JUNIOR FROLIC GIVES MUCH FUN

"The Mistakes of 1925" Draw Great Applause From Amused Audience.

NOVELTY ENTERTAINMENT

Laughter Resounds Through College Halls As Crowd Explores Mysteries.

Beautiful chorus girls that equalled anything Forenz Zeigfeld ever discovered was one of the big features in the "Mistakes of 1925," at the Junior Fall Frolic held last night in the Administration Building. "The Sporty Knot," an athletic wedding, was another number on the chapel program that took the house by storm.

"The Lamp Went Out," was the title of a clever little playlet which was also presented on the same bill.

The attractions in the hall were among the most interesting features in the Frolic. "The Sibylline Cavern" drew great crowds to its fortune telling booth. Those who went through the "Underworld" came back with horror-stricken faces and gasps of terror.

"The Japanese Tea Room" furnished the crowd with refreshments. Beautiful and clever decorations adorned Dr. Sanders' class room for this stunt.

The receipts from the Frolic will be applied to the 1926 Sibyl. The business manager has not yet announced the total receipts.

FIELD AWASH, FOOTBALL FLOATS TO FIRST DOWN

Westerville, O., Nov. 8.

The most unusual freak of the rainy-day football games played yesterday occurred during the Baldwin-Wallace-Otterbein game here. On a fourth down Referee Pfeffer called for the linesman to measure the distance gained. While players and officials were waiting for the line to be brought out the football floated away in water. Officials retrieved the ball, guessed where it had been and gave the offensive team first down.

(The above is an Associated Press report that found a place on the front page of several of the nation's large dailies last week.)

DR. G. S. LACKLAND ON CAMPUS TODAY

National Religious Worker From Denver Spending Active Day In Y Interests.

The Y. M. C. A. will present tonight in their regular weekly meeting a nationally known religious worker in the person of Dr. George S. Lackland, pastor of the Grace Community Church, Denver, Colorado. Dr. Lackland will speak on some subject pertaining to religion in labor.

Dr. Lackland spoke in chapel this morning and in several of Professor Hursh's and Dr. Phelan's classes. In his class lectures Dr. Lackland considered religious, social and economic topics. This afternoon an open forum will be held in the chapel.

Dr. Lackland is one of the ablest young men engaged in religious work among students. Everywhere he has been, numerous testimonials prove that he is one of the best liked speakers on modern religious problems. He is the founder of the Denver Open Forum.

TWO OTTERBEIN GIRLS UNDERGO OPERATIONS

Miss Beulah Wingate and Estella Shoemaker Operated on for Appendicitis.

Again it has become necessary for two Otterbein students to undergo operations for appendicitis.

On Saturday Miss Beulah Wingate, Sophomore, suffered an acute attack and was rushed to Grant Hospital, Columbus, for an immediate operation which was performed before her father and mother, Mr. and Mrs. E. E. Wingate, could arrive from their home in Dayton. Latest reports indicate that Miss Wingate is doing nicely even though her condition is somewhat critical.

Miss Estella Shoemaker, Freshman, was taken to Grant Hospital Sunday afternoon for the removal of the appendix. Dean McFadden was with her and reports that the operation was satisfactory. Miss Shoemaker's home is near Middletown, O.

The Tan and Cardinal, expressing student sympathy, hopes for a rapid and complete recovery for both.

Rousing Rally.

A mob of 100 dorm-ites and "howlers," with a part of the band, gathered at the gym Saturday morning with unkempt hair and incomplete attire, but full of loyal pep and lots of noise, and sent the team away with a rousing rally.

Professors Phelan and Hursh were among the crowd.

NEXT SUNDAY WILL BE S. S. RALLY DAY

"Parish Day" Also To Be Observed. Dr. Innerst Will Speak. Large Attendance Planned.

Next Sunday will be "Rally Day" at Sunday School, and "Parish Day" at the church services. A goal has been set in both services for a record attendance.

Under the director of Prof. L. A. Weinland, superintendent of the Sunday School, a co-ordination of teachers and pupils is being operated in order to reach the high attendance of over one thousand. There will be some special features on the program for the Sunday School services.

In the church services, "Parish Day" will be observed and Dr. Innerst, a returned missionary, will be the speaker. Money will be raised at this service to be used in support of the work at the Siu Lam missionary post. The work at this place is being carried on by Otterbein graduates and former students. The minimum quota to be raised at this service will be \$500.

EDUCATION WEEK TO BE EXTENDED AT OTTERBEIN

Lecture by U. S. Commission Tigert Will Add Interest To Educational Work Here.

On Monday, Nov. 23, United States Commissioner of Education, John J. Tigert, will lecture in the college chapel, extending beyond the privileges of other communities, the observance of Educational week, Nov. 16 to 22, as designated by the United States Bureau of Education. Mr. Tigert is coming to Westerville, according to plans made by the Citizen's Lyceum Course committee. His appearance here will be the first time a national commissioner of education has been to Westerville.

The chapel speakers this week are giving especial attention to matters educational in accordance with the national program. The programs arranged for the rest of the week are as follows: Tuesday, Patriotism Day; Wednesday, School and Teacher Day; Thursday, Conservation and Thrift Day; Friday, Know Your School Day. Saturday is known as Community and Health Day, and Sunday, For God and Country Day.

EDLER'S SQUAD HARD AT WORK

Squad of Seventeen Men Will Be Enlarged When the Football Season Closes.

SIX LETTER MEN

Thorough Practice in Fundamentals Keeps Men Going In Early Floor Work.

The first practice of the Varsity basket ball squad was held last Tuesday evening. A good sized squad has answered Coach R. K. Edler's call for candidates. When the football season is finished there will be nine or ten more men out for the squad. The only letter man to report so far is Upson. Among the men who are still playing football, however, there are several letter men including Captain Widdoes, Carroll, and Snively. Among those who played on last year's Freshman team and are now playing football are Barnes, Bishop, and Riegel. Bishop may not be able to play any basket ball on account of an ankle injured in football.

Stair and Porosky, letter men of last year, have not yet enrolled for practice.

The practice to date has consisted entirely of fundamentals, especially handling the ball. A lot of shooting is being done by all men and in addition some dribbling.

The squad of thirteen out the first day was increased to seventeen before the week was up. The seventeen are Eastman, Houseman, Young, Bennett, D. B. Buell, Hopper, Jacoby, James, Upson, Van Curen, Beutler, G. M. Buell, Gantz, H. Widdoes, Long, Slawita, and Wales.

Misses Barngrover, Vance, and Richardson Will Give Recital.

On Saturday evening, Nov. 21, at 8 o'clock, the Misses Hazel Barngrover and Helen Vance, instructors in the Otterbein Conservatory of Music, and Miss Wray Richardson, class of '24, will give a benefit recital in the college chapel for hospital and dispensary work in Siu Lam, China, which is being done under the direction of Dr. A. D. Cook, class of '22.

A delightfully interesting program of vocal and instrumental numbers has been arranged closing with ensemble arrangement of "By the Waters of Minnetonka", with Miss Richardson as mezzo-soprano, violin obligato by Miss Barngrover, and piano accompaniment by Miss Vance.

Admission charges are thirty-five cents for adults, and fifteen cents for children.

THREE ONE ACT PLAYS ON JUNIOR PROGRAM

Evening of December 5 Will Be
Given Over to Junior Class
In Dramatics.

The Junior Class will present on the evening of Dec. 5, in the college chapel, a group of three one act plays. Juniors who have been taking the Junior course in dramatics under Prof. Leon McCarty this semester will make up the characterization.

First in the group will be "The Valiant," by Robert Middlemass and Halworthy Hall. This tragedy will call forth the best efforts of the cast. In the season 1924-25 it was an outstanding success and is recognized as the finest American one act play of its kind.

The second play is amusing as it calls into action two cross old maids in an old ladies' home, and the author, Alice Brown, has chosen to call it, "The Joint Owners in Spain."

The strength of a woman's won't and how she may be won over is the theme of "The Obstinate Family," which promises a conclusion of fun.

Under the new system of class room play coaching, it is to be expected that these plays will show superior dramatic merit.

Y WORKERS HOLD NOON MEETINGS AT KILGORE

Social Service Department of Christian
Associations Does Active
Work Here.

Social Service is the aim of the Y. M. C. A. and the Y. W. C. A. meetings which those organization have been holding for the employees of the Kilgore Manufacturing Co. every other Thursday during the noon hour. Representatives from Y. M. and Y. W. present programs composed of musical numbers, readings, and similar entertainment for twenty minutes at the noon hour. The meetings are held in the new kite factory building.

Last week Robert Weitkamp played a series of cornet solos. Arrangements have been made to have a piano at next week's meeting.

Th Y's are already beginning to see results in the interest which the workmen are showing in the meetings. That a better feeling is being created for the Y is evident by the attendance at the noonday meetings.

Appreciation

The Student Council wishes to express appreciation to the women of the town and girls of the college for their work in making the band uniforms.

STUDENTS RESPOND TO RED CROSS DRIVE

On Friday morning a goodly number of students contributed to the International Red Cross fund in response to an appeal made by Prof. A. P. Rosselot the previous morning. One dollar contributed will entitle any student to a year's membership in the International Red Cross. Further contributions will be welcomed, and payment made to Prof. Rosselot, who is the chairman of the committee in charge of the Community Fund Campaign in this locality.

BIBLE SCHOOL IS COLOSSAL SUCCESS

Over eighty students enrolled for study in the Westerville Bible School which held its sessions the past week in the Methodist Church. Twenty-four of the students received certificates for work done in classes. These certificates will count toward a diploma from the denomination and the International Council. Several who were unable to attend sent financial support.

Otterbein was represented at the Bible School by approximately a dozen students. The school closed with a fine session and social Friday evening, the whole conference being considered a highly successful community effort. The resolutions committee expressed a strong desire that the school be continued as an annual function.

Prof. E. M. Hursh was an instructor in the school. Mary McKenzie, Catherine Darst, Florence Campbell, Zelfa Fisher, Waldo Keck, Earl Leiter, Janet Magill, Helen Magill, Prof. Weinland and Prof. McCloy were in attendance at the school.

ARMISTICE DAY OBSERVED

Two Minutes of Absolute Silence
Reigns at 11 O'clock. Dr. Jones
Addressed Students.

Armistice Day was observed Tuesday morning by the entire college when a two minute silence period was observed in reverence for our World War veterans, living and dead. At eleven the bugle call of attention brought the student body to their feet.

"To the colors" was then sounded and the flag returned to full mast. A two minutes silence followed that was punctuated by the firing of cannon in the city of Columbus. The silence period was ended by the long, stirring and doleful note of "taps."

A peculiar coincidence in the armistice observation was the synchronizing of our time with that in Columbus that accidentally made the canon shots come during the silence period here.

At the regular chapel exercise, Dr. E. A. Jones, whom Pres. Clippinger spoke of as "the ideal American citizen," brought a message appropriately significant.

O. C. GET-TOGETHER AT TEACHERS' CONVENTION

Thirty-five Present at Informal Dinner Suggested by W. O. Lambert, '00. Class of '11 Leads.

For a number of years it has been the thought of many Otterbein graduates in the teaching profession to stage a get-together sometime during the annual meetings of their association. This year at the suggestion of W. O. Lambert, '00, such a meeting was arranged during the meeting at Dayton, Ohio, Nov. 7 and 8. Thirty-five were present at an informal dinner from six to seven-thirty. Each person present introduced himself and gave his class, residence and occupation, which was followed by a few snappy speeches.

The class of 1911 led in attendance with five present, C. L. Bailey, J. J. Dick, Chloe Z. Niswonger, Grace Coblenz, and Park E. Wineland. The others who signed the register were, W. O. Lambert, '00; P. H. Kilbourne, '02; H. V. Bear, '03; F. L. Porter, '07; I. R. Libecap and Chas. H. Kohler, '09; Chas. R. Hall, '12; J. S. Goughnour, '16; Mr. and Mrs. E. R. Turner, '17; L. K. Replogle, '19; Mr. and Mrs. D. M. Phillippi, '21; J. G. Howard, '22; H. J. White, Florence Stephens and Esther McDonald, '21; W. S. Wood, Martha Schlemmer, and Don Howard, '25; and Exers, Mr. and Mrs. E. G. Beeson, and Mary Kalter Libecap.

It was a fine get-together and the Otterbein Spirit displayed was of the kind we like to see. Such meetings as these are to be encouraged as they are bound to result in a closer association of alumni interests.

News From the Orient.

The first news from far away lands arrived this week. Two letters came from Japan bringing the alumni dues of Ina Gamertsfelder, '24, and Mr. and Mrs. A. H. Sholty, '17, '18, of Tokyo.

Miss Gamertsfelder writes that they are happy in their work there. Rev. Sholty has had very marked success in the last year and is a leader in the inter-denominational work of the various churches in Japan.

The Tan and Cardinal will go to our friends out there and keep them in touch with us.

MEET THE ALUMNI COUNCIL

PROF L. A. WEINLAND

Professor L. A. Weinland, '05, is the secretary of the Alumni Council. This official relationship is only a small part of the contribution to the new program that he has made. We really should print the picture of Mrs. Weinland also, as she is a most efficient assistant to the Professor. They are enthusiastic, loyal supporters of every new move and are constantly alert for bits of news that will make the alumni page interest-

ing. Many good suggestions have come from the Wienlands and we are hoping that they may inspire others with their zeal so that this year's program will go across big. In addition to the enthusiastic way they have supported the program, they have made a contribution to the routine work of the office. Some of the pesky little details that take time and energy they have helped to eliminate. May their spirit be contagious.

ALUMNALS

'10. At the meeting of Sunset Literary Club of Columbus, Ohio, last Wednesday, Mrs. H. D. Strausbaugh (Ethel Dean) read a paper on Louis XIV. As this meeting occurred on Armistice Day the club observed just before the program a moment of quiet in honor of the soldier dead.

'13, '92. The biennial council of the churches of the eastern area of the United Brethren church, was held the last week in October in Derry Street United Brethren Church, Harrisburg, Pennsylvania. Among the speakers were J. D. Good, pastor of the United Brethren church in Mt. Pleasant, Pennsylvania, whose theme was, "Revivals in Our Modern World," and President G. G. Gosard of Lebanon Valley College, who spoke on "Educational Evangelism."

'03. The parsonage recently built at the Otterbein Home near Lebanon, Ohio, was dedicated on Sunday, October 31. It is a very attractive home for the pastor, Charles W. Snyder and his family, who are now occupying it.

'10. Dr. W. A. Knapp of Westerville, Ohio, recently closed a month's evangelistic campaign in Hoisington, Kan., in which three churches, the Methodist, Christian, and United Brethren, all united in a tabernacle service. The meetings resulted in much good to the town and community.

'01. Mrs. Oscar H. Charles, who returned with her husband and sons

last summer from the Philippine Islands, was the guest speaker at the meeting yesterday afternoon, of the Glen Echo Child Welfare League of Columbus, Ohio. Mrs. Charles used as her subject, "Glimpses of Life in Other Lands."

'03. Harris V. Bear, of Miamisburg, Ohio, was elected vice-president of the Central Ohio Teachers' Association at the meeting held in Dayton, November 7 and 8. Mr. Bear is superintendent of schools in Miamisburg.

'93, '93. Mr. and Mrs. W. W. Stoner (Myrtle Miller) of Dayton, spent the week-end in Westerville visiting their daughter, Louise Stoner, and Mrs. F. E. Miller.

'93. W. H. Fouse sent his greetings to the office this week, and expressed his appreciation for the work done by Otterbein. He enclosed a picture of the Paul Lawrence Dunbar High School of Lexington, Ky., of which is the principal. He is also supervisor of the colored schools of that city.

Mr. Fouse has the unique distinction of being the first and only American negro to graduate from Otterbein. This is unusual in as much as Otterbein was the first institution of higher learning to open its doors to all races.

'16. Henry D. Bercaw was elected member of the school board in the city of Canton, Ohio, at the recent election. His popularity is evidenced by the vote he received. Mr. Bercaw

OTTERBEIN WOMEN'S CLUB MET SATURDAY

Miss Margaret Hillhouse Was Hostess. Alumna Director Spoke. Thirty New Members.

The November meeting of the Otterbein Women's Club of Columbus, and vicinity, was a tea last Saturday afternoon at the home of Miss Margaret Hillhouse, 74 East Lane Ave., Columbus, Ohio. The weather was propitious and the attendance was large.

After the business meeting, the new director of Alumni Relations, Mr. Horace W. Troop, spoke to the ladies, telling them of the work of the association that he is inaugurating and inviting them to support the work and to interest others in it. Mrs. H. C. Plott then sang two charming songs, being accompanied by Mrs. V. G. Williams.

Mrs. W. G. Clippinger and Mrs. Ella S. Harnett presided in the dining room and dispensed delicious refreshments in which the college colors were carried out. Each slice of ice cream was decorated with a cardinal candy pennant on which was a tan O.

That the club is flourishing was attested by the fact that thirty new members were received at this meeting. Everyone present had a delightful afternoon and all expressed appreciation of Miss Hillhouse's hospitality. The next meeting of the club will be held in Westerville at noon, Dec. 5, when representatives of student organization will speak.

BIG TIME PLANNED FOR NOVEMBER 21 IN DAYTON

Plans are well under way which promise to make the Otterbein-University of Dayton game one of the biggest of the year.

The Rushing Rules.

We have watched with great interest the operation of the newly tested rushing rules. Anything always attracts attention on its first trial. Fulton and his steamboat and the Wright Brothers with their airplane attracted widespread attention. It is human nature to sling mud, the steamboat, the airplane, and the rushing rules all have been used as marks. The first steamboat went at a snail's pace, the first airplane left the ground for only a few feet, but what about the rushing rules?

The least that we can say is that they are better than the old system. We realize that the new six weeks ruling is not a perfected system, but it did accomplish two desirable ends. The limitation of rushing parties to two for each group sensibly reduced what was formerly foolish extravagance. And the previous common practice of bidding before the close of the rushing period was reduced to a reasonable minimum. In this latter regard we believe the girls were more diligent, at least they were more skillful. However, circumstantial evidence is not in this matter sufficient

to make any bald statements. Was any rule ever perfectly adhered to?

There are a few problems which have arisen in connection with the present system, but they are not unduly perplexing. There should be some definite person to determine the eligibility to group membership of every person bid. The college employs a registrar who should be in closer contact with the complete standing of every student than any one connected with the institution. We believe that the registrar should pass on every student bid for a social group and determine the eligibility, and in cases where consultation is necessary, a joint committee from the Student Council and Faculty should meet with the registrar.

Furthermore, it is evident that a more definite statement of eligibility requirements is needed. Not only credit points should enter into the consideration, but every person bid should be a full time student carrying sufficient hours to merit classification. Under the present inadequate statement a part time student is eligible for social group membership. Six of the bids submitted by the girls' groups were for part time students. The possibilities that arise here are that even some little child registered in the music department is eligible to join a group providing the grade of C is made. This is possible, extravagant as it may seem. We believe a stated number of hours should be listed as High School students carrying a few hours college work will thus be ineligible and this is certainly prudent. In addition we understand that there is a state law prohibiting such an affiliation by a high school student.

One sentence in the rules under System of Bidding reads, "After the close of the six weeks' rushing period there shall be no regulation concerning the type of bidding." We wonder if this period closes at the end of chapel service of the sixth week and if according to this statement bidding may be in any manner immediately. But that isn't the point. The system calls for head sponsors. Why not give them something more to do. We believe that every bid made and accepted after the six weeks' period should be reported to the head sponsor. At present there is no way of registering these post-season bids.

In regard to the Student Council we should like to say that they are a conscientious group thinking seriously how the student life of our college may be bettered. If we have any suggestions to make on any matters, let's not criticisingly make them in restricted gatherings but voice our suggestions in an open and frank way and let their merit determine the outcome.

Join the Y.

During this week a special campaign for Y membership and support is before us. The Associations merit the unanimous support of the student body and faculty.

Figures compiled from tentative budgets of the social groups on our campus show that the expenditure for purely social purposes here is not so

very much less than the annual budget of the intercollegiate department of the Y in Ohio which is responsible for bringing speakers of prominence to Otterbein and whose secretary is an indispensable advisor.

The Y is responsible for getting us acquainted, nurturing our spiritual life, enlarging our intellectual grasp and providing social opportunities. We need the Y, and the Y needs our support.

We advocate 100 percent Y membership for every social group.

"Clippings from Clippinger."

Several times lately, in my mail box at the college office, I have found clippings from The Index, such clippings as I can use in my work. The clippings were placed there by our president, and is only one of the many evidences of our president's great range of interest and his attention to detail.

How many T. & C. readers would suspect Pres. Clippinger of being a regular reader of The Index? How many of us would believe that in his busy round of affairs he could find time to make clippings from his reading for others? How many of us, were we in a similar position, would have the compelling interest to cause these things to be done?

It seems to me that this is merely another example of where attention to little things of life shows "bigness."

The above paragraphs are the contribution of one of our science professors. We can only emphasize what he has said, we too have found in our mail box, "Clippings from Clippinger."

THE GLORY OF MARTYRDOM

GWYNNE McCONAUGHY, '27, PHILOPHRONEA

Several years ago, a rather distinguished chautauqua lecturer gave an address entitled, "The Martyrdom of Fools". With elaborate oratory he bewailed the fact that those men who were superior to the common run of men, great men, were mortal victims of ingratitude and misunderstanding. With much display he described the pauper graves of great inventors, the wrecked lives of eminent artists, the disappointed existences of well known literary geniuses—the disgraced and hissed beings of misunderstood politicians.

But, to what effect? Is it reasonable to say that because at one time the world has frowned upon inventors, that one should not aspire to ward invention? Then, is it logical to conclude that by reason of the fact that some geniuses have been misunderstood, one should not aspire to the best in his field of activity? Selfishly, yes—unselfishly no.

It is not the intention of this essay to minimize the fact that the greatest leaders of civilization have gone down in this martyrdom of the so-called fools. It is generally accepted that many great leaders were and are martyrs to their causes. Furthermore, it is practically inevitable that anyone who rises above the common rank and file of humanity is apt to become unpopular. In fact it is very probable, although it is not always the case, that he will be classed in this misunderstood martyrdom.

To Invention.

Then, is there no earthly reward for the martyr? Is his prize for running the race of life nothing more than a disappointed existence? The martyr has a reward which this essay wishes to name, "The Glory of Martyrdom."

It was a hot sultry day. The sun was beating down upon the inadequate shingled roof of that little shack on Third Street. The air was saturated with the odor of old bicycle grease. Barely distinguishable was the rubbery smell of bicycle tires. It was a depressing place to spend the best years of one's life. Yes, but there was a remarkable cheery voice speaking, even though there was a touch of sadness in the tone. "Well Orville, I believe we have enough money to go South and continue experiment there. I am very tired of fixing cheap bicycles. Their mechanism is so simple compared to that complicated machine of my dreams."

Thus it was that Wilbur Wright spoke to his brother, Orville, who was destined with him to become joint inventor of the greatest itinerary machine ever invented.

And then at the end of two years the machine was completed. But Wilbur Wright was in the last years of his life. The government would not subsidize experimental manufacture of the machine. Friends would not even believe in the invention. Wilbur Wright was branded "harm-

less" and died a martyr to his invention.

But in those closing years of his life, was there no reward for years of sacrifice other than ridicule? There he was, a martyr to his invention, to meet a premature death. But in his mind, he had that satisfaction of work well done, the realization that his life had contributed something, that peace of mind which he demonstrated to his friends even to the day of his death. He had a reward.

To Music.

Beautiful music was being played and then it stopped. A tall, hump-shouldered man walked across the room. What a drawn face he had, but his hands—they were large and muscular. He stood with poise and dignity of carriage despite his awkwardness. He must have been a man of importance, but lo, he couldn't be living in such dingy quarters. He picked up a manuscript and held it close to his near-sighted eyes; then, he walked to the light.

It was Franz Schubert. Old Schubert, swindled by publishers, was gradually approaching a pauper's grave. Misfortune had been his lot all through life. As composer of several hundred pieces, he had come down to the grave an unfortunate, a martyr to music and composition.

But did he not have a reward other than poverty? He had that satisfaction of work well done, a life lived for something which he thought worthwhile. Just before his death this unfortunate one started a symphony which he never finished, from which we get a song which we are pleased to call the "Song of Love." He had a reward.

Of Overcoming.

The crowd was pulsating with spirit. Something was doing. A man was to be hanged. It was a carpenter from Nazareth, who raised up a rebellion and talked a little about giving his life for others.

There, Jesus was to face death, ridiculed by the throng for whom he was giving his life, deserted by all of had given his life, deserted by all of his former associates and recognized only by a dying felon. But he had a reward, the satisfaction of work well done. His satisfaction of life was shown by his message which he gave his people in his last days, "Be of good cheer, I have overcome the world." He had a reward.

Every noble deed, even as every noble life is met by ridicule. The doer of the deed, the character of life is seldom appreciated. But it behooves one not to complain.

The satisfaction of work well done is the reward and with that, one must be content. Complaint points to the Martyrdom of the so-called fools; the satisfaction is the Glory of Martyrdom.

DUMB DORA

Dumb Dora wishes to extend her most heart felt sympathy to the girl who is so anxious to have a "date" that she rushes down stairs with her coat on to answer the telephone. Rather presumptuous to say the least.

The "little girl" who, when talking to the Dean, replies, "Why, kid, I know it" should not forget that rule of etiquette which states one should treat one's superiors with the utmost

respect and deference.

The innocent Junior who was talking to her friends about the Phantom of the Opera was almost responsible for the fatality of one of the said friends who about choked to death because the dumb bell could not pronounce Phantom.

Foolish question as asked by one of our Junior Dumb Doras. On seeing a freshman friend who had just returned from home, she asked sweetly, "Oh Edna, are you back?"

Do You Know? "HOW TO STUDY?"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

by
WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing **MAXIMUM SCHOLASTIC RESULTS** at a minimum cost of time, energy, and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

Some of the Topics covered

Scientific Shortcuts in Effective Study.	Diet During Athletic Training.
Preparing for Examinations.	How to Study Modern Languages.
Writing Good Examinations.	How to Study Science, Literature, etc.
Brain and Digestion in Relation to Study.	Why Go to College?
How to Take Lecture and Reading Notes.	After College, What?
Advantages and Disadvantages of Cramming.	Developing Concentration and Efficiency.
The Athlete and His Studies.	etc., etc., etc., etc., etc., etc.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M. I. T.

"To students who have never learnt "How to Study," work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Inglis, Harvard.

HEIDELBERG WALLOPS OTTERBEIN ELEVEN

Fast Passing Staggers Otterbein Defense and the Score Mounts High.

Otterbein's varsity eleven went down to defeat before Heidelberg's brilliant passing offense at Tiffin last Saturday afternoon 39-0. A number of breaks and a organized offense is the story of Otterbein's defeat.

Heidelberg became active soon after the first kick-off and scooped up a fumble and crossed the goal line with a clear field. In the first few plays Otterbein showed very well and things seemed to point to the fact that it would be an evenly fought game. No scoring followed until the last of the first quarter when a Heidelberg punt was made a free ball by the ball striking an Otterbein player's back as he was blocking. A Heidelberg man took advantage of his opportunity and ran for a touchdown. The rest of the half the teams were in a dead lock.

The story of the second half is one in which Dame "Fortune" and "accuracy" played an important part. Heidelberg uncorked her forward pass offense in this half and pass after pass was completed. Radenbaugh occupied the lime light in the last two stanzas by spotting his man and hurling bullet like passes straight into that man's arms. Otterbein's defense for the first time confronting a passing team of ability was staggered by the puzzle and Heidelberg completed the needed passes to run up her score.

Otterbein displayed much fighting ability and skill at the game, as the line was not penetrated for any great distance, punts were returned for gains and Heidelberg was outkicked. Snively starred for Otterbein, running back punts thirty-five, thirty, twenty-five and twenty yards. On several occasions Snively and Widdoes broke away for short gains over the ends. The defense of the Heidelberg outfit stiffened whenever Otterbein had a chance to score.

FROSH-SOPH GAME WILL BE TEAM VS. SQUAD

The Freshman-Sophomore football game, Tuesday, Nov. 24, promises to be a thriller from start to finish. The Freshman squad has the advantage of numbers but the Sophomores are expecting their varsity work to help them considerably. Another thing to the advantage of the Yearlings is that they have a special coach. It will be a game between a team and a squad instead of a game between squads or between teams. The advantage here lies with the Freshmen.

If the condition of the field does not improve considerably the team that can recover the most fumbles will be the team that will win.

The second year men have not elected a captain but the teams will probably line up as follows:

Soph.	Frosh
Pinney E.	Yantis
	Gates
Bishop T.	Brenner
	Day
Schott G.	Davis
	Huffer
	Cline
	Freyberger
	Himes
Crawford C.	T. Reigle
	Flegal
Yochum G.	Charles
	Gorsuch
Norris T.	Little
	Wurm
Reigel E.	Shankleton
	Mraz
Pilkington B.	Weaver
Barnes	Thompson
Minnich	Mendenhall
Drexel	Rossetot
	Mumma

PROF. SCHEAR LECTURES ON EVOLUTION BEFORE Y

Prof. E. W. E. Schear, lecturing to the joint Association meeting last Tuesday evening on the subject, "Evolution in the Realm of Divine Law," stated in a three fold way the purpose of the series of lectures on the Relation of Science and Religion: "To show the existence in this world

of a process we have called evolution; to show that it is not in itself either who foster it do not look upon it as a cause but a process."

This lecture was the second in the series which will include two more lecture hours. Prof. Schear is putting his very best into these discourses and the student response is indicative of the great interest in the subject.

THROUGH THE SPY-GLASS

A Resume of Odd Happenings In Other Colleges.

Add one more course to the list of unique subjects now being taught in American Colleges. The University of Utah has inaugurated a brief course in skiing which will be taught by Arne Bjornstad, the famous winter sports athlete, who was formerly instructor of skiing at Placid Lake, N. Y.

All first year men at Penn State College found guilty of any violation of freshmen customs are required to carry for two weeks a large placard bearing upon it the nature of the infringement.

On the theory that an athletic contest is not a social event, and that a fighting spirit can best be effected when men and women are free to give all their attention to the teams, University of Missouri men have been asked to refrain from taking a "date" to a football game.

Students of South Dakota are asking themselves whether it is better to be educated or crazy since they discovered that South Dakota had spent more for the care of its insane and feeble-minded since 1918 than for the maintenance of its two major institutions of higher learning.

C. E.

Ferron Troxell led Christian Endeavor, Section A, Sunday evening with the topic of "Lawlessness" under discussion. Two questions were proposed for consideration: "How much of our Bibles do we use?" Various members of the society responded with answers. A quartet of young men sang a special number. At the close of the session a graph chart showing the attendance of boys and girls in C. E. was presented, and an appeal made for a larger number present next Sunday, which is Rally Day.

LIST'NIN' IN

George Washington University has instituted the unique system of giving the Frosh "social" intelligence tests by means of which they ascertain whether they are good mixers or not. This also determines along what line of work they are best equipped to specialize.

At Mt. Union College the Y. M. C. A. has an annual stag banquet as a preliminary event to their annual drive for membership in the college association.

The present freshman class at Bluffton College is the first to begin the "wearing of the green" on that campus. The boys wear the proverbial green caps and the girls have arm bands of the same hue.

All examinations at Temple University have been abolished because the Psychology Department believes them to be inaccurate, antiquated and influenced by personalities.

The Honor System has been abolished at Mount Union because it has been a failure. It is a significant fact that many colleges are abolishing the Honor System.

Recent statistics have proved that the women at Akron University have attained higher standards of scholarship than the men. The average for the co-eds was 82.91 per cent while that of the men was 78.15 per cent.

The Seniors at Bluffton celebrated their annual Sneak Day recently. All Seniors leave college for a day's pleasure and fellowship without the knowledge of anyone. They usually leave before daybreak then wire some college authorities where they have gone and then proceed to have a good time on this day's leave of absence.

The Cross Country Run will be a feature of Dad's Day at Heidelberg Nov. 14.

The Amherst College paper recently opened an attack on compulsory chapel attendance which is still in force there. Their slogan was "Is not Amherst out of step with the modern liberal trend" and the editor cited the recent action of Dartmouth, Vassar and Yale on this issue as foundation for his argument.

Students at Western Reserve eat an average of 25 pies, 3 gallons of ice-cream and 300 half pints of milk among other things each day, according to a report made by the Cafeteria.

Mt. Union College was the recipient of \$50,000 from the Besser Foundation of New York City. Mr. Besser, the founder died two days after the gift was made.

The Heidelberg "Kilikilik" as a matter of convenience to the student body outlines a schedule of routes both highway and railroad for bumming their way to football games.

PHILOMATHEA

Inaugural ceremonies featured the Philomathean session last Friday evening. The President's Valedictory, "A Picture from Life," was delivered by Joseph B. Henry. Ralph W. Tinsley, the incoming President, gave "Are We Wasting Our Heritage?" as his inaugural address. The Chaplain's Address was given by Reginald A. Shipley, who took the subject, "The College Curriculum and The Student." A vocal solo by John W. Hudock, and a piano solo played by William J. Ritchey composed the special music.

Dr. E. A. Jones, an honorary member of Philomatheia, gave a short speech in the extemporaneous program. O. H. Charles, class of 1905, L. W. Warson, '07, and Dr. Phelan also gave brief messages to Philomatheia. Florence Rauch represented Philatheia and Viola Priest spoke for Cleiorhetea.
