LOYAL ALUMNUS MAKES DONATION

One Man Agrees to Give Sufficient Sum to Beautify Grounds of U. B. Church.

MONEY IS SOLICITED NOW

Many Pledges are Being Received for the Purpose of Beautifying the Campus.

As a result of the ardent plea for funds with which to beautify the campus, Otterbein's alumni are responding readily by sending in money. One generous person has donated one hundred and fifty dollars with which to beautify the grounds of the United Brethren Church. This work has already been commenced and it is hoped that before long the rest of the campus will receive attention.

Checks have been coming in from the amount of twenty dollars down to one, which are applied on the whole fund. Who will be the next to send in sufficient money to beautify the grounds of an entire building? Is there not some class which will assume the responsibility for the Administration Building where so many precious things were learned? Will not some alumnus or group of alumni undertake to subscribe the means of making beautiful Carnegie Library or the Association Building, where many happy hours have been spent? Are there not some music and art graduates who would like to add to the attraction of Lambert Hall, which is devoted especially to the furthering of their work?

The work will proceed just as rapidly as the money comes in, which it is hoped will be within the next two weeks, as the present time of year is the proper time to do work of this kind.

Continues in Y. M. C. A. Service.

Charles A. Gummere, who was a student in Otterbein from 1895 to 1898, was engaged in war work of the Young Men's Christian Association during almost the entire period that the United States was in the war. He was general secretary in several of the southwestern camps and late in 1917 he was sent to England where he served for a year as assistant general secretary of the British Isles. He returned to this country to take part in the great drive for funds last fall. After the armistice was signed he remained here and has now been selected as one of the special finance secretaries of the International Committee of Y. M. C. A.

MUSIC STUDENT HONORED

Miss Helen Vance Elected a Colleague in American Guild of Organists—Will Give Recital.

Miss Helen Vance, who will take a Mus. B. degree in piano with the class of 1919, has recently been elected a Colleague in The American Guild of Organists. Miss Vance is organist for the First Presbyterian Church of Westerville, and it is owing to this fact that such an honor has come to her.

To become a Colleague in this musical organization one must first of all be recommended by two active members, and be accepted by the local chapter, and also the name must be passed on by the central office of The Guild in New York City. There are certain musical standards which are requisite to Guild members. Miss Vance was successful in all respects, and a few days ago received her papers from the New York office.

Miss Vance has had two years of organ study in Otterbein, and later in the semester she will give an organ recital in the chapel.

Special Services Held for Men.

Last Thursday evening at the United Brethren Church. The service was under the auspices of the Brotherhood. Rev. Mr. Burtner spoke on the subject: The man of Galilee. This service took the place of the regular monthly meeting.

TRACK AND TENNIS BEGIN

Outlook for Spring Sports Promising—Grounds to be Put Into Shape.

Now that spring is here with her sunshine and warm breezes, summer sports are taking the place of the gymnasium floor and the basketball. The college has appointed a man to care for the track and tennis grounds. He is speedily putting them into shape and assures us of perfect courts.

The outlook for track this year is very good. We have quite a number of letter men in school and a very promising bunch of new material "Bill" Evans and "Fat" Powell will try their strength with the weights. Wood, Albright and Phillipi will try for the distances; Fox, Palmer and Meyers will be out for the high jump, pole vault and hurdles; Martin and Meyers for the jumps, and Fox for the 440 and 880. Although we have no old material for the short distances, yet some new men are developing along that line and show some very promising results.

In tennis the outlook is better than it has been for years. Bancroft and Gray, both expert men who received letters last year, are out again, and getting into full swing. "Bob" Martin, who won the amateur championship of Dayton, promises to give the old letter men a run for first place.

Now it is up to the students to come out and help them get into shape.

CONFERENCE TO BE HELD HERE

Otterbein to Have Annual Conference of Student Volunteers, Y. M. and Y. W. Next Spring.

AT DELAWARE THIS YEAR

O. C.'s Representatives from Volunteer Band and Y. W. Brought Back Interesting Reports.

At the joint Annual conference of Student Volunteers, Y. M. C. A. and Y. W. C. A. of the Central and Southern Ohio colleges last week in Delaware, it was decided that next spring's conference should be held at Otterbein. This conference will mean a great deal to Otterbein in the way of spiritual and social betterment. It must be made a success by the co-operation of students, professors and all who are connected with and interested in Otterbein.

Ohio Wesleyan at Delaware entertained the conference this year. All who attended it from Otterbein brought back the report that the Student Volunteers and Christian Associations of Ohio are full of life and enthusiasm. Otterbein was very fortunate in securing next spring's conference, because Western College at Oxford and Denison University were exceedingly anxious to derive the benefits that would come from having the convention there.

Otterbein's Student Volunteers were represented by Edythe Cave, Harriet Raymond and Kenneth Scott while the Y. W. C. A. sent (Continued on page five.)

Son of Student Dies.

In the Columbus Dispatch of March 20 appeared the following article concerning the death of the small son of Rev. E. B. White, who is a student at Otterbein. The Tan and Cardinal extends sympathy to the parents.

"Charles Orval White, 18-months-old son of Rev. and Mrs. E. B. White, 374 South Harris avenue, died at his home, Wednesday, after a two weeks' illness from influenza and pneumonia.

"Rev. White is pastor of the Burgess Avenue United Brethren church. Besides the parents, two brothers, Earl and Lewis White, and a sister, Margaret Ellen White, survive. All of the children were ill with the disease but the three have recovered.

"Funeral services will be held at the residence, Thursday, at 7:30 p. m. The body will be taken to Hillsboro Friday morning for interment by Cook & Sons."

PULPIT DISAPPEARS—ANCIENT RELIC REINSTATED IN CHAPEL

Chapel seems to be the stamping-ground for some youngsters who are fond of playing jokes. On Friday morning, what magnificent wooden structure on the platform greeted our eyes? Was it the time-honored, much-used, intellectual-looking pulpit-desk that Prexy was accustomed to hide behind each morning? Was it the same steady, faithful, much-enduring generously-proportioned article of furniture that has withstood all the pranks that college boys of many years could conjure up? Was it, I ask? No, I say vehemently, no!

It was a small, high, quavery affair that looked as if it had a hard time to stand on its own inadequate feet, as if it might succumb to its many emotions at being thus rudely exposed to the gaze of hundreds of pairs of eyes after years of seclusion

in some remote attic. The poor thing looked as if it were ready to topple off the platform from sheer embarrassment and hide its face in the friendly carpet where it could weep unnoticed.

In our vivid imagination we could see Otterbein of two-score-years ago. No doubt the shy little pulpit desk felt quite at home so long ago, among its own companions and friends. How some of the old-time teachers and preachers must have orated while standing there, gyrating and gesticulating in true old-time style, making the poor little desk tremble on its thin legs when a sturdy fist was occasionally brought down upon it.

All we can say is—"Bring back, bring back, oh! bring back our standby to us!" oh! naughty students who spirited it away in the night.

PREXY REPORTS CONFERENCE

Colleges Are Expected to Furnish Recruits With Proper Motives and Training for Religious Work.

President Clippinger attended the sixteenth annual convention of the Religious Education Association in session at Detroit the early part of last week. The president brought to the students in a chapel talk last Thursday morning the general theme of the meeting which he defined as the "Religious Interpretation of Democracy." He also presented the purpose of the Association as three-fold, first, to inspire the religious forces of our country with the educational ideal; and to keep before the public mind the ideal of religious education, and the sense of its need and value.

The attendance was not large in numbers but was very representative in the type of men and women who were present. Representatives from the colleges and universities, theological schools, directors of religious education in churches and Sunday School Associations, University pastors, home and foreign missionaries and teachers of religious education and Bible in colleges and universities were represented.

One of the striking features brought out in the conference was the calling for religious leadership in all walks of life as well as the need of a thro-going saturation of the entire nation with the religious ideal. The call for trained leadership at home and abroad was never so insistent. A representative of one of the large denominations which is now engaged in their forward movement says there is no lack of candidates for their foreign missionary work. Their chief problem is to select men and women with proper motives and training. College men and women will be looked to in the next few months as never before for decisions of life work in the various forms of religious leadership. Naturally the denominational college will be expected to furnish the largest proportion.

Otterbein has always given a good number of men and women for the ministry and missionary work at home and abroad, Christian Association work and other forms of social service, but we must in larger measure recruit our ranks and train our candidates. The new day demands the best we have.

The new Otterbein Science building will be located on the north side of the college campus, on what was formerly the athletic field. It will face West Main street.

The contract for the erection of the building has been let to The Concrete Steel Construction Company, of which George Ohmart is the manager. The company has the first piece of machinery on the ground, a big hoisting engine. Other machinery is in place at the old gravel pit at the north end of Grove street, where gravel will be removed for construction of the building. Active work is expected to begin in a few days.

Ohio We leyan's annual, Le B'jou, is using the "Rosebud" feature this year. Each of the four classes has selected the prettiest girl from its ranks,—the result of the balloting to remain unknown until the annual is published. Three poses of each Rosebud will appear on a fine satin finish page, done in colors.

Speaking of Westerville.

Fortunates that we are! to be able
to spend our college days in such an
ideal village as Westerville. So
busy are we that we seldom stop to
think of our "quiet, peaceful village,"
and that Otterbein "stands serene
'mid tree tops green." The good
founders of Otterbein could have
found no better spot on which to lo-
cate the college of the United Breth-
ren in Christ, than just where it is.

How much it would detract from
our college life to have Otterbein
situated in the midst of a teeming
city, continually surrounded with
the dust and smoke and grime that
a city must necessarily accumulate
by its whirling machinery and grind-
ing wheels. At every season of the
year we find Westerville quaint and
attractive, from the brick sidewalks
to the wide shady streets and charm-

ing houses set away back on the
spacious lawns. Did we ever see
such accommodating and sympa-
thetic folks as those who live in
Westerville and respond to the col-
lege's every request for aid?

Should we not consider ourselves
fortunate to be under the instruc-
tion of high-idealed, Christian profes-
sors who strive not only to educate
our minds but to create in us a deep
spirituality? In all these things are
we blessed, ideal situation, sympa-
thetic townfolks, and Christian
professors. Whose fault is it if we
go away from Otterbein without
having fulfilled our highest capabili-
ties?

A Reputation to Maintain.

Really and truly loyal Americans,
and thank the Lord most of us are
that, will not play Uncle Sam false in
the hour of his greatest triumph.

For say what you will America
stands better before the world today
than ever in all her history.

America had a reputation to main-
tain when we entered the world war.
We had set the pace for the world
in many ways. Particularly we had
laid up a store of wealth that won us
a world-wide dislike.

Generally speaking we were regard-
ed a nation of money chasers. A na-
tion of people who would suffer in-
sult rather than fight.

Germany was more impressed with
that idea, possibly, than any of the
other world powers.

And tried to make the most of it.
You all know what happened.

The world now admits that Uncle
Sam's entry into the war turned the
scales in favor of the allies. That
without his help they would have been
defeated.

Every one of the early demands,
due to the world war emergency,
America met promptly and generous-
ly.

Everything that was asked by our
allies was granted fully and freely.

Every sacrifice necessary was made
gladly and without hesitation.

Whether it was a call for personal
service or financial sacrifice that de-
mand never went unheeded.

And the result was that once Amer-
ica's hosts had followed America's
dollars to the fighting front the finish
came like lightning out of a clear sky.

We have that reputation still to
maintain.

We must keep our toes to the line
of duty until the finish.

We must lend to Uncle Sam just so
long as he needs the money.

We must prepare for the Victory-
Liberty Loan.—The Dynamo.

Definition of a college prank: Any-
thing you're not supposed to do.

Kind friends, have you heard of the
town of No-Good,
On the banks of the river Slow;
Where Some-Time-Or-Other scents
the air

And the soft Go-Easies grow?
It lies in the valley of What's-the-Use
In the province of Let-Her-Slide;
It's the home of the reckless I-Don't-
Care,

Where the Give-It-Ups abide.
The town is as old as the human race,
And it grows with the flight of
years;

It is wrapped in the fog of the idler's
dreams;

Its streets are paved with discarded
schemes,

And are sprinkled with useless tears.

Girls who were present at this meeting heard the unique subject, "Sparrows or Larks" discussed by Genevieve Mullin. The songs of sparrows and larks are widely different. Sparrows chatter incessantly, thereby disturbing people, while larks sing inspiringly as they soar into the sky. Too often we chatter like the sparrow, forgetting that character is revealed by conversation.

"The tongue advertises a man." "The less men think the more they talk," are two good proverbs that it would be well to think more about. Once in a while, at least, we should be serious and let our thoughts rise to the heights the lark attains. Then, too, the sparrow always remains on the ground, incessantly pecking and chattering, while the lark soars and sings. How many, many people remain on the ground tearing down people's reputations, when they might be soaring and singing. Are we sparrows or are we larks?

Bertha Hancock gave an interesting report of the Y. W. C. A. phase of the Student Convention at Delaware, after which Edythe Cave told about the Student Volunteer movement of the same convention.

Winter Garden Reopens.

Y. M. C. A.

Otterbein's Y. M. C. A. enjoyed a unique meeting last Thursday night. It was an open discussion, the topic being "Missions". Much interest was manifested by the hearty response of those present. The association was favored with a special report by Mr. K. L. Scott on the influence of Christianity in the world today. In the course of his talk Mr. Scott brought before the men concrete examples of the progressive spirit instilled by Christianity. He emphasized the great influence which Christianity has exerted in the fields of science and industry. His information was drawn from the recent mass meeting of the Volunteer Band held at Ohio Wesleyan University. The attendance was only fair. The meeting was shortened to a half hour because of the extensive Brotherhood program of that evening in the revival services.

CONFERENCE TO

BE HELD HERE

(Continued from page one.)

Bertha Hancock. Each of these brought back an interesting report and have already started to create enthusiasm for next year. One of the eminent speakers was Dr. Hoffman, President of Ohio Wesleyan University. Among other instructive thoughts, he said that the people who believe in Jesus Christ have the work of reconstructing the soul of the world through their guide, Jesus Christ. Ralph Harlow, who has been a Student Volunteer Secretary in France, stated that the United States sent two hundred men to fight in France for every one sent out to evangelize the world. Men are willing to fight for love of country—why should they not be zealous to fight to make the world hear of Christ's holy principles.

Professor Buck, who teaches Missions in O. W. U. gave an interesting lecture on India. He said that when he was in India, he was one of them, but when he came to the United States he had another mission to fulfill to tell about the conditions in India. The cry of that country now is one of keen pain and anguish, not only out of spiritual darkness, but of physical suffering. India now faces a terrible famine and is in a deadly epidemic of Spanish Influenza much worse than it has been in the country.

Dr. Headland made this telling statement. "If you want to be anything, be it right now and be it all your life. You can be just what you want to be." Dr. Walker compared a person who gets religion to a chicken which is just hatched—because it still has a part of the shell on its back. This shell is the worldliness which Christians retain when they begin to follow Christ. The whole conference was full of inspiration and personal benefit for those who attended.

COCHRAN HALL NOTES

One of our number felt a sudden longing for the faraway hills of West Virginia. Marie Staats left Friday morning to spend a few days at the home of her sister in Morgantown, W. Va.

Dr. and Mrs. Byers of Arcanum made Faye glad by coming to visit her while she was ill.

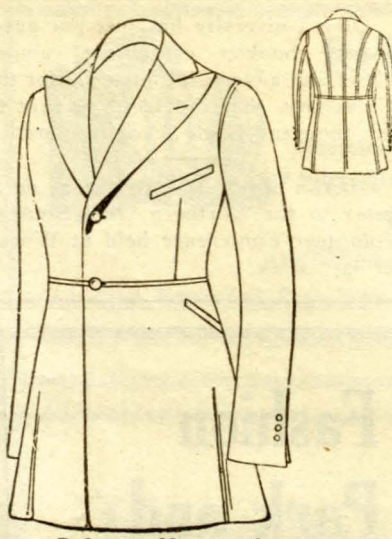

Many are the speculations, calculations, ejaculations and lamentations concerning the fast-approaching banquet. Fellows, get busy!

Virginia Blagg left last Monday for Cincinnati.

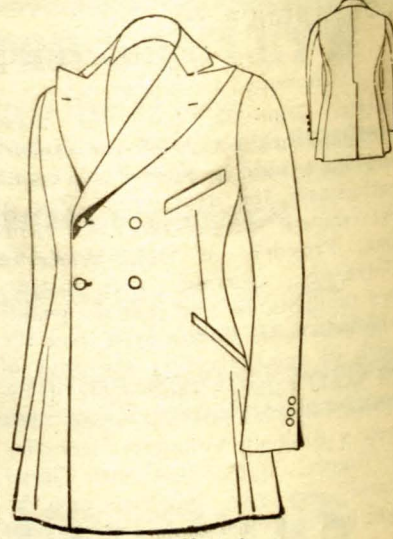

Breastmore Model

One button, single breasted model—high waisted effect with peak lapel and flare sleeve—the two top buttons are 'camouflage'—nothing newer for Young Men.

Belmore Model

Two button, single breasted Waistline model—Spring's most popularized style for Young Men. It gives you the high waist—full chest effect you want these days.

Traymore Model

Plain, double breasted, high waist effect, with slant pockets—it's always good for the young man who wants to be a little differently attired.

ANY ONE OF THESE NEW SPRING KIBLER STYLES

IS ABSOLUTELY CORRECT FOR THIS SEASON—THE SAME MODELS THE NEW YORKER WEARS TODAY

Young Men prefer them in plain colors—blue and green flannels especially—but we have hundreds of good fabrics and patterns in all the best styles to select from

Katheryn Warner wanted to go home once more before Easter, so she is spending this week-end in Dayton.

The sick girls in particular and the rest in general, (those who were fortunate enough to be awake) thoroughly enjoyed the moonlight serenades, and invite the strolling musicians to return.

Betty Fries of Dayton and Mrs. Harry Young of Indianapolis were dinner guests of Florence Loar Thursday evening.

Edythe Eby was joyfully surprised when her mother arrived Friday evening. Who wouldn't be?

Beatrice Shafer is spending the week-end out of town.

Several of the girls had the pleasure of hearing the New York Symphony Orchestra in Columbus Friday evening.

Martha Skinner visited in Circleville on Saturday.

Some of the girls have shown their capability as nurses while sickness was in the Hall, by preparing the food for the patients. Others have demonstrated their complete willingness by washing the dishes.

Ruth Drury went to her "Home Sweet Home" in Dayton for a few days.

Gladys Howard and Ilo De Hoff spent an enjoyable Sunday in Columbus.

New Spring Dress Goods

A nice line of Taffetas, Satins, Crepe de Chines in beautiful shades and at a price that will be sure to sell them. Come and look them over.
