Message from the President

Dear Alumni and Friends:

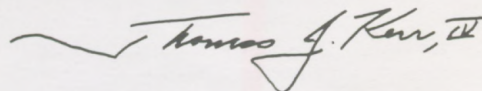

Greetings from Otterbein! With September comes a new academic year. We experience the excitement of returning students and enthusiasm of a revitalized teaching-learning environment. Otterbein begins the new year in a positive position. We have an outstanding and dedicated faculty. We have a strong sense of community based on Christian values. We have a clear academic mission. We have many excellent academic and activity programs. We have completed our 27th consecutive year with a balanced operating budget and the highest enrollment in College history. The quality of our incoming freshman class is high with 60 Otterbein academic and endowed scholars enrolling in 23 different majors and programs.

We know the challenges in higher education are great. We enter that period where Ohio high school graduating classes decrease 3.5% per year for the next three years. With an Otterbein education now costing over \$7,500 per year, financial aid becomes increasingly critical, especially with federal cutbacks. We need your help.

You can help in many ways. Support the annual Otterbein fund. This program meets student financial needs as well as benefits all programs and students on campus. If you have not responded to the \$100,000 Trustee Challenge, do so. At the halfway mark, the College has received over \$40,000 in new and increased gifts with 214 gifts coming from new donors and 283 representing increases. If you did not give in 1981, the Trustees will match any gift over \$25.00 you make. If you gave in 1981, they will match any increase over \$25.00 in your gift. We must raise another \$60,000 by year-end to gain full benefit of the challenge. If you can, take a longer view. Create an endowed scholarship. We now have 70 with endowments of \$10,000 or more. Include Otterbein in your estate planning and help us build endowment for the future. Only this year, the College received a major gift commitment creating an endowed chair in computer science, our first such endowment gift since 1902. Encourage promising high school students in your community to investigate Otterbein. Join those who want to assure that today and tomorrow outstanding young men and women have the opportunity for an Otterbein education.

I invite you to visit Otterbein this fall. Catch the excitement and enthusiasm pervading the campus. Enjoy football, fall sports, theatre or the band. I hope you can return for a joyous Homecoming on October 23. Bask in the beauty of an Ohio fall and pageantry of the day. Capture the spirit of Otterbein today. I know you will want to renew your ties.

Enthusiastically,

Thomas J. Kerr, IV
President

College News

Otterbein's 135th academic year came to a close June 13 at the annual commencement ceremonies held in the Rike Center. Here, President Thomas J. Kerr, IV congratulates one of the 221 students who received bachelor's degrees.

Alumnus named U.S. Teacher of the Year

An Otterbein alumnus is the national Teacher of the Year for 1982. Bruce Brombacher, who received his teaching certification from Otterbein in 1976, was honored in a White House ceremony on April 15. Nancy Reagan presented him with a crystal apple, symbolic of excellence in teaching. He was chosen from four finalists in the annual awards competition sponsored by the *Encyclopedia Britannica*, Council of Chief State School Officers, and *Good Housekeeping* magazine.

Mr. Brombacher, a mathematics instructor at Jones High School in Upper Arlington, had previously been named 1982 Ohio Teacher of the Year. He will take a year off from his teaching duties to fulfill a whirlwind schedule of speaking engagements throughout the country.

A 1970 graduate of Heidelberg College, Mr. Brombacher spent a tour of duty in Vietnam before earning a master's degree in physics from the Ohio State University in 1975. He soon realized that the solitary work of a researcher did not suit him. "I'm a people person," he said, "and that teaching feeling was always there."

So he enrolled at Otterbein to study the necessary education courses and complete his student teaching require-

ment under the supervision of the College's Education Department. In his six-year tenure at Jones Junior High School, he has been chairman of the mathematics department, has organized the school's new microcomputer laboratory, and has played a major role in designing a curriculum for the new middle school structure.

Students Recognized For Achievement

Otterbein honored more than 200 students for academic achievement and scholarship at the sixth annual Academic Honors Convocation on June 2.

Opening with an academic procession, the convocation ceremony included the presentation of 56 departmental and 13 non-departmental certificates and awards to outstanding students and to new members of nine campus honorary societies. Endowed scholarship recipients were also honored.

Otterbein's Wind Ensemble, directed by music faculty member Gary R. Tirey, provided musical interludes. A reception for students, faculty and guests was held in front of the Courtright Memorial Library following the ceremony.

221 Receive Bachelor's Degrees

Otterbein College completed its 135th academic year on Sunday, June 13, when commencement ceremonies were held at 11:30 a.m. in the Rike Physical Education and Recreation Center.

Two hundred twenty-one students received bachelor's degrees, including seven graduates of the Grant Otterbein Nursing Program, who received the first Bachelor of Science in Nursing degrees awarded by Otterbein. In addition, 33 nursing students received Associate of Science in Nursing degrees and two students received Associate of Science degrees during the ceremonies.

U.S. Rep. Bob Shamansky delivered the commencement address, "If Not Now, When?" The Democratic congressman from Ohio's 12th district, Shamansky serves on the Science and Technology and Foreign Affairs Committees of the House and the Select Committee on Aging as well as a number of subcommittees in these areas.

Otterbein awarded Shamansky the honorary degree of Doctor of Laws at the commencement ceremony. Honorary degrees were also conferred on three other distinguished residents of Franklin County: John W. Kessler, president of the John W. Kessler Company, an investment and development firm; Edwin L. Roush, trustee of Otterbein and president of Roush Hardware, Roush Sporting Goods and Roushonda, and the Rev. Charles D. Kirsch, pastor of the North Broadway United Methodist Church in Columbus.

Preceding the commencement ceremonies, the Otterbein College Alumni Band, under the direction of Gary R. Tirey, performed a commencement concert in the Rike Center.

The baccalaureate service, based on the theme "There Shall Come Forth A Shoot," was held in Cowan Hall and featured musical selections by the Otterbein Concert Choir under the direction of Lynn Hurstad as well as thoughts on the theme expressed by two faculty members and four students.

Donna Kerr Named Woman of the Year

Donna L. Kerr was named Woman of the Year by the Westerville Otterbein's Women's Club and was honored by the club with a special reception on April 18 in the Battelle Fine Arts Center. At the reception, it was announced that the Otterbein Women's Club had established a \$10,000 endowed scholarship at the College in honor of Mrs. Kerr.

The wife of Otterbein College President Thomas J. Kerr, IV, Mrs. Kerr takes an active role in campus life, planning dinners, receptions, meetings and events involving over 2000 people annually. In addition to her service to the College, she is a certificated tutor with the Columbus Public Schools Learning Disabilities Program. She previously taught in the Westerville and Gahanna school systems and, in 1974, was an instructor in Otterbein's education department.

Mrs. Kerr's community involvement includes a wide variety of activities and organizations. She has served on the Board of Trustees and as President of the Sustaining Board of the Columbus Center of Science and Industry (COSI) and on the Board of Directors of the Seal of Ohio Girl Scout Council. She is a member of the American Association of University Women, Delta Kappa Gamma education honorary, PEO Sisterhood, and the New Century Club of Westerville.

Donna Kerr

Other community activities include the Columbus Metropolitan Club, the board of Grant Hospital Women's Service Board, Creative Living Sustaining Board, Crichton Club of Columbus, the Ohio Historical Society, the Columbus Museum of Art and the Westerville Historical Society.

A member of the Church of the Messiah in Westerville, Mrs. Kerr is a past member of the church's administrative board, the Council of Ministries, the Hunger Task Force and the Social Concerns Committee.

The Westerville Otterbein Women's

Club is celebrating its 60th anniversary this year. The club was founded in 1922 in order to give a gift to Otterbein on the 75th year of the College's founding. The club now encourages deserving students through tuition grants and its permanent scholarship fund. In addition, the club promotes fellowship among its members and loyalty to Otterbein.

25 Exhibit at Science Fair

The 21st Annual Otterbein-Battelle Science Fair was held on April 15-16 at the Rike Center.

Sponsored by the College and the Columbus Laboratories of Battelle Memorial Institute, this regional science fair featured 25 exhibits by Central Ohio high school students.

A select group of judges, including members of Otterbein's faculty, chose two Columbus students' exhibits as the best in the fair. The two winners were Timothy Scott Troiano and James E. Tornes, both juniors at Bishop Watterson High School.

Troiano, last year's first place winner, and Tornes were sent with their exhibits and their advisor, Sister Edith Fitzgerald, to the 33rd International Science and Engineering Fair at Houston, Texas, May 10-15. Troiano received the American Speech-Language-Hearing Association's first place award for superior achievement at the international fair.

In addition to Otterbein College and Battelle-Columbus, many individuals and companies assisted in the operation of the fair by offering financial and judging support.

Alumni Participate In Career Forums

Several alumni volunteered their help to a series of career forums organized by the Career Planning Office. Present Otterbein students had an opportunity to get first-hand information about various career fields from alumni active in those occupations. Among those participating during the spring were: Norma Sims Hoffman '78, Regina Hayes '81 and Lori Moomaw '80, home economics; George E. Biggs '67 and Belinda Berkowitz '70, sociology and psychology; Mary Ellen Donahoe '80, Debbie Hoar '80 and Dr. Carol Thompson '61, physical education.

Kim Collier '83 examines budding leaves on one of the new trees planted on the Otterbein campus last year. The trees were provided by the Troop Tree Fund, a memorial to the late Judge Horace Troop '23.

Artist Series Features Six Cultural Programs

Preservation Hall Jazz Band of New Orleans will perform at Cowan Hall on October 27.

Music that has echoed through the wrought-iron lace balconies of New Orleans and the dreaming spires of Oxford to the concert stages of the world will be featured in the 1982-83 Otterbein College Artist Series along with an up-and-coming dance company and a renowned humorist.

The season will open on Sept. 23 with the Schola Cantorum of Oxford, one of Europe's finest choral ensembles. The repertoire of the 40-voice choir extends from the early Renaissance to the present day, and the choir's several critically acclaimed recordings include music by composers as diverse as Taverner, Mozart and Sir Michael Tippett.

The enormously popular Preservation Hall Jazz Band will take the stage on Oct. 27 for an evening of distinctive New Orleans jazz played with love and spirit by gentlemen who in most cases have been playing for 50 years. When not on tour, the band holds forth at ancient Preservation Hall in New Orleans' French Quarter where it nightly attracts hundreds of enthusiastic fans willing to sit on the floor or on rickety wooden chairs for the privilege of witnessing musical history.

The world premiere of a work by Argentine composer Alberto Ginastera will highlight the young American pianist Barbara Nissman's program on Nov. 10. At the start of her concert career, Eugene Ormandy said, "Barbara Nissman is extremely endowed with an unprecedented technique and a great ability of interpretation of the Romanics as well as the Classics . . ." Ms. Nissman divides her time between appearances with the major European

orchestras and her American engagements and, in addition, has a popular BBC-TV program entitled "Barbara and Friends."

Boris Goldovsky, known as "Mr. Opera" to his many fans, will bring his Grand Opera Theatre to Otterbein on March 8 to present "Opera Highlights." Four distinguished vocalists will perform highlights in English from some of the most beloved operas of all time, including "La Boheme," "Rigoletto," and "Faust." Goldovsky, grand opera's

most articulate spokesman, has been touring North America for a quarter of a century, transmitting his love of the art to audiences everywhere.

The first Columbus area performance of the Footpath Dance Company will take place on April 7. The six-member contemporary dance troupe is in its fifth year as a professional dance touring company and has been hailed by critics as having "utterly beautiful choreography" and "splendid movement and patterns." Footpath seeks to explore the language of contemporary dance with its original and unconventional views.

On May 17, audiences are in for a treat with a special meaning for the Columbus area when Emmy-winning actor William Windom presents his one-man show based on the writings of Columbus native James Thurber, one of America's best-known humorists. Windom as Thurber incarnate will deliver an evening of witty and satirical monologues providing, according to one critic, "an oasis of laughter and civilized stimulation."

All performances are scheduled for 8:15 p.m. in Cowan Hall. Series tickets are available by contacting the Office of Public Relations at Otterbein. Tickets to individual events will be available at the Cowan Hall box office for two weeks before each performance.

In April, Otterbein's second annual Scholarship Luncheon honored the 58 students who are recipients of the College's 44 major scholarships, each representing \$10,000 or more in endowments. The students and their parents were seated with representatives of the families and organizations sponsoring the scholarships. In addressing the group, Franklin D. Fite, vice president for development and public relations, pointed out the key role endowed scholarships play in maintaining Otterbein's academic excellence.

Alumni Weekend 1982

Almost 140 emeriti and members of the Class of 1932 were reunited on Friday afternoon, June 11, on the Otterbein campus. The weather cooperated and alumni were able to enjoy strolling around campus, socializing in front of the Campus Center and taking pictures to put in their memory books.

Following a joint reception in the evening, dinners for each group were held in the Campus Center. After dinner, a slide presentation showing the status of the Philamathean Room restoration was presented by Dave Stichweh of the Learning Resources Center. Later, Dr. Harold Hancock, chairperson of the History Department, led a large group on an informal tour of the Philamathean Room.

A highlight of Alumni Day, June 12, was the annual association luncheon held in the Rike Center, which was attended by more than 500 alumni, their spouses and friends. Virginia Phillippi Longmire '55, national president of the alumni association, presided over the luncheon program, which included greetings from each of the 11 reunion classes, an address by President Thomas J. Kerr, IV and the presentation of the annual alumni awards. In addition, two new members were inducted into the Otterbein College Hall of Fame: Dr. Richard Bradfield '17 and Dr. A Clair Siddall '19. A dessert reception hosted by Dr. and Mrs. Kerr and informal tours of the campus filled the afternoon for many of the alumni. Members of the alumni choir and alumni band were also busy rehearsing for their weekend concerts.

That evening, in addition to the Centurion Club banquet in the Campus Center, dinners were held off campus for each of the

reunion classes. The classes of 1936, 1937 and 1938 enjoyed the historic atmosphere of the Ohio Village with dinner at the Colonel Crawford Inn. Veal parmesan, prime rib and club steak were on the menu for the class of 1942 at Monaco's Palace and the classes of 1957, 1961, 1962, and 1963 at Monte Carlo Restaurant. The Windsong Tennis Club was the setting for the class of 1972's dinner. Dr. and Mrs. Kerr stopped by each of the dinners to visit with members of the various classes.

The day was concluded at Battelle Auditorium where the alumni choir concert attracted almost a full house. Joel Mathias, choral director at Bexley High School; Thomas Lloyd, president of the alumni choir; Lynn Hurstad, the current Otterbein choir director; and Lloyd Savage, past president of the alumni choir, all shared directing honors. A reception for the choir and audience was held after the concert.

On Sunday morning, it was time for alumni staying in the residence halls to say good-bye to their friends for another year. Although some checked out early in order to start their journeys home, others stayed on for commencement ceremonies, for visits with their friends from the area or for a final walk around campus. Members of the alumni band, 90 strong, returned to play for the commencement ceremonies.

Next year is reunion year for the Classes of 1933 (the 50th), 1943, 1947, 1948, 1949, 1958 (the 25th), 1967, 1968, 1969 and 1973. Of course, all emeriti alumni (the classes of 1932 and earlier) will be invited back again as guests of the college. Plan now to join us then.

Old friends are reunited on Friday afternoon.

Mr. and Mrs. Ted Croy '30 were among the emeriti alumni who accepted the College's invitation to stay in the residence halls for the weekend. Here they get some student assistance in moving in.

There was lots of picture-taking! R. Lenore South Clippinger '32 and Gladys Burgert Mitchell '32 pose for the camera.

Catching up on the news at the pre-dinner reception were Marcus Schear '27, Rillmond Schear '20 and Mrs. Richard Sanders.

President Kerr presents a 50-year certificate to Mildred Forwood Garling '32.

Outgoing Alumni Association President Virginia Phillippi Longmire receives a plaque from incoming President Grace Burdge Augspurger at the Saturday luncheon.

Lynne Hokanson '72, Tom Turner '71, Cheryl Kirk Turner '72 and Mary Temple Norton '72 found something to chuckle about during the Class of '72's Saturday morning get-together.

Lloyd Mignerey '17 received a pewter plate in recognition of being the oldest alumnus in attendance at the annual luncheon meeting, and Brenda Dall Andrews '61 was awarded a pewter mug for coming the farthest distance (from Hawaii) to attend.

Gary Tirey conducted the Alumni Band for commencement ceremonies.

James '32 and Zoe Switzer Huston '30 enjoy a quiet stroll through the campus.

The family of Dr. A. Clair Siddall, who was inducted into the Otterbein College Hall of Fame: Estelle Siddall, his wife; James W. Siddall, Lawrence B. Siddall, Jane Siddall Battista and John B. Siddall, his children.

The family of Dr. Richard Bradfield, inductee into the Otterbein College Hall of Fame: his sister, Helen Bradfield Chapman '32; his children, Richard Bradfield, Jr., David Bradfield and Patricia Bradfield Baasel.

Eight Honored at Luncheon

Eight persons were honored at the annual Alumni Association Luncheon on Saturday, June 12.

Hall of Fame

Dr. Richard Bradfield '17 and Dr. A. Clair Siddall '19, were inducted into the Otterbein College Hall of Fame.

Dr. Bradfield, a renowned agronomist, was influential in the worldwide effort to increase food production. A co-founder and driving force behind the "Green Revolution" of the 1950's and 1960's, he was responsible for the research and development of multiple cropping systems for developing countries.

Dr. Siddall, physician and scientist, developed a milk substitute from soybeans for infant feeding and a new type of hormone test for pregnancy, the Siddall test (1928), considered a forerunner of modern pregnancy tests. He was also extensively involved in cancer detection research and preventive medicine in obstetrics and gynecology.

Distinguished Alumnus Award

Dr. Howard A. Sporck '34 received the association's highest award, the Distinguished Alumnus Award for his outstanding service to the College, to his profession and to his community.

Dr. Sporck founded and built the Wellsburg Eye and Ear Hospital in Wellsburg, West Virginia. A 24-year member of the Board of Education of Brooke County, West Virginia, Dr. Sporck currently serves as director and senior health officer with the Brooke County Health Department and is the Brooke County Medical Examiner.

He was also recently appointed the physician director of Brooke County Emergency Services. He is a member and fellow of the College of Ophthalmology and Otolaryngology and serves as a consultant to industry on noise abatement, as an examiner for rehabilitation and as a clinical professor of Otolaryngology at the West Virginia College of Osteopathic Medicine.

Special Achievement Award

Two alumni, Dr. Floyd C. Beelman '25 and Katherine R. McWilliams '50, were honored with the Special Achievement Award for eminence in their chosen fields.

Dr. Beelman devoted his medical career to public health and preventive medicine. He developed the single test dose of tuberculin for screening school children for tuberculosis, a test now required by law for all children before they enter school. An organizer of the

American Board of Preventive Medicine, Dr. Beelman has received numerous awards for his work in emergency preparedness, disaster planning and public health. Although retired from private practice, he still serves as plant physician for the Dupont Cellophane Plant near Topeka.

Mrs. McWilliams is the director of the Family Life Education Program, Adult Division, in the Cleveland Public Schools. In this position, she has pioneered the development of parent-infant classes and is the co-author of a parent-infant curriculum distributed throughout the United States and Canada. She has also produced and hosted a television and radio series on parent education.

Distinguished Service Award

The Rev. Benjamin R. Copeland '32 was presented a Distinguished Service Award for outstanding service to the College.

Prior to his retirement to Florida in 1971, Mr. Copeland served churches throughout Ohio as well as one in Texas. While living in Texas, he was active in radio and television, appearing in more than 60 religious television programs.

In Florida, Mr. Copeland served as pastor of the Harvey Memorial Church

Fred Thayer, Dr. Howard Sporck, Kathleen Ryan McWilliams, Murle Sanders, R. Benjamin Copeland, Dr. Floyd Beelman.

in Bradenton Beach and wrote a column for "The Islander" newspaper. A long-time benefactor of the College, Mr. Copeland serves as his class agent and was coordinator of his class's fiftieth reunion.

Honorary Alumni

Honorary Alumnus status was conferred upon two individuals for their loyalty and interest in Otterbein. They are Murle M. Sanders and Fred J. Thayer.

Mrs. Sanders attended Otterbein for a brief time in 1917 and 1918 and was an associate member of the Philalethean Literary Society. Active in the Church of the Master for 50 years, she used to attend Evangelical United Brethren services held in the chapel of Towers Hall.

A long-time member of the Westerville Otterbein Women's Club, Mrs. Sanders has given generously of her time on behalf of the club's Thrift Shop in Westerville for 30 years.

An associate professor of speech and theatre at Otterbein, Mr. Thayer has served on the Otterbein faculty for 22 years. As the technical director for Otterbein College Theatre and Otterbein Summer Theatre, Mr. Thayer has created and designed for more than 135 College productions.

Mr. Thayer has won prizes for his ingenious stage sets and has earned the respect of both his colleagues and students, who affectionately refer to him as "Pop." He is also active in state and national theatre associations.

Trustee Challenge Report

Have you accepted the Challenge? Many regular donors have increased their gifts to the Otterbein Fund, and a number of alumni and friends who were not donors in 1981 have stepped forward to participate in response to the \$100,000 Trustee Challenge. In addition, several donors have moved up to a giving club, bringing in bonus dollars for the fund.

At mid-year, 283 gift increases totaling \$25,819 had been received, and 214 new gifts for \$14,430 had been recorded. Giving club bonuses totaling \$6,250 for the 107 new members brought the grand total to \$46,499 as of June 30.

The Trustee Challenge, designed to stimulate growth in annual unrestricted giving to the Otterbein Fund, calls for a dollar-for-dollar match of all qualifying increases to be paid from personal pledges from the Trustees. For a gift to qualify, it must meet one of two conditions: (1) The gift is for \$25 or more from a donor who did not make a gift in 1981; (2) The gift is an increase of \$25 or more above the donor's total giving in 1981.

An additional feature of the Challenge calls for a bonus to be paid to the

Otterbein Fund for moving into a giving club above the donor's 1981 giving club level. Bonuses amount to \$25 for new Centurions (\$100-299), \$75 for new members of the Cardinal Club (\$300-499), \$125 for new Towers Club members (\$500-999) and \$250 for new President's Club members (\$1000 and up).

Gifts to Otterbein College may be sent to the Development Office, Howard House, Otterbein College, Westerville, Ohio 43081 and should be received by December 31 to be matched by the Challenge. With continued response for alumni, parents and friends, the \$100,000 Challenge can be met.

Theft Prompts Giving Suggestion

By Richard A. Sanders '29

A costly and embarrassing thing happened to me last January. But sometimes some good can come from bad; and that may be the case this time.

Mrs. Sanders and I were away from home for several days in January. Upon our return we found our home had been thoroughly ransacked.

Among the things taken was a large, valuable stamp collection which had been started by my grandfather, added to by my father, and added to further by me until 10-15 years ago. In recent years the collection was effectively dormant.

Also stolen was a rather extensive coin collection which I had assembled during my active years in banking. It too was practically dormant since I had rarely referred to it in the past ten years.

Additionally, various items of jewelry and other articles of silver or gold—mostly in the heirloom category or of a type Mrs. Sanders and I rarely used—were taken.

My embarrassment comes for the sorry fact that I had only normal householders' insurance against theft. I should have known better—and did. But we live in the suburbs quite some distance from the city. Until my robbery, there had never been such an occurrence in the area. Furthermore, while I at least subconsciously realized I had some fairly valuable personalty in the house, the sum total never came to mind. For these reasons and the usual "it can't happen to me" attitude I just never did get around to insuring my belongings properly. What a mistake!

When we finally got around to determining the approximate value of the items stolen I was truly shocked. To make a long story shorter, I ended up receiving \$800 from my insurance, which was but a tiny fraction of the total probable value of items stolen.

Now why have I belabored you all with this sad story? In thinking back over the whole affair, of course I realized I should have had proper insurance and a good security system. But, more importantly, I realized I could just as well have donated to Otterbein most all of the items before they were stolen, and I would hardly have missed them. The College could have sold them for a considerable sum of money—even at a discount for a quick sale. I would have had a sizeable deduction from my income taxes.

There surely must be many alumni and other friends of Otterbein who have miscellaneous personalty of substantial value kicking around, who no longer have much interest or use for it. The purpose of this writing, then, is to urge consideration of such items as gifts to Otterbein.

It would be preferable to make such gifts now. However, if, because of sentimental or other reasons, a donor just couldn't bring him or herself to part right now with "Grandfather's old gold watch" or Aunt Suzy's extra silver set," the gifts could be made via a living trust, or any will—no problem.

Actually these types of items often become burdens to heirs. Without specific designation as to their disposition, such items often end up causing strained feeling among potential beneficiaries, or end up at auction, or at a "garage sale." Frequently, too, the designated recipient does not appreciate the item. How much better to give these items to Otterbein.

Of course I have no basis for such an estimate, but I am confident that should Otterbein alumni sit down and go over in their minds the valuable personal items they hold, but for which they now have no particular use, the value thereof would easily exceed \$1,000,000.

For more information about these and other gifts of tangible personal property, contact the Development Office, Howard House, Otterbein College, Westerville, Ohio 43081 or call 614/ 890-3000, extension 405.

Sports Report

Seils Says Offense Strong, Defense Young

Coach Rich Seils' 1982 football Cardinals have a difficult act to follow. Last year's 7-2 team broke a total of ten Otterbein College football records en route to the school's finest football finish since 1977.

The Cardinals shattered season marks for rushing yardage (2,324), pass interceptions (23), and rushing attempts (534), to name a few. As a result of many offensive uprisings, kicker Jim Hoyle set Cardinal records for most extra points in a game (6), season (29), and career (51).

"Last year was a great season for us, and in order to achieve those same results this year, we'll be counting on many new people," commented the eight-year head coach. "Our major concern at this point is with how quickly our younger defensive players mature."

The Otterbein coaching staff will look to young defensive linemen such as sophomore end Gary Ubry and sophomore middle guard Tony Keels to shore up a defensive unit which lost seven starters to graduation.

In the secondary, Chuck Golden will fill the spot vacated by All-OAC safety Joe Krumpak, while junior Tom Lucas is the only returning starter in the defensive backfield.

"Obviously, our overall strength is in our offense," added Seils. "We moved the ball well as a running team last year, and we'll continue to keep it on the ground for the most part."

Once again, Brook McDonald, the senior quarterback from Grove City, will direct the potent ground game. McDonald, who rushed for 386 yards and five touchdowns in 1981, will be flanked by several strong running backs who all have considerable experience.

Rick Goodrich, last year's leading ball carrier with 388 yards for a 7.1 average, should carry a large portion of the rushing load. Fullback Rick Burdette (104 yds.) and halfback Darron Bell (199 yds.), along with Jeff Hilliard (342 yds.), Jim Smith (180 yds.) and Chris Roark should all be visible contributors to the Tan and Cardinal ground force.

On the interior line the only vacancy

Senior placekicker Jim Hoyle will seek to break his own Otterbein record for most extra points when the Cardinal football team takes to the field for the 1982 season. Here, Hoyle adds one of his 29 extra points in 1981.

to be filled is the one left by 1981 All-America offensive guard Tom Dolder.

Last season's leading receiver, Dave Torgerson, will be back along with All-OAC selections at kicker, Hoyle, and punter, Jon Mastel, to complete the seasoned group of offensive performers.

There are a lot of question marks surrounding this year's team," Seils said. "We will be young and lacking in overall depth. But there is certainly no shortage on enthusiasm. Our kids have a great attitude. We have a lot of people who really want to play football."

Cross Country Team Rebuilding

After recording his 100th career dual meet coaching victory last season, Otterbein cross country coach Dave Lehman is faced with the task of rebuilding a team which lost three key seniors.

Gone is the four-year nucleus of Rob Rose, Hal Hopkins, and Jeff Kneice, so Otterbein's hopes of extending its 36 consecutive dual meet unbeaten streak will rest on the talented shoulders of senior Mark Burns.

"Mark should really be a bright spot for us this year. He just missed making All-America in cross country last year," said Lehman about his prized three-year letterman who did achieve All-America honors in the 1500-meters during last spring's outdoor track season. Burns, who was the second place finisher at last year's Ohio Athletic Conference Championship Meet, should emerge as the conference's premier performer in 1982 — and a safe bet to gain All-America distinction.

"As a team, we'll be basically very young and untested," added Lehman, who enters his thirteenth year as the Cardinals coach. "I am really pleased, however, with the success we had in recruiting." Otterbein adds six new faces to the roster in an unusually strong freshman recruiting effort.

Sophomores Scott Burns and Todd Corwin will also be counted on to aid heavily in the search for OAC success. Scott, a Pittsfield, Pa., native, is the younger brother of Mark Burns. Corwin is a talented transfer student from Greenfield.

"Overall, I'd say it will be very difficult for anyone in the OAC to knock Baldwin-Wallace from the top spot," commented Lehman. "But, with the addition of our young people and the leadership and experience Mark Burns can offer, we think we can do as well as our OAC showing last year."

Fishbaugh Named OAC Coach of the Year

Otterbein's highly successful baseball season paid dividends for Coach Dick Fishbaugh and his players.

The Cardinal mentor was named Ohio Conference Coach-of-the-Year by his peers after guiding his team to the OAC South Division championship with a 13-1 conference record. It is the second such honor for Fishbaugh in his 16-year career at Otterbein.

Senior pitcher Jeff Harper parlayed his 11-2 record into All-America honors when he was named to the third team

Division III All-America selection. His career record of 23-8 appears to be an Otterbein pitching record for wins—Jeff did it in three years after transferring from University of Nevada at Las Vegas.

Cardinal players named to All-OAC teams were Harper and left fielder Jim Hoyle on the first team; second baseman Bret Brownfield and shortstop Lee Cooperrider, second team; first baseman Dave Whitehead, honorable mention.

Track Team Finishes 16th in NCAA Meet

Otterbein's track team finished 16th in the NCAA Division III championship last May in Naperville, Illinois, after placing third in the Ohio Conference championship earlier in the month.

At the NCAA meet junior Mark Burns achieved All-America status by placing sixth in the 1500-meter run with a time of 3:49.11 minutes, a school record. Senior Hal Hopkins set a school record of 9:11.23 minutes in the 3000-meter steeplechase semi-finals but dropped to 9:23 in the finals to finish 11th in the nation.

Senior discus thrower Jeff Baugh placed eighth nationally with a throw of 153'3", not quite up to his school record of 155'4" set in April.

Sophomore Sheldon Robinson ran a personal best time of 21.94 seconds in the 200 meter dash semi-finals and finished 14th in the finals with a time of 22.04.

OAC Meet

At the OAC meet, the Cardinals had strong showings in pole vault as sophomore Jim Smith won with a 14'6" vault and two other Cardinals placed. In the shot put, Eric Anderson took second with a 49'6" put to lead the group of four Otterbein shot putters who placed.

Burns and Hopkins won the 1500 and steeplechase, respectively; Steve Farkas was second in the high hurdles and Jeff Kneice third in the 5000 meter.

A 13-2 dual meet record improves Coach Porter Miller's six-year outdoor track record to 77-11. Mark Burns was selected Most Valuable Participant by his teammates and his brother Scott was chosen Most Valuable Freshman for his distance running.

Captains for the 1982-83 Otterbein

track team are Jon Divine, Don Moore and Mark Burns.

Victory Milestone

The 29-21 season improved Coach Fishbaugh's career record to 262-188-5, but the 250-win milestone came at mid-season with a double-header sweep over Kent State—Dick was soon forcibly escorted to a celebration shower.

After a 6-5 win over defending NCAA

champ Marietta to win the OAC South, Otterbein could not regain its momentum and lost a three-game OAC championship series to Ohio Northern before bowing out of the NCAA Midwest Regional with losses to Albion (Mich.) and Elmhurst (Ill.).

Volleyball Team Returns Eight

The return of eight experienced players from a successful 1981 women's volleyball team shines a bright light of hope for the future of fifth-year coach Terri Hazucha's rapidly improving program.

Hazucha attributes a rigorous off-season conditioning program as a major reason for the dramatic turnaround in last year's team. The Cardinals posted a 17-13 mark after going 9-27 in 1980. The 1981 squad achieved greater success than any other Otterbein women's volleyball team and advanced to the finals of the Southeast Satellite Tournament, beating Marietta and Rio Grande before bowing out to Ohio Dominican.

"We made great steps forward last year, and we feel we can continue that success into this season if we keep up the hard work and dedication," stated Hazucha. "Most importantly, last year's squad generated momentum and a positive winning attitude."

Seniors Karen Graf and Vicki Hartsough will be counted upon to provide team leadership as well as to contribute a great deal to the overall performance of the team. Graf, last year's leading setter, will be responsible for running the Cardinal offense. Hartsough will return at middle blocker and middle hitter where she was the team's best blocker in '81. Vicki will also be key in establishing the team's front line of defense.

Junior Karen Kirsop returns to provide spiking and passing strength from her outside hitter position. Kirsop, who was voted the squad's most improved player last year, will present a dangerous offensive threat to Cardinal opposition.

The Otterbein women suffered two key personnel losses in Dona Clem, a four-year letter winner, and Mindy Gossett, 1981's most valuable player.

Karen Kirsop and Janet Roby will be among the veteran players returning to the Otterbein volleyball team.

Message from Alumni Association President

From the November 1, 1920, *Tan & Cardinal*:

"Homecoming to be the best ever. All the cars will be met by a student committee and all visitors will be escorted to the Association Building. There, everyone will register and those without accommodations will be cared for. All the Otterbein students will be distinguished by wearing tan and cardinal ribbons, and all members of the Literary Societies will wear their respective colors and insignia."

Otterbein homecomings have a wonderful tradition of being "the best ever," and as your new Alumni Association president, I urge you to return to the campus October 23 to share in the annual fall homecoming. Enjoy the excitement of the parade, football game, band performance, fraternity and sorority reunion luncheons, "O" Club dinner and evening theatre production. You can wear the colors of your Greek organization on your mum corsage and the students will be distinguishable by their youth!

I hope this year we, as alumni, will all participate in another fine Otterbein tradition — giving of ourselves. Let's all work to meet the Trustee Challenge to the Otterbein Fund. Let's rededicate ourselves to helping make Otterbein's future secure by encouraging new students to apply and by volunteering our service to the College. Increased involvement is the name of the game.

Thank you for extending to me the privilege of being your president. See you at Otterbein — at Homecoming and throughout the year!

Grace R. Ruppger

L. William Steck '37

Otterbein lost one of its most loyal and best loved friends when L. William (Bill) Steck died June 10 at the age of 67. An honorary trustee since 1978, he had been active in College affairs since receiving a B.A. in 1937. For 20 years, from 1954-1975, he was alumni representative on the Board of Trustees. In 1950-51, Bill was president of the Alumni Association, which honored him in 1974 with the Distinguished Alumnus Award in recognition of his service to Otterbein, to the community of Westerville and to his profession.

A member of the Westerville City Council for 24 years and mayor of the city from 1953 to 1971, Bill was well known throughout the community, not only for his wide range of civic activities, but also for his genial personality.

In 1981 he retired from Landmark, Inc. and the Ohio Farm Bureau Federation after 30 years service. At the time of his death he was affiliated with Heritage Securities, a subsidiary of Nationwide Insurance Companies. For seven years, from 1940 to 1942 and 1946 to 1951, he was a professor of political science at Otterbein. During World War II he was a

special agent in the U.S. Army's Counter-Intelligence Corps.

Along with his wife, **SARA KATHRYN KELSER STECK '37**, Bill was a familiar sight on campus. He and Sally generously lent their help to numerous service projects and enthusiastically attended athletic and cultural events. In addition to his wife, he is survived by three children, all Otterbein graduates, **FREDERIC STECK '69**, **KATRINA STECK MESCHER '72** and **GRETCHEN STECK HORSTMAN '73**; a brother, Edison Steck, and a grandson, Benjamin Mescher.

A memorial service was held June 13 at the Church of the Messiah United Methodist in Westerville, where he had been a member and Sunday School teacher for many years. In speaking of Bill before the large crowd of his friends and associates at the service, President Thomas J. Kerr, IV said, "He was the ultimate alumnus, a model of the values symbolizing Otterbein."

Gifts in Bill's memory may be made to the Steck Family Scholarship at Otterbein College, an endowed scholarship for political science students which Bill established in 1966 in honor of his parents, Charles E. and Alma Boose Steck.
