WESTERVILLE, OHIO, JANUARY 8, 1912.

No. 15

## NOTED RECITERS COMING

**Pierces Will Give Program of Interpretive Readings and Plays.**

Otterbein students and the Westerville public will have the unusual opportunity of being entertained by two of the country's most brilliant reciters next Tuesday night at 8 o'clock in the college chapel. Prof. H. R. Pierce and his talented wife are widely known not only in college circles but in popular lyceum work. The Pierces have had ten years' experience in the Coit Bureau and at the present time Prof. Pierce is coach and critic for that bureau. He has been at the head of the Department of Oratory of both Mt. Union college and Ohio University and stands today as one of the foremost exponents of modern oratory and reciting.

A high class popular entertainment will be artistically presented. The program abounds in oratory, pathos and humor, and affords a splendid variety with every feature, whether classical or popular. The portrayals of character by Mr. and Mrs. Pierce (continued on page five.)

## DEBATERS ARE WORKING

**Prospects for Winning Teams Good—Ashland Debate Settled.**

Coach Bale reports that the debate teams are organized and hard at work. Both teams have elected captains and have entered definitely upon their training. The prospects favor the best and most consistent debating work which has ever been done in Otterbein. Wittenberg and Ohio are also in hard preparation which guarantees spirited debates.

### Ashland Chooses Aff.

Ashland college has decided to debate the affirmative of the intercollegiate question, "The Initiative and Referendum," the latter part of March. Thus Otterbein will have the opportunity of hearing both of her teams on the home platform. The date definitely settled for the Otterbein-Ohio-Wittenberg triangular contest is April 12.

## EDUCATOR DIES

**Trustee of O. U. and Popular Alumnus Expires Suddenly.**

Prof. Albert R. Shauck, prominent in educational work, and member of the College and Teachers' Preparatory School at Dayton, died suddenly Sunday, Dec. 21, at his home there. He had not been in good health for several months but had attended to his duties regularly. He was fifty-one years old.

Prof. Shauck was a brother of Mrs. Knox and Mrs. Fouts and an uncle of Mrs. F. E. Miller of Westerville. They and Prof. Miller went to Dayton Tuesday to attend the funeral, which was held Wednesday.

The following is taken from the Dayton Journal:

Albert B. Shauck was born on a farm in Morrow county, Ohio, November 14, 1850, and was reared in the usual manner of farm lads until eighteen years of age, assisting with the work of the fields during the summer months and attending a district school in the winter season. In 1874 he was graduated from Otterbein University, at Westerville, and (continued on page six.)

## "THE PIERCES"

LAWYER:—"My dear young woman you have everything to live for, a husband and a little girl; it will all come out right some time. I am just sure it will or I wouldn't tell you so."

Mrs. J. J. Knox,  
Patron of Art Department.

## SCHOLARSHIP OFFERED

**Mrs. J. J. Knox Will Present \$25 for Best Work in Art Dept.**

Mrs. Joseph J. Knox, of Columbus, has promised a scholarship of \$25 to the student of the first year in the Art department who will show the greatest advancement in her work during the current year. This scholarship will be available during the second year's work of the successful contestant in the studio, reducing the tuition by this amount.

This generous proposition gives another proof of Mrs. Knox's devotion to the interests of the studio. Last year she gave a prize of \$10 for the best work done in oil painting. Mrs. Knox is continually doing these things for the Art department of which she, her daughter and son were formerly members.

For all these gifts and continued interest she has the unanimous thanks of the director, teachers, and students of the studio.

### Mrs. Knox Injured.

A report has just been received from Mrs. Knox stating that she had fallen upon a hard wood floor of her home. The injury which at first was thought to be a broken hip occurred Friday night. The result, however, is not so serious as was feared and it is hoped that she may enjoy a speedy recovery.

## OTTERBEIN SURPRISED

**Findlay College Five Squeezes Victory from Varsity.**

The Otterbein basketball team played the initial game of the season Saturday night in the university "gym," and received a stinging defeat of 24-24 from the Findlay college five. The game was clean and exciting throughout, the Findlay five having the lead with the exception of the first few minutes of play.

The O. U. five presented several new men, who waged their first varsity battle Saturday. Due to this fact, the team work of varsity was more or less ragged and the shooting somewhat inaccurate. On the other hand the visiting five put up a fine exhibition of pass work and played to gether in nice shape.

### Behney Visiting Star

Right forward, Behney was the individual star for Findlay, shooting seven baskets and securing six points from fouls. Fouts, right guard, for Varsity played a snappy game, holding his forward to three baskets and rolling in an equal number for his team.

### Lumber Plant Burned.

Westerville experienced the biggest fire in years Saturday afternoon when the yards of the Cellar Lumber Co. burned to the ground. The fire was caused by the spread of flames which were being used to thaw out a water pipe. It was impossible to throw any water on the conflagration on account of the frozen condition of the fire water hydrants.

## SWARTSEL A REFORMER

Cincinnati Physician Points Out Way for Others to Follow.

The Hamilton county "Civic News" for November contains an article much to the point on, "The Sewage Problem," by Dr. S. Cary Swartsel. Dr. Swartsel is a graduate of Otterbein of the class of 1894. After leaving O. U. he took a course in medicine at Ohio Medical college, graduating in 1897. He immediately began practising in Cincinnati where he has become a prominent citizen, being a hard worker for civic betterment. The article illustrates the close study that Dr. Swartsel gives to such subjects, especially those of interest to the physician.

Cincinnati reformers have banded together into the Federated Improvement Association, composed of Business clubs and Improvement Associations of different parts and suburbs of the city. Dr. Swartsel is president of the North side Business club. Last Wednesday evening he de-

## CONCLUDES REVIVAL

I. D. Warner Very Successful in New Work.

Ira D. Warner, '11, pastor of the First United Brethren church of Highland Park, Chattanooga, Tenn., has just closed a big revival in his church. Lasting for four weeks, the revival has been most successful, totaling sixty conversions and forty-eight accessions. Mr. Warner conducted the series of meetings himself, preaching every sermon. In a letter to a Westerville friend he likens the Chattanooga meetings to the ones held in Westerville last winter.

Otterbein friends heartily congratulate Rev. I. D. Warner upon his success. Otterbein, too, is to be congratulated for having such a splendid representative to enlarge the United Brethren following in his city and to carry the Tan and Cardinal to the young people of his congregation.

### Sechrist-Fries.

The home of Rev. and Mrs. H. A. Sechrist on Plum street, Westerville, was the scene of a very pretty wedding at high noon on Christmas day when Miss Mary S. Sechrist, '09, and Prof. Vernon F. Fries, '09, of Bowling Green, were united in marriage. The father of the groom, Rev. W. O. Fries, performed an impressive ceremony and Mrs. Fries sang a beautiful solo, "Will You Promise Me?" Miss Edith Coblentz played the wedding march.

After dinner the happy couple left for Dayton where they will visit before going to their new home in Bowling Green, where Prof. Fries is teacher of mathematics and history in the high school.

The guests were: Dr. and Mrs. W. O. Fries, Mr. Emerson Fries and Miss Ruth Fries of Dayton, Dr. and Mrs. T. J. Sanders, Dr. and Mrs. Geo. Scott, Miss Leona Scott, Miss Ruth Maxwell, Miss Edith Coblentz, Prof. and Mrs. A. P. Rosselot of Westerville, Miss Fletcher of Fostoria, Prof. G. C. Arnold of Waverly, Mrs. Mary Drew and Mr. Elmer Drew of Arcanum.

## JUNE REUNIONS

### Enthusiasm High Among Alumni Officers.

The idea of reunions, started first by the class of 1892, is being carried to the classes of 1862, '72, '82, and '92. The enthusiasm shown now promises to make the 1912 commencement the largest Otterbein has ever had. The Annual dinner, always an important occasion of commencement week, will be the feature of the exercises this year. Two hundred generally are present at this affair but double that number will be a conservative estimate of the convocation of the classes on June 13, 1912.

At a meeting of the officers of the Alumni Association Friday evening planning for the event, the dominant purpose was that of getting as many Alumni at the 1912 commencement as possible. A secondary thought was to more thoroughly organize the Association. At present there is no concerted effort to aid the college in any way. Plans were considered to raise a permanent Alumni fund to be used for some definite purposes as the Association sees fit. Captains of all the classes have been appointed to start a contest between the classes for the largest yearly fund.

Other plans were under consideration and will appear in the Review as they are consummated.

### Wagoner Class Banquet.

The men's class of the U. B. Sunday school held a most enjoyable banquet Friday evening, Dec. 22, in the Association building. The class has an enrollment of seventy-two members and sixty of that number sat at the tables.

When the tables had been cleared Dr. S. W. Keister, acting as toastmaster, introduced Messrs. Dr. Funk, J. A. Weinland, W. O. Lambert, R. O. Cook, Rev. S. F. Daugherty, and Prof. Wagoner, the organizer and teacher of the class. Each of the gentlemen gave happy and thoughtful responses, emphasizing the importance of the men's movement and indicating the duty of every man in this great work.

A mention of this banquet would not be complete without a special word for Prof. Wagoner. he spoke in a reminiscent way,

stating that many years ago he had organized this class with eleven members and, except for short periods when ill health prevented, he had had charge of the class and has seen it grow to its present large membership. It is needless to say that the class most highly appreciates his services and it is believed that there is not a more competent teacher in the denomination. He is a thorough Bible student and can present the Bible story most interestingly.

The officers of the class are: Mayor-elect F. M. Ranck, president; Dr. L. F. Ritter, secretary; and W. A. Young, treasurer.

### Visits Porto Rico.

Bishop Geo. M. Mathews, '70, sailed from New York, Dec. 30 for Porto Rico on an important official visit to the island's missions. Bishop Mathews is accompanied by Mrs. Mathews, Mr. and Mrs. S. C. Caldwell, of Swanton, Neb., and Mrs. Nelle Read, of York, Penn.

### Attend Convention.

Many Otterbein people attended the various sessions of the Allied Educational Associations of Ohio, in Columbus, last week. Among them were: Dr. E. A. Jones, Dr. and Mrs. T. J. Sanders, Dr. Snively, Prof. Mills, Prof. Cornet, Miss Tirza Barnes and Dr. F. E. Miller.

### Mattis Popular.

W. L. Mattis, '11, football coach of Steele High school, Dayton has made a place for himself in the hearts of the students of that school by his splendid coaching. At the end of the season Coach Mattis was presented with a purse of \$25 in addition to his salary in appreciation of his good services. The Steele team has had an excellent season.

### Barnard at Toledo.

Ernest Barnard, '95, is now manager of the Toledo Baseball club. The Toledo club is owned by the Cleveland club of which Mr. Barnard is secretary. The "Mudhens" have been in hard straits for a year, financially and in standing of players. Barnard has the job of straightening them out.

Dr. J. W. Funk, '06, was visited by his brother Frank of Pittsburgh.

### Thank You!

It has been a source of gratification to the members of the staff to receive a number of notes and letters from alumni and friends expressing appreciation for the efforts we have been able to exert in behalf of the Review. Permit us to say, "Thank You!"

### Auld Lang Syne.

For the benefit of our large list of subscribers among the alumni and on account of the splendid work of the alumna editor, this issue has been made an Alumna issue. It is hoped that this edition, as well as the alumna notes from week to week, is of interest to O. U.'s loyal sons and daughters of past years. News concerning any of these friends will be eagerly received, while personal letters to the Review are considered as boons of the rarest sort. Suggestions concerning the alumna, or any other department, are always acceptable. Be more than a subscriber. Be a contributor.

### Pres. Taft vs. College Yell.

President Taft can never be re-elected. His latest political blunder is contained in a recent assertion that the college yell is "barbaric." For once a newspaper agrees with him.

The Baltimore Sun commented as follows:

"Authorities hold that the perfect yell is based on the bray of the Missouri Mule, alternating with the notes of the game rooster modified by the trumpet sound

The happiest and, in the end, the wisest student is he who makes the most discoveries. Taste and appreciation, critical judgment and discrimination are developed through free exercise of the reader's own faculties, not by submission to authority. Yet in literature, as elsewhere in education, guidance makes for economy, preventing waste of time and force along mistaken lines. To point out the students' way, not to bring the goal to him is the function of the teacher. — Katherine Lee Bates—Wellesley

of the automobile horn. War whoops and the sound of a keg of nails falling down the cellar stairs furnish an impressive crescendo, while the most effective farewell is a cross between the song of a dying calf and the wail of a lost soul. These finer shadings are lost on the fat man who has no ear for music. But they do express the deeper emotions of a freshman turned loose on a civilized community."

### To Public Speaker.

We find floating this interesting bit of advice to those who speak in public: "Stand up so you may be seen, speak up so you may be heard and shut up so you may be liked." That is rather good, presupposing, of course, that one has anything to stand up for or to speak up for.

No quarter-back makes a winning play on a signal that he does not think of until after the game.

### Meeting and Parting.

S. F. Wenger, '11.

Some hearts are sad  
And others glad  
When nearer comes the train.

Soon shall be heard  
The greeting word,  
When lip meets lip  
And the hand's warm grip  
Bids welcome home again.

Some hearts are glad  
And some are sad  
When the train comes swiftly on  
The hearts' dull throbs  
And choking sobs,  
A brief embrace  
At the parting place—  
And a friend is gone, is gone!

### HIGH COST OF LIVING

Its Effects on the Purse and the Remedy.

The high cost of living has become a serious thing in every home. The husband toils daily from 8 to 10 hours to keep poverty from entering the household, so love will not fly out of the window, while the dutiful little housewife studies all her receipt books for receipts that do not require any 35 cent eggs; and so life goes on day by day.

Then comes Saturday, that much longed for pay day. The husband hurries home with his sacred little package containing his earnings for the week. He asks the wife carefully, "How much is our grocery bill this week?"

The wife says, "Well, John, you see we had quite a lot of company this week and of course by doing without breakfast and only a piece of bread and butter for my dinner I have been able to hold our grocery bill down to \$9.75."

John replies, "Oh, isn't that just grand! Now we will have 50 cents left. Now I can get me a pair of overalls."

Now if John had read Public Opinion each week he would have seen the remedy for these hardships plainly solved, for the Peerless Restaurant has been telling him weekly that they would board all these visitors that unexpectedly drop in on him for a trifle over 11 cents apiece. The Peerless sells a ticket good for 21 meals for \$2.50, and nearly all of the business men and a large number of private families have seen the big saving and bought a ticket. It's up to you to get in line. Form the Habit, buy a ticket. A word to the wise is sufficient.

May the year 1912 be a most prosperous one to all who read this article.

"Why did you come to college, anyway?" You are not studying.

"Well, I don't know exactly, myself. Mother says it is to fit me for the Presidency; Uncle Will, to sow my wild oats; Sis, to get a chum for her to marry; and Pa, to bankrupt the family." — Ex.

are true to life whether the type be taken from society or quaint rural surroundings.

They are particularly pleasing in their short plays. The manager of the Millersburg Chautauqua states that he considers their play, "The Lawyer's Advice," better than any sermon he ever heard. **DR. MILLER AT Y. M. C. A.****Popular Professor Addresses Men on Vital Subject.**

One of the most profitable and inspiring meetings of the Y. M. C. A. since the opening of school was held last Thursday evening when the men listened with most intense interest to the words of Dr. F. E. Miller as he spoke with much truth.

Dr. Miller talked in general on the subject, "Law" and very clearly showed the source and necessity of conforming to the law. He vividly illustrated his remarks by mentioning the various laws that would influence a fast express train in going on one of its trips, and how a violation of one law would completely defeat the purpose of the train. The same principal he also applied to compounding or mixing of various elements that exist and to the law of electricity as concerned in the incandescent light. At this point in particular, he made a very beautiful analogy with our own lives. We are the lamps but will fail to give out any light unless we make the necessary connection so that the current may flow through us, that is, we must associate ourselves with Christ, the life giving current, before we can give the real light to those in darkness.

Still further, Dr. Miller illustrated some of the laws of God as found in the various passages of the Bible, chief among them being the law of love. Sound reasoning and close analogies with scientific facts especially characterized the speaker's remarks which made them all the more convincing. The attention and enthusiasm which every fellow manifested was in keeping with the spirit which always prevails when Dr. Miller speaks. This alone is sufficient to show that his services are always appreciated.

During the Christmas vacation one of the gospel teams held eight meetings at the Ostrander

United Brethren church resulting in fifty-three conversions. The results surpassed even those of the old-fashioned revival meetings.

The singing and music was led by G. D. Spafford. R. E. Penick and T. H. Nelson conducted the preaching. A. D. Cook did personal work.
