Coach Ditmer is working in his fourth year at the task of putting Otterbein back on the football map. This year's team shows evidences of thorough ground work.

GLEN - LEE COAL COMPANY

Five months of coal and railroad strikes have crippled but cannot crush the coal industry. Agitators who cannot get coal for you seize upon the unhappy situation to make capital for the interest they serve. Car shortage and injured locomotives cannot be remedied by agitation.

We will take care of our customers at any cost.

VOTE REPUBLICAN TICKET

The Republican Party despite the demoralized conditions following the World War, cut a straight path to business revival and amity among nations. Even a five months strike of unparalleled severity has not been able to check prosperity. Ohio Republicans nominated a strong ticket in which every one can have pride. Make a touch down for your Party Nov. 7.

UNITED STATES POST OFFICE

Westerville, Ohio

Postmaster General Work by installing business management in the Department at Washington has discharged 740 employees and saved over \$1,000,000.00 thereby. His drastic handling of mail robbers has reduced that loss above \$5,000,000.00. The Solicitor of the Post Office Department convinced a four year contractor that it would be safer to write a new contract on a better business basis. This saved the taxpayers \$6,276,194.80. Public telephones are installed in office lobbies. World War Veterans have been given many privileges.

Mr. Work wants the government to own its own office buildings. We need one. Let us watch our step and make every move to the end of getting a post office building for Westerville.
