W. B. COCKRELL, CITY SOLICITOR

OCTOBER  
3, 1923.

Mr. Royal Cornell,  
281 South State Street,  
Westerville, Ohio.

Dear Mr. Cornell:

The following is a confirmation of the agreement relative to the right of way for the trunk sewer.

The Village will be liable for any and all damage that may be caused by the negligence of the contractor to not provide suitable fences about the trench during excavation. The contractor will use due precaution to keep the line fences closed at all times and to use only such portion of your property that is necessary to place the material.

The village agrees to place the contour of the course of the sewer in the same condition that it was before the work was started.

We will thank you to notify us at any time should the contractor fail to meet with your wishes.

Yours very truly,

  
City Manager.
