No. 7.

SCORES SUCCESS

Anthony Faulkner Blanks Adds Another Star to His Illustrious Crown.

Otterbein was given a rare opportunity to listen to a recital of the first order when Anthony Faulkner Blanks gave his original adaptation of Booth Tarkington's "Conquest of Canaan" in Lambert Hall last Friday evening. To you, who were not privileged to be there, we can extend only our sad regrets at your misfortune. Mr. Blanks presented his recital in a masterly fashion and at all times during the performance the interest was intense.

Who of us shall ever forget that first act? Shall we forget the first meeting of the "Conscript Fathers" in the "National House", Eugene Bantry's arrival in Canaan, or Judge Martin Pike's appearance on the same scene? Then there was Mamie Pike's *Ball with Ariel* Tabor's grief so well depicted and Joe Louden's discovery and escape to Beaver Beach where Mike Sheehan "fixed him up" with cider vinegar. Then followed the parting of Joe and Ariel. Who can forget the touchingness of that departure and Ariel's last whispered word, "Joe"?

The second act passed more rapidly. Joe went away for seven years and became a lawyer while Ariel, inheriting her uncle's wealth lived in Paris. One day Joe came back. How vividly we can recall the cool reception of his father, at the hotel, and at the "Toxin" office. We remember, too, how old Mike Sheehan received him, the celebration, the fight, and the notoriety Joe got as a result. Joe rented a small law office near the jail and set to work. He won case after case but was still depised at Canaan. One day Ariel Tabor came back. Joe met her at the station. The next day she came to see Joe at his office. She was suspicious of the way Judge Pike was handling her money.

(Continued on page seven.)

WEINLAND SPEAKS

Professor L. A. Weinland Continues the Series of Chapel Talks on Otterbein Spirit.

Friday Morning the series of talks we have been having on the spirit of Otterbein was ably continued when Professor L. A. Weinland gave an excellent address on the "religious spirit." Otterbein's initial equipment was very meagre but it was offset by the deep faith and consecration of its founders. The religious and scholastic spirit has always been linked together as may be seen in many articles published in the Religious Telescope some years ago.

The school has not deviated from its original purpose. It was not founded to train ministers, for at that time there was great opposition to an educated clergy. The first purpose of the founding of Otterbein was to train workers for greater work and to educate young people under a religious influence in order that they might be more useful as citizens and as members of the Church.

The religious tone of the student body has always been high. Many of the students are engaged in Christian work and there are many Christian organizations. Our local Young Men's Christian Association has always stood out prominently among the college associations. Our Young Women's Christian Association was the first in the state of Ohio and the fourth in the United States. In 1892 our present association building was built as a result of a Y. M. C. A. Conference held here. Otterbein has twenty-seven graduates and nineteen ex-students in the foreign field doing active work. She has also turned out hundreds of laymen who are taking their stand in the Christian work. Otterbein's religious spirit has thus been propagated and extended and has met with success everywhere not only here at home but also in the foreign field.

LAMBERT VISITS

Mr. G. A. Lambert of Anderson, Indiana Speaks in Chapel Wednesday Morning.

The Otterbein student body was highly honored on Wednesday morning when Mr. G. A. Lambert attended the chapel exercises and favored them with a few remarks. Mr. Lambert is very much thought of and respected at Otterbein because of his deep interest in the institution. He is the president of the Board of Trustees of the University and was the donor of Lambert Hall, our modernly equipped music and art conservatory.

Mr. Lambert's remarks in brief were these. We are all here for one purpose, namely to make good. It should be our constant aim to be working all the time. Many have longed for the opportunity that we have in being able to get a college education but it never came to them. We are more fortunate than they and it is up to us to do our best. Our motto should be to work and work. Then when we get out in the world we will be able to do something. We will be capable men and women and will be able to do whatever falls to our lot.

Camera Club Is Success.

A preliminary meeting of the Camera Club was held last week and the nature of the work for the year was outlined. Two professors gave their names as desirous of becoming members and quite a number of students both boys and girls were present. Since that time over twenty students who were not able to be at the meeting have shown their interest by desiring to become members.

Wednesday evening at seven o'clock the first regular meeting of the club will be held, the place being announced later. Mr. Keefer, of the Orr & Keefer Studio of Columbus has been secured to give the first talk on the "Value of Camera Club to Students." (Continued on page seven.)

EFFORT MADE

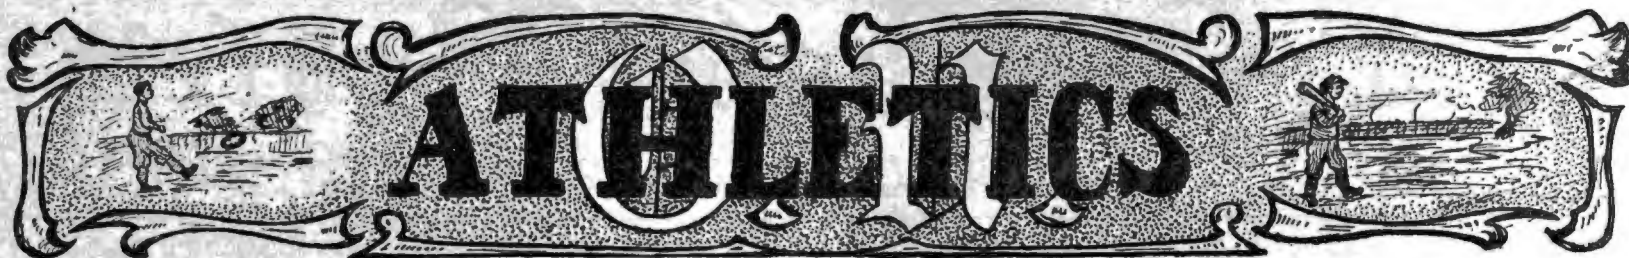

Doctor S. S. Hough Leads in United Movement for New Church Building.

The coming of Christ in a Church means expansion and an enlargement in our lives. Christ brings into our lives the facility for right doing. To become a Christian means an enrichment in one's life. Christ has one message, that of larger growth in all kinds of work. He has to intercede with us sometimes to get us to receive the larger blessings he has in store for us. God fills the realm of our faith, which is all he can give us, but he can do mighty things with our lives if we only give him the chance.

The Church in America and all over the protestant world is at a crisis right now. We have come to a time when those who have the gospel must stand out as leaders in taking it to those who do not have it. God is challenging the whole world and his spirit is moving in our midst. This was shown in the mighty movement begun in the General Conference.

The situation has reached a crisis at Westerville also. The time has come when a Church home is necessary. For many years we have been building houses for ourselves and yet have not built one to God. We must provide more means of religious instruction in the Church. The chapel is not adequate for all the religious training. Westerville is the religious and educational center of the United Brethren Church. The colleges of the Church and the seminary must catch the spirit of this united wave of education. We must have team work in all departments. We are face to face with the opportunity. We have been wonderfully blessed and a new Church home is needed, so let us honor God by building for Him a house of worship. The pledges were begun with a pledge of three thousand dollars. (Continued on page six.)

"W H I P O. N. U."

OHIO LOSES

Otterbein Wins From Ohio in a Fast Game on the Home Field.

The Tan and Cardinal in a strong and consistent game beat Ohio University on the Otterbein Field last Saturday 27 to 0. Otterbein put up a hard game throughout and only once was her goal in any danger. This was in the second quarter when Ohio by a series of gains and aided greatly by penalties marched up the field to the 15 yard line where they lost the ball on a pass. The rest of the game the home team gained at will and had things their way.

Watts starred, being the best ground gainer and making all four touch downs. The entire team showed excellent team work and spirit, fighting to the very limit for victory.

Campbell kicked off to Russell who returned about 15 yards. Bucks by Lingrel, Daub and Learish took the ball to the line, when Watts scored after 4 minutes of play. Campbell kicked a goal. Campbell kicked off. Ohio held and punted to Watts, who returned 30 yards. Otterbein's passes failed. Hurdling cost O U. 15 yards and the ball. Ohio fumbled and Otterbein recovered. Learish, Daub and Watts carried the ball down the field but H. Eccles intercepted a pass. Ohio was held and punted to Watts. Otterbein lost the ball on a pass in mid field. Play remained about even when Otterbein was penalized 5 yards for hurdling and lost the ball on a fumble. Ohio's pass failed and she was forced to punt to Watts. Ohio was penalized 15 yards for holding. Lingrel made a 50 yard run through the line and Watts scored. Campbell kicked goal.

Campbell kicked off to Miller who made a touch back. Ohio put the ball in play on her 20 yard line. Ohio showed form and

made first down and then by passes and runs carried the ball to Otterbein's 15 yard line. Miller's pass to Ott behind the line failed and thereby lost their only chance to score. During the streak of Ohio's play Bailey was put out of the game for roughing it and Otterbein was penalized 18 yards. Otterbein took the ball and carried 30 yards when penalized 15 yards for holding. Wilson intercepted a pass and Ohio was held to small gains. Otterbein intercepted pass and on first play was penalized for off side play. Ohio held and half ended with Ohio holding the ball in the center of the field. In this second quarter Ohio showed her only form and real foot ball, but were unable to score.

Zuerner replaced Daub and made good gains. Watts also proved a ground gainer. Otterbein received another penalty of 15 yards for holding. Watts made a 30 yard run for a touchdown. Campbell kicked goal. Ohio was unable to stop Otterbein's attack. Zuerner again made long gains and Watts carried the ball to Ohio's 5 yard line. Ohio took the ball on a fumble and punted to Watts. Otterbein was penalized 5 yards for off side play. Watts, Zuerner and Lingrel carried the ball down the field and Watts scored. No goal. Campbell kicked off and made another touch back. Ohio's ball on her 20 yard line. Ohio punted to Watts. Otterbein was again penalized for being off side. Otterbein held the ball on Ohio's 40 yard line.

Seneff replaced Walters. Ohio took the ball on a pass and Seneff nailed him in his tracks. Bronson broke away for 25 yards and Ohio was penalized 5 yards for off side play. Watts was forced to retire and Bronson went to quarter. Neally went to left half for Lingrel and Seneff to end and Walters went back in

guard. Bronson showed good and passed well to Learish. Bronson put out for roughing it and Otterbein was penalized 44 yards. Daub went to quarter and Garver to right half. Ohio completed 2 passes and a few gains when play ended with ball on her 30 yard line.

SUMMARY AND LINE-UP

OTTERBEIN 27		OHIO 0
Campbell	L. E.	Schaffler
Bailey	L. T.	Russell
Walters	L. G.	Goddard
Weimer	C.	C. Eccles
Herrick	R. G.	Corner
Elliott	R. T.	Hastings
Bronson	R. E.	Ott
Lingrel	L. H.	McReynolds
Daub	R. H.	Wilson
Learish (C)	F.	H Eccles
Watts	Q.	Miller

Substitutions—Hart for Goddard, Counsellor for Bailey, Zuerner for Daub, Seneff for Walters, Bronson for Watts, Gardner for Russell, Neally for Lingrel, Daub for Bronson, Garver for Zuerner.

Touchdowns—Watts 4. Goals kicked—Campbell 3. Referee—Hamm of Kenyon. Umpire—Powell of Ohio State. Head linesman—Gammill of Otterbein. Time of quarters—12 and 15 minutes.

ANOTHER RALLY HELD

Much Enthusiasm is Shown at Athletic Rally.

At 8 o'clock last Thursday evening the Third Big Athletic Rally was held. Professors Weiland and Rosselot gave excellent speeches in behalf of the spirit for the Ohio game. Members of the team who had not previously appeared before the students with a speech responded to the request of President Shutz. Among this number was Watts, Herrick, Lingrel, Weimer, Elliott and Ramey Huber. The ladies of Cochran Hall showed great enthusiasm and spirited talks were given by Misses Jamison, Roth, Van Buskirk and Cook. Now and then during the entire program Kline led the followers of the Tan and Cardinal in rousing good cheering. Coach Martin spoke of the second team and of their game against Mt. Gilead on Saturday. Everyone was interested beyond measure and made victory look like a certainty for the remainder of the season.

SECONDS LOSE

Seconds Defeated by Mt. Gilead on a Very Muddy Field.

On last Saturday the second team journeyed to Mt. Gilead and in a poor game lost 12 to 0. The Gileadites were fairly fast and played good football. Otterbein was strong on the defense but no one of the backs was able to gain consistently enough to score. The line was strong and Mt. Gilead was unable to gain through it. For four consecutive downs Mt. Gilead was held within one yard of the goal when each time they made strong attacks on the Tan and Cardinal line.

Mt. Gilead scored first in the initial period when their quarter back made a wide end run for about 20 yards. While attempting to put the ball between the standards the man was tackled by Capt. Huber. He objected to this and it became necessary to apply physical force to make the rules plain. Their other score came in the third period when a Gileadite recovered the ball on a fluke punt and ran 30 yards for a score.

The seconds showed that they had the ability but not the experience and team work necessary for a winner. Had the backfield been able to get together and run a strong interference there would have been little trouble in scoring and running up a good count against Mt. Gilead. Their ends were strong and broke up run after run. Their line was bucked for good gains.

The defeat put fight and blood into the seconds and the next week will be one of hard work. They are determined to beat the Deaf Mutes when they play them here at Westerville on either Friday or Saturday afternoon of this week. Everyone come out and support them with a large rooting squad and good yells.

OHIO 0 ————— OTTERBEIN 27

Forward Passes.

Watts was the star of Saturday's game. He was the best and most consistent ground gainer and scored 4 touchdowns.

Weimer played a good game at center. He did Gayer's, Kenyon's All-State Center, stunt of diving over the line numerous times to good advantage.

Lingrel played a great game, his plunges and runs were good for long distances. On one occasion he made 50 yards straight through Ohio's line.

The referee was the best ground gainer for Ohio. Most of Otterbein's penalties were for off side play.

Daub put up a strong game at half and showed his old form as a quarter back.

Watts handled punts nicely. He received and ran all back for good gains.

The entire line played an exceptionally good game. They came around and ran strong interference, the strongest seen here yet this season.

Zuerner, played his first varsity football and did excellent work, tearing off for long gains on several occasions.

Otterbein was penalized for a total of 143 yards. Had the game been close and hard they might have cost the game.

Captain Plott was greatly missed in the game but Learish proved a worthy substitute. He plunged through the line often for gains and formed a strong secondary defense.

Elliott played his best game of the season in tackle. He was in the game up to the limit and broke things up in great fashion.

Ohio was strong in breaking up passes. Otterbein's attempts in that style of play failed time after time.

The lake on the Mt. Gilead field dampened the ardor of the seconds.

Of our four opponents yet on the schedule, Ohio Northern was the only one who won in last Saturday's contests.

The cheering was much better in the Ohio game than that in the Antioch game. The Rally had a

good effect on the Otterbein spirit.

Next Saturday Otterbein plays Ohio Northern at Ada. We must win this game. It will be a hard game, but we can carry away the victory.

Coach Martin was well pleased with the showing made by his team in the Ohio game, but expects much more when they play Ohio Northern next week.

The Seconds will play the Deaf Mutes here at Westerville on Friday or Saturday. Watch for the game and show your hearty support of these men.

Heltman Ill.

Professor Harry J. Heltman, the former Otterbein professor of public speaking, has been very ill of appendicitis in a homeopathic hospital in Buffalo. He was operated upon last Saturday but failed to come out of the ordeal in a satisfactory manner. His home since leaving Westerville has been in Confer, New York. More recent reports state that his condition is improving and his quick recovery is much hoped for by his friends.

'89. Miss Cora Frazier was injured Sunday morning in an automobile accident at Los Angeles, Cal. and died Sunday evening. Her mother and sister, Mrs. W. W. Moses, are residents of Westerville. She was a teacher in the public schools of Los Angeles.

West Virginia.—West Virginia University has completely reorganized its equipment. Several thousand dollars has been spent by the state on the laboratories. As a result courses equal to those of the better medical colleges will be offered.

Chicago.—A court composed of six men and six women, has been suggested to try members guilty of violations of the honor code. Penalties range from reprimanding to expulsion if the misdemeanor is repeated twice.

A comparison of 625 star athletes of the Naval Academy with 580 non-athletes, in both cases from the classes of 1892-1911 shows that apparently the non-athletes are in better physical conditions than the athletes.—Ex.

Are Very Popular.

The students have long sought for something to relieve the monotony of the regular chapel exercises. Last year a series of medical lectures was introduced and proved to be very helpful and was looked forward to by the students. This year a series of lectures on "The Spirit of Otterbein" has been started and is liked very much by the students. The lectures are very instructive, giving much. The lectures are very instructive, giving us information concerning our college that we knew nothing about.

This series will soon end and we will have to go back to the old monotony of the regular chapel exercises every morning. The students are of one opinion that they would rather have another series of lectures, on some subject which would interest the whole student body.

Shall We Drop It?

It has been the custom at Otterbein to get all the classes together on halloween night for a masquerade "push" at the association building. This has always been a very popular affair and has been enjoyed by all. This year there has been some rumor that this custom would be dropped, in fact one class voted to drop the matter. No reason

was given nor was a substitute provided. The school already has too few social functions that all may attend. A good spirit is always shown on these occasions, in fact they help to build up a good spirit. If this old custom is to be dropped, what will be substituted that all might attend?

Good Spirit.

Otterbein is surely showing the best of spirit this year. All of the organizations are working together toward one end, a greater Otterbein. The Athletics of the school have received the hearty support of everyone connected with the school in any way, and we have had a fairly good team as a result. The debates and oratorical contests have not had the most hearty support from the whole student body, but this year things are starting out fine, and Otterbein will surely have a very successful season on the forensic platform.

Debates as a usual thing are somewhat dry to the average student, and he does not care to sit for two hours and listen to something which he is not interested in or probably knows very little about. Through the good spirit of the other organizations of the school this feature of dryness to the uninterested will be removed.

The organizations have started on the principle that whatever is a college affair should be supported by all of the students, so this year when there is a debate the college orchestra will play and the glee club will sing, thus making the affair a very interesting one.

A Good Thing.

A new precedent has been started at Otterbein this year which is a very good thing, and bids fair to become very popular. This is the combination rally and rooting practice held in the chapel sometime before the game. It is held at the end of the week so that it does not take very much time away from studies, and it gives the students a chance to get together for a jolly good time, and at the same time brings them together that our squad of rooters may have a chance to practice and become more efficient. Otterbein has long been noted as a school which had a rooting squad that could drown a squad twice its size.

This is a good thing and is well started. Let us all get behind it and push. It will help our athletics.

Some people have a misconception as to the purpose of this paper. Our purpose is to set forth the opinions of the students.

CLUB TALK

Is It Right.

Editor Otterbein Review:

Much has been said, both last year and this, concerning the system of selling the tickets for the lecture course. We feel justly proud of the course which is offered, as it is always a very good one, and helps to break the monotony of the long winter months. But the crowds are always good and the management can afford to get good numbers, so that we do not feel that we are being given anything, and therefore have the right to criticize the management.

The system of selling seats is one that belongs back in medieval times. There is all the chance for graft and many times ticket sellers are accused of selling to their friends before the sale of tickets is made public.

The question has been asked many times, who belongs to the Citizens Lecture Course Committee and who is getting the benefit of this money? If this course is being run by some one outside the school, it is time some of the student organizations take over the proposition and get a little benefit out of it. The system of management would certainly be a little more up-to-date.

"An Old Student."

Good Resolutions.

I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare;
I would be a friend of all—the foe—the friendless;
I would be giving; and forget the gift;
I would be humble, for I know my weakness;
I would look up—and laugh—and love—and lift.

—Howard Arnold Walter.

The Premier Display of Young Men's Suits and Overcoats

JUDGED from any angle, you'll find this store—The Union—a true exponent of progressive principles in merchandising. It's our policy to give the greatest clothing values; to sell the best clothes.

Thousands of garments are ready for your choosing. Unusual opportunities for the man who spends as little as \$15.00 or as much as \$50.00 and \$60.00.

Get the facts at first-hand. Come in and let us show you.

The Most Remarkable Values at
\$20.00

The Suits are hand-tailored through and through from pure worsteds, Scotches, hairlines, serges, etc., with all the niceties of fit and fashion of the most expensive "to order" garments. Our guarantee of absolute satisfaction or new Suit free or money back, proves our claim of unusual value, \$20.

The Overcoats embrace every new type of fashion. The trusty chinchillas with shawl collars, Shetlands and Scotches, both in plain and belted models, not forgetting the always popular Chesterfields. Know what you're getting. There's no mistaking the savings these Coats represent at \$20.

Mrs. Doctor Miller Leads a Very Successful Rally.

Mrs. Doctor Miller gave a very interesting address to the members and friends of the Young Women's Christian Association at the annual finance rally Tuesday evening. Many interesting remarks were made concerning the store house of our lives. It was acknowledged that we as college girls are spenders rather than earners of money, yet each one of us has a certain portion which we can spend at will. Oftentimes we spend for very unnecessary things. We could save a great amount if we would deprive ourselves of a few worldly possessions now and then. We ought to think less of worldly possessions and more concerning heavenly treasures. Sometimes this seems a very hard thing to do but various plans to save money for God's work, have been tried and have proved very successful and beneficial to the one who tried them.

The saying is that where the treasure is the heart will be. We can illustrate this statement in our college life by a very practical example. Our favorite subject may be considered the treasure, for we spend more time, are more interested, and have more patience with it than with any other one thing. If we are specializing along this line we can say that our heart is truly in this subject.

In spiritual life, if the heart be true and good the treasure must be true and good also. God can do without money but he cannot do without our lives. Our hearts must be true and good. If we are Christians we will plan to give and give freely for the purpose of extending God's kingdom in the salvation of souls of men.

Y. M. C. A.

"How to Become a Millionaire" Presented in an Interesting Manner.

Mr. W. O. Briner talked on the unique subject, "How to become a millionaire" in an interesting meeting of the Young Men's Christian Association last Thursday evening. The best way to make a success of life is to do the things that everyone else can do

but we should be sure we do them. Most of us are capable of doing many things but we never get them done for we never try them.

Speaking of millionaires, our minds naturally turn to the business world. One of the most appealing business propositions to a college man is that of canvassing. Some men think that this is below their dignity but it should not be. Canvassing deals with one of the world's greatest business problems, that of distribution. It is a problem not only in business but in immigration, in religion, and in missions. Canvassing is a dignified occupation and has many advantages. One has the opportunity to see many and all sides of human nature, for the "agent", as the canvasser is called, is not treated in all homes with the same respect that the casual visitor, the parson, or the school teacher calls forth.

Contrary to the common thought it does not take any so-called "brass" to be a canvasser. The most timid men make excellent salesmen. The characteristics of a true salesman are honesty, sincerity, industry, open-mindedness and enthusiasm for the work. The principles of salesmanship are handy in all walks of later life.

We may not all be millionaires in a financial sense but there are a million other things that we can be millionaires in. We may be millionaires in noble thoughts for our thinking determines our living. Our lives are not what they seem to be on the outside. We should try to help our fellow men and reproduce our lives in the lives of others. We can do a million good deeds. We can support the universal brotherhood of man idea. We can make some one else happy by exhibiting a kindly spirit towards them. We can live in God's love, remembering our fellow creatures, and thus become heirs to God's millions, in love, in deeds, in blessings, and in eternal life.

Reserve.—Case authorities are now considering the proposition made by Reserve to combine the athletics of the two school into one organization to be known as the Cleveland University Athletic Association. The proposed union of the athletics is thought to be a fore-runner of complete union of the two schools.

The Twentieth Century's Aloe.

(J. S. Engle, '14.)

(Continued from last week.)

In Germany, in France, in England, in our own country, the people are awakening to the fact that they are the ones whose homes are mortgaged to pay for battleships and cannon, that they are the ones whose lives are sacrificed on the altars of war. They are asking each other why every year eleven thousand million dollars are spent for armies and navies, and five million men are kept from farms and factories, and offices and homes, to be thrown down the cavernous throat of this modern Melech. They see that throughout the past they have been thus exploited, they see that the glory and honor of the battle field is a false glamour thrown as a cloak over brutal rapine and murder by those who would profit from it; and seeing this, the fire of an insulted manhood surges through their veins, and with firm set countenance they face the future, knowing that at last they hold the policies of governments in their grasp.

Inspired by this new social consciousness there comes a realization that

"Where'er a human heart doth wear

Joy's myrtle wreaths, or sorrow's gyves,

Where'er a human spirit strives
After a life more true and fair,
There is the true man's birthplace grand

His is a world wide Fatherland."

And as the spirit of world wide fellowship expands, so everywhere is increased that determined opposition to military despotism; an opposition that is penetrating into the very stronghold of the War God, where shall arise conflict that shall never end until the citadel shall fall, and from the highest tower of the temple of War shall be far flung the dazzling banner of universal Peace.

EFFORTS MADE.

Ask Ermal concerning ten minutes of one.

Frances White entertained on Saturday evening as the result of a box which she received from home. Turkish sweets and Wisconsin's luxuries were thoroughly enjoyed by all those present.

Those visiting for Sunday dinner were Lelo Shaw, Hazel Alton, Alonzo Schwartz of Ohio State, and Harry Richer.

Mademoiselle Lucienne Huntwork solicits your patronage. All the latest styles in hair dressing. Hours 6 to 10 p. m., Thursday afternoons from 3 to 5 and Sundays all day.

Miss Lenore Beard of Dayton, Ohio, is visiting her cousin Hazel Beard.

Famous Band Coming.

One of the principal reasons why the United States Marine Band is the greatest band in the world is that there are few changes in its personnel. Some of its members have been with it from twenty to thirty years. Fully one-half of its membership has been retained without change for more than fifteen years. The full membership of the Band is twenty-three.

The examination of applicants for membership in the band is of the most rigid character and none but the most accomplished musicians are ever accepted. The band instruments are the very best that money can buy, for "Uncle Sam" is not stingy in equipping his "Pet" musical organization.

This band, the people of Westerville will have the privilege of hearing at Memorial Hall, Columbus, Nov. 5.

The Seconds are all putting up some game. Every man on the team played great ball against Mt. Gilead.

SCORES SUCCESS.

(Continued from page one.)

The climax came with the third act. Here Mr. Blanks was at his best in character portrayal. The case against Happy Fear, Joe's going away, the meeting of Judge Martin Pike and Ariel Tabor at her home, the chase of Joe's dog, "Spot", and Joe's return were all vividly brought out. The last meeting of the "Conscript Fathers" and the death of Eskew App was depicted with such a wonderful reality and pathos that the audience was held spellbound. The trial of Happy Fear closed the recital. The contrast between Joe Loudon's plea for the prisoner and the blustering argument of the prosecution was marvelous. The return of the jury with the verdict, not guilty, marked a fitting close, for Joe Loudon had conquered Canaan.

After the first act, Mr. Paul B. Parks, of Ohio Wesleyan, accompanied by Professor G. G. Grabill rendered in an excellent manner a vocal solo, "The Last Leaf"—Homer.

IT STRIKES US.

That the football rally brought results.

That you missed a treat if you missed the recital.

That according to the dopesters, we are slated for another win, Saturday.

That the seconds had a little hard luck.

That someone might donate a new walk along the parsonage grounds.

That, at present writing, the halloween party looks rather vague.

That the girls missed the quiet hour so much on Sunday.

That you'll act wisely if you take advantage of the coupon in this paper.

That the increase in board bills will make checks from home more frequent.

That there ought to be thirty men on our debating squad.

Camera Club Is Success.

(Continued from page one.)

dents." He was president of a large club, of over a hundred members, in Columbus and so a rare treat will be given to the students who come out to hear him. Later lectures will be given on the following subjects, "The Camera" all standard makes of cameras will be discussed and how to use them. "The Chemistry of Photography," "Tank Development vs. Dark Room Development of Films," "Making of Prints," "Intensifying and Reduction of Films as an aid to good pictures; "Flash Lights," and many other subjects which cannot be here enumerated. Prominent men in photography will be secured to give lectures once a month on subjects of interest and papers will be given at each regular meeting by members of the club on some phase of the work.

Photography will be taken up from the fundamentals to the highest grade of studio work and by the end of the year one who has never handled a camera will be able to take good pictures under all circumstances and be able to make their own prints at a minimum cost. No entrance fee is charged and the students who avail themselves of this opportunity will find themselves abundantly repaid when, while yet in school they can take pictures which will recall their many good times and during vacations and at home they will find pleasure in taking pictures which except by costly experience they would not be able to take.

All students both boys and girls, whether you have ever handled a camera or not, are urgently requested to come out to this meeting Wednesday evening at seven o'clock and hear Mr. Keefer tell of the "Value of a Camera Club." Come out every body both students and faculty and learn of the great opportunity offered to you.

Ohio Wesleyan.—The results of the heaviest vote ever cast at Ohio Wesleyan show that only the juniors and sophomores elected presidents. No one in the senior or freshman classes received the majority vote, required for election.

Oberlin.—The Conservatory, realizing the importance of some knowledge of the French language for students of singing and song literature, have installed a special French course. Special attention will be given to the elements of French pronunciation.

Good Tailoring

When you place an order with Martlin you pay no deposit. You take no chances.

Martlin knows his business. He knows how to make and fit clothes. He knows the kind of clothes you should have. The color, the style, the cut and knows when it fits.

For twelve (12) years he has been doing business on State St. and has hundreds of satisfied customers. The people have confidence in him. You can't go wrong. Come in tomorrow, you will be amazed at the wonderful display of woollens. He has the pattern to please you. The price will suit you. Leave the rest to Martlin.

MATINEE SATURDAY

Last spring an organization of college Alumni secretaries was formed at Columbus. Among the members of this national organization are the following universities, Minnesota, Wisconsin, Louisiana, Chicago, Ohio State, Oberlin, Denison, and Columbia.

The Otterbein Alumni Association was invited to join, but did not accept the invitation. We understand that another opportunity to join at a meeting to be held at the University of Chicago, the latter part of November has been offered.

This seems to be an unusual opportunity to add prestige to Otterbein and to every alumnus by accepting this invitation of being allied with the best schools in this country.

As this organization becomes older it will be increasingly difficult, if not impossible for a small college like Otterbein to receive such recognition. Why do not our alumni take this matter up with their officers at once to the end that Otterbein may be placed higher in the academic world?

'57. Through the generosity of Mrs. Marendra Ritchey of Pataskala, Ohio the college has come into possession of a crayon portrait of her sister, Miss Sarah Jane Miller, who belonged to the first graduating class, 1857. That class consisted of but two members, Mrs. Kate Hanby of Alhambra, California, and Miss Miller, who died in 1863. The portrait will be placed in the east reference room in the library.

Ex. '15. Kaye J. Berrenger of Castalia and Miss Hazel Latto of Westerville were married Monday, October 20, at Columbus, by Rev. Percy Bissell, rector of St. Paul's Episcopal Church. Mr. and Mrs. Berrenger will live near Castalia, Ohio, on a farm owned by Mr. Berrenger.

'78. Professor and Mrs. Zuck were the guests of Doctor and Mrs. Snavely at dinner Friday.

'08. Dr. S. C. Swartzel, of Cincinnati, visited last week at the home of Dr. O. B. Cornell. Dr. Swartzel was a delegate to the Masonic Grand Lodge held in Columbus.

'06. Rev. Sager Tryon, formerly pastor of the United Brethren Church at Strasburg, O. has been called to the pastorate of the Superior Avenue United Brethren Church, Cleveland, O.

'85. F. A. Z. Kumler and family returned recently to their home in Dayton, after an extended visit in California.

The following Otterbein alumni attended a meeting held in Dayton last week of the Board of Trustees of the United Brethren Publishing House. Dr. A. P. Funkhouser, '82, Rev. P. M. Camp, '90, R. C. Kumler, '94, and F. A. Z. Kumler, '95.

'88. Dr. G. A. Funkhouser for many years professor of New Testament Greek in Bonebrake Theological Seminary, has spent the past several weeks doing institute work for the church in the western conferences. Dr. Funkhouser is now in charge of the extension work of the Seminary. At the 28th annual reunion of the 95th Ohio Volunteer Infantry, held at Columbus, October 16, he was elected chaplain of that group of veterans.

'94. Bishop A. T. Howard delivered an address Sunday morning at the Cowden Memorial Church, Dayton, on the subject, "Why Modern Missions Appeal to Modern Men."

'78. Dr. T. J. Sanders and Rev. F. P. Sanders, '91, have recently purchased a 500 acre fruit farm in Southern Ohio.

The following out of town alumni saw Saturday's game:

F. E. Williams, '13, Miamisburg, J. F. Smith, '10, Reynoldsburg, J. H. Nau, '10, Columbus, R. L. Druhot, '13, New Lexington.

'97. Rev. H. H. Haller, formerly pastor of the United Brethren Church at Los Angeles, Calif., has been elected superintendent of the California Conference. His present address is 2229 Stanislaus Street, Fresno, California.

If you want to save money read the ads in this paper.

Miami.—Athletics for girls are to be given greater consideration at Miami this year than ever before. A girl's track meet will be the first event of the year. The meet will consist of running, broad jump, standing broad jump, 100 yard dash, and a running high jump. Suitable medals or ribbons will be given as rewards.
