We welcome a newly organized Alumni Club in the Boston, Massachusetts, area. Plans are underway to organize other clubs throughout the nation.

Which leads us to comment that the primary objective for an alumni club is to promote, by organized effort, the best interests and prestige of Otterbein College. An alumni club is a working unit for organized effort on behalf of Otterbein in a particular community or area.

An outstanding alumni club must be built on strong leadership. Our hearty thanks to the many alumni who serve so effectively in the Alumni Association and local alumni clubs.

GUEST SPEAKERS FOR 1965 COMMENCEMENT

Dr. Bert D. Thomas, a scientist and research administrator, president of Battelle Memorial Institute, Columbus, Ohio, will deliver the Commencement address on Sunday, June 6.

He is a graduate of the University of Washington (B.S., 1929; PH.D., 1933) where he was awarded a DuPont Fellowship in chemistry. He joined the research staff of Battelle's Columbus, Ohio, Laboratories in 1934. He established and headed Battelle's first Division of Chemical Research in 1939, and aided in the establishment of Battelle research centers in Frankfurt, Germany, and Geneva, Switzerland, in the early 1950's.

Recognized as one of the country's authoritative spokesmen for scientific research, Dr. Thomas has been the active head of Battelle since 1956, and has carried important administrative responsibilities for most of his 30 years at the Institute.

Dr. Thomas was elected in 1964 to the Board of Trustees of Case Institute of Technology, and to the Board of Trustees of the Pacific Science Center Foundation, Seattle, Washington. In 1965, he was appointed chairman of the Science Advisory Committee of the Ohio Board of Regents. He is also vice chairman of the Board of Governors of Franklin University in Columbus. He is a member of numerous professional, cultural and civic groups.

Dr. David A. Waas, Otterbein's Academic Dean from 1960-64, and presently chairman of the Department of History and Social Studies at Manchester College, North Manchester, Indiana, will preach the baccalaureate sermon on Sunday, June 5 at 11:00 a.m. in Cowan Hall.

Prior to coming to Otterbein, he was assistant professor of history at Western State College, Gunnison, Colorado, for two years. He was graduated from Manchester College in 1947 and attended Bethany Seminary in Chicago. He received the Master's and Doctor's degrees from the University of Illinois.

He is a member of the American Historical Association, the Mississippi Valley Historical Association, and Phi Alpha Theta, national honorary history fraternity.

Business Manager Retires

Sanders A. Frye, Otterbein's first and only Business Manager since 1947, will retire July 1st.

Since joining the administrative staff, Mr. Frye has engineered more than a dozen major projects including the construction of Memorial Stadium, Barlow Dining Hall, Cowan Hall, Centennial Library, and Campus Center; the erection of Clements, Hanby and Mayne women's dormitories; five men's dormitories; addition and remodeling of Lambert Music Hall; pioneering a new Heating Plant; and erection of the Observatory and Planetarium.

At present, the Business Manager is responsible for the overall operation of the campus dining hall; maintenance and upkeep of all campus buildings; new campus construction; overall college financing, purchasing and supplies.

Known as an outstanding businessman, skilled engineer, and respected as an "idea man," Frye has been credited with saving the college thousands of dollars over the years through consolidation of programs, planning and foresight.

In addition to his many responsibilities on campus, he has served on the Westerville City Council; Westerville Charter Commission; and is currently a member of the Westerville Library Board.

Prior to coming to Otterbein, he was associated with the L.L. Le Veque Company, Columbus, Ohio, where he supervised and directed the construction of Olentangy Village.

Completes Doctorate

Mr. Arthur Motycka, assistant professor of Music at Otterbein, has completed all the work for the Doctor of Education degree at the University of Illinois. In his first year at Otterbein, he is Director of the College Band and the Symphony of Winds.

Left to right: Ernest G. Fritsche, Lawrence C. Jones and Emerson D. Bragg.

FOUNDERS' DAY

When the 118th anniversary of the founding of Otterbein was observed April 26, two Otterbein alumni and the guest speaker, received honorary doctor's degree. They were:

Emerson D. Bragg

The Minister of Parish Services, First Evangelical United Brethren Church, Dayton, Ohio, the Rev. Mr. Emerson D. Bragg, '26, received the honorary Doctor of Divinity degree.

He is a graduate of United Theological Seminary and received the Master of Arts degree at Miami University. Since 1941, he has served as Secretary of the Ohio Miami Conference of the Evangelical United Brethren Church. He serves as Secretary of the Board of Trustees of the Otterbein Home, Lebanon, Ohio, and is a former trustee of Otterbein College.

In 1958, and again in 1962, he served as the Recording Secretary of the General Conference of the E.U.B. Church.

Ernest G. Fritsche

A prominent Columbus, Ohio area businessman and home builder, Ernest G. Fritsche, x'38, received the honorary Doctor of Laws degree.

He organized the E. G. Fritsche Corporation in 1949, beginning a business of homebuilding and developing real estate. He has been a member of the U.S. Housing Study Delegation to the U.S.S.R.; presi-

dent of Associated Builders; a member of the Advisory Board to the Federal Housing Authority Commission; a Life Director of the National Association of Home Builders; and president and chairman of the Board of Citizens Research, Incorporated.

He has participated in many charitable, civic, and educational organizations. He is a past president of Big Brothers and general chairman of United Appeals in Columbus and Franklin County, Ohio.

Laurence C. Jones

The President of Piney Woods Country Life School, Piney Woods, Mississippi, and featured speaker at the Founder's Day program on April 26th, received the honorary Doctor of Laws degree.

Born in St. Joseph, Missouri, in 1884, he graduated from high school at Marshalltown, Iowa, and four years later, in 1907, from the State University of Iowa.

In 1909, he founded the Piney Woods Country Life School to educate negro boys and girls in a densely populated area in Mississippi. The school now has more than 1700 acres of land, dormitories, a \$100,000 library, cottages, beautiful camps and more than 400 students annually. During a half-century, he has helped thousands of forgotten, backwoods, young people become first class citizens by giving them a home, a new way of life and an education.

Miss Rheinheimer Retires

Miss Alice Rheinheimer, Director of Food Service at Otterbein since 1951, will retire July 1st. She came to Otterbein after six years with Greenfield-Mills Buffet in Columbus, Ohio.

In her fourteen years at Otterbein, she has seen the food service program grow from 14 to 53 employees and servings increased from 200 meals to over 900 meals at present.

A graduate of The Ohio State University, she is a native of Pennsylvania and received the Honorary Alumnus award in 1963 from the Otterbein Alumni Association.

Miss Rheinheimer plans to live in Bristol Village, Waverly, Ohio. The village, a project of the Ohio Church Residences, Inc., is designed especially for retired people and includes many homes that at one time were part of the atomic development industry at Waverly.

DINNERWARE

Gift of Anchor-Hocking

Anchor Hocking Glass Corporation of Lancaster, Ohio, presented Otterbein College with dinnerware and glassware for five hundred place settings in the new Campus Center Dining Hall.

This unusual gift resulted from The Newcomer Society in North America honoring the Anchor Hocking Glass Corporation at a dinner April 27 in the Columbus Plaza Hotel. For the event, Anchor Hocking supplied dinnerware and glassware and at the conclusion of the affair, planned to contribute the ware to a deserving organization.

An officer of the Newcomer Society suggested Otterbein College and the need for dinnerware in the new Campus Center. Mr. Sanders Frye, Business Manager, accepted the offer of Anchor Hocking dinnerware for banquets and special occasions. The Golden Shell dinnerware consists of over 7,000 pieces.

Historical Material Wanted

Professor Charles W. Dodrill of the Otterbein College Speech Department, is writing a history of

Front Row: left to right—Miatta Koroma, Sierra Leone, West Africa; Monica Fuentes, Peru, South America; Elke Lindner, Berlin, Germany; Annie Le Fevre, Sierra Leone, West Africa; Emma Broderick, Sierra Leone, West Africa.

Second Row: left to right—Frederick Noah, Sierra Leone, West Africa; Jean Michel Mertz, Strasbourg, Neudorf, France; Charles Challe, Sierra Leone, West Africa; Angelos Rizopoulos, Thessaloniki, Greece; Sonny Tucker, Sierra Leone, West Africa; Masaaki Tsuda, Tokyo, Japan.

Not pictured: Charles W. Baker, Canada; Patrick Chang, Formosa, China; Princess Caulker, Sierra Leone, West Africa; Nathaniel Yavana; Sierra Leone, West Africa; Krishan Kumar Kapoor, Delhi, India.

Foreign Students At Otterbein

There are 16 foreign students at Otterbein, representing the following countries: Africa, China, Japan, Greece, Holland, Germany, Peru, and Canada.

Three of these students are members of the graduating Class of 1965. They are: Miatta Koroma, Frederick Noah, and Nathaniel Yavana, all from Sierra Leone, West Africa.

The Strasburg, Ohio, E.U.B. Church, Rev. Howard Fox, '44, Pastor, has contributed \$1,000 a year during the past four years for the support of Miatta Koroma. The Pleasant Valley E.U.B. Church, Woodland Charge (Western Pennsylvania Conference), gave \$500 to help Princess Caulker, and Mr. Sanford Price, Woodville, Ohio, has helped many African students and gave \$901.74 this year to help Sonny Tucker of Africa.

If any church or individual would like to support a foreign student, in whole or in part, the college will be glad to supply information on the needs of particular students. Dr. Arthur L. Schultz is the adviser for foreign students.

Speech-Theatre at Otterbein. He is in need of materials relating to this topic.

Persons having material are urged to contact Mr. Dodrill in care of the college. He is particularly interested in materials prior to 1920 and in visual materials from 1920-1950.

One interesting discovery has already been made which gives Otterbein another first. Available evidence indicates that the first Shakespeare produced in an aca-

demic theatre in this country, was in 1875 at the University of Illinois. Program evidence in the Otterbein Historical Room reveals that the 1851 Annual Exhibition presented scenes from "The Merchant of Venice," thus making Otterbein first.

Several other potential firsts need additional material and research. Professor Dodrill would also like to obtain copies of any existent colloquies written in the 1850's.

Ways of Giving Through Life Insurance

In each issue of OTTERBEIN TOWERS some phase of estate planning is discussed. In this issue we discuss Life Insurance as a way of giving. Free booklets are available on any of the estate plans described.

WHY LIFE INSURANCE? — Persons with responsibilities for others are well advised to carry all the insurance they can afford. In their later years, however, many persons find that the need or contingency against which they had insured themselves earlier no longer exists. In such cases the insured may want to change the beneficiaries of their insurance.

Many people have wanted to help substantially a particular charity, such as a college, but have felt they could not spare the money from their current living budget.

Now that their insurance is not needed for the protection of others, they can accomplish their long-standing dream of making their favorite charity the beneficiary of their life insurance benefits.

Furthermore, the Federal Government encourages such giving and offers rewards to donors of insurance policies to charities by giving favorable tax considerations.

MAJOR BENEFITS — There are four major benefits in giving insurance policies to charities:

1. It satisfies the donor's desire to assist a worthwhile cause or charity.
2. It enables the donor to memorialize a loved one.
3. It increases his current spending money by decreasing current taxes.
4. It will decrease his ultimate estate tax off his top highest estate tax rate.

REVOCABLE BENEFICIARY — Occasionally a person is reluctant to name a charity as the beneficiary

of his insurance for fear that at some future date he, or his family, may need all his insurance. In such a case a man may protect his family by naming the charity as beneficiary on a "revocable" basis, meaning that he can change the beneficiary at any time he chooses.

The revocable arrangement gives no present tax benefit; however, if the charitable designation remains in effect until death, the proceeds will not be taxed in his estate.

THE IRREVOCABLE BENEFICIARY — Where a charity is made the irrevocable beneficiary of a policy there are three important tax benefits.

1. The cash surrender value of the policy may be considered as an income tax deduction in the year the transfer of beneficiary is made. If the amount is more than 30% of the donor's income, he may carry the balance over the next five years.
2. If the donor continues to pay the premiums on the policy, the full amount of the premiums is deductible for income tax purposes.
3. The amount of the insurance will not be a part of the estate of the donor, hence the estate will be smaller and the estate tax less.

NEW INSURANCE — New insurance, making a charity a beneficiary, may be purchased by anyone who can meet insurability requirements. Such a policy for \$100,000 was purchased recently by Miss Irene Hirsh with attendant tax benefits.

Use the form below to request any of the estate planning bulletins available from Otterbein College.

BEQUESTS

In recent months Otterbein received notice that three of her senior citizens had died and had left the College a share of their estates.

MANZELLA HORINE FINLEY, M'92, a retired music teacher of Bradford, Ohio, died on November 17th and left Otterbein \$1,000 in her will.

ORION L. SHANK, '95, of Germantown, Ohio, retired farmer and banker, died on March 26th and bequeathed Otterbein \$500.00.

FORREST B. BRYANT, '99, retired realtor of Kent, Ohio, died on April 19. Several years ago he gave Otterbein a two-family dwelling in Kent subject to a life interest in the property. At the time, the property was valued at \$14,625.00.

Otterbein appreciates the thoughtfulness of these alumni in sharing their estates with their alma mater.

Denton W. Elliott, '37

Denton W. Elliott, '37, is the Deputy Director of Chemical Sciences, Air Force Office of Scientific Research. He was appointed to the Chemistry Staff of the Office of Scientific Research in August, 1952, as a Research Administrator.

Today he shares responsibility in the Administrative and technical affairs of the Directorate of Chemical Sciences. These include planning, selection, and managing of a grant and contracts program in basic chemical research areas of interest to the long range mission of the Air Force, and involves interpreting chemical research accomplishments for maximum benefit to the Air Force of the future.

Denton Elliott is a native of central Ohio, a graduate of Canal Winchester High School and worked his way through Otterbein. While at Otterbein, he was a member of the basketball and baseball teams, participated in the dramatic and forensic societies, was president of the student council, president of the Junior class, and was selected in "Who's Who in American Colleges and Universities" as well as Outstanding Senior by Sigma Delta Phi Fraternity.

After graduation, he spent five years teaching science and coaching in Ohio High Schools. During the summer he took graduate work at Ohio State University, from which he received his Masters degree. During World War II, he served

S. Clark Lord, '39

S. Clark Lord, '39, is presently in the General Offices of the B. F. Goodrich Chemical Company, Cleveland, Ohio, as a Process Control Engineer in charge of manufacturing processes for rubber and rubber chemicals for the company.

A native of Middletown, Ohio, and graduate of the High School in that community, he entered Otterbein College in 1935 and was an active member of the student body and Pi Kappa Phi Fraternity.

In the summer of 1939, he began working at Armco Steel, Middletown, Ohio. After two years, he accepted employment with the Trojan Powder Company as a production supervisor at the Plum Brook Ordinance Works, Sandusky, Ohio.

Eighteen months later, he joined the Rubber Reserve program and was part of the start-up team of the Louisville, Kentucky, plant and then of the Port Neches, Texas, plant. After three years in Texas, he was reassigned to the Akron plant of the B.F. Goodrich Chemical Company.

Presently, Clark Lord lives in Akron and is a member of the First Evangelical United Brethren Church of Akron. He is also a member of the American Chemical Society, Summit County Historical Society, West Richfield Civil War Round Table, and past president of the Midwest Chapter of the National Railway Historical Society.

Earl R. Hoover, '26

Herman F. Lehman, '22

Howard A. Sporck, '34

James H. Williams, '44

Earl R. Hoover, '26

Judge Earl R. Hoover, '26, has been elected as an Alumni Trustee of Otterbein since 1935. He is now serving his 15th year on the Cuyahoga County, Ohio, Common Pleas Court.

A native of Dayton, Ohio, where he graduated from Steele High School, he is a graduate of Harvard Law School and received the honorary degrees of Doctor of Laws from Otterbein College and Salem College.

He served three years as Assistant Attorney General of Ohio; solicitor of Aurora, Ohio, two years; eighteen years in private practice and since 1950, as a Judge of Common Pleas in Cuyahoga County.

He is a member of Cleveland Kiwanis Club; Neighborhood Settlement Association; Citizens Bureau; Nationalities Services Center; Cleveland Church Federation; and Cleveland Roundtable of National Conference of Christians and Jews.

Judge Hoover serves on the boards of Greater Cleveland Council of Boy Scouts of America; Cleveland Law Library and City Club of Cleveland. He is a former president of the Otterbein Alumni Association. His wife is the former Alice Propst, '28.

Herman F. Lehman, '22

Herman F. Lehman, vice president of General Motors Corporation and general manager of Frigidaire Division, was born in Sidney, Ohio, graduated from Stivers High School in Dayton, Ohio, and majored in chemistry at Otterbein.

After three years as science teacher and athletic coach at Logan,

Ohio, he joined the Delco Light Company in 1925 and advanced to service manager. Five years later, he joined the Frigidaire Division in the same capacity and then became commercial sales manager. In 1943, he was selected as assistant general sales manager and was promoted to general sales manager in 1952, a position which he held until he became general manager July 1, 1956.

Active in civic affairs, Mr. Lehman is on the Board of Trustees of the Miami Valley Hospital, chairman of the Dayton Area Hospital Planning Board and a member of the board of the Cox Memorial Heart Institute. He is vice president of the Miami Valley Boy Scout Council, and a member of the board of directors of the Dayton Junior Achievement and Dayton Boys Club.

He serves as a member of the executive committee of the Board of Trustees of Otterbein College and chairman of the Development Fund Board. He is on the associate lay board of the University of Dayton and is on the board of the Ohio Foundation of Independent Colleges.

In addition, he is a member of the Rotary Club of Dayton, Engineers Club of Dayton, and several Masonic bodies. He is a member of the Council of the Lutheran Church of our Saviour in Oakwood, Ohio. He was awarded an honorary Doctor of Humanities degree by the University of Dayton and Doctor of Laws by Otterbein College.

Howard A. Sporck, '34

Dr. Howard A. Sporck, '34, is Chief of Staff of the Wellsburg Eye and Ear Hospital, Wellsburg, West Virginia. He is also Chief of the Eye, Ear, Nose and Throat Staff, Moundsville General Hospital, Moundsville, West Virginia.

He is a member of the Brooke County, West Virginia, School Board for the past seventeen years and President of the Board for ten years.

He is a member of Blendon Masonic Lodge #330, Westerville, Ohio, and the Scottish Rite and Osiris Shrine, Wheeling, West Virginia. He is a past Director of Wheeling Court #13, Royal Order of Jesters. He is also a member of the Williams Country Club and Ohio Valley Senior Golf Association.

Dr. Sporck is married to the former Edna Burdge, '34, and they have a son, Tom, currently a student at Otterbein.

James H. Williams, '44

Dr. James H. Williams, '44, was born and raised in Westerville. He graduated from Westerville High School in 1940 and Otterbein College in 1944. He received the M.D. degree from The Ohio State University in 1946 and the Master of Medical Science degree from that university in 1952 at the completion of residency training in Obstetrics and Gynecology.

After serving two years active duty as a captain in the Medical Corps of the United States Army, he returned to Columbus, Ohio, in 1954, and resumed the practice of

PROF. McCLOY IN THE SOUTH

Emeritus Professor James H. McCloy has been teaching this year at Friendship Junior College, Rock Hill, South Carolina. This is a negro school with an enrollment of 275.

The editor of TOWERS requested Professor McCloy to write about the school and his experiences as a member of the Faculty. His many former students will be glad to hear from their distinguished professor who taught physics at Otterbein from 1913-1960.

Professor McCloy writes:

"Friendship Junior College was founded in Rock Hill, South Carolina in 1891 as the Friendship Normal and Industrial Institute with instruction given largely on the elementary level.

In 1935, the school was recognized as Friendship Junior College and in a few years had eliminated everything except standard college subjects. The college gives training in Arts and Sciences, Business Administration and Religious Education. A student who completes any of the core programs is well prepared to enter a standard four-year college as a Junior.

The college is operated by a convention composed of seventy-two Baptist churches in Chester and York Counties, South Carolina. Contributions from the churches and student fees are the main source of income for the college. The General Board of the Baptist Denomination of South Carolina and the Home Mission Board of the Southern Baptist Convention contribute toward the support of the work in ministerial education and religious education. The college is approved by the State of South Carolina.

Personally, I am having a wonderful time, even though there is a lot of work involved. My effort is to give them the very best I have and I still feel that, in spite of my advanced years, I am getting some good results with these fine young folks. I like them very much and I know the affection is reciprocated.

I am proud to say that Otterbein, where I taught for nearly half a century, never closed the door to a negro applicant with proper qualifications.

Financially, the Friendship Junior College is having a struggle to make ends meet. Many things about the campus should be improved. They did receive a small grant from the National Science Foundation which they have to match dollar for dollar. Meanwhile, the second floor of the Recitation Hall is entirely unfinished and the Chemistry Department is on the second floor of a dilapidated building.

An addition was started several years ago to the Main building and the brick walls are about 12 feet high with no floor and no ceiling. Some day they hope to finish it.

The tuition is very low, \$80.00 a semester, plus the usual incidental fees which colleges collect at the time of registration. In spite of all this, there is a small group of dedicated teachers who are working hard to help these young folks to prepare for useful active life."

Medicine and teaching in the College of Medicine of The Ohio State University. Major interests in teaching and clinical research have been in genital cancer and perinatal mortality. This has resulted in publications in Medical Journals and participation in a number of organized Medical Education activities on regional and national levels.

Today, Dr. Williams is Associate Professor of Obstetrics and Gynecology and Assistant Dean, College of Medicine at Ohio State University. He is Chairman of the Admissions Committee of the College of Medicine and is responsible for student affairs, both academic and professional.

WINS U.S. GOODWILL HONOR

A 1964 graduate of Otterbein has added another honor to a remarkable list of achievements.

Miss Karla Hambel '64, was selected as National Goodwill Worker of 1965. The announcement was made by Goodwill Industries of America, Inc. a month after Miss Hambel was named Central Ohio winner.

Born armless with hands growing from her shoulders, Miss Hambel also has a deformed leg but learned to walk at the age of 11 after she was told by doctors it was impossible.

Her selection was made from more than 60,000 handicapped persons who are served annually by Goodwill Industries and branches throughout the United States.

Following graduation from Otterbein last year, Miss Hambel became associated with Goodwill Industries of Central Ohio as manager of the costume shop.

In January, she was transferred to the personnel department where she is in charge of interviewing and hiring.

Miss Hambel was in Washington, D.C., April 23 for a visit with national dignitaries and some sight-seeing. On June 25, she will be honored guest and receive a trophy at the annual awards dinner of Goodwill Industries of America, Inc., in St. Petersburg, Florida.
