there are things you just can't put down in writing or pictures. There's the joy of fraternity house deviltry and there's the blueness of a class on a rainy day. There's the misery of being campused and the agony of a bad report card, and sometimes there's the pleasure of achieving something through good, hard work. And so we begin our task, fully realizing that the only true picture of Otterbein lies in the mind of every student and professor. If, in the future, the Sibyl can only bring you to think of those college days again, its greatest purpose will have been accomplished.

## THE PEOPLE

"Tootsie-Frootsie Ice Cream!" cries Jim Haff to the homecomers . . . Lloyd Savage and Warren Hayes rake the leaves, Lloyd in Dad Jones' overalls . . . two great institutions meet—there are thrills on both sides as Otterbein boys meet girl journalists from Dayton Fairview High School at the high school journalism convention dance in Columbus.

Mr. Vance presides over registration . . . incoming freshmen are greeted by President Howe in their first chapel session of the year . . . the immediate problem for Davy Selby is to get the ball past the Reverend Mr. Boyer, who is some obstacle!

Art Storer adopts Marv Wagner for a family picture. Mr. Morris is watching the girls' Scrap Day baseball game . . . Professor McCloy's men do some surveying in front of the Ad Building . . . Emily, Beverly, Frances, and Ruth put tinsel on the tree . . . and an hour later Santa Claus (Eldon Shauck) brings popcorn balls for the children of Westerville.

Gerry Riley contradicts the referee, George Metzger "spots," and Norm Dohn covers for the Columbus papers . . . the popular freshman trio appears in chapel for a program: Phyllis Brown at the piano, Shirley and Gloria Server, and Wilma Bennett . . . it's an Otterbein victory on the gridiron the fellows are ringing out.

DR. J. R. HOWE

## The Administration

It is hardly necessary here to recount the achievements of Dr. J. R. Howe in his three years at Otterbein, because most of them have taken place within the college years of the majority of college students. The modernized athletic field, the new tennis courts, the health center, the co-op houses—these and other improvements of the last three years pay more honor to Dr. Howe's brief period of leadership than all the Sibyl might say of his generosity, his understanding, and his excellent sense of humor. And yet, just as the achievements prove his worth to the trustees and public, so the latter qualities endear him to the students.

Dr. Howe was an Otterbein student. He won letters in football and baseball, was captain of the varsity debate squad, served as editor of the *Tan and Cardinal*, and was president of the Student Council. Like many Otterbein fellows of this generation, his college career was interrupted by war. Before returning to school to graduate in 1921, he served fourteen months in France with the 83rd Ohio Division, in which he was a sergeant.

He received his Ph.D. degree from Yale in 1927, and he can tell you the best of Harvard-Yale jokes. His schedule calls for speeches all over Ohio and neighboring states, and he meets these engagements in his automobile, which he drives like the wind.

Dean Nora W. Porter

Dr. Kenneth Bunce

**Nora Wills Porter**, Dean of Women. A book a week—that's the reading record of Dean Porter.

As an Otterbein student she played basketball and was active in the campus Y.W.C.A. and Philalethean Literary Society. Later she was to receive a certificate from the National School of the Y.W.C.A.

Student problems have long been her study. Her M.A. thesis at Ohio State was on "The College Girl's Twenty-Four Hours." Each summer she helps many girls find jobs.

**W. Kenneth Bunce**, Dean. Any man whose name is inscribed on the Otterbein Norris-Elliott cup for excellence in athletics and scholarship, holds the admiration of the students.

Dr. Bunce's cum laude record at Otterbein from 1925 to 1930 included not only this honor. He also received "All-Ohio" mention in football and won the Rosselot Prize in International Relations. Now 35 and serving his first year as Otterbein Dean, his teaching experience goes half way around the world. He began at the age of 23 in Westerville High School, taught for three years in Japan, and before coming to Otterbein was head of the Social Science Department at New Mexico State Teachers College.

## **The Juniors**

Sept. 11—Harry Bean receives license as first class pilot.

Sept. 26—Norman Dohn becomes editor of the Tan and Cardinal. Mildred Fisher becomes associate editor.

Oct. 9—Harry France is chosen junior class vice president. Other new officers are Janet Holzworth and Jim Grabill, class representatives.

Oct. 24—Marjorie Miller is elected editor of the Christmas Quiz and Quill magazine. Wilma Creamer is business manager.

Nov. 7—Rudy Thomas, Ed Daniels, and Norm Dohn are nominated for mention in College Who's Who. They each order five copies of the book.

Nov. 7—Wayne Barr announces that \$600 has been received in the C.C.A. drive.

Dec. 12—Paul Reber wins second prize in the Quiz and Quill prose contest.

Dec. 13—Bill Burkhart heads all-campus Christmas party.

Dec. 17—Beverly Loesch heads a Christmas party for the underprivileged children of Westerville. Ruth Wolfe sees to it that there are plenty of games for them to play.

Dec. 27—Malcom Clippinger in Oxford, representing Otterbein at the National Assembly of Student Christian Associations. Declares liquor to be superb.

Jan. 20—Wayne Barr, representing the rest of the student body, addresses the seniors in their Recognition Day program. Tells them how sorry we will be when they are gone (if they ever go).

Jan. 21—Marguerite Lightle presents organ recital in Chapel. Each and all are amazed at her finesse.

Feb. 6—Jim Eby joins the Naval Reserve.

Feb. 6—Harry France and Bill Lefferson drafted. Bill Burke deferred until June.

Feb. 20—Frances Cummins leads scoring in women's intramural basketball with 80 points.

May 1—Nasty crowds throw blunt objects through Sibyl office window as the book of the month fails to make its appearance. The editor escapes unhurt, having had a two-day start. The business manager has a broken collar-bone.

June 10—Sibyls are mailed to students, accompanied by a humorous note about "better late than never." Students show complete lack of a sense of humor and institute manhunt for editor.

## Otterbein's Representative Seniors

A T. and C. editorial declared: "To Jim Corbett we take off our hats, for the fine way in which he has handled his duties (as Student Council president) in the short time that he has been in office." Jim's fairness and unassuming personality have brought him the friendship of everyone.

Bette Greene almost holds the record for number of activities engaged in. She writes, paints, acts, and is successful at all of it. She holds offices in six organizations. She is the only senior to appear in the College Who's Who for the second time.

Almena Innerst has always been ready to help out, whatever the need. As president of the Y.W.C.A., co-chairman of the C.C.A., and a member of the Cochran Hall Board and Student Council, the greater part of her college career has been in the service of her fellow students.

When Bill Noll left Otterbein with Jim Corbett to join the Army Air Corps, so great was students' admiration for him that they retained him as honorary president of the senior class and of Varsity "O". His jollity made him a friend of all.

Bette Greene pauses on her way to the art department . . . Jim Corbett directs a student council meeting . . . Bill Noll holds the cup he helped to win . . . Almena Innerst types material for Reverend Mr. Boyer, to whom she is secretary.

## Freshman Period

Do you remember the lonely and apprehensive feeling with which you came up the walk to the Ad Building that Saturday afternoon? You hesitated outside for a moment, your only possessions in this new land squatted forlornly about you.

Every fellow and girl who passed you seemed to possess that distant charm of being an upperclassman. A day later you were to discover these same persons to be fellow freshmen, who had arrived an hour before you did.

"Where do you want to go?" beamed a fellow whose tag marked him as an "Information."

"Why, to the dormitory, I guess. It's—oh, it's named after something in the Bible—Psalm Hall, I think."

That's the way Freshman Period began. But the days were filled with revelations. Everyone in the dorm was as lonesome as you, and that was consoling. You tramped downtown in groups to take advantage of the offers in the back of the "Y" Handbook. You had the time of your life fixing up your room, dividing the space with your roomie.

Somebody came in and reported overhearing an upperclassman say that this was a good-looking and talented freshman class.

"Doggone right!" you stoutly declared.

The freshmen arrive to stay, with handboxes, card tables, bows and arrows. Here are Esther Smoot, a friend of Esther's, Helen Schwinn, and Mary Hockenberry . . . they sign up in the registrar's office and receive their tags and "Y" Handbooks.

The ping pong tables and the women's gymnasium do their part in helping the freshmen to iron out the year's schedule. Notice Dura Jones in the lower right corner of the picture, seeming to discuss matters with the empty chair beside him . . . Harry Miller, Dick Himes, and Arden Cover are pronounced O. K. . . . that evening, the get-acquainted party with its cider and doughnuts . . . Dave Hartsook leads the freshmen in their first cheer for Otterbein!

Dresses inside out, hair braided on all sides, teeth blacked out with gum, lip-stick all over their faces, and the sophomore class numerals on their legs, these maidens show what the well-dressed freshman girl will wear on Scrap Day. Here they treat Professors Hanawalt and Martin to candy . . . The initial impact of the sack rush . . . Karl Farnlacher, the irresistible force, and Lowell Bridwell, the immovable object . . . A fumble costs the sophomore team valuable time.

## Scrap Day

Everything depended on the tugawar. Earlier, that cold morning, the fleet freshmen had finished far ahead of their fumbling opponents in the relay race, but the heavier sophomores had crushed them in the grueling sack rush. The freshman girls had won the baseball game, but lost in volleyball.

So, the fight was even in the afternoon as the crowd mashed the weeds to get favorable positions along the banks of the creek. The freshmen had the lower bank, the sophomores, the higher. Each of the ten men on either side scraped to his own satisfaction the pit in which he was to keep a foot-hold during the pull. Finally they were ready, and the rope grew taut across the creek. Dr. Howe fired the gun.

The sophomores suddenly "gave," and the freshmen fell off-balance. Before they could regain a footing, their rivals were hauling in the rope, hand over fist. Never letting go, the freshmen fought half-way across the creek. In a last gesture of defiance, anchor-man Malcolm Gressman held out momentarily on the bank, barely clutching the end of the rope. The final tug threw him into the water, too.

The freshmen fellows continued to wear their caps, and the girls kept their ribbons.

The sophomore team settles into place just before the tugawar. Note the cloth glove. The freshmen were pulled into the creek so quickly that Columbus newspapermen, expecting a long struggle, didn't get their pictures . . . These Otterbein beauties add to the hillside, cheering their gladiators in the relay and sack rush.

"Charlie" the football dummy stands guard over the Bercaw House during the day and receives no little amount of affection . . . Crowds swarm from the Administration Building following the coronation.

## *When the Sons and*

Homecoming! A blaze of color. The streets have been painted. Foot-prints twenty-feet long lead down College Avenue to the Ad Building.

Down in front of the old building, where a crowd is rapidly gathering, a sign-bedecked booth peddles pennants, tickets to "Abie's Irish Rose," Otterbein stickers, and histories of Westerville. Next door, the Crafts Guild displays its products.

"By golly, George, there's a table full of Sibyls! Do you remember . . ."

"When we threw Johnny Halleck in the creek? Do I!"

"They don't do it anymore. They don't know what creeks are for, anymore, Charlie."

"Do you remember . . ."

"The time we filled the chapel bell with concrete? Or the time we put Mr. Vance's cow in Prof. Altman's classroom? There was the time . . ."

And so the stories go. The grads recognize their old professors. They ask about the game with Marietta and recall that Otterbein once beat Ohio State.

The queen is crowned, the freshmen cut capers in the ensuing program, and the old grads go off to their reunion lunches.

"Same old Chapel! George, do you remember when Willie put an alarm clock in the lectern?"

"They don't do it anymore."

# daughters of Otterbein come home

The game has been won, the play was a success. The old grads gather at the fraternity house, lounge in the front room looking over the group pictures of yesteryears. The table is piled high with traditional fried chicken and gingerbread.

"Gingerbread and chicken, George! Remember . . ."

"We used to get our chickens in Prof. Rosselot's henhouse!"

"They buy 'em now, George."

"Unstolen chicken don't taste the same, Charlie."

Queen Vivian and her court at the chapel throne: Leora Ludwick, Betty Anglemyer (last year's queen), Vivian Peterman, Virginia Andrus, and Helen Lantz. Vivian holds the symbol of her rule, the football which is to be used in the afternoon game.

Betty Orr touches up the chin-whiskers of Ivan Innerst who, thirty minutes later, will step onto the stage in the leading role of "Abie's Irish Rose."

After the play home-comers and students join in the "Queen's Reception" dance in the armory.

Amid the decorations of their prize-winning house, Country Clubbers welcome an old grad.

## *1941 May Queen*

Ruthanna Shuck

## *Fall Homecoming Queen*

Vivian Peterman

Ruthanna Shuck, brown-haired senior from Findlay, was Otterbein's 1941 May Queen. Ruthanna, who recently changed her major from art to Dick Robertson, is interested in music, literature, and art. Lovely in a spring formal dress on the May throne, she is equally attractive in an old smock on the fourth floor of Lambert Hall, where she paints in oils. "May Queen" was not the first honor for Ruthanna. She was Sibyl Queen in 1940 and represented Otterbein in the Ohio College Beauty Contest. This year she is mentioned in "Who's Who in American Colleges and Universities." She is a member of Talisman sorority.

Vivacious Vivian Peterman ruled over Fall Homecoming and inspired Otterbein's eleven to beat Marietta (she kissed captain Bob Cornell). Black hair, green eyes, an Ipana smile—"Pete" equals them with her varied and enthusiastic interests, swimming, tennis, dancing. One of Otterbein's cheerleaders, she also led cheers at Dayton Fairview High School, from which she graduated in 1940. By virtue of her part in the May Day play of 1941 she is a member of Cap and Dagger Dramatics Club, and she is also an active Greenwich girl.

Vivian Peterman

Ruthanna Shuck

"Otterbein's all-around girl—beauty, activities, leadership, personality, scholarship, sports, and downright personality"—that was the job the Sibyl took upon itself in seeking its queen.

The result—black-haired Mabel Sizer, Cincinnati sophomore. A tennis, swimming, and baseball enthusiast, she is also secretary of the Y. W. C. A., secretary of the orchestra, member of the Glee Club and Acapella Choir, president of Youth Fellowship, and member of the student council. She graduated from Walnut Hills High School with a Cum Laude honor and earned a 4.000 during the second semester of last year at Otterbein.

Choice of the Varsity "O" men—Mary Lou Healy. This brown-haired Delaware senior leads a vigorous life on the campus, well becoming her title of Winter Princess. Not only is she active in student affairs, being president of Arbutus sorority and the Home Economics Club and a member of the Education Club Council, but also is an enthusiastic sportswoman. She swims, plays tennis, and is a first rate participant in women's intramural basketball. Majoring in home economics, she is looking forward to becoming a school teacher.

## Hell Week

It isn't an African tribal custom, it is just Otterbein having one heck of a week. It is a time when the girls go through the entire day, looking like they do when they first get up in the morning.

The boys are walking candy stores and they have a warm spot—but it isn't their heart.

Back-breaking tasks are in order. The library steps need a scrub-down with a toothbrush. College Avenue needs to be measured with a ruler. The railroad ties from here to Columbus must be counted.

The campus spectator runs into questionnaires. "Why is a duck?" "Will you marry me?" "I'm the reluctant dragon. Sign here."

"I'm building castles in the air," explains the girl atop the ladder.

"Happy birthday!" says the pledge, and hands you a cup cake with a burning candle in it.

"Kisses—ten cents."

The turkish towels, the itchy burlap shirts, and the brow-scraping curtsies are the adornments of students of higher learning. One of them has rested his mirror on the trunk of a tree and is busily shaving. Another is beating a tom-tom with a bone and selling tickets to the Varsity "O" dance.

"Fresh Fish!"

It lasts a week. Empires and arches fall. Half the freshman class is now acquainted with "Jabberwocky." Another third can tell you the full inscription on Ben Hanby's grave stone. A fair majority will gag if you offer them a sandwich. And the overwhelming majority of them, though "battered and beaten and torn," will recall the week with genuine pleasure and ever afterwards maintain that Hell Weeks began to be milder after they had theirs.

Posey Brown murders a song to the ukulele accompaniment of Anne Hovermale . . . Dubbs Roush and Jerry Rone peddle their fish . . . Helen Schwinn scrubs the Ad Building, while Byrl Hodge in background is obliged to offer Prof. Botts a piece of candy . . . the humiliating experience of this pledge is mercifully shielded from us, but Lois Smathers looks for another pledge with fiendish pleasure.

The Onyx girls chat with visiting alumnae after the Homecoming festivities.

Kappa Phi Omega was organized in the fall of 1921 and chose for its motto "Sisters and Friends to the End." The colors of the sorority are royal blue and gold and their symbol is the onyx stone.

The Homecoming festivities of 1941 were of more than usual significance for at this time the 20th Anniversary Luncheon of the Onyx Sorority was held, and was well attended both by alumnae and members. Pleasant memories of the huge and beautifully decorated cake and the delicious luncheon, the corsages of chrysanthemums tied with blue ribbons lettered with "Kappa Phi Omega-20th anniversary" will live on. But, for more lasting memories, the alumna presented them with a combination radio-phonograph and they purchased a studio couch.

Following homecoming, all forces were out for a "County Fair" rush party. After pledging and the usual run of festivities, Santa rolled into visit them. He reigned first at a coed theatre party and then a few nights later helped pass out gifts at the Christmas Slumber Party held in the clubroom amid the glittering of merry christmas lights, the babble of voices droning like bees. Next call was for a trip out to Lillian Bale's for a waffle party to commemorate the birthdays of their January geniuses. The Intersorority formal followed on Valentine's Day. Predictions are for bigger and better times in the future—a roller skating party has been planned and the Spring formal will again be in the limelight.

The Greenwich girls are sitting still, but not for long.

A typical evening in the Greenwich clubroom—Mac making coffee . . . Marty in her favorite chair by the window writing a letter . . . Ober in the middle of the room demonstrating her newest jitterbug step to Shiesl . . . prexy Elanore Anderson and Marijane in a conference over their last double . . . Erma trying to make Connie sit still so she can get her hair set for her . . . June and Spike making an effort to study out of the same chemistry book, while Pete's trying to talk to anyone who will listen . . . Pat Orndorf scurrying in at the last minute (she lives in town).

This is Theta Nu, the sorority whose rush party always has a Greenwich Village setting: a basement, checkered table cloths, candles, wall-hangings, frivolity, noise, dancing. There are parties and teas and dances, but there are also little things that the Greenwich girls remember. There are the basketball games where they all dressed alike and sat together, the hikes and bicycle trips, the special tables for birthdays, late afternoon cokes at Dew's, mass study sessions. All these are the Greenwich year.

Happy evenings like this enhance the friendships of Arbutus.

A Parisian nightclub—that's what the Masonic Temple looked like one night this year. Gaily dressed couples sat at little tables with red and white checkered tablecloths. And light was provided by candles, each embedded in a beer bottle! That was the final touch of the artistic Arbutus girls in their party for their pledges.

Epsilon Kappa Tau is a sorority of friendly, happy, peppy girls with broad interests. They take part in all of the college's activities and are leaders in many of them. Their Winter Princess President, Mary Lou Healy, is also president of the Home Economics Club. Jean Unger is president of Chaucer Club and Bette Greene heads Cap and Dagger and manages the Women's Glee Club.

When Arbutus needs money, it earns it. This year the girls gathered papers throughout Westerville, commandeering Hody Anness' car to do the job and sold them to buy pledge pins.

You can tell an Arbutus pledge because she's wearing a white middie, with a black skirt and black cotton stockings. The pledge who is up on her sorority history knows that Arbutus began as a secret society in 1917, adopting as its colors pink and white, and as its motto, "Love and Honor." Its sponsors are Mrs. Shackson and Mrs. West.

It's a quiet evening in the Talisman clubroom. There are no tests tomorrow.

Those little girls you see with the horrible rim-turned-down hats during Hell Week are the Talisman pledges. But, that really isn't typical of Talisman, for this club is the "Sorority of Queens." Last year Ruthanna Shuck was Otterbein's Queen of the May and Betty Anglemeyer held the royal football as Queen of Fall Homecoming. Ellen Van Auken and Helyn Boyer were among her attendants. And this February attendants to the Winter Princess were Almena Innerst and Ruth Cook, and the Fall Homecoming Maid of Honor was Ginny Andrus.

The girls of the Purple and Gold are also young ladies of business sense. Their specialty is the rummage business. For a long time they "collect" and then, several times a year, they tote it to Columbus where they sell. This is the way in which they pay for their new studio couch and radio-victrola.

One of the highlights of the Talisman year is the Senior Tea, at which each senior member receives a gift from the sorority and to which each girl invites a non-Talisman as her guest.

When Tau Epsilon Mu was born in secrecy among the fourth-floor girls of Cochran Hall in 1915, they called themselves "The Cream of the Dorm," for indeed, cream always rises to the top!

That's a game of "Psychology"  
that Leggy and Ducky are all  
set to play on the floor.

Turkey, huge and glorious, rules the May formal of Arcady at Granville Inn. And what does this prove? It proves the Arcady girls know their food as well as they know the way to a man's heart! When they treated their pledges to a skating party down at Skateland last fall, the gang climaxed the evening by whisking up to Westerville for some hot and luscious chili at Mrs. Altman's.

Mrs. Altman and Mrs. Esselstyn, Arcady's sponsors, saw to it that the pledge-given Christmas party in the clubroom was another triumph of good taste. They showered the party with boxes of delicious cookies.

The year is full of pleasant memories for the girls whose motto is "Thoughtful each of all." There was the weiner roast on the cold evening before Scrap Day . . . the charming tea at Mrs. Williams' . . . the winning float at Homecoming . . . the evening that the Zeta Phi boys serenaded Iona Tatterson . . . and only recently, the "Kid Party," at which everyone dressed and acted like a kid, a ribbon in the hair and an all-day sucker in the mouth.

You will recognize an Arcady pledge because when she comes to a doorway she crawls through it as though it were only six inches high.

When even half the Owls get together at one time, it's a big party.

The Owls are the type of girls who marry. This year they celebrated at least seven of their alumnae's nuptials. All of which is getting married at a terrific pace.

Marriage is not the only long suit of Sigma Alpha Tau sorority. Another one is sagacity, English translation of which is scholarship. The Owls are the possessors this year of the sorority scholarship cup, and they are fairly regular winners of it. Along with wisdom goes absent-mindedness, as we find in the case of Beverly Loesch, who followed up a busy afternoon in the laboratory by endorsing a check, "Bromo Seltzer"!

The Owls are penny-wise, too. Each week they put a penny apiece into a fund which buys them almost a record a week.

During this year the girls have held the Hades Hop, a dance at the Knights of Pythias Hall; the Popcorn Ball, a party given by the pledges for the actives at the Masonic Temple; a luncheon at the TAT Villa, given by the actives for the pledges; and several clubroom parties. And now in the planning stage is the gala spring formal to be held at Granville Inn.

The Jonda boys sit down to a soul-satisfying meal of baked potatoes and hamburgers.

Where there are pre-med students, you are bound to find cats being dissected. At least that's the favorite past-time of President Tom Gardner and Fred Good after their dates each Saturday night. "Quick, Nurse Good, butcher knife number 7-A! Oops! Hand me the bucket." Blood, anguish, all the tension of the operating room—the Jonda boys grin and bear it.

Eta Phi Mu has been the closest fraternity to the campus for seventeen years. Surgical operations aren't the only things which take place in the brown house on Park Street. With the influx of pledges this year Jonda, normally sedentary, has become athletic. Jonda is also the musical fraternity. This year it rigged up its own glee club, which sang at the organization's semi-formal banquet at Willie's, in February.

Jonda's triumvirate of sponsors includes Prof. F. A. Hanawalt, who has sponsored the club since its origin in 1922, Dr. George McCracken, and Prof. Francis Babione. House Mother is Mrs. Louise Garrison, whose baked rolls the fellows will swear by.

Jonda has announced its intention to stay open during the summer months to accommodate students attending summer school.

The Sphinx boys talk over the war with their now drafted president, Ed Arndt.

"Telephone, Pooch, high school's out!"

That's a common cry at Sphinx House, because along with being noted for having a large number of town fellows in the club, the Sphinx boys are noted for their high school girl friends, especially "Pooch" Meckstroth and "Lucky Leon" Jamison.

Sigma Delta Phi is an organization of sportsmen. Sphinx holds this year's cups for bowling and Prune League basketball, and the boys are cracker-jack pool players. Pool contributes to clear thinking, so the boys are also possessors of the prized fraternity scholarship trophy.

Sphinx is unique for its knack of getting into College Humor magazine, having been there twice in the last three years, and bids fair to repeat the trick with pictures of its "Football Party" for pledges at Camp Wildwood.

Other Sphinx parties of the year include a Christmas dance at the Masonic Temple, a dinner-dance staged by the pledges at the Southern Hotel in Columbus, and the Novelty Party held in March.

Charles Bridwell is president of the club. He replaced Edgar Arndt when the latter was drafted.

Jennilee pings, and Jim watches  
Jennilee, and the Zeta Phi boys  
watch them both.

Zeta Phi is a fraternity of "firsts" and diversity. It was the first fraternal organization to be recognized as such by the college, the first to own its own house, and the first to introduce the use of a pledge manual in the training of pledges. Its alumnae chapter includes such campus personalities as Dr. Michael, Prof. Steck, and Rev. J. Neely Boyer. Sponser E. W. E. Shear is noted for his friendliness and enthusiasm.

Zeta Phi House abounds with: Lester Halverson, president, chemistry major, vice president of the Student Council and of Chaucer Club, pleasantly cynical, admirer of Schopenhauer; Russ Martin, vice president, teaches freshman math, furnace-fixer; Glenn Conrad, secretary, president of the International Relations Club, member of Phi Sigma Iota; George Hogue, treasurer, industrious business major, works at Home Savings Company; Johnny Zezech, hefty sergeant-at-arms; Chuck Hopper, harassed social chairman; Bob Kissling, conscientious student; Ivan Innerst, efficient; Jimmy Sheridan, facetious.

Don't suppose the Zeta Phi boys are only intellectual. They hold the Otterbein volleyball championship and have representatives on every varsity athletic team.

A gathering around the fire adds a lot to Country Club's winter evenings.

An impressive red-brick house with a broad white veranda and at least two flivvers parked in front—it's the home of Country Club. Famous along College Avenue are the steps painted with "Pi Kappa Phi Welcomes You," and famous are many of the men who have sat on the steps throughout the years.

Highlight of the Country Club year was the Winter Formal held at the Beechwold, a dinner-dance to which 47 couples came. Also long-to-be-remembered was the party in honor of President Jim Corbett, who was called to the Army Air Corps.

Country Club lost two presidents this year. George Curry, elected at the end of last year, was drafted before he could return to school. With Jim's departure, Paul Shartle is now president of the fraternity.

Not only is the Country Club well represented in varsity athletics, but also in intramural competition. This year the boys won the cup for touch football and the Fraternity League basketball championship cup.

Dr. Rosselot has been faculty sponsor of the club for many years, and Mr. and Mrs. Jones are house "Mother and Dad." Mom is an artist at making banana pie.

Every year Country Club's pledges put on a show at Willie's Grill. Pi Kappa Phi believes also that initiation should have its practical side, so the pledges indulge in plenty of hiking to train them for the army!

Relaxation is the keynote at this gathering of the Annex boys.

The Frontier Fraternity—you might call Annex that. Its fellows are vigorous, they fight hard, wear notoriously brilliant shirts. And full of the spirit of the Old West are its three "gay rancheros"—Shu Stine with his long wavy hair, Jack Perry with his trousers tucked into his bright socks, and Dick Hartzell with an occasional non-shave and wide-rimmed hat.

However, Annex is not without its intellectual element in the high scholastic average of the boys last year, or its dramatic element in the Thespian Irving Brown, or its musical element in Carl Moody, Lee Franks, and Bill Smith. Small in number, the Annex boys are close to nature and any of them can quote you the current prices of coal and eggs.

"The world's champion apple-cobbler maker"—that's true of Housemother Mrs. Vergie Allen, but it doesn't do her justice. The delicacies she prepares bid fair to make the boys discontented with anything the army kitchens can offer.

Pi Beta Sigma began in utmost secrecy in 1908. Its charter members met in a building known as the "Annex" and decided it was "All for one and one for all." Annex incorporated in 1939.

The culprit is Jean Williams.

## Student Council

The Student Council does the odd jobs in campus legislation. The Council's president appoints the student members of the Campus Council and Publication Board, and the Council takes charge of Homecoming activities, class and Sibyl elections, and student chapel programs. The most delightful job of President Jim Corbett this year was the acceptance of the prized Otterbein-Capital football trophy. In previous years Otterbein's representative only presented it.

## Campus Council

When five or six meetings suddenly come on the same night, irate club members take up the matter with the Campus Council, and this group carefully untangles the traffic jam. With all the activities Otterbein indulges in, this is an estimable job. Dr. Rosselot, who heads the student-faculty group, calls meetings whenever the problems arise. There are four students and five faculty members on the council.

## King Hall Board

The 40 to 50 boys in King Hall extended their own quiet hours this year. They did this through their chosen representatives on the King Hall Board. Through this board the fellows maintain self-government in the dormitory and at the same time establish proper conditions for living together. Wayne Barr is president of the Board; Charles Jackson, vice-president; Dick Himes, secretary-treasurer, and John Olexa, chaplain.

## Cochran Hall Board

The Cochran Hall Board, governing group in the women's dormitories, revised its constitution this year and went to work. It secured a Coca-Cola dispenser for the first floor of Cochran Hall, sponsored a style show from Lazarus, decorated the hall at Christmas, and capped the holiday season with the beautiful candle-light procession and carolling which are traditional in the dormitory. Mary Jane Kline is president of the Board; Mary Learish, vice-president; Jane Williams, secretary, and Charlotte Patterson, treasurer.

## Concert Choir

Thirty girls in black and white formal dresses and thirty men in full evening dress—that is the striking appearance of the Otterbein Concert Choir. Newly organized by Prof. A. R. Spessard, the choir numbers sixty voices. Because of its size, its program has been limited to near-by places. Prof. Spessard says, "Its singing possesses all the characteristics belonging to a much older organization. The choir sings without the assistance of the pre-given pitch."

## Women's Glee Club

Trips were scheduled through northern Ohio and Michigan for the thirty-two girls in Otterbein's Women's Glee Club this year. Directed by Prof. Spessard they have included in their program both secular and sacred music from modern and classic composers. The club carries with it a violin trio and a solo pianist. Betty Lou Baker is the piano accompanist, though the club sings many of its songs without accompaniment.

Prof. Spessard values the Women's Glee Club as "an artistic singing group with an unusual tonal quality." Ruth Cook is president of the club and Mary Learish is secretary.

## Men's Glee Club

For the first time since it began thirty-two years ago the Men's Glee Club has sung three-fourths of its songs acapella and has carried no pianist. This year its program included Don Johnson as xylophone soloist, a clarinet trio consisting of Bill Smith, Lee Franks, and Charles Hefling; and vocal soloists.

The spring concert schedule included a tour to Dayton, Middletown, and Cincinnati, a northern Ohio tour to Akron and Willard, and an eastern tour to Wilkensburg, Johnstown, Altoona, Greensburg, Somerset, Canton, Louisville, and New Philadelphia.

## Crafts Guild

Few students know that the Crafts Guild, Otterbein's non-profit, student self-help project, runs one of the most modern silk screen shops in Ohio. Silk screen boss, Paul Reber, will tell you that they can print on anything which holds still, and that is just about the story. The Crafts Guild has printed signs, calendars, folders, blotters, party programs, insignias on sweaters, stationery, and is still looking for new problems.

The Crafts Guild was founded in 1939 by Dr. F. O. Clements, Otterbein alumnus and member of the Board of Trustees, and has been directed since its inception by Rudy Thomas, who is now a junior. Its other big job is the making of reflecting metal signs. Fifty-four students have helped earn their way through school at the Crafts Guild and nine are working full-time now.

**Front Row:** Rudy Thomas, Eileen Hoff, Dr. F. O. Clements, Betty Woodworth, Esther Smoot, Katherine Baetzhold.

**Back Row:** Bob Pollock, Paul Reber, Don King, George Bishop.

George Bishop works on a sign frame in the reflecting sign department, while Eileen Hoff lays out a sign for painting . . . Paul Reber and Bob Pollock print with the silk screen . . . Rudy Thomas dictates a Crafts Guild letter to secretary Esther Smoot, as salesman Don King gloats over the contents of his sample case . . . Katherine Baetzhold and Betty Woodworth plan new art work. Behind them on the wall are some of the products of the Crafts Guild.

#### CHAUCER CLUB

**First Row:** Mary Jane Kline, Ruthanna Shuck, Mary Ranky, Jean Unger, Emmajane Hilliard, Ruth Finley, Mildred Fisher.

**Second Row:** Harry McFarland, Dr. Anderson, Ellen Paetschke, Ellajean Frank, Betty Woodworth, Ruth Wolfe, Professor Pendleton, Leslie Halverson.

#### QUIZ AND QUILL CLUB

**First Row:** Betty Greene, Emmajane Hilliard, Georgia Turner, Betty Woodworth, Professor Altman, Marjorie Miller.

**Second Row:** Wilma Creamer, Florence Emert, Eldon Shauck, Ed Daniels.

## Chaucer Club

When the Chaucer Club held its afternoon tea one Sunday afternoon in April, it reviewed a year full of association with the great writers of modern time. Meeting monthly, the club discussed such contemporary authors as Ernest Hemingway and Somerset Maugham. One meeting was devoted to recent war literature.

Occasionally, outside speakers spoke before the Chaucerians. Dr. George McCracken spoke on Robert Frost. Mrs. M. E. Teeter of the Lazarus book shop reviewed several best-sellers.

The traditional May morning breakfast was forgone this year because of the crowded commencement schedule, and the April tea was held instead. Jean Unger is president of the Chaucer Club and Dr. Paul E. Pendleton is adviser.

## Quiz and Quill

A short time ago Marjorie Miller, who edited last fall's Quiz and Quill magazine, made up a list of 45 titles of poems and short stories written by the club and dared the members to guess the authors of each. Betty Woodworth, who is club president and reads her Quiz and Quill thoroughly, guessed thirty-seven of them. Janet Scanland guessed six and Professor Altman recognized eleven. Three members thought themselves the author of one article.

Quiz and Quill puts out a magazine every fall and spring and offers prizes to encourage freshmen and sophomores to write. This spring's contest winners, together with works by the members, will appear in the Spring Quiz and Quill magazine to be edited by Betty Woodworth. Ruthanna Shuck will be associate editor; Marjorie Miller, business manager; and Florence Emert, assistant manager.

Other members not mentioned are Eldon Shauck, vice president; Georgia Turner, secretary; Bette Greene, program chairman; Wilma Creamer, Emma-jane Hilliard, Edgar Daniels, Reta LaVine, and Janet Scanland.

## **Varsity Debate Squad**

Otterbein's debate squad ranks third in the Ohio Conference. Winning eight of twelve debates at the Conference tournament at Capital University, March 5-7, Dr. Anderson's two teams tied three other schools for the honor.

Though deprived of the Pi Kappa Delta national tournament in Minneapolis, Minnesota, by the elimination of spring vacation, the boys have done extensive traveling this year. In November they entered their first practice tournament at Denison. With John Smith and Ed Daniels on the affirmative, and Bill Burkhart and Bob Pollock on the negative, they took part in the newly-developed direct clash technique in a tournament at Toledo in December.

The same affirmative team, with Rudy Thomas and Bob Pollock forming the negative team, finished the season. They won four out of six at an Ohio Wesleyan tournament. At the annual Manchester, Indiana, tournament they won only five out of twelve, though defeating Detroit and Rutgers. In the Ohio Conference competition they defeated Muskingum, Capital, Wittenberg, Kent, Toledo, Akron, Marietta and Bluffton, and lost to Bowling Green, Ohio U., Ohio Wesleyan, and Kenyon.

## **Cap and Dagger Club**

Most of the big plays produced at Otterbein are sponsored by the Cap and Dagger club. This group finances them, prepares costumes and scenery, and sells tickets. This year's presentations are "Abie's Irish Rose," at Fall Homecoming, and the May Day play. They will not present their traditional Commencement play this year because of the early graduation.

Cap and Dagger includes about twenty members, each of whom has at one time or another taken part in a major school play. When there are no plays to produce, the club meets monthly and discusses current plays. Someday they will go in a group to see a play in Columbus.

Bette Greene is president of Cap and Dagger; Martha Baker, vice president; and Gwen Murphy, secretary-treasurer.

### DEBATE SQUAD

**Front Row:** John Smith, Esther Smoot, Dr. Anderson, Bruce Deem, Rachel Walters, Janet Scanland, Rudolph Thomas, Robert Pollock.

**Back Row:** Ed Daniels and Bill Burkhardt.

### CAP AND DAGGER

## Young Men's Christian Association

The first day a freshman arrives on the campus he receives a "Y" Handbook, which tells him all the facts about college, teaches him the school songs, and offers him a free treat at several delicatessens. A few days later he is invited to the "Y" Mixer. In this way the Y's do their part in helping new students feel at home.

The tradition of the Y. M. C. A. is a rich and inspiring one. Along with the Y. W. C. A. it was the first group of its kind in Ohio. In a great wave of student support in 1892 it built the Association building, the second student-built "Y" building west of the Appalachian Mountains.

The Y. M. C. A. does not rest on its laurels. Under its program chairman, Malcom Clippinger, it has brought outstanding speakers to the campus, including Dr. Liston Pope of Yale and Katsumi Nagamatsu, secretary of the Y. M. C. A. at Tokyo Imperial University. It sent representatives to the National Intercollegiate Assembly of Student Christian Associations at Miami University during the Christmas holidays and to the International Day celebration at Wilberforce University.

Membership in the "Y" is about 110. Its officers include Eldon Shauck, president; Malcom Clippinger, vice-president; Dwight Robison, secretary; Keith Henton, treasurer, and Wayne Barr, chairman for freshman work.

## Young Women's Christian Association

The program of the Y. W. C. A. for freshman girls begins even before they arrive on the campus, in the Big and Little Sister movement. And during the first weeks of school the "Y" seeks to orientate its little sisters, by inviting them to teas and other parties.

During the Christmas season the girls contribute to the White Gift Service, which enables some girl to stay in school. They also hold a Christmas party for the under-privileged children of Westerville, providing them with a bona fide Santa Claus (see page 13), who brings popcorn balls.

Mrs. Howe, Mrs. Hursh, Mrs. Smith, and Mrs. Michael were advisers to the Y. W. C. A. this year. Its officers were Almena Innerst, president; Ruth Otsuki, vice-president; Mabel Sizer, secretary; Helyn Boyer, treasurer, and Leora Ludwick, assistant treasurer.

Almena says, "Through its meetings and numerous activities, the Y. W. C. A. has tried to enrich the social and religious life of each girl on the campus." And by taking advantage of its opportunities for service this year, the group has succeeded greatly.

## **Tan and Cardinal**

The group which literally triumphed over adversity this year is the Tan and Cardinal. At the beginning of the year it was in the hole financially, it had neither an editor nor a business manager, and the staff was seriously depleted by failure of students to return to school.

Norman Dehn took over the editorship and, aided by Millie Fisher, first woman associate editor in some years, pounded out a hard working staff. Then, with Dick Rule as business manager, Norm proceeded to economize. He eliminated the more expensive paper upon which the T. and C. had been printed since the depression years. Instead of buying expensive engravings, he followed the Columbus papers closely and secured the Otterbein pictures they printed. The result was a paper which students and faculty applauded.

Assisting in the work have been Georgia Turner as copy editor, Dave Hartsook as sports editor, Jim Brown as circulation manager, Emmajane Hilliard as headline editor, Mary Workman as proof reader, Edgar Arndt and Bette Greene as art editors, Glenn Conrad and Chauncey Varner as exchange editors, and R. W. Gifford as special feature writer.

## **Publications Board**

"Guidance of the Tan and Cardinal" is the purpose of the Publications Board. It performs this function by meeting once or twice a year to select the editor, business manager, and circulation manager of the paper. The Board experienced more difficulties this year, however, as absences caused by the draft and war jobs forced it to choose a new editor and business manager at the beginning of the year and then to find another business manager twice.

According to Dr. Paul E. Pendleton, faculty advisor, members of the Board were chosen from the literary societies until about ten years ago when the student council first took over the authority by choosing them from the student body. Chairman of the body is Eldon Shauck, representative of the senior class. Other class representatives are junior, Glenn Conrad; sophomore, Irving M. Brown, and freshman, R. W. Gifford. A sixth, but inactive member of the Board is Prof. H. W. Troop.

#### TAN AND CARDINAL

Chauncey Varner, R. W. Gifford, Norman Dohn, Mildred Fisher, Malcolm Gressman, Mary Learish.

#### PUBLICATIONS BOARD

Glenn Conrad, Dr. Paul E. Pendelton, R. W. Gifford, Eldon Shauck, Irving M. Brown absent.

#### C.C.A. CABINET

Mary Jane Kline, Wayne Barr, Malcom Clippinger, Paul Reber, James Corbett, Professor J. S. Engle, Eldon Shauck, Reverend J. N. Boyer, Mrs. J. R. Howe, Almena Innerst, Professor E. M. Hursh.

#### LIFE WORK RECRUITS

Harold McBride, Wayne Barr, Edwin Fisher, Harold Lindquist, Anna Brooks, Frank Robinson, Danford Hays, Chauncey Varner, George Bishop, John Olexa, Lillian Warnick, Geraldine Spencer, Elizabeth Umstot, Betty Woodworth, Paul Reber, Professor J. S. Engle.

## Council of Christian Associations

The chief action of the Council of Christian Associations this year was to bring Dr. Bernard Clausen of Pittsburgh to the campus for Religion in Life Week. Securing religious speakers for Otterbein is part of the C. C. A. job.

Each year since 1939 the Council has prepared and conducted the budget drive for all the campus religious organizations. The general advantage of this procedure, as Dr. Howe points out annually, is that "We put all of our begs in one askit." The budget, which includes a Speaker's Fund, a Student World Friendship Fund, and a Religion in Life Week Fund, means that students will not be asked continually for religious donations.

The Council promoted a series of seminars, which were conducted by students in the homes of several professors. The meetings were called "From Oxford to Otterbein" and served to bring up questions about Christianity's relation to the community and the campus.

## Life Work Recruits

Two of the purposes of the Life Work Recruits are to discuss the problems which will be met by the Christian Workers of tomorrow and to share their Christian experiences. In going to neighboring churches to hold services, the Life Work Recruits gain actual experience and prove their organization is one of action as well as meditation.

Headed by Paul Reber, this organization which has a total membership of 23, meets on alternate Tuesday evenings in the Association Building. The group has heard one outside speaker, Father Julius of the St. Paul's Monastery. Professor Engle led another interesting and helpful discussion period as have several of the members. A deputation team headed by John Olexa has held several meetings in near-by churches. Other members of the team are Mabel Sizer, Marguerite Lightle, Harold McBride, Chauncey Varner, Frank Robinson, James McQuiston, and Paul Reber.

Other members of Life Work Recruits are: Betty Woodworth, Geraldine Spencer, Helen Ball, Edwin Fisher, Harry McFarland, Chester Turner, Harold Messmer, Anna Brooks, Pauline Guild, Elizabeth Umstot, Bill Burkhart, Lillian Warnick, George Bishop, Wayne Barr, and William Lewis.

## Phi Sigma Iota

One evening a group gathers at Dr. Rosselot's home. Phyllis Durst reads a paper she has written on "The Spanish and French Dance." The group is Phi Sigma Iota, and it is holding one of its monthly meetings. Phi Sigma Iota is Otterbein's chapter of the National Honorary Romance Language Fraternity, organized in 1933 to "foster interest in the romance languages."

Headed by Ruth Otsuki, the club meets at the home of either Dr. Rosselot or Prof. Mills. The May meeting is an open one to which everyone on the campus is invited. The June meeting takes the form of a formal dinner and the club elects its officers for the coming year.

Other officers of Phi Sigma Iota are Dr. Pierre Rosselot, vice-president; Prof. G. E. Mills, corresponding secretary, and Dorothy Armpriester, program chairman. The rest of the membership includes Prof. L. William Steck, Janet Scanland, Virginia Burgoyne, Constance Sapp, Glenn Conrad, and Russell Holtz. Only juniors and seniors with at least B grades are eligible for Phi Sigma Iota membership.

Dorothy Armpriester is in charge of the May meeting, and Reta LaVine is scheduled to read a paper.

Seated: Constance Sapp, Janet Scanland, Virginia Burgoyne, Reta LaVine, Ruth Otsuki, Phyllis Durst.

Standing: Dr. A. P. Rosselot, Prof. G. E. Mills, Prof. L. W. Steck, Glenn Conrad, Russell Holtz.

## International Relations Club

Though the country is at war, there is a group on the campus which is closely analyzing the post-war period to know what will be the consequences of the war. It is the International Relations Club. Already it has sent four delegates to the two-day conference at Oberlin to ask "After Victory, What?" Earlier, it sent Dick Hartzell and Jack Perry to Wooster for a conference on Pan-American relations. At its weekly meetings it probes the relations of the United States with all its neighboring countries.

Sometimes, at meeting time, it goes to Columbus and attends the Central Ohio meeting of the Foreign Policy Association.

The club is headed by Glenn Conrad and advised by Dr. Kenneth Bunce. Only loosely allied with other groups of the same name, its chief connection with them is through the Carnegie Foundation from which it receives numerous books, as well as each issue of the "Fortnightly Review of International Events."

Guest speakers help to enliven the International Relations discussions. This year the club heard Carol Widdoes, assistant football coach at Ohio State and former resident of the Philippines, and Mrs. Mary Lee, lifelong student of the Republican Party.

## **Education Club**

Just organized in the Spring of 1941, the Education Club, as a club, is the baby of the campus. Those students, who are members of the Education Department constitute its membership. The widening of the students' experiences in the education field is the main purpose of the organization. With this in mind, the club brings to the campus men who have attained prestige in education and who are equipped to share their experience with the club.

The organization of the group is unique. The Education Club Council, the governing body, is elected by the members of the club. This council elects its own chairman and secretary; it also names the president of the club, who may serve until the council wishes to elect a new one. Then too, neither the president nor the secretary has a vote. But the president, upon the consent of the council, is permitted to create any new offices.

Council members, who have served since the organization of the club include Russell Martin, James Corbett, Mary Lou Healy, Sara Brickner, Dorothy Arm-priester, and Richard Creamer. The chairman of the council is Mary Learish; Rita LaVine is secretary, and Eldon Shauck is president of the club.

## **Home Economics Club**

At the monthly meetings of the Home Economics Club, programs were centered around present day problems of health, clothing, and food. The first meetings were on health. At an open meeting for all girls, Dr. Edler talked about causes and ways of preventing minor diseases which are easily spread in dormitories and locker rooms. A Christmas basket of food, clothing, and toys was prepared and sent to one of the many needy Westerville families.

Other aid has been given the Red Cross by volunteer work of girls in office work, knitting, First Aid and other ways. Present-day consumer problems in foods and clothing were presented and discussed. The foods classes in collaboration with the club made a study of grade labeling of canned goods. Twelve new members were initiated into the club this year.

**Second Row:** John Bushong, Louise Hamilton, Howard Struble, Herbert Miller, Howard Moomaw, Janet Shipley.

## **Sigma Zeta Society**

This year's Sigma Zeta society will be remembered for planting a blue spruce tree on the front campus and for initiating a Sigma Zeta scholarship fund from which a prize to the most outstanding senior will be awarded each year.

Sigma Zeta is the National Honorary Science Fraternity. The Epsilon chapter in Otterbein was founded in 1929 and is one of 15 chapters, the others being active in colleges in surrounding states. Purpose of the organization is to encourage interest in science to supplement class-room study and to reward those juniors and seniors who are majoring in science and have attained a 3-point average in their major field.

The activities of the year include bi-weekly meetings at which talks on scientific topics are heard, an annual conclave in which members from all chapters take part, and a yearly farewell banquet for the senior members.

The officers are Master Scientist, Florence Emert; Vice Master Scientist, George Garrison; Recorder-Treasurer, Bill Morgan and Tom Gardener; and Program Chairman, Howard Altman. The other members of the club include Arthur Secrest, Andrew Woolley, Wayne Barr, Helen Boyer, William Burkhardt, Frances Garver, Raymond Jennings, Beverly Loesch, Betty Orr, John Perry, Constance Sapp, and Lillian Warnick. All the professors teaching science are active members of the organization.

## **McFadden Science Club**

One of the guest speakers before the McFadden Science Club this year was Gilbert McFadden, son of the man for whom the club was named in 1936. On the whole, however, the club members make their own speeches, each student giving at least one talk or demonstration a year on a scientific subject he is interested in.

Freshmen and sophomores make up most of the membership of the club, but juniors and seniors who are not in Sigma Zeta may also be members. Robert Kissling is president of McFadden Science Club; Henrietta Mayne, vice president; and Janet Shipley, secretary-treasurer. Professor J. M. McCloy is adviser.

## **The Concert Orchestra**

"We've made rapid progress," says Mrs. Mabel Dunn Hopkins about the concert orchestra. "It's gratifying to have an organization so responsive to dynamics."

When the orchestra accompanied Dan Harris in his Otterbein concert this year, admiration was widespread for the finesse with which the orchestra played. At that time it also played Wagner's "An Album Leaf" and Offenbach's Overture to "Orpheus in the Underworld," in the latter of which Jim Grabill is solo violinist.

There are twenty-seven members in the orchestra. They played for the Homecoming play, "Abie's Irish Rose," and presented their traditional pre-Christmas recital in Chapel. The month of May is full of activity for the orchestra. First comes Music Week and a program in Chapel, then a festival of Schubert music, and finally, the Grand Concert before Commencement Day. In this concert the senior members of the orchestra each present solos.

## **The Band**

In order to provide "as much free music at Otterbein as we possibly can," Professor L. L. Shackson and the college band made no charge for any of their programs on the campus this year. Their Winter Concert in March included, along with Wagner's "Homage March" and Dvorak's "Finale to the New York Symphony," several songs for the audience to sing. The band's most pleasant tradition has been the spring evening concert, on the lawn in front of the Ad Building.

The membership of the marching band is only slightly different from that of the concert band. The marchers provide plenty of pep for the football and basketball games. One of their innovations this year was a musical football play given during the half of the Fall Homecoming game. The marching band numbers forty, and the concert band, thirty.

## ORCHESTRA

**Rear Semi-Circle:** Muriel Winegardner, Mary Jane Kern, Mary Ariki, Mable Sizer, Joseph Dixon, Paul Swartz, Robert Burkhardt, Lee Franks, Mary Learish, Ellajean Frank, Malcom Clippinger, Richard Strang, Herman Brown, Paul Shartle, Francis Garver.

**Front Semi-Circle:** James Grabill, Helyn Boyer, Prof. Spessard, Anna Brooks, Prof. Shackson, Evangeline Stone, Robert Kissling.

*"The Capital game can't come too soon for  
me," said one of the football players . . .*

The call to Their Athletics takes strange forms. Dr. George McCracken answers the call by relaxing, but Les Mokry and Dusty Rhoads respond by saying, "Knuckles down!" The girls are majoring in Second Story Gymnastics.

THEIR ATHLETICS

## THEIR ATHLETICS

The parallel bars are designed to reveal unused muscles by making them ache, and most fellows are ready to crawl back into bed after a brisk morning workout on them. But with practice you, too, can do what Fred Good and Roy Metz are doing . . . "Poky" Bowman sinks one . . . the Alumni Gymnasium provides a beautiful background for tennis.

Mary Rankey scoots the wooden disc down the shuffleboard, while Jean Unger merely leans on her shuffle, bored . . . George Bishop knows he'll have to act fast, because Jerry Rone has just caught the handball sharply . . . the paddles are a little long and the ball is a golfball, but it represents ping pong, which is played in the Association Building most any afternoon.

There are no classes in boxing, but it provides good, if not fatal, afternoon sport . . . Irma sends the shuttlecock for a homerun, and Marty Hellman braces herself for a fast game of badminton . . . Peggy Barry, Carol Workman, and Lois Hickey make a lovely advertisement for the Emergency Council's exercise campaign (but they got off the bikes after the picture was taken!).

Archery is fun for the girls but perilous for birds, animals, and other humans . . . Dotty Ober appears to be aiming at one of the gymnasium windows, but in reality she is looking forward to Minerva Golf Course where the girls often go . . . a lot in bowling depends upon the follow-through, Jim Demorest will tell you. Girls go in for bowling, too, as the background shows.

## The Gridiron Season

Picking Heidelberg, one of the toughest teams in the Ohio conference, as their opening day foe, an inexperienced but scrappy Cardinal eleven showed considerable promise as they held the Student Princes to a 13-0 count.

The following week at Kenyon, the Birds continued to improve, but unfortunately met one of the strongest grid machines ever produced by the Gambier school, and lost a 12-7 decision on a muddy field. Vic Nolan scored the locals' lone touchdown when he lunged from the one-yard stripe after the ball had been put in scoring position by a spectacular pass from Roush to Eby.

A completely revived Otterbein eleven took the field at Oberlin and notched its first win of the season against a highly touted Yeoman contingent, 14-12. It was all Otterbein as Nolan again led the Cards' attack to score two six-pointers. Nimble-toed "Shu" Stine kicked both extra points. The game marked the second meeting in the grid history of the two schools and was the second Otterbein victory in that series.

Bluffton also fell victim to the Cardinal assault, 12-0. Battling evenly for three quarters, the Birds came to life in the final canto as Stine and Nolan came through with last minute scores.

The cheerleaders—Ray Brubaker, Jean Burkhart, Helen Jean Ricketts, Gerry MacDonald, and David Hartsook. This picture, taken at the Homecoming game, does not include cheerleaders Vivian Peterman and Virginia Andrus because there are not enough uniforms to go around. The group introduced several new cheers this year, including the popular "Chant." Though they are not sent to out-of-town games along with the band, three of them paid the expenses of a trip to Oberlin last fall and led cheers in that game. Otterbein won by a close score.

This is the highest scoring squad in the Ohio Conference in 1941. Back Row: Noel, Nolan, Papp, Robison, Ruyan, J. Brown, Longhenry, Gourley, Hodgden, I. Brown, Anness, Roush. Front Row: Broughman, Mehl, Bailey, Holford, Ernsberger, Cornell, Noll, Bean, Eby, Barr, Elliott, Hopper. Foreground: Stine, Coach Cox, Coach Selby.

Marietta's Pioneers furnished the Homecoming opposition and returned to their Ohio River haven soundly whipped, 41-0. In winning, Otterbein gained sweet revenge, since it was the first time in five years that the Cardinals had scored on a Marietta outfit. And it was also Otterbein's first triumph over the river-town team since 1933. The "big guns" for the day were Stine and Nolan, who recorded two touchdowns apiece. The game was played before a capacity throng, including Elmo Lingrel, 1941 Varsity "O" Alumnus.

Highlighting the season was the 26-6 drubbing of Capital at Westerville. The victory broke a Capital winning streak over the Birds which began in 1934, and also meant the return of the coveted Otterbein-Capital cup to Otterbein. The wily Cards held the upper hand throughout the contest, and it was not until late in the final quarter that a substitute Capital back nabbed the pigskin on a razzle-dazzle play to sprint 85 yards for a score.

A powerful Transylvania squad snapped the locals' winning streak at four games, as it slammed and slugged its way to a 33-13 decision.

The Cardinal gridders concluded their successful season with a 59-0 shellacking of a hapless Ashland eleven.

Second Row: Ray Mehl, Dean Elliott, Ed Roush, Joe Papp, Vic Nolan.

Third Row: Max Phillians, Warren Ernsberger, Francis Bailey, Bill Longhenry, Bill Barr.

Bottom Row: Bill Noll, Charles Hopper, Schuler Stine, John Ruyan, Les Mokry.

## The Squad

Nine of the 24-man roster which finished the season figured in the scoring. Vic Nolan, pile-driving sophomore fullback from Flushing led his teammates with 55; "Shu" Stine, 150-pound halfback was next with 36; followed by Jim Eby, end from Trotwood, and Joe Papp, former Dayton Kiser star, with 20 and 18 points respectively. Billy Noll, Hody Anness, Eddie Roush, and Warren Ernsberger all crossed the end stripe at least once.

Three boys were honored by the Associated Press. Nolan was named to the all-conference third team, and Eby and Papp were given honorable mention.

At the annual football banquet nineteen members of the squad were presented with letters: seniors, Noll and Cornell; juniors, Ernsberger, Holford, Mehl, Bailey, Eby and Papp; sophomores, Hopper, Elliott, Ruyan, Longhenry, Robison, Broughman, Barr, Stine, Roush, Anness, and Nolan.

Billy Noll and Bobby Cornell, veteran back and guard, were chosen unanimously as honorary co-captains by their teammates.

Five wins and three losses—that just about tells the story of the 1941 grid season, the best record turned in by a Cardinal eleven since 1931, and a record bettered only by the 1911 team which won six, tied one, and lost two.

Piling up a total of 172 points to their opponents' 76, the Cards became one of the leading high-scoring combinations of the state. In amassing these points they established several new records for themselves. They became the highest scoring Otterbein team of all time, the nearest approach being the 1893 squad which scored 168 points.

In Ohio Conference competition, the Cardinals posted a record of four wins and two defeats, scoring 147 markers for an average of 24 per game, while holding their opponents to a total of 43 and an average of 7 points a contest. In compiling these points Otterbein became the highest scoring team in the Ohio Conference, its nearest competitor being Bowling Green with 125 points on the ledger.

## Basketball

With but three lettermen returning to form a nucleus for the 1941-1942 cage squad, Coach Selby found a difficult problem facing him late last fall when he called the boys of the hardcourt to their initial practice. It was a trying task to fill the vacancies created by the graduation of such formidable shot-makers as Augspurger, Cover, and Rife.

However, despite a mid-season slump that cost them eight consecutive set-backs, the Cards wound up their 16 game campaign with a record of 11 lost and five won. Two of these victories were recorded over Ohio conference foes while 10 of the defeats were received in league competition.

The team scored a total of 689 points for a 43 point-per-game average against the opponent's 820 markers and a 51 point-per-game average. Twelve of the 13 man squad entered the scoring column. Heading the list of point-getters was Captain Dick Rule who amassed a 134 point total which gave him slightly more than eight points per contest. Dick's closest scoring threat was Jim Welbaum, sophomore sensation, who netted 105 points. Next in order of their scoring were Bob Raica, 98; Johnny Shiffler, 91; Smokey Williams, 64; Wally Ferrell, 54; Snuffy Adams, 50; Roy Broughman, 47; Phillians, 27; Anness, 4; Morris, 2; Barr, 2.

## The Hoopsters in Action

Otterbein's Cardinal cagers opened their 1941-42 campaign with an impressive 59-25 victory over Cedarville. Leading the Birds' scoring attack were the two diminutive guards, Bob Raica and Smokey Williams with 13 and 10 points, respectively.

The following week the Cards made their first foreign invasion of the season and suffered a 64-49 defeat at the hands of Wilmington. Again leading Otterbein's scoring parade was Bob Raica who flipped in a total of 13 markers. Lanky John Shiffler contributed 10 points to the Cardinal's cause.

During the Christmas holidays, Coach Selby and his boys travelled to Cleveland where they met a new foe in the form of Fenn College. The locals found little difficulty in subduing the Clevelanders as Dick Rule with 16 points and Johnny Shiffler with 13 markers led the Otters to a 56-34 win.

Lawrence Tech of Detroit offered the Flock their first opposition of the new year and handed them a 39-29 set-back. On the next night the Cards won their first conference victory by eking out a thrilling 43-41 decision over the Marietta Pioneers. Captain Dick Rule was the big gun for the victors as he dumped in 15 counters.

Following the Marietta tussle the Cardinals fell into the throes of a mid-season slump that resulted in eight consecutive reverses. The first of these defeats was a 73-47 lacing administered by Capital. Johnny Shiffler with 14 points was the only Card able to solve the Lutheran defense. The Capital loss was followed by a 67-26 walloping from Wooster, and a 56-33 decision to Denison.

During the semester vacation the Birds engaged Mt. Union, the Ohio Conference

champ. The Purple Raiders battered their way to 69-46 victory over the locals. It was in this game that Snuffy Adams became eligible for varsity competition.

The appearance of Adams in the lineup seemed to give the team new spirit. Although losing to Wittenberg 54-40, the Cards put up a commendable battle, holding the powerful Lutherans on even turns during the entire first half. Jimmy Welbaum hit his stride in this encounter and won a starting berth in all the remaining games.

The Winter Homecoming opponent was Denison. After staging a great second period rally, the Birds weakened and dropped a thrilling 43-39 count to the Big Red.

Likewise in their next encounter with Kenyon, the Flock held the Lords on equal terms throughout most of the fray only to have the Gambier school edge them 59-51. Snuffy Adams finally hit his stride as he chucked in 16 counters.

Playing a return game with Capital, the neighboring rivals again trounced the locals 59-47. Although losing, the Selbymen showed remarkable improvement over their first engagement with the Lutherans.

On Valentine's Day the boys at long last broke their dismal losing streak by virtue of their hair-raising 44-43 decision over Bowling Green for their second conference win.

The Cardinals continued on their winning ways the following week-end as they scored a 38-36 upset over the University of Louisville.

In their final clash of the season the Birds lost a heart-breaking 48-42 count to Muskingum.

Due to the lack of varisty material, Coach Harry Ewing looked forward to a dismal 1941 track season. However, many of the boys developed surprisingly and the Cardinal cindermen finished their schedule with wins over Kenyon, Wittenberg and a loss to Ohio Northern.

Opening the season at Gambier, the Ewingmen took a hard earned 67-64 decision from the Kenyon Lords. Highlighting the event was Dick Rule's record shattering 100-yard dash in 9.9. This broke the college's all-time record for the century run by one-tenth of a second.

Continuing on their winning ways, the thin clads presented a delightful May Day gift to the alumni in the form of a 74-54 upset win over Wittenberg's mighty Lutherans. However the following week the fast flying Cardinal express was derailed by a scrappy bunch of Ohio Northern athletes. The final count was 70-61.

Competing in a six-way event with five other Central Ohio colleges at Denison, Otterbein placed fourth, ahead of Capital and Kenyon, with 29½ points. Finishing in order above the locals were Muskingum, Denison and Wooster.

In the Ohio Conference meet at Wooster the Cards placed fifth, above 12 other schools. Paced by Dick Rule, who took firsts in the 100- and 200-yard runs, and Jim Eby, who placed second in the javelin throw, Otterbein totaled 14 markers for the most points that a local track squad has ever accumulated in the Ohio conference meet.

In use for the first time, the new Otterbein oval proved to be one of the best tracks in the state—Dick Rule, the Cardinal's diversified athlete, a consistent point-getter in the 100-and 200-yard sprints, and the broad and high jumps, accounted for more than 70 points—other stars of the squad were Johnny Stone, speedy 440-yard dash man and the mainstay on the mile relay—Harold Augspurger, high and broad jump performer—and Jerry Rife, diminutive pole vaulter. Jim Eby turned out to be the find of the year—having never hurled a javelin before the start of the season, the well-built Trotwood lad proved to be a steady point maker—he climaxed his performances by taking a second in the conference javelin throw.

With the fateful possibility that Dick Rule, Coach Ewing's pride and joy of cinder alley, will not be able to perform this season because of his working in a defense industry, Ewing is banking on numerous freshman material to round out his 1942 track contingent. The 1942 edition will face one of the toughest schedules ever provided a local group. The schedule calls for an opening engagement with Kenyon on April 22, followed by meets with Ohio Northern, Wittenberg, Baldwin-Wallace, and Capital, in addition to the two-day conference conclave at Oberlin.

## Track

Front Row: Dick Ziegler, Bill Noll, Jim Eby, Harold Augspurger, Gerry Rife, John Smith, Carl Alsberg, George Unterberger. Back Row: Bob Cornell, Warren Ernsberger, Bill Holford, Francis Bailey, Ray Mehl, Norm Dohn, Bill Johns, Coach Sam Selby.

Finishing the season with a record of six wins, seven defeats, and one tie, the Cardinal nine posted one of the best records that has ever been made by a local baseball outfit. Although weak in the fielding department, the Cardinal men of swat kept their team in the running as they batted the horse-hide at a .292 clip while the hurlers were holding the opposition to a .256 average. Boasting batting averages in the charmed .300 group were Warren Ernsberger, slugging back-stop star, who finished the season with a .388 mark; Jim Eby, classy shortstop, who led in the slugging with .396; and the co-captains of the squad, Augsie Augspurger, first base guardian, with .316; and Jerry Rife, who punched out a total of 22 hits in 62 times at bat for a .355 average.

Prospects for the 1942 season look bright. With several of last year's veterans back and a considerable number of sophomore hopefuls available, the Cardinals are looking forward to establishing as good a record, if not better, than the 1941 aggregation. Pitching seems to be the biggest problem confronting Coach Selby. All three of last year's starting moundmen, Dutch Alsberg, Bobby Cornell and Johnny Smith, are no longer in school. Two sophomores, Paul Ernsberger and Hody Anness, will be called upon to do most of the flinging.

The Selbymen will open their 14-game schedule at Oberlin on April 15. On the 21st, they will meet Denison in the first game to be played on the new Otterbein diamond.

## Baseball

## Tennis

Tennis, the weak sister among Otterbein's athletics for a number of years, showed signs of awakening during the 1941 season as the Cardinal netters rode to double victories over Wittenberg and Capital while losing to Denison and Muskingum twice and once to Wooster. The verdict over Capital marked the first time in two years that a local net squad had come out on top in intercollegiate competition.

Captaining the 1941 court squad was Paul Caris who did a commendable job of guiding his teammates as well as playing some mighty fine tennis himself. Other members of the team, Art Secrest, Dave Hartsook, Bob Raica, Dwight Spessard, Bucky Altman, Johnny Miller, and Paul Shartle, also did their share toward making the season a successful one.

Under the guidance of Coach James for the third year, this season's net crew looks favorable. However it will be difficult to fill the shoes of Paul Caris and Dwight Spessard who are no longer in school. With the exception of these two and "rookie" Johnny Paul Miller, the present outfit will include all of last year's men. Coach James and his boys face a ten-match schedule in addition to the conference meet at Oberlin. They will have done their first swinging on April 23, at Capital.

## Intramurals

### COUNTRY CLUB FOOTBALL TEAM

**First Row:** Raymond Brubaker, James Demorest, Floyd Moody.

**Second Row:** Allan Miltenberger, William Burk, Robert Raica, Robert Heffner, John Shiffler.

Country Club captured the touch football championship with a record of three wins, no losses, and one tie, edging Zeta Phi who finished with three wins and one defeat.

### SPHINX BOWLING TEAM

Howard Altman, Paul Gwinner, Arthur Secrest, Norman Meckstroth.

The Sphinx bowling team won the first interfraternity keggler's tournament sponsored by the college. This year, as defending champs, the same group captured the first round of play by winning 20 games while losing one. At the time of this writing the Sphinx are tied with Country Club in the second round of play to determine the 1941-1942 champ.

### ZETA PHI VOLLEYBALL TEAM

Francis Bailey, Fred Noel, Jack Stevens, Forrest Poling, Bill Barr.

Zeta Phi emerged victorious in the fraternity volleyball race, winning all of its scheduled games. Zeta Phi won first place in Prune League volleyball last year.

### COUNTRY CLUB BASKETBALL TEAM

George Bishop, Bud Kraner, Bill Holford, Ray Jennings, Ed Roush.

A six-man Country Club basketball squad annexed the 1942 inter-fraternity cage crown by sweeping through its five-game schedule undefeated. The Country Clubbers broke the all-time league scoring record of 72 markers by walloping Jonda 80-26 in the final fracas of the season.

## Women's Recreational Association

The Women's Recreational Association recreated on all athletic fronts this year. The W. R. A., which was founded fifteen years ago, is composed of all sorts of girls' athletic clubs.

There is the hockey club, of which Lois Carman is president. The hockey club experienced a none-too-brilliant season, but enjoyed its games with Ohio State and Ohio Wesleyan and ended the season with a banquet.

Then there is the table tennis club, composed of both fellows and girls. The members played all through the winter and spring.

The basketball season was a real success. Each class had a team, except the freshmen, who had two teams. The basketball season was closed with Winter Sports Day, when St. Mary's of the Springs and Ohio Wesleyan came and spent the afternoon playing basketball, table tennis, badminton, and volleyball.

The rest of the year held badminton, bowling, volleyball, softball, and tennis for the vigorous young ladies of W. R. A. At their annual spring picnic in May they may look back upon a year that has put them in good shape for the draft.

## Varsity "O"

Varsity "O" is a name that covers a multitude of activities. The Varsity "O" boys take charge of Scrap Day, choose the Winter Homecoming Princess, and serve in most of the jobs connected with all of Otterbein's athletic events. They arrange many homecoming activities and promote the intramural program of the school.

And this year they came up with a new stunt, the Athletic Carnival, in which the fellows boxed, wrestled, flipped flops, and even introduced a German band. Varsity "O" did not overlook its opportunity to serve in lighter recreation and sponsored a dance this spring at the armory, employing one Earl Hood, whose jive bids fair to keep anyone in condition for the draft.

Varsity "O" donated its president, Bill Noll, to the army, and Dick Rule has served in his stead. Bob Raica is secretary-treasurer, and Ray Mehl is sergeant-at-arms. Ten new members were inducted February 10.

There is no picture of the Sibyl staff. Newspapermen don't make news, and the Sibyl workers realize it. Those who spent their time in producing the annual did so without thinking they would receive public recognition or even a title on the staff. Nothing was promised them but the hearty thanks of the editor and the business manager, and it is a tribute to them that they worked so hard on that basis.

It is fitting at the end of the year when the real value of their work is known that they should be awarded honorary staff titles. In the editorial department there are three. For her art work and her great help in getting copy into shape, the title of assistant editor goes to Mickey Bright. The title of photograph editor is awarded to Evelyn McFeeley, who scheduled almost every picture in the book. And finally, the title of make-up editor is earned by Ruth Enright, who spent many afternoons preparing panels of photographs for the engraver.

Special thanks for many kinds of help are due Ruth Otsuki, Almena Innerst, Jean Unger, John Bushong, Marjorie Brown, Chauncey Varner, Carmen Slaughterbeck, and Gerry McDonald.

Two titles have been won in the business department: to Dorothy Markle as circulation manager and to Don King as advertising manager. The advertising staff includes Jean Burkhart, Bill Burkhart, George Metzger, and Orwen Jones. And the most important task of selling the Sibyl was done by John Olexa, Doris Jean Moomaw, Leora Ludwick, Wayne Barr, Sara Brickner, June Neilson, Dorothy Ober, Marguerite Lightle, Glenn Conrad, Harry France, Norman Dohn, and Richard Ziegler.

For the fine photography in this book greatest thanks are due Bill Freund of Columbus, who, as agent of the Pontiac Engraving Company, also guided the Sibyl through its production. Also helping in the photographic work have been Morehouse-Martens Company of Columbus, Clare Miller of Ohio State, Bob McLean, Don Fouts, Doris Jean Moomaw, and Johnny Bushong.

The Sibyl acknowledges, too, the fine services of the Pontiac Engraving Company, Chicago; of Judson Rinebold of the Gray Printing Company, Fostoria; and Bob Wilson of Kingskraft, Kingsport, Tenn., makers of the Sibyl covers.
