Summer settles on a college town with lonesome, wistful breaths, sun-fevered sighs. Strange fate, a campus emptied in her ripening lush of growth. Or does aloneness lend her majesty? Serenity becomes a solo theme, but multiplied in choral overtones of natural beauty.

What could better depict our mood than Alum Creek and the familar Westerville bridge in summer evening stillness? The Alum may not be an actual part of Otterbein's campus, geographically speaking, but we'll bet it plays an active role in more than a few alumni memories!

Our cover view of the creek was captured from the west bank down by the water plant, just across the way from Duck Island.

"Our Common Responsibility"

—Summary of Commencement Address by Dr. Arthur S. Flemming
Director, Office of Defense Mobilization, at Otterbein College on
June 4, 1956

INTRODUCTION

At the heart of our Judao-Christian tradition is the commandment "Thou shalt love thy neighbor as thyself." This commandment places upon each one of us a common responsibility—a responsibility which, if assumed, provides our lives with both a center and direction.

But what is the nature of this responsibility? First of all, there are certain things that we are not required to do under this commandment. We are not required to be like our neighbor. We are not required to approve everything that our neighbor says or does.

There is just one obligation that the commandment does place upon us and that is the obligation to do everything within our power to help our neighbors realize their highest possibilities. That is the obligation that lies at the heart of our Judao-Christian tradition. And that obligation is a law of life—a law which if broken breaks up the life of the law-breaker and helps to disrupt the society of which he is a part.

A COMMON RESPONSIBILITY

This commandment places upon us a common responsibility in the field of government. If government is administered by those who look upon their positions of public trust as opportunities to serve, then government becomes a medium for helping men and women to realize their highest possibilities. If, on the other hand, government is administered by those who look upon it as an opportunity to further their own selfish interests, then government becomes a medium for placing obstacles in the way of men and women realizing their highest possibilities.

A school board that is dedicated to the service of others helps hundreds and thousands of our young people to realize their highest possibilities. A corrupt school board does just the opposite.

A person who refuses to vote violates the commandment.

A person who refuses to participate actively in the political party of his choice is refusing to do everything within his power to help his neighbors realize their highest possibilities.

A person who turns aside, for purely selfish reasons, from the opportunity to serve in public office violates the commandment.

The commandment places upon us a common responsibility to help the welfare agencies of our community.

The commandment places upon us a common responsibility to help the church and faith of our choice accomplish its mission. With all of its faults there is no institution that can do more in the direction of making it possible for men and women to realize their highest possibilities. It follows, therefore, that whenever we fail to do everything within our power to help our church fulfill its mission, we are failing to do everything within our power to help men and women realize their highest possibilities. In other words, we are violating the commandment.

CONCLUSION

And so, members of the Class of 1956 of Otterbein College,

First, I urge you to accept as a part of your lives our common Judao-Christian responsibility to love our neighbors as ourselves. In so doing, you will find both a center and a direction to your lives.

Second, I urge you to vote, to participate in the political party of your choice, to respond to the opportunity that may come to you of serving

The Beautiful Normandy Church

One of the most unique churches in this country and indeed in all Christendom, the Normandy Church, a few miles south of Dayton, has as its pastor an Otterbein alumnus, Milford Ater, '41.

Another Otterbein alumnus, Dr. William K. Messmer, '36, superintendent of the Miami Conference of the E.U.B. Church, played an important part in the negotiations which led to the establishment of this new church.

In 1955, Dr. Messmer and a group of church leaders met to consider the establishment of a new church in the area close to Centerville, Ohio. Learning of the interest in a church for that community, Mr. Richard H. Grant, Sr., formerly vice president of General Motors, offered a portion of the fabulous Normandy Farms estate for church purposes.

The property consists of a 38-room Normandy style castle the fixtures of which were imported from Europe. The wood paneling in the main hall and library were originally carved in 1663 for a chateau in France and are valued at \$20,000. The Grants left many beautiful tapestries and some ex-

quisite furniture. The house was built in 1930 at a cost of \$980,000.

There is an excellent out-door swimming pool with two diving boards and underwater lights as well as flood lights. John McGee, '38, a member of the church, is supervising the pool this summer.

Another house of corresponding architecture is on the tract of land and serves as a parsonage. It has seven rooms. The two houses are situated on thirteen acres of beautifully landscaped lawns and gardens.

Through the generosity and good will of Mr. Grant all of this valuable property was sold to the Miami Conference for \$125,000 on a ten-year contract with an interest rate of 1%.

On September 1, 1955, the Reverend Milford Ater answered the call to serve as pastor of this new E.U.B. mission church.

The first public worship service was held in the new Normandy church at 11:00 A.M. on Sunday, September 18, 1955. One week later the present schedule of services was initiated: Worship services at 8:30 and 10:45 A.M., with Sunday School at 9:30 A.M.

Above: The Rev. Milford E. Ater, '41, his wife, "Millie," and their lively four-year-old daughter, "Becky."

Left: The Normandy E. U. B. Church, located near Dayton, Ohio, in Washington Township. Churches were needed in the fast-growing area, and this need was answered one year ago when a portion of the fabulous Normandy Farms estate became available for the establishment of an E. U. B. Mission Church.

At the time of the first Congregational Meeting on January 6, 1956, the membership stood at 156 and an average Sunday School attendance of 145.

The congregation approved a financial budget of \$22,500.58 for the first year making the church entirely self-supporting.

Almost no structural changes were necessary in the house for there are adequate rooms for Sunday School and social purposes and the large living room, which occupies one wing of the house, serves as the worship center.

Pastor Ater graduated from Otterbein in 1941, and from United Seminary in 1945. He has had training in music under Fred Waring and has studied at Union Seminary in New York. Before assuming his present position he served for fifteen years as pastor of the Antioch church near Brookville. He has always been interested in youth and has served for many years as director of youth work and youth camps for the Ohio-Miami Conference of the E.U.B. Church. A wife "Millie" and daughter "Becky" constitute the Ater family.

HONORARY DEGREES

Six honorary degrees were awarded during Otterbein's commencement ceremonies June 4. Three of the recipients are sons of Otterbein. Commencement speaker, Dr. Arthur S. Flemming received the Doctor of Laws degree. Carl C. Byers, '32, superintendent of schools of Parma, Ohio since 1942, received the Doctor of Education degree. Honorary Doctor of Divinity degrees were awarded to Reverend O. E. Johnson of Bowling Green, superintendent of the Ohio Sandusky Conference; the Reverend Murn B. Klepinger, '23 of Dayton, Belmont EUB Church pastor, and Lt. Col. Glen C. Shaffer, '32, USAF chaplain. Armand Spitz, Director of Spitz Laboratories, Yorklyn, Delaware and inventor of the Spitz A-1 Planetarium was presented with the Doctor of Science degree.

In September 1923, a new professor began his work at Otterbein College—Jesse Samuel Engle. In the phraseology of those days "he was the Bible teacher." A 1914 graduate of Otterbein, Jesse Samuel Engle, had in the meantime graduated from Bonebrake Theological Seminary in 1917, served as a Pastor in the Ohio Sandusky Conference and later earned his Master's degree from the University of Chicago. When the summons came from Otterbein to fill a vacancy in the Bible Department, he discontinued study toward his doctorate and answered the call. Otterbein conferred an honorary doctorate on him in 1950.

Until his last illness, Dr. Engle carried a heavy administrative load along with his teaching duties. He was chairman of his department, and also chairman of the Division of Social Studies, comprising four departments. He served on numerous important faculty committees, and was faculty advisor of the Council of Christian Associations.

His vision was very far reaching and he was always eager for his advisees as well as other students to counsel with him on any problems which they had. In a public discussion he usually was one of the last to speak. But when the occasion demanded, he spoke forcefully and with clarity. One of his greatest abilities was the quality of sensing inconsistencies in argument. He could also take the wind out of the sails of a stuffed shirt. He had a sense of humor that was delightful. His dry wit was salty without bitterness. He could take the tension from a situation by saying a few droll words. The list of his qualities could reach to infinity, but his deep convictions about his work in the Kingdom of God were the most important.

Last fall when the possible retirement of Dr. Engle was made known to the students, it was decided to honor him by having his portrait painted so that coming generations would be able to see the man who had done so much for Otterbein. The portrait was finished just shortly before Dr. Engle found himself too ill to continue his final examinations the first semester. The unveiling of the picture was held at a special memorial chapel service just before the end of the year.

Preparing a tribute to such a great man is difficult without becoming trite so all we can do is pray that we may use his advice to live in his way and thank God that we had the privilege of knowing Dr. Jesse S. Engle.

Below: The presidential hand appears in each picture as the official hood is fitted into place for each honorary degree recipient. (The hand sometimes observed behind the recipient is that of Dr. Gilbert E. Mills.) Left to right: O. E. Johnson, Doctor of Divinity;

Arthur Flemming, Doctor of Laws; Carl Byers, Doctor of Education; Murn Klepinger and Glen Shaffer, Doctor of Divinity; Armand Spitz, Doctor of Science.

Associations And Friends Write Tribute To Dr. Jesse Engle

Faculty Colleague Tribute to Dr. Engle:

"I have fished and hunted with Jesse, also consulted with him often, and I haven't met a finer gentleman. I have told him more than once that the only fault I could find in him was that if I did him a little kindness, he would do three or four for me in return. I don't believe that the influence of such a man as Jesse Engle can be felt like he was here, except in the small Christian college."—*Fred Hanawalt, '13*

Former Student Tribute to Dr. Engle:

"Dr. Engle left an indelible impression upon me. He combined the finest elements of Christian faith and inquiry, provocative teaching, and counseling friend."—*Byron M. Esch, '47*

DEDICATIONS

Two dedications and the unveiling of a cornerstone highlighted the commencement weekend.

Dr. Armand Spitz, inventor of the Planetarium spoke at the dedication of the Weitkamp Observatory and Planetarium. The observatory houses a 16-inch Newtonian reflector type telescope constructed by the Cave Optical Company of California. The planetarium was constructed by the Spitz Laboratories of Yorklyn, Delaware. It composes a facility equalled by few, if any, colleges, such as ours, in the country.

Bishop Arthur R. Clippinger, Dayton, presided at the dedication of the Clippinger Administration Building named in honor of his

brother, Dr. Walter G. Clippinger, distinguished President of Otterbein from 1909-39. All administrative offices are now located in this building.

The Clippinger Administration Building formerly was the Carnegie Library, built in 1908. At the close of World War II the Carnegie Foundation relinquished all claim to this structure allowing the College Trustees to use it as they saw fit. In the Centennial Campaign, the late Dr. J. S. Gruver, '98 made a contribution designated for the purpose of remodeling the Carnegie library into an office building to be named in honor of Dr. W. G. Clippinger. These wishes of Dr. Gruver have been carried out, and Otterbein now has an attractive and commodious administrative center.

The Corner-stone of Clement's Hall was unveiled following the annual Alumni Luncheon in Barlow Hall on Saturday afternoon, June 2. The new women's dormitory was given the name "Clements Hall" in honor of Dr. and Mrs. Frank O. Clements, long-time loyal supporters of the college. It is to be finished and ready for occupancy by next September 1. It will house ninety women students.

Below, left: Bishop A. R. Clippinger spoke for the dedication ceremony of Clippinger Administration Building. Center: The curtained corner stone, inscribed "CLEMENTS HALL," was revealed with a pull of the cord by Mrs. F. O. Clements during a brief

ceremony. Right: Dr. Armand Spitz, pictured here beside the telescope in the observatory, was the speaker for the Weitkamp Observatory and Planetarium dedication.

The Year In Quick Review

—Dr. J. Gordon Howard

The annual meeting of the Board of Trustees was held in connection with the Commencement weekend, June 1-4, closing the 109th year of Otterbein College. Reports to the Trustees revealed some interesting facts.

Registrar F. J. Vance indicated a total enrollment of 787 for the year, with 697 full-time students. Of the full-time enrollment, 416 were men and 281 were women. Students came from 16 states and 6 foreign countries. The percentage of Evangelical United Brethren students in the four college classes was 50.5%. There were 98 veterans.

Numerous calls to the campus were made by representatives of public education and industry to interview seniors regarding positions.

The admission of freshmen for September 1956 is running 15% ahead of last year.

Dr. Wade S. Miller who served as Director of the United Crusade for Colleges, Seminaries and Church Extension, in the Otterbein College territory, reported the Crusade had been accepted whole-heartedly by the cooperating churches. Western Pennsylvania Conference, with an early start in May, 1956, is leading the Crusade with 103% of the first year's goal paid. Other Conferences are doing well and the first year's record will be excellent. The EUB churches in the Otterbein College territory are undertaking to raise \$1,511,000 in four years, of which amount Otterbein College will receive \$500,000.

Finances

Treasurer A. V. Horn indicated that the 1954-55 budget closed on June 30, 1955 in the black with \$5,885 on the credit side. This was a welcome relief after several years of deficits. He predicted that with the help of an allocation for operating expenses in the Advancement Fund, the current budget will be able to close without a deficit on June 30, 1956.

Vice President R. F. Martin reviewed the study which the Admissions Committee has been making of the best use of student aid funds. He reported an inclination to consolidate numerous smaller grants into fewer and more substantial scholarships and grants-in-aid.

Miss Joanne Van Sant, Dean of Women, was able to report another year of good records for student leaders in the women's housing units and the Panhellenic (inter-sorority) Council.

Advancement Program

A report on the Advancement Campaign, directed by Mr. Frank O'Hern representing the American City Bureau, showed that on January 31, 1956, the campaign had produced a total of \$258,978 in cash and pledges. Since that date the Ford Foundation gift of \$170,300 has been promised. The Executive Committee has authorized that the Development Fund in the next two years shall seek to raise \$85,000 per year to match the Ford gift, the total amount to be used for the benefit of faculty salaries.

Librarian John Becker reported a collection of books and bound periodicals numbering 45,380, a gain of 1284 during the year. Circulation was 32,204 books, and 1972 periodicals.

College Nurse Mildred L. Crane reported 4,829 clinic calls, 85 infirmary cases for 197 days, 765 TB chest x-rays, 91 regular x-rays and numerous other health services.

Business Manager Sanders A. Frye reported the completion of the Weitkamp Observatory and Planetarium, renovation of corridors, stair wells and some class rooms in Towers Hall (the former Administration Building), redecoration of the Faculty Dining Room, improvement of washrooms in the Science Hall and many regular repairs. He pointed out the urgency for building a new heating plant, the present structure being dangerously inadequate for the greatly increased heating load that results from the many new buildings added in recent years.

Professor James A. Grissinger, Chairman of the Speech Department, reported much activity in debate, public speaking, drama, radio and television.

Dr. Paul L. Frank, Acting Chairman of the Department of Music, reported a new music curriculum with a major in Church Music. Two honorary music societies were established. Tours were made by the A Capella Choir, the Women's Glee Club, the Men's Glee Club and the Brass Choir with audiences totaling approximately 10,000 persons.

Mrs. Lillian Frank, Chairman of the Department of Visual Art, reported numerous art exhibits during the year of general interest to all students and faculty, and a number of art activities on the part of persons in the community.

Athletic Director Harry W. Ewing reported inter-collegiate athletic contests as follows: football, won

Our Changing Administrative Pattern

A Vice President in Charge of Development, a new Director of Public Relations and a College Chaplain have been elected by the Board of Trustees and have started their work at Otterbein.

MILLER—

Dr. Wade S. Miller has been appointed Vice President in Charge of Development. Formerly, he was Director of Public Relations. He came to Otterbein College in 1942 from the presidency of Shenandoah College. He is a graduate of Lebanon Valley College and United Theological Seminary. From 1945 to 1947, Dr. Miller directed the Otterbein College Centennial Campaign when \$630,000 was raised and since 1947 he has been director of the Development Fund which has produced nearly \$800,000 in the first seven years of operation. For the past year he has been on leave to serve as Director of the United Crusade of the EUB Churches of the Otterbein College area. This area will raise \$1,500,000 of which Otterbein will receive \$500,000. In his new office Dr. Miller will give full time to fund raising and to the long-range financial program of Otterbein College. He will be responsible for the annual alumni campaign and the cultivation of special gifts, wills and bequests. He will direct the follow-up efforts of the Advancement Campaign just completed.

SCHULTZ—

Rev. Arthur L. Schultz, '49, has been elected the new Director of Public Relations of Otterbein. He comes to this office from the pastorate of the First Evangelical United Brethren Church of Pittsburgh, Pennsylvania. He is a member of the Western Pennsylvania Conference where he was Editor of the Western Pennsylvania Conference News, Chairman of the Board of Publication and a member of the Urban Church Commission. Mr. Schultz graduated from Otterbein College in 1949, received his B.D.

degree from United Theological Seminary and his Master's degree from University of Pittsburgh. He is a member of Rotary International. In interdenominational work he was President of the Pittsburgh East End Ministerial Association, member of the Board of Directors of the Pittsburgh Area Council of Churches and served as Chairman of the Weekday Religious Education Commission. Mr. Schultz will be in charge of college publications including editorship of the alumni quarterly, *Otterbein Towers*, direct the alumni office and serve as Executive Secretary of the Alumni Association, supervise church-college relationships, and promote all college public relations activities.

LEDERMAN—

Rev. Robert S. Lederman has been elected the first full-time Chaplain of Otterbein College. This is a new office authorized by the Board of Trustees at the recent meeting June 1 and 2. Mr. Lederman is a graduate of McMaster College, Hamilton, Ontario and has the Master's degree in philosophy from the University of Toronto. He has the Bachelor of Divinity degree from Evangelical Theological Seminary and has submitted his thesis for the Master of Sacred Theology degree from Union Theological Seminary. He has been serving a church in the Eastern Pennsylvania Conference (Ev.) while pursuing graduate studies in New York City. Mr. Lederman is a member of the Canada Conference of the EUB Church where he once served as General Director of Christian Education. As college Chaplain he will blaze a new trail. He will assist in promoting the total religious life and spiritual emphasis of the campus, bring spiritual help in whatever way it may be needed for all individuals on campus, be available for student counseling, and teach a course in the Department of Philosophy and Religion. He will also keep the college in touch with interdenominational and ecumenical Christian student movements.

First Honor Roll Of Contributors To 1956 Fund

The persons listed below have responded to the 1956 Development Fund appeal for \$85,000. This amount is one-half of the Ford Foundation grant and will also be used for faculty salaries. The other half will be raised in 1957. Four hundred three alumni and ex-students have responded to date with \$14,952.45. The average gift is

good (\$37.10); however, the percentage participating is far from satisfactory. Total gifts from all sources in 1956 amount to \$52,643.41.

If you are one of those individuals who have not yet contributed, do so now before you forget it and before you start on your summer vacation.

THE OHIO FOUNDATION is a voluntary group of colleges not supported by taxes, in which membership continues open to any accredited independent school in this state. Now completing its fifth year, the "Foundation Plan" has met ever-growing approval and response from business leaders who welcome this way, by a single gift each year, to help on so many campuses to preserve free enterprise in education as they want freedom also maintained in commerce and industry. The Foundation seeks only corporate gifts—not as "charity", but as a fair sharing of the increased cost of preparing for the business world the kind of men and women every wise executive wants, now and in the future, as his key staff members, business associates, and patrons.

OFFICERS—1955-6

Dr. Paul H. Fall, Hiram College, Chairman
Dr. Howard Lowry, College of Wooster, Vice Chairman

Where Does The Money Go? That's a question asked by many business leaders as they consider requests from the Ohio Foundation of Independent Colleges for corporate gifts to schools not supported by taxes.

From a gift of \$1,000, the table below shows the share each college receives on the basis of enrollment for this year. For a gift of less or more than \$1,000 a donor can easily adapt the shares to the amount of his contribution.

While donors so desiring still can name the colleges to receive their help, the number so restricting their gifts has declined steadily since first year of OFIC. Funds not designated are divided as shown here—60 per cent equally, 40 per cent according to full-time undergraduate enrollment. Out of each \$1,000, that means \$30.25 this year for the smallest, \$69.00 for the largest of OFIC's 24 member schools.

Another answer to "Where does the money go?" is that all colleges report most of corporate aid goes to improvement of faculty salaries—still lagging far behind comparable posts in business and industry.

College	Enrollment Oct. 1, '55	Total share of gift
1. Antioch	1,026	\$ 48.30
2. Ashland	468	35.63
3. Bluffton	236	30.36
4. Capital	1,014	48.03
5. Defiance	278	31.31
6. Denison	1,326	55.12
7. Findlay	254	30.77
8. Heidelberg	590	38.40
9. Hiram	560	37.72
10. Kenyon	475	35.79
11. Lake Erie	320	32.27
12. Marietta	831	43.88
13. Mary Manse	231	30.25
14. Mount Union	702	40.94
15. Muskingum	857	44.47
16. Notre Dame	302	31.86
17. Oberlin	1,853	67.09
18. Ohio Northern	924	45.99
19. Ohio Wesleyan	1,937	69.00
20. Otterbein	672	40.26
21. St. Mary	292	31.63
22. Western	293	31.65
23. Wittenberg	1,078	49.48
24. Wooster	1,092	49.80
TOTAL	17,611	\$1000.00

What Is the Response? Figures tell the story of ever-growing aid from wise executives:

1951-2: 86 gifts, totaling \$197,165

1952-3: 242 gifts, totaling 335,847

1953-4: 376 gifts, totaling 421,694

1954-5: 481 gifts, totaling 465,792

1955-6: 641 gifts, totaling 643,378

How Much Has This Meant to Each College? Here are the totals for five years, varying according to enrollment. Marietta, Ohio Northern, Wittenberg became members in the second year, Mary Manse and St. Mary of the Springs in the fifth year.

Antioch	\$108,073	Mary Manse	\$ 19,561
Ashland	74,906	Mount Union	89,569
Bluffton	66,785	Muskingum	94,936
Capital	106,541	Notre Dame	69,830
Defiance	66,855	Oberlin	149,470
Denison	121,053	Ohio Northern	87,715
Findlay	68,052	Ohio Wesleyan	158,398
Heidelberg	85,835	Otterbein	88,793
Hiram	81,412	St. Mary	20,452
Kenyon	77,594	Western	69,519
Lake Erie	67,680	Wittenberg	95,633
Marietta	83,865	Wooster	110,400

Is More Needed? Yes! At least a million dollars in business gifts is needed now to maintain strength, and a second million eventually each year to do that still better job all the colleges want so much to do!

How Can Alumni, Trustees, Parents, and Other Friends of the Colleges Help? By knowing about the Foundation and what it means to their colleges; by saying "thank you" to firms listed here who already have demonstrated their concern for strong independent colleges in Ohio; by noting the names of business friends not yet on the "Honor Roll", to make sure that they also know of the need and the opportunity to do their fair share by a gift through the Foundation.

Milo Hartman, '12

Friends Remember Otterbein By Gifts And Through Wills

IN WILLS

King Scholarship Foundation

When Mrs. J. R. King (Zella Bates, x'97) died in October, 1954, she left a will in which Otterbein is the residuary legatee. Final settlement was made recently in which Otterbein received \$15,634.99 in securities and \$5,577.77 in cash, or a total of \$21,212.76. These funds, to be invested by the college, are to be known as the "King Scholarship Foundation." The income from the fund shall be distributed in \$100 and \$200 amounts per year to well recommended students who are in the upper-half of their high school classes and they must maintain that standing in college to retain the scholarship. With several exceptions, one-half of the amount a student receives shall be a gift and the other half a loan. Preference shall be given Western Pennsylvania and Ohio Sandusky Conference students. Upon recommendation of the foreign mission board, an amount of \$100 may be awarded annually as a scholarship to any applicant from the EUB mission fields. Provision was made for the education of her heirs who attend Otterbein.

Ila Bale Hayes Scholarship Fund

The will of Mrs. Warren Hayes (Ila Bale, '12) provided for the creation of the Ila Bale Hayes Scholarship Fund in the amount of \$3,000. The income from this fund shall be used first to help members of the immediate fam-

ily who attend Otterbein and then to assist needy ministerial students from the former Allegheny Conference of the EUB church. Preference shall be shown to sons of ministers.

BY GIFTS

Markley Scholarship Fund

In 1947 Mrs. Stephen Markley (Mary B. Mauger, '95) gave securities to Otterbein valued at \$10,000 to create the Dr. Stephen C. and Mary B. Markley Scholarship Fund. Income from the securities went to the donor during her lifetime. On April 28th Mrs. Markley died at her Richmond, Indiana home and the scholarship fund now becomes productive.

Mrs. Markley, along with her sister, Mrs. J. Bren Bovey (Ida B. Mauger, '96) also created another scholarship fund in memory of their sister, Sarah B. Mauger, '95. The exact amount is \$10,715.01.

Hartman Scholarship Fund

As previously announced in *Towers* Mrs. Guy Hartman, (Ora Bale, '07), created three \$1,000 scholarships to be known as the Reverend Guy Franklin Hartman Scholarship Fund, the Reverend Milo Lloyd Hartman Scholarship Fund, and the Ora Bale Hartman Scholarship Fund.

Both Reverends Guy and Milo Hartman are deceased.

Class Reunion Time

Always a happy occasion at Otterbein are the annual class reunions. This year the following classes held reunions on Alumni Day, Saturday, June 2: 1896, 1906, 1916, 1926, 1931, 1936 and 1946. Each of these classes gathered around reserved tables in Barlow Hall during the annual Alumni Luncheon. Many held private get-togethers following the luncheon meeting.

Next year on Alumni Day, Saturday, June 1, the following classes are scheduled for reunions: 1897, 1907, 1917, 1927, 1932, 1937 and 1947. The Alumni office would be happy to arrange reunions for other classes so desiring one.

Bundy Receive Association's Highest Awards

Dr. Francis Bundy, '31, one of four General Electric scientists who succeeded in manufacturing diamonds.

The alumni banquet on June 2 was one of the most enjoyable occasions in recent years at Otterbein. Stanley Ross, '16, proved to be a superb toastmaster; those attending class reunions were in a gay mood; the special music by Ella B. Smith Toedtman, '36, was of her usual high calibre; the reports by Trustee Chairman, Vance Cribbs and Otterbein President, J. Gordon Howard, were enlightening and optimistic; and Alumni President, Raymond Jennings, conducted the business portion of the meeting with dispatch.

The Distinguished Alumnus Award

The Association honored a distinguished son, Francis P. Bundy, '31, with its highest award—The Distinguished Alumnus Award.

Francis received this award for his work with the General Electric Company as a research scientist and more particularly for his contribution to the processes which led to the manufacture of diamonds. He described briefly the methods and techniques which led to the diamond-making experiment and exhibited some of the results. His use of pictures made it an intensely interesting presentation.

The Honorary Alumnus Award

To Charles Edgar Ashcraft went the Association's Honorary Alumnus Award. For twenty-four years Dr. Ashcraft served as dean of Bonebrake Seminary (now United Seminary) and during those years he was an ardent supporter of Otterbein. His son, Dwight, was Otterbein's first casualty in World War II. His daughter, Elaine, and son-in-law, Bob Holmes,

are Otterbein grads.

For the past three years, Dean Ashcraft has been on the Otterbein faculty assisting in the departments of religion and psychology.

INDIANA ALUMNI MEET

Northern Indiana Otterbein Alumni met for their annual banquet on May 18 at Honeywell Memorial, Wabash, Indiana. The 25 members present enjoyed a delicious turkey dinner. Ross C. Miller '28, presided as President of the group and Evelyn Miller Brose '30, served as Secretary-Treasurer. John F. Smith, '10, Professor Emeritus of Speech at Otterbein, was the guest speaker. Rev. Harry E. Richer, '14, led the group singing.

New officers elected were Mrs. Margaret Edgington Holmes, '29, President, and Mrs. Florence Roberts Yund, '21, Secretary-Treasurer. Next year's meeting will be held in Wabash, Indiana the first Saturday following Mother's Day.

Summer Solitaire

"When we are unburied and wise, we perceive that only great and worthy things have any permanent and absolute existence,—that petty fears and petty pleasures are but the shadow of the reality.

"Time is but the stream I go a-fishing in. I drink at it; but while I drink I see the sandy bottom and detect how shallow it is. Its thin current slides away, but eternity remains. I would drink deeper; fish in the sky, whose bottom is pebbly with stars."

—Henry David Thoreau

1956 Football Schedule

A nine-game football schedule has been arranged for next fall with five of the games to be played at Westerville. All are Ohio Conference games except two—Ohio Northern and Washington and Jefferson.

Coach Robert (Moe) Agler will be at the helm again and he will have the assistance of "Bud" Yoest, '53, "Wes" Belcher, '55, and "Curt" Tong, '56.

With the re-organization and support of the Varsity "O" Club, there is every reason to believe that a better athletic program is ahead for Otterbein. At the winter homecoming the "O" Club was host to more than 60 high school athletes, all of whom are prospective Otterbein students.

The schedule is as follows:

September 22	Ohio Northern	at Westerville
September 29	Oberlin	at Westerville
October 6	Akron	at Akron
October 13	Mt. Union	at Alliance
October 20	Hiram (Homecoming)	at Westerville
October 27	Marietta	at Marietta
November 3	Muskingum	at Westerville
November 10	Washington and Jefferson	at Westerville
November 17	Capital	at Columbus

in public office. In so doing you will experience the satisfaction that comes from knowing that you have helped others by strengthening your government.

Third, I urge you to play your part in strengthening the welfare agencies of your community. In so doing you will experience the satisfaction that comes from knowing that you have helped to minister in His name.

Fourth, I urge you to become active participants in the church and faith of your choice. In so doing you will become a part of a fellowship that is second to none.

Light the candle of love for your neighbor and have the satisfaction of knowing that you have helped to dispel the darkness by setting in motion the only force that can bring peace to a strife-torn world.

Bulletin Board

Freshman Report:

Freshman period begins at Otterbein on Sunday, September 9th, at 2:00 P.M. Registration Day is Wednesday, September 12th and First Semester classes begin at 8:00 A.M. on Thursday, September 13th.

Fall Homecoming:

Fall Homecoming will be Saturday, October 20th, with Hiram as the football opponent in the afternoon. The Homecoming play will be held that evening.

High School Day:

Alumni can render a real service to Otterbein by bringing or encouraging young people to come to the campus on High School Day, October 27th.

Towers Hall:

Academic Hall of Otterbein has been renamed "Towers Hall" by action of the Board of Trustees. Prior to being called Academic Hall, it was the Administration Building. When the administrative offices were moved to their new location, this name was changed.
