

Or you may have heard them saying "Anyone want to buy an ice cream bar?" This was their big money-making project of the year.

The Japanese name Tomo Dachi, meaning "circle of friends," was given to this sorority at its founding in 1921. Later the Greek letters Tau Delta were adopted.

Left to right: *Sharon Main, Willa Chambers, Lorraine Crawford, Delyte Jones, Rosie Tucker.*

## Tau Epsilon Mu

The words "Everybody's Lonesome" adorn the crest that represents Tau Epsilon Mu Sorority. But Talisman isn't lonesome for talent or beauty! They proved this at Homecoming by winning the float contest and by having their "little-gal-Cal" Maid of Honor for the day.

They are rightfully proud of their new colonial furniture in their clubroom, and their all-campus "Basketball Bounce" dance bounced to a big success.

Yes, "Everybody's Lonesome" may be their motto, but these gals don't seem to be lonesome for much!

Left to right: *Shirley McCullough, Barbara Noble, Peggy Hall, Rae Jean Fox, Marilyn Bohla, Mrs. Newell Wert, Shirley Booher, Betty Johnson.*

## Theta Nu

Have you seen all the deer on campus? We mean the Greenwich "deer" mascot.

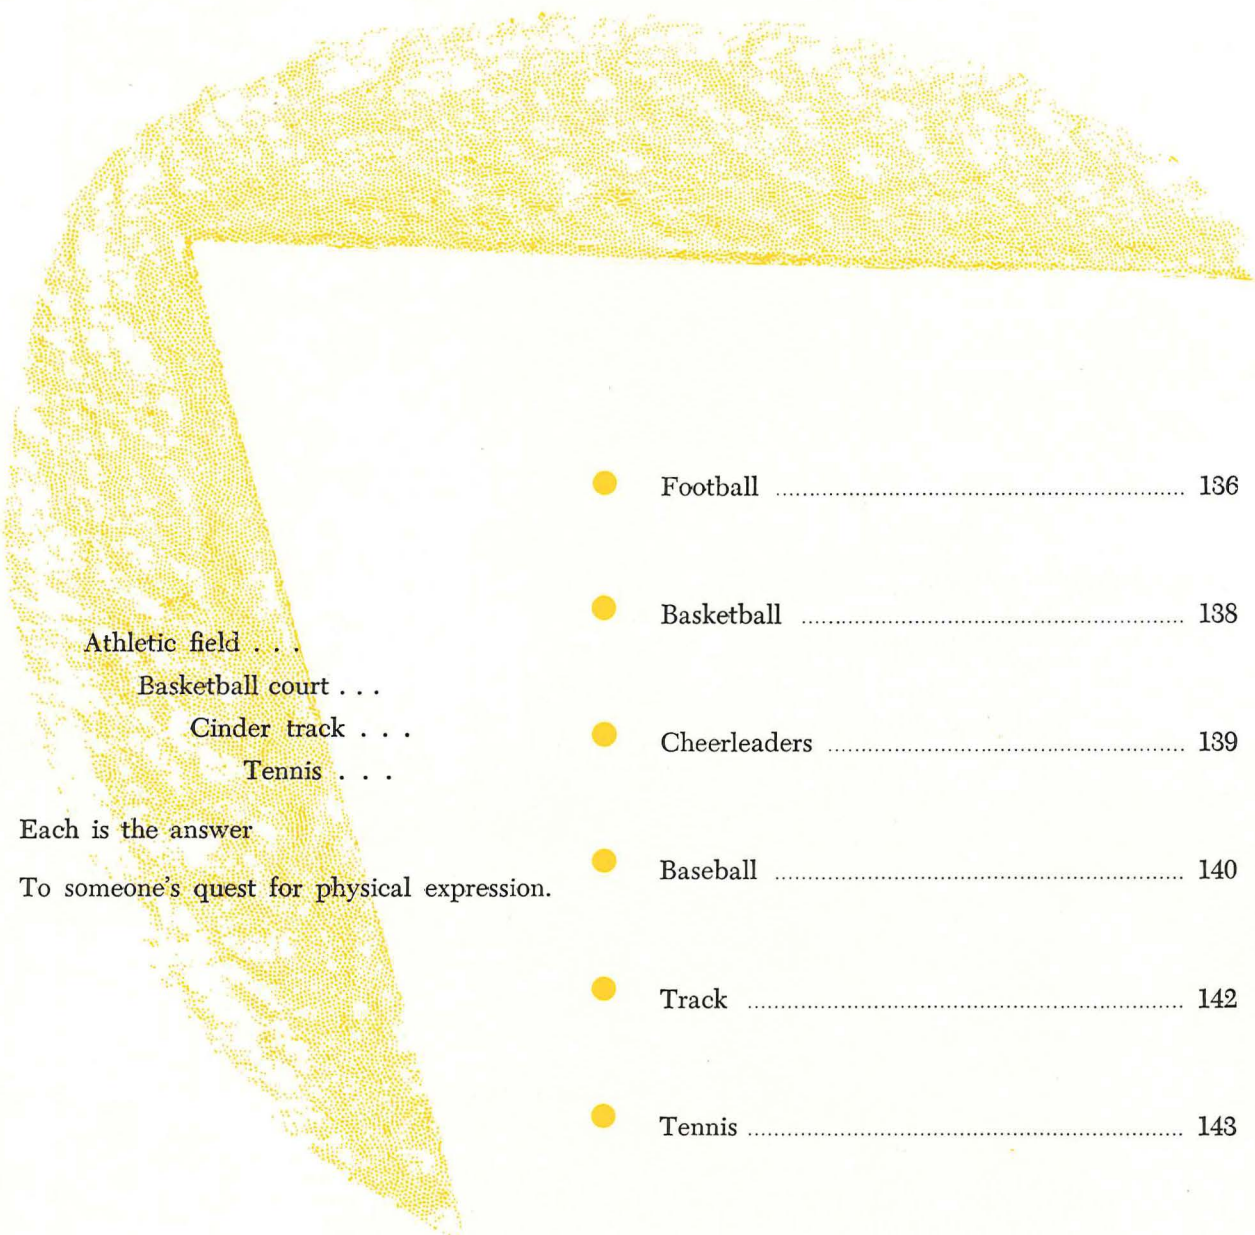

Greenwich lived up to their motto, "she will honor the arts," by winning the scholarship trophy for this year, entitling them to retain it permanently.

Mum's the word for the "deer"—at Homecoming, anyway, when they hold their traditional chrysanthemum sale.

These girls have the secret of success. For whether she's a "deer" or a "Greenwich gal"—"if she wears a pearl triangle, her first love is Theta Nu!"

Left to right, sitting on floor: *Ardene Stuckman, Joyce Biggam, Francine Thompson, Marlene Lenhardt.* Second Row: *Julia Nicholas, Nancy Gallagher, Kay Fulcomer.*

Winning over Akron University was the highlight of a successful football season.

The Cards won their first three games, trouncing Ohio Northern, and taking close contests from Oberlin and Akron.

Then the team fell prey to injuries as they lost the fourth game to Mount Union. Several players were hurt and the Otters never really recovered their full strength.

The homecoming game with Hiram was another close match, with the Cardinals coming out on the short end of a 13-6 score. The team was not at full strength, and was plagued by a rash of fumbles.

Rebounding with great spirit, the team defeated Marietta in a second half comeback. This time the Otters were not laden with fumbles and penalties.

Injuries greatly weakened the team during the rest of the season and they lost their remaining games to W&J, Capital, and Muskingum. Most of the team members were underclassmen and the prospect for next fall is quite bright.

The basketball season ended with Otterbein on the losing side of the ledger. The Otters won two, defeating Hiram and Oberlin, while losing fifteen. The victory against Oberlin required two overtimes to clinch. During the season, the Cardinals of Otterbein scored a total of 1094 points while their opponents were making 1353.

Stan Owens ranked fourth in the nation among small-college teams in total number of rebounds with an average of 21.4 per game. In the Ohio Conference he ranked first in rebounds and fourth in total number of points.

Bad weather kept the baseballers inside for a long time but now they are outside and rounding into top shape.

The Cardinals broke even in their first four starts, winning over Denison and Muskingum, while losing to Capital and Oberlin. The team will have another chance at Capital and will be seeking to even the score.

Outfield seems to be the key word in the Otter lineup. All the outfielders are experienced men, capable of hitting the ball as well as catching it. Catcher is another strong position with several seasoned men seeing duty behind the plate.

The pitching staff is made up of underclassmen and lacks depth. There is enough strength here to enable the team to win most of its games. Time and experience should make this group of pitchers a real threat in the years to come.

The infield is controlled by experienced men but, so far they have been plagued by a rash of errors. First base is the strongest position here, and several of these men are adept at hitting the long ball.

All things considered it looks like a good season is in store for the Cards. A win over Capital will add a great amount of prestige to the season's record.

Despite a poor showing against early-season opponents the 1957 track team has shown improvement over Otter squads of the past few years.

The team consists of approximately 25 men, the majority of these being underclassmen. Competition for positions is keen, but there is still a troublesome lack of depth.

There is good frontline strength in several events. The distance runs should prove to be exceptionally strong spots for the Cardinal runners. Also, there is a great deal of undeveloped potential in the sprints and the middle distance events.

Barring injuries, the hurdles should be consistent places for the Cards to pick up points. Minor injuries have thus far kept the team hurdlers from performing at full capacity.

It appears that this may be the year for the cinder-men to beat their rivals from Capital. The Cap-Otter meet comes near the end of the season and the Cardinals should be at their top strength. The only thing that has kept the Otters from beating Cap in the last few years has been a lack of depth. With more men out for the team, the Otters should be able to overcome this usual deficit.

The gift comes silently upon us . . .

Knowledge is a reddened sun,  
A path of violets,  
The swollen womb of life begun,  
The symmetry of stars.  
Knowledge is a leaf which falls,  
A drift of virgin snow,  
The piece of man which earth recalls,  
A water-mirrored moon.  
Knowledge is God's brilliant flame  
Which man has tiptoed to  
But sadly turned from, mute with shame;  
For Knowledge is the Truth.
