#### ABOLISH FINAL EXAMS FOR PRESENT SEMESTER

##### TO HAVE PERIODIC TESTS

Seniors Will Be Excused From  
Classes Week Beginning  
June 7th.

The abolition of final examinations for the present semester with periodic tests in their stead was the result of the action taken by the Faculty in its meeting last Monday evening.

An announcement issued by Professor Gilbert E. Mills, Secretary of the Faculty, early last week, stated that the system will work as follows:

1. That final examinations shall not be held at the close of the present semester.
2. That tests be held frequently prior to the final week.
3. That the final week shall not be crowded with tests.
4. That the last recitation period of the semester in each course shall be considered as a pre-vacation period.

Seniors will be excused from classes during the week commencing Monday, June 7th.

#### EXTEMP CONTEST TO BE HELD IN CHAPEL MAY 17

A meeting of the representatives of the Literary Societies was held Saturday morning, in which the date for the extemporaneous speaking contest was to be held in the College Chapel was finally set for Monday, May 17. The general theme, which will be the nucleus of the six to nine minute speeches, has not been definitely decided.

Elimination contests were Thursday night in the women's societies. Katharine Myers and Margaret Eubanks were selected to speak for Cleiorhetea, and Verda Evans and Bessie Lincoln for Philaethea. On Friday night Richard Durst and Louie Norris were voted winners of the try-outs in Philophronea while L. H. Hampshire and J. Neely Boyer were chosen in Philomatheia.

The committee in charge of the contest comprises Robert Knight and D. Harrold, with Dwight Arnold as chairman.

#### HAVE LITTLE DIFFICULTY

All Tan Men Win Single Matches  
Except McConaughy, Who  
Loses After 3 Sets.

Otterbein had little difficulty in defeating Ohio Northern in a six match contest at Ada last Saturday afternoon 5 matches to 1. Captain Pilkington was not able to make the trip with the rest of the team on account of the track meet with Heidelberg.

McConaughy and Roby defeated Northern's best doubles team after three hard sets 6-4, 4-6, 6-3. Lai and Bechtolt won their doubles match without much difficulty. Roby, Bechtolt and Lai each won their respective single matches, McConaughy being the only one to lose a match and that after three hard sets.

McConaughy, Roby, Bechtolt and Lai made the trip to Ada.

Saturday evening the annual French plays were given in the college chapel by the 3rd year French Classes under the direction of Prof. and Mrs. A. P. Rosselot. The three plays presented were, "Le Currier," "L'Anglais tel qu'on le Parle," and "La Princesse Emeraude." Before each of the plays the college orchestra, under the leadership of A. R. Spessard, gave several selections.

The cast of "Le Currier" was as follows: Ferron Troxel, Josephine Drury, and Gladys Snyder.

George Rohrer, Chester Ferguson, De Motte Beuchler, Lloyd Yochum, Louis Keck, Dorothy Patton and Ruth Trevorow appeared in "L'Anglais tel qu'on le Parle."

"La Princesse Emeraude" included in its cast Leila Griffin, Lawrence Green, Perry Laukhuff, Dorothy Unkle, Cenate Long, Ethel Harris, Louise Stoner, Alice McElwee, Byron Wilson, and Clive Hoover.

Many Unpaid.

Taking the place of the regular chapel speaker Tuesday morning, Louie Norris spoke to the student body on "Stewardship." He brought out the fact that too often our college students spend their money carelessly with no thought of where it came from or whom it benefits.

The financial situations of both the Y. M. and Y. W. C. A. organizations were explained.

The budget of the Y. M. C. A. for the year 1925-26 is as follows:

State Work	\$120.00
National Work	80.00
Lake Geneva Fund	100.00
Social	100.00

Otterbein won her seventh consecutive dual meet last Saturday when the Tan and Cardinal cinder artists swamped Heidelberg 103 to 27. It was the second meet in succession that Otterbein scored more than a hundred points. Two Otterbein records were broken during the course of the meet. Pinney broke the record Snively set last week by a scant quarter of an inch. Stoughton broke the 220-yard dash record of 23 seconds held by M. A. Dittmer, '10, and L. R. Libecap, '09, when he finished first in the time of 22.4 seconds. In addition to this record Stoughton holds the (Continued On Page Eight).

#### Personal Liberty Question Chosen For Varsity Debates

At a meeting of the coaches of debate of the Ohio Conference, at Columbus Friday, the question for next year's debate was selected. The question is: Resolved: That the present governmental tendency in the United States to restrict personal liberty is to be condemned.

This question will require a good knowledge of political science and constitutional law. The debate will tend more toward the English type of debating.

## LITERARY PRIZES ARE AWARDED TO STUDENTS

### MANY ARTICLES ENTERED

**Thelma Snyder Writes Winning Story. Lillian Shively Also Winner.**

Miss Lillian Shively won first prize with her production, "Dreams" in the annual Quiz and Quill literary contest recently conducted by the Quiz and Quill Club. She received a prize of \$10.

In the Barnes Short Story Contest, the results of which were also announced in chapel last Friday morning, Miss Thelma Snyder took the first prize of \$40 with her story entitled "Wastrels." Alice Sanders won second prize with her story, "A Passion Flower." There was no third prize awarded this year due to a lack of productions. The surplus money will be turned over to the library.

Mary Thomas won second prize in the Quiz and Quill contest with a sketch entitled "Old Man McDougal." Marcella Henry took third prize with a special feature called "I Pity Me." Elizabeth Leshner was awarded an honorable mention for some of her work which will be published in the spring edition of the Quiz and Quill magazine.

Judges in the Barnes Short Story Contest were Mr. Walter Jones, Mrs. Frank Lee, and Miss Helen Converse.

### FRANCES HARRIS TO GIVE PIANO RECITAL

A very fine recital will be given in Lambert Hall, Wednesday evening, May 12, 1926, by Miss Frances Harris, who is graduating this year in pianoforte. Miss Harris also gave an organ recital recently.

The program will include Beethoven's Sonata, several of Chopin's compositions, and "Verdi," by Liszt, the theme of which is taken from the opera, Rigoletto. Some modern numbers by Cadman will precede a concerto by Grieg, in which Miss Harris will be accompanied by Professor Grabill on the organ.

Miss Harris is the niece of Mr. J. H. Harris, superintendent of the South East Ohio Conference and cousin to Dan Harris, '24. Her aunt, Mrs. J. H. Harris, is also graduating in this year's senior class.

### FEDERATED CLUBS OR- GANIZE MUSIC CLUB

**Mabel Eubanks is First President of Club Sponsored by Federation. Not Named.**

Mabel Eubanks is president, Mildred Wilson is first vice-president, Frances Harris is second vice-president, Lillian Shively is secretary, Mary Whiteford is treasurer, and Betty Plummer is corresponding secretary of the new music club which Mrs. Raymond Osborne of Columbus, director of extension work for the Ohio Federation of Music Clubs, helped to organize last week.

No name has yet been selected for this club which is backed by the music department. The club will be organized as a study group with meetings once a month. A large number of students attended the organization meeting last week and it is hoped that more will take advantage of the fact that the charter is held open until the end of the school year. This club, the first of its kind on the campus, was organized because a definite need for such an organization has been felt.

# Varsity Will Meet Dayton Flyers Saturday

## COACH IS NOTRE DAME MAN

**Captain Stoughton and His Men Expect Great Deal of Strong Opposition.**

Otterbein tracksters will attempt to gain revenge for two baseball defeats and one football defeat when they go to Dayton to meet the University of Dayton cinder artists next Saturday afternoon.

Very little is known of the actual strength of the "Fliers." They have a strong point getter in Augie Cabrinha, Captain of the University of Dayton track squad. The Hawaii star specializes in the 100-yard dash and in the hurdles. Cabrinha ran second to Stoughton in the recent Ohio Relays.

Another Hawaii athlete is Sam Hipa, a four sport man at Dayton. Hipa high jumps on the track team and will probably run the half mile or one leg of the relay. The U. of D. "Fliers" have a mile relay team of rare ability in Cabrinha, Peterson, Pettinger, and Achiu. A great deal of the strength of the University of Dayton track team is due to the able coaching of Arthur "Dutch" Bergman, a former Notre Dame track and football star. Dayton has a squad of 45 out for track since the beginning of the season.

Captain Stoughton and his associates will find more opposition in this meet than in any previous one, but their experience should help them materially in adding another victory to their growing list.

## Tennis Team Chooses Raymond Pilkington As Captain Monday

## OTTERBEIN SMOTHERED BY U. OF D. AVALANCHE

Otterbein was completely smothered under an avalanche of runs when the University of Dayton defeated the Varsity in a non-conference baseball game last Saturday at Dayton, 15 to 0. Dayton took an early lead by scoring 7 runs in the first inning.

Otterbein was able to get only 2 hits from the offerings of the Day-

ton slab men, while Dayton batted the ball all over the lot for a total of 17 hits. Snelling hit a home run in the hectic first inning. That with seven other hits did plenty of damage.

Young got a hit in the fourth inning and Roberts hit safely the only time he was at bat. Otterbein showed improvement in fielding, making only three errors as compared to nine in the Muskingum game last week.

## BASE BALL TEAM WILL MEET KENYON FRIDAY

The Tan and Cardinal base ball team will attempt to break a losing streak of 4 games when it meets Kenyon in an Ohio Conference baseball game at Gambier next Friday afternoon. Otterbein won and lost last year in the two games that were played with Kenyon. Both games were decided by a single run.

Slight shifting of the lineup may introduce added strength to the Tan and Cardinal team. To date the hitting of the local squad has been weak and hard work and extra batting practice is expected to add to the offensive strength of the squad.

## Special Feature Writer Sees Sizzling Spring Scene on Base Ball Diamond

The bases full, two men out, the star slugger at bat with two ball's and two strikes, when suddenly all activities ceased. The umpire in desperation threw both arms in the air and the onlookers forgot to close their mouths in their amazement. An excited by-stander ran through the crowd crying for a doctor, both coaches rushed frantically toward the

home plate, and the town constable, sole guardian and representative of the law, stalked toward the same place, brandishing his club. The water boy in feverish excitement and haste, and without ascertaining the trouble, tore wildly up the field with bucket and sponge.

A hush fell over the tense crowd which was pierced by a high falsetto voice screaming CAN YOU FEATURE THAT? The eyes of the rooters followed the direction of her outflung arm. And there, midway between the homeplate and the backstop, stood an unconscious couple (unconscious to the eyes of the world) so deeply engrossed in the game or in each other that, entirely unaware of the ludicrous picture they presented to the onlookers, they had stopped in this dangerous position and so remained until the Guardian of the Law kindly tapped the young man with his club and suggested that they move along as they were delaying the game.

The first games of the 1926 Recreation Base Ball schedule got under way Wednesday, April 2, at 6:15 p. m. The team work of the first few games was a little irregular due to lack of practice but nevertheless, these games proved very interesting to the large number of fans present.

#### EXAMS ABOLISHED?

The whole student body has greet-  
ed the news that final examinations  
would be abolished for the present  
semester with rousing applause. Im-  
mediately in the wake of the hurrahs  
one can hear the "oh's" echoing and  
re-echoing at the added news that  
periodic tests will be given. Appar-  
ently the student body thought it  
would escape the much-dreaded ex-  
aminations, and now comes the lament  
from the students that the periodic  
tests will eventually result in regu-  
lar examinations.

We may say in the beginning that  
we are directly opposed to this sort  
of an evolutionary process—this  
crowding of periodic tests into a short  
space of time.

Professors know as well as the stu-  
dents themselves that an entire course  
cannot be reviewed, "crammed" the  
students say, in one evening in prep-  
aration of the next day's exam.

Periodic tests of a course in detail  
would be much more beneficial if they  
extended over the last three weeks of  
school. "Cramming" would be un-

necessary—the student would get a  
chance to learn something he may  
have missed. The professors may say  
that such process will make too many  
papers to grade. Pooh! Aren't the  
professors here to help us get an edu-  
cation?

We can conceive of a plan that is  
no more ideal than the one which the  
Faculty has put in operation. If the  
plan works, and it is evidently a trial  
only, why not make it a permanent  
institution?

Did we hear some one volunteer  
to climb the flag pole. Won't some  
good-natured steeple-jack save the  
day?

The week's dumbbells include the  
poor freshman who gave a biography  
of Luther Burbank without knowing  
he was dead.

The present age will probably see  
the passing of that favorite expres-  
sion "Sosyuroolman." At least it does  
no harm to be optimistic.

It certainly strikes us this week  
that the music department should be  
allowed to co-operate with the ad-  
ministration in building the chapel  
programs.

Having a sense of humor is not so  
remarkable a thing as having humor  
with some sense to it.

And now comes the month's weath-  
er report:

May came in about the first of the  
month. There is nothing certain  
about it, though. It May and it May  
not. The climate will, in all prob-  
ability, improve; it can't very well  
get worse.

This seems to be an age of neck-  
anism rather than mechanism.

O C

Believing that grades are not an  
indication of scholarship, a student  
of the University of Kansas turned  
down an election to Phi Beta Kappa.  
He declares he will desist from mak-  
ing any further attempt to keep up  
his high standard of grades.

The University of Texas has offi-  
cially adopted a "truth machine" to  
detect cheating in examinations. The  
machine, which operates by measur-  
ing the rise of blood pressure when  
a guilty suspect is questioned, will  
be used by the Honor Council.

of Arkansas who grows the longest  
mustache in a month will be given a

## TIMELY TOPICS

### A HOT ONE

Editor Tan and Cardinal:

A reader basing his opinion upon  
the recent editorial entitled "Flying  
False Colors?" might reach the con-  
clusion that the freedom of the press  
had been denied in Otterbein, and  
that the editor had been tortured on  
the rack of faculty inquisition into  
a sad state of muzzled servility.

Without pausing to demonstrate  
that the college newspaper possesses  
functions other than serving as the  
advertising medium of the college,  
in that it constitutes one bond be-  
tween the alumni and present genera-  
tion, do the facts sustain the editor's  
lament?

Answering the inquiry, "Why  
should we not print the full details  
of the disgraceful occurrences of Sen-  
ior Recognition Day?" Do you want  
to wallow in the muck deposited by  
a few irresponsible Freshmen? The  
details printed were abundantly suffi-  
cient. If anything more were desira-  
ble, it should have taken the form of  
an editorial rebuke of such symptoms  
of high school mentality, but the edi-  
tor did not avail himself of that op-  
portunity.

All the hue and cry about stifling  
articles on compulsory military train-  
ings seems like the report of a pop-  
gun, as the problem does not exist  
at Otterbein.

In a dramatic whisper we are let  
into the secret that the editor might  
reveal interesting information which  
would lead to the apprehension of the

criminals who have been committing  
petty thefts. Such information should  
be given to the officers of the law  
without further delay.

It is easy for editors to acquire a  
destructive complex. Criticise the  
existing state of affairs if you will,  
recalling however that it was probab-  
ly adopted after some deliberation.  
But let us have a constructive plan  
of action before we scrap the present  
policy of the college in trying to  
overcome its faults without blowing  
horns.

## NET MEN TIE WITH OHIO UNIVERSITY IN TENNIS

Otterbein and Ohio University tied at two matches each in an Ohio Conference tennis match last Friday afternoon on the local courts. The match as scheduled called for four singles matches and two doubles, but one Ohio University man failed to appear so only 3 singles and one doubles match were played.

Lai easily defeated Newhard in straight sets 6-0, 6-0.

Roby lost a three set match to Lundberg 1-6, 6-3, 4-6. Five love games were played in the three sets and Roby won two of them.

Bechtolt lost his match in straight sets 1-6, 3-6. All of the games were close, the first one in the second set being deuced 5 times.

Lai and Pilkington won the only doubles match played in straight sets 6-1, 6-0.

## SENIOR GIRLS AT TOP OF BASE BALL LEAGUE

Monday afternoon, May 3, the Senior girls recreation ball team defeated the Freshmen 52 to 3. The game was never in doubt after the first inning. The Seniors had six players on the field, but had no difficulty in fielding the ball when the Frosh managed to connect.

Last Friday afternoon the Seniors won their second game this time at the expense of the Sophomores 31 to 6. The Seniors scored ten runs in the first inning, plenty, as it turned out, to win the game. The Seniors only had six players on the field for the second game.

The Freshmen forfeited to the Juniors in the other game that was scheduled for May 3.

## PROF. HANAWALT GETS ARTICLE ON MAGAZINE

In the May number of Field and Stream, sportsman's magazine, appears an article by Prof. F. A. Hanawalt, entitled, "The Common Water Snake." Some good reasons are set forth why one should never miss an opportunity to kill a water snake.

Through personal observation and study Prof. Hanawalt has been able to give to the outdoor world some facts of real value. The point is brought out that the water snake has been largely responsible for the lack of fish in some of our small streams. That is, these snakes feed on the fish when they are small, consuming whole schools of minnows at a time.

Accompanying the article is a picture, taken by Prof. Hanawalt of a specimen in his own laboratory. The picture shows a water snake in the act of swallowing a nine-inch sucker. This specimen was collected along Alum Creek and prepared by W. H. Camp, '25.

## ALUMNALS

'96. Rufus A. Longman, superintendent of the orphanage at Oberlin, Ohio, will become the superintendent of the State Masonic Home for Orphans, at Alexandria, Louisiana, on June first.

Mr. Longman has had many years experience in this type of work and his new promotion comes as a distinct reward for his efficiency as a home manager.

'88. Fred H. Rike will leave his home at Dayton, on May 11, and will sail for Europe on May 15. He plans to spend the entire summer on a trip through Europe not returning until September 1.

Mr. Rike is associated with I. G. Kumler, '91, in the largest department store in Dayton and one of the largest and finest of the middle west.

## Class of 1947.

Alice Elizabeth Mills begs leave to enroll her name in the rapidly growing and important class of '47. She is the daughter of Professor and Mrs. Gilbert E. Mills, (Lillie Waters), both of whom belong to the class of '20.

Since both mother and father are graduates and father a professor of French, Alice Elizabeth is sure to know about Otterbein and can easily be classed as an A-1 prospect.

Amherst College has produced a larger percentage of graduates whose names are in the "Who's Who in America" than any other college.

Indiana Central College has a unique way of bringing the students and professors into close and friendly relations. They have an annual "Clean-Up Day" when every one helps clean up the campus, removing rubbish, planting trees, and sodding lawns. The tedium of too much labor is lightened by intermissions for refreshments served by the "Sandwich Brigade," and an impromptu program in the afternoon.

## OTTERBEIN WOMAN'S CLUB PRESENTS MUSICALE-TEA

Annual Program Given at Home of  
Mrs. G. T. Frankenburg Proves  
Pleasing Affair.

Since Mrs. G. T. Frankenburg of Columbus entertained the Otterbein Woman's Club last year, the ladies of the club looked forward to the musicale to be given at her home this year. A hundred Otterbein ladies and guests attended the tea May 4th.

The club is indebted to the quartette and its accompanist of the Community Church of Grandview for a large part of the program. Mrs. William V. Lewis was quite pleasing in her solo work, as were Mr. Earl M. Allen and Mr. Thomas G. Constable, both of whom sang several songs. Mr. Constable with his simple tunes and radiant personality added much to the program. A lovely group of duets was presented by Mrs. Silbernagel and Mrs. Lewis. Miss Beall of Columbus furnished a piano number, while Mrs. M. D. Hopkins with her usual charm closed the entertainment with three violin numbers.

The affair seemed to take on the nature of a spring festival. The lovely Bexley home was artistically decorated with early flowers, and much of the musical program was given over to songs of spring. Mrs. Frankenburg had arranged every detail for the perfect entertainment of her guests. During the time a very delightful lunch was served, Mrs. Wm. Clark and Mrs. E. J. Leshner poured tea.

The musicale-tea has become an annual affair for the Columbus club, the proceeds being applied on the club's pledge to the Diamond Jubilee Fund. The musicale program was provided without charge, and the other features of the entertainment by the hostess.

## WOMEN'S MUSIC CLUB GIVES GOOD PROGRAM

The Women's Music Club of Westerville, presented another Music-Week program Thursday evening at the High School Auditorium. A good-sized audience responded enthusiastically to a well-balanced entertainment.

The first part of the program was formal, comprising chorus and solo numbers. The last part consisted of impersonations of familiar love-songs by members of the club. The program concluded with the singing of the Westerville Song and "America."

Mrs. Mabel Crabbs Starkey, head of Public School Music in the Conservatory, carried an important role in this program.

## WHAT OUR ALUMNI ARE DOING

Otterbein graduates have been exceedingly active in the student affairs at the Bonebrake Seminary this year. Seventeen Otterbein alumni have been enrolled there this year. We are not forgetting that Dr. A. T. Howard, the president of the Seminary, is an Otterbein graduate of the class of '94.

Don Howard, '25, and B. C. Peters, '19, are on the staff of "The Campus", the Seminary annual publication. Don is the editor-in-chief.

S. A. Wells, '23, is president of the Student Council, the governing body of the students.

M. B. Klepinger, '23, is president of the senior class graduating the latter part of May.

## ALUMNI GOVERNING BOARD HOLDS MONTHLY MEETING

Program Outlined for Alumni Day  
to be Held June 15 Commencement Week.

The governing board of the alumni association met Thursday, May 6th, at a regular monthly meeting. The discussion centered around two or three main topics, chief of which was the promotion of the commencement reunion and the activities on alumni day.

The events scheduled for Alumni Day should interest and entertain all alumni present. The annual business meeting of the association is called for ten o'clock on the morning of June 15, which is Tuesday of commencement week. It is hoped that the business meeting will be largely attended as the plans for next year and a review of the past year will be discussed. Important adjustments must be made before the program for next year can be arranged and the action of the alumni in the business meeting is essential.

A new feature is suggested, a reception to be held in one of the campus buildings yet to be determined. The purpose of the reception is to keep the alumni together until the time of the annual banquet and give them the opportunity of becoming better acquainted.

The annual banquet promises to be snappy and a genuine attempt will be made to keep the time consumed well within comfortable limits.

The recreation program which is regularly scheduled and always omitted because of the length of the banquet, is again scheduled and it is hoped that it may be carried out. Present indications are that "Bones" Sanders, '16, will attempt to combine the forces of the classes of '16 and '26 and challenge the classes of '05, '15 and '25 to a game of recreation ball. Other recreation features have been suggested by Professor Martin.

## DIRECTOR OF ALUMNI RELATIONS ANNOUNCES THAT TUESDAY, JUNE 15, WILL BE ALUMNI DAY

### ALUMNITORIAL

#### Parents' Day.

Many alumni were on the campus for the Parents' Day activities. Some of them in the capacity of parents and others interested in the various events.

It was a fine occasion and it is to be hoped that in the future more alumni will be attracted to the campus on that day. The May Day festivities of the morning were delightful and pleased all present.

Those alumni who were present, and we are not going to try to name all of them, will come again. Those of you who did not get here this time, put it on your calendar for next year. Although it is officially set aside as parents' day, it is an occasion which anyone interested in Otterbein will enjoy.

And this additional word. We suspect that there were some alumni on the campus who did not make their presence known to the alumni secretary. It is impossible for him to know everyone of you and for that reason this request—make your presence known.

gethers will be held in the evening, according to the wishes of individual classes. Following the class affairs the Senior play will be given in the evening.

Alumni day promises to be the best in many years and the spirit developing already assures a fine crowd on that occasion.

The council devoted sometime to the consideration of the program for next year and also to the possibility of a modest type of alumni publication. The advantages and disadvantages of a publication devoted entirely to the interests of alumni were considered carefully. Definite action on all these important matters of policy must be deferred until action is taken in the annual business meeting.

### REUNION INTEREST ALIVE

Old Grads' Letters Indicate That  
Alumni Day Will Be Big  
Success.

We have received a lot of fine responses to our announcements of the various class reunions scheduled for commencement. Remember that we are operating this year for the first time under the Dix Reunion Plan which gives the opportunity for classes of the same college generation to be associated at the commencement season. It also provides a class reunion for each class once in five years, and special emphasis upon the sixes this year in addition. So listen—

This fine response from one of the five living members of the class of '76 holding its fiftieth reunion.

"I have been looking forward for ten years for this 50th anniversary. On the occasion of our 40th, I wrote to each living member and had responses from all, but all could not come. My old roommate, Bever, of Seattle, wrote that if I would invite him to our 50th he would accept, so I am going to remind him of that promise. I have not seen him for twenty-five years.

"Of course I am not sure of coming as yet, but have high hopes. For the past three months I have been laid up with a fractured hip, but it is mending nicely and as it is six or seven weeks till commencement, I feel confident I can make the grade."

Signed by Frank D. Wilsey.

There are others too and we hope that the spirit of this 50-year group will be contagious.

T. A. Gruber, '89, writes, "I should be pleased very much to spend a day with my old crowd, if I can possibly manage it. I haven't seen any of them for twenty years."

From Charles R. Frankham, '96, "I shall co-operate with you in every way within my power to bring about the results referred to in your letter. If you will let me know what your plans are, I shall be glad to render any service, write letters to such members of the class as is deemed advisable, or in any other way within my power, contribute to the success of this meeting."

F. O. Vansickle, '06, "Yes I realize that 20 years have passed since the spring of 1906, and as usual I hope to be back for commencement. If there is anything you want me to do toward helping to round up '06 let me know, for although I have my hands, pretty full, I am willing to do what I can if needed."

That spirit will make this commencement the biggest and best ever. Alumni day will be Tuesday, June 16. Plan for it now.

The Arbutus Club enjoyed a waffle push in their rooms Wednesday night.

## Prof. Hanawalt Hears Jack Miner, Bird Man, Lecture About His Unique Goose Farm

At a recent meeting of the Columbus Audubon Society Prof. F. A. Hanawalt had the opportunity of hearing a lecture by a man who is probably better acquainted with birds and their habits than any other ornithologist in America. This character goes by the name of Jack Miner. Though his home is not in the United States, he travels extensively throughout this country. In his lecture on wild geese he explained some of the peculiar habits of the birds which he has observed personally on his own farm up in Kingsville, Ontario.

Not only is Miner fond of birds and the protection of birds, but he uses them to spread the Gospel. He puts bands of aluminium on the legs of these wild geese. The inscription below is one which appears on a

WRITE BOX 48.

band given to Prof. Hanawalt by Miner himself. Each spring, hundreds of these birds are sent into the wilds of the Canadian woods from Jack Miner's farm. Natives of Canada, after finding a band upon a wild goose, have been known to travel on foot for more than a hundred miles, to a minister or missionary to have the legend explained.

Prof. Hanawalt has been instrumental in getting for the library, recently, the book, "Jack Miner and the Birds." He assures us that this book is of real value to true lovers of birds.
