The Editor's Corner

Greetings, Friends —

Thank you for being so patient! Many alumni wrote to tell us they were not receiving TOWERS. We liked that, for it meant they actually missed the magazine.

The fact is that we made the New Year's issue a view book and it took longer to prepare. We hope you liked our efforts. It was designed for the admissions office, but we felt you would want to have a copy. Keep it where your friends will see it, or give it to some prospective student. If you want another copy for your office or if you have given yours away, let us know and we will send you another copy.

We hope you will like the two new features in this issue—the faculty page and Highlights from the Campus.

How did you like that Development Fund report? Wasn't it a dandy? Thirty thousand dollars in a year from alumni. Let's catch those Harvard boys (60% participation).

The next issue will reach you between May Day and Commencement. Come on back for one or both of those days.

FROM

the Mail Bag

Washington, D.C.

Dear Wade:

There are so many good things about the Homecoming issue of OTTERBEIN TOWERS that arrived this morning that I don't know where to start in sending congratulations. The face-lifting is a real success; the editorial on voting is the best on the subject we have seen in any alumni magazine; and *From the Mail Bag* is of particular interest. We're particularly glad to learn of the decision to send the magazine to all alumni. I'm sure it will pay off for you.

We'll be carrying notes about the issue in an early AAC Alumni Digest. It's excellent, and sincere congratulations.

Sincerely,

(Ernie)

Dear Wade:

Your recent mailing "Leaves Are Falling on the Otterbein Campus" was certainly a grand idea. The enclosed dollar is not its worth but the originality certainly deserves this extra dollar from me. I sincerely hope it brings the results which the idea justifies.

Cordially,

"Fred"

My Dear Fellow Alumni:

I sincerely appreciate your kind remembrance in sending me the "Gold Certificate." My years of study at Otterbein have inspired me to a great many assets. I shall always cherish the fond memories of my Dear Old Alma Mater.

Since I was unable to make my contribution to the 1951 fund, I am enclosing a money-order for my gift to the Second Century Development Fund.

Sincerely yours,
(Susie Abigail Jordan) '02

Ed.: The certificate referred to is the one awarded her last June on the Golden Anniversary of her graduation from Otterbein.

America Needs Independent Colleges

Henry Ford II, President, Ford Motor Company —

... I believe very strongly that the existence of a large number of vigorous, dynamic, privately-endowed colleges and universities is the best possible insurance that our whole higher educational system will be first rate. . .

Alfred P. Sloan, Jr., Chairman of Board, General Motors Corp. —

... Our corporations spend many millions to provide medical and welfare benefits for their employees. They have just as much responsibility, I believe, to contribute to the common cause of higher education. . .

Clarence B. Randall, President, Inland Steel Company —

... The problems that are plaguing us today are not in the realm of facts, but ideas and ideals, and you tackle those in the liberal arts institutions. . . The state universities are kept on the beam by the standards set by the privately endowed institutions, and those institutions cannot survive and maintain those high standards without help from the American business groups. . .

Mason Roberts, General Manager, Frigidaire Division, General Motors Corporation —

... Ohio's strong, privately-owned colleges are a bulwark of freedom and integrity. These independently-operated institutions do much to maintain the standards of our higher educational system and they carry a share of the burden of providing good citizens and leaders for tomorrow.

A. J. Stambaugh, Chairman of the Board, Standard Oil Company of Ohio —

... I believe that every American business has a direct interest in the preservation of free, independent, privately-endowed colleges and universities. Our institutions of higher education make an indispensable contribution to the life of America.

Columbus Dispatch —

... The stake of private enterprise in the small, privately-endowed colleges . . . is obvious. From these schools come predominantly young people who have received a sound understanding of the capitalistic system on which free enterprise is based . . . This is an effort which deserves to succeed and from which all concerned will benefit. . .

Toledo Blade —

... Long before the system of state and municipal educational institutions . . . was even conceived, privately supported colleges provided this nation's youth opportunity to become acquainted with the great heritage of the arts and sciences. It was the product of these private institutions who became America's leaders in government, in industry, in education. . . These schools have lost none of their importance today . . . Forward-looking industrial leaders, recognizing their importance, will be as liberal as they possibly can . . .

Man of the Month

Hanawalt

"Well I Be Chiggered" is the title of an article written by Professor Fred Hanawalt and published in *Outdoor Life*. His writings have been widely published in nature, scientific, and religious journals. Many of his articles have appeared under the title "Let's Talk About Nature." The February 14 issue of *Builders* carries an article entitled "The Uses of Adversity."

"Prof" is national chairman of Sigma Zeta, national honorary scientific fraternity, and a charter member of the Sigma Zeta chapter at Otterbein. He was chosen recently to review biology textbooks for the National Science Teachers' Association.

Some of the associations in which he holds membership are American Geographic Society, National Association of Biology Teachers, National Science Teachers' Association, Ohio Academy of Science, American Association for the Advancement of Science, and the National Audubon Society.

Before coming to Otterbein he was a grade school and high school teacher, a high school principal, and a superintendent of schools.

He started as an assistant professor at Otterbein, and on the retirement of Dr. E. W. E. Schear, he was made chairman of the biology department.

"Prof" says: "Teaching I enjoy. Young people help me with an outlook on life—a look forward instead of backward."

Robert Price, Ph.D.

Dr. Robert Price of the Department of English edited a 250-page, octavo-size history entitled *Alexandria and St. Albans Township, Licking County, Ohio*, published in September by the Alexandria Community Council. This volume is the result of a local history project organized in 1930 as a part of an experimental program in community cooperation under the rural sociology department of the Ohio State University.

"Take a Bird's Eye View" is the title of a four-page hobby article on birds and gardens and appeared in the October issue of *Home Garden*.

Paul L. Frank, Ph.D.

In the September issue of the *Journal of Aesthetics and Art Criticism* appears a six-page research article entitled "Realism and Naturalism in Music" by Dr. Paul Frank of the music department.

Dr. Frank reviews various definitions of "realism" as they are commonly applied in literature and the visual arts. Then he shows to what extent these definitions may be valid in modern music.

The Faculty

Charles W. Botts, M.S.

Professor Botts of the Department of Biology published a four-page research article entitled "The Influence of Litter on the Control of Salmonella Infections in Chicks," which appeared in the October issue of the *American Journal of Veterinary Medicine*. With Doctors L. C. Ferguson, J. M. Birke-land, and A. R. Winter of The Ohio State University, he reports on recent findings in the control of poultry diseases.

H. L. McMillan, M.A.

Professor McMillan, head of the Department of Education, was one of the leaders at the fall meeting of the Ohio Unit of the Association for Student Teaching held at Hiram College last fall.

The subject of the group meeting in which Professor McMillan participated was "Compensation to Cooperating Teachers in the Public Schools."

L. S. Frank, M. Mus.

Professor Frank, Assistant Professor of Music (Organ and Piano), gave an organ recital in the Indianola Presbyterian Church, Columbus, on February 22. Mr. Frank is dean of the Central Ohio Chapter, American Guild of Organists.

Millard J. Miller, D.D.

Dr. Millard J. Miller, pastor of the First Evangelical United Brethren Church, usually referred to as the college church, was elected chairman of the Ohio Pastors' Convention, the largest of its kind in the United States. It is attended annually by over 1,500 ministers from all major denominations in Ohio. He will direct the planning of the program and preside at the sessions next January.

THE PRESIDENT'S PAGE

Otterbein College is in business for one purpose—namely, to develop young men and young women. This development is along a certain line and results in men and women of a certain type. The type of persons that Otterbein College seeks to develop is characterized by qualities of Christian leadership.

That Otterbein College has been measurably successful in the development of Christian leadership is indicated by the steady stream of graduates who have "made good" as Christian laymen and clergymen in thousands of churches and communities over a period of many years right up to the present time.

Leadership is not easy to define. In some cases it suggests oratorical eloquence, organizing ability, or a flair for attracting attention. In other instances leadership is a silent but effective power which influences other people without benefit of fanfare or public notice.

Christian leadership is even harder to define. In some cases the word "Christian" means theology, in other cases it connotes a certain spirit and experience, in still other cases it refers to a code of conduct and manner of life.

If "Christian leadership" is a phrase difficult to define, imagine how difficult is the task of trying to educate young people in college in such a way that they will be informed and inspired so as to fulfill the requirements of Christian leaders.

At the present time, aside from the Christian college, there is no other higher educational agency in sight which specializes in the development of Christian leadership. The Christian college has major responsibility in this field. Secular schools are able to turn out graduates who are well-educated culturally and well-trained technically. But secular institutions of learning do not aim to develop Christian leaders. Thus it is clear that as long as the world needs Christian leaders, so long will the Christian college be needed and have a reason for being.

The phrase "Christian college" consists of two words and each word represents a significant idea and a compelling purpose. Both "Christian" and "education" must be kept in balance. To overemphasize one at the expense of the other is to do a disfavor to both.

To proclaim that a school is Christian is no excuse for low educational standards. On the other hand a school of highest academic reputation will fail as a source of Christian leaders, if it lacks a campus program that is Christian in spirit and method.

There is need today for leaders who are Christian. Within recent memory many nations have collapsed for lack of leadership with moral strength and

J. Gordon Howard, '22

spiritual purpose. Czarist Russia, monarchist Spain, Hapsburg Austria, Mussolini's Italy, and Hitler's Germany, to name a few, were once mighty and for a time seemingly invincible. But they have disappeared, largely because their leaders were highly intellectual without the saving qualities of Christianity. These nations had men of brains, but their brain power was motivated by materialistic and selfish aims. If a nation is to keep strong through the centuries, intelligence must be yoked always with religious faith.

Today the United States is a world power and in the ascendancy as never before. If our nation is to lead the world, there must be a steady supply of national leaders. To avoid the fate of certain former world powers, our nation must develop leadership which is Christian, and the source of this type of leadership is the Christian college.

Sincerely,

J. Gordon Howard
President

Dr. Howard was elected to a second term as president of the Ohio Council of Churches at a recent meeting of the board of directors. The Council is an interdenominational organization serving the State of Ohio.

The Association

NEW CLUBS ORGANIZED

Hamilton

Alumni and friends of Otterbein College residing in Hamilton, Ohio, had a picnic and reunion at the beautiful home of Mrs. John Griesmer (Mary Vance, '23) on Sunday, July 27, 1952. Good fellowship, an abundance of food, pleasant memories, and an interesting talk by President J. Gordon Howard featured the day.

It was decided to hold similar get-togethers twice each year in the late fall and spring. The next meeting will be at the call of Mr. and Mrs. Malcom Clippinger, Shirley Hanaford, and Paul M. Swartz, who were selected as a committee on arrangements. Mrs. Griesmer and Emerson Bragg were in charge of this first reunion in Hamilton.

Wooster-Mansfield

Alumni in the Wooster-Mansfield area had an organization meeting on Sunday, November 16, at the home of Mr. and Mrs. Robert Pollock, '48 (Margaret Robson, '47). Dr. and Mrs. Wade Miller from the college attended the meeting.

A committee composed of Mrs. Pollock, Mrs. John Reinheimer (Phyllis Nelson, '44), and Mrs. Robert Fetzer (Rachel Walter, '48) were elected to plan the second meeting on January 31, at which time permanent officers were to be elected.

The Wooster-Mansfield alumni group met on January 31 at the First E.U.B. Church in Ashland. Officers elected were: Mrs. Joseph Subich (Ruth Hockett, '47), president; Mrs. John Reinheimer, secretary-treasurer.

Columbus (men)

Bob Knight, '28, and Don Cooper, '49, called a small group of Columbus men together for lunch at the Y.M.C.A. on Thursday, February 12, to consider the possibility of organizing a men's club in Columbus. Dr. Wade Miller attended the meeting.

It was decided that a second meeting would be held on Thursday, March 12, to which all men living and working in Columbus would be invited. The meeting will be held at the Y.M.C.A. at 12:00 noon. It was the feeling of those present that once a month (tentatively the second Thursday) Otterbein men should get together for lunch and fellowship.

Don Cooper, Bob Vance, '49, and Wilbur Morrison, '34, volunteered to plan the next meeting.

(women)

In the evening of the same day that the men met, a group of Columbus women, not to be outdone by the men, met at the home of Mrs. Don Cooper (Berneta Nichols, '49) to consider the organization of a women's club.

A second meeting is scheduled for Wednesday,

March 18, at the home of Mrs. Douglas Gordon (Joyce Kelly, x'49) at 2874 North High Street. Dr. Wade Miller will discuss types of organizations, programs, and objectives.

OLD CLUBS MEET

Akron

About forty-five persons attended the Akron area alumni club meeting on September 14 at the summer cottage of Chester G. Wise, '04, on his lake near Mogadore.

During the meeting it was decided that the scholarship funds raised by the local club should be made available to a local student or students.

The group enjoyed accordion solos by local talent, and "Chet" Wise entertained as only "Chet" Wise can.

Paul Roby, '27, is president and Mrs. Raymond Vogel (Martha Alspach, '27) is the secretary-treasurer.

Detroit

Detroit alumni met on January 10 at the home of Dr. and Mrs. Joe Eschbach, '24 (Marguerite Methereil, '24). Registrar F. J. Vance represented Otterbein. Twenty-six persons attended the meeting. The club has had as a project the buying of stage equipment for Cowan Hall. Already \$200.00 has been contributed. Mrs. C. J. Smith (Lucille Moore, '34) is president and Mrs. William Detamore (Shirley Adams, x'51) is the secretary.

Westerville

The Westerville Otterbein Women's Club had its annual banquet and guest night on Saturday, January 24. More than a hundred persons attended. The guest speaker for the occasion was Mrs. Harry C. Willson (Freda Frazier, '19), who with her husband operates the Willson-Frazier School of Speech and Drama in Columbus.

Mrs. S. F. Haverstock (Fay Shatto, '99) is president of the club and Mrs. R. F. Martin (Ferne Gelbaugh, '22) is secretary.

In addition to building up its permanent endowed scholarship fund and providing special scholarships, the club's project for this year is the renovation of the Association Building.

Cleveland

The Cleveland Otterbein Women's Club met on November 8 at the Women's City Club with a good attendance. Miss Mary Quinn of the Bell Telephone Company gave an interesting address.

The new officers are Mrs. J. W. Frazier (Marie Prudon, '22), president; Mrs. Kenneth Harkins (Katherine Ryan, '49), vice president; Mrs. Earl Ford (Zella Hill, x'22), secretary; and Mrs. Richard

HIGHLIGHTS FROM THE CAMPUS

SCHOLARS. Nine Otterbein students made the coveted four-point averages during the first semester. They are as follows. Jim Heinisch, Glada Kingsbury, Pat Lasswell, Virginia Philippi, Jean Reed, Bob Boring, Fred Collins, Marilyn Day, and Cleora Fuller.

FLU EPIDEMIC. Mrs. Keith Crane, director of the Otterbein Health Center, reported that approximately forty-five patients were treated daily during the first week of February. The flu epidemic hit over 250 students.

SOUTH OF THE BORDER. Lenore Rosselot, popular Otterbein senior, spent part of her Christmas vacation in Puerto Rico. She attended the Phi Alpha Theta (national honorary history fraternity) convention at the University of Puerto Rico in San Juan as a delegate from the Otterbein chapter.

CAMPUS HARMONY. A new step in improving campus harmony was taken recently when President Howard called together both the student and faculty governing bodies of the college in what he called a "Campus Roundtable". The meetings are designed to promote an interchange of ideas—an opportunity to bring into the open all college "gripes".

CCA DRIVE. A "campus community chest" drive for \$700 is under way. The projects to share in the drive are the World Student Service Fund, the Japanese Christian University, the Negro Scholarship Fund, the E. U. B. College Mission Project, and Religious Emphasis Week.

WHO'S WHO. Eight seniors and three juniors have been selected to appear in the 1953 edition of *Who's Who in American Colleges and Universities*, the annual directory of distinguished American college and university students. Seniors are Marilyn Day, Shirlee Dennis, James Heinisch, Helen Herwick, Robert Myers, Gene Riblet, Lenore Rosselot, and Anne Tell; juniors are Robert Eschbach, James Shaw, and Don Shilling.

DEBATE. Nineteen colleges were represented on the Otterbein campus for the seventh annual Otterbein Invitational Debate Tournament. Ohio Wesleyan was the winner, with Bowling Green second, Heidelberg third, and Marshall fourth. Ken Kohn and Bob Long won one contest for Otterbein. Trailing Otterbein were Akron, Wooster, Baldwin-Wallace, and Xavier.

MISS T & C. Nominations for Miss T & C are being made by the six fraternities. The winning coed, to be determined on the basis of beauty alone, will be crowned by last year's queen, Shirley Ribley, during the intermission of the Interfraternity Spring Formal on March 13. Zeta Phi's candidate is Joyce Weisenberger; Jonda has nominated Mary Ann Charles, daughter of Mr. and Mrs. Philip Charles, '29 (Dorothea Flickinger, x'32); the choice of Annex is Nancy Wood, daughter of Mr. and Mrs. Stanton

W. B. Wood, '23 (Genevieve Mullin, '23); Kings has chosen Jackie Leasure; Country Club has selected Doris McCracken; Marilyn Hartsook is the choice of Sphinx.

SHORT STORY CONTEST. Otterbein students have again been invited to compete with Ohio State, Capital, and St. Mary of the Springs in an intercollegiate short story writing contest sponsored by the Columbus chapter of the National Society of Arts and Letters. Last year, first and third awards went to Otterbein's Beverly Thompson and Klara Krech, respectively.

WEINLAND WRITING AND SELLING CONTEST. Dr. Louis Weinland, '30, provides prizes in the amounts of \$25, \$15, \$10, and \$5 to those earning the largest amounts of money in writing for publication. Contestants are required to submit proof of earning to Dr. Robert Price, faculty adviser for *Quiz and Quill*. The prizes are given to encourage students to write for publication.

WINTER PRINCESS. Varsity "O" members chose Patty Packer, Arbutus, as their Winter Princess, and she was crowned by last year's princess, Nancy Hampton, Talisman, at the homecoming game on January 31. Her attendants were "Mike" Miller, Arbutus, and Anne Tell, Talisman.

GADABOUT GAB. Dan Korelak, who writes a column in *T & C* under the above caption, came up with the suggestion that Registrar Vance remove the *D* and *F* keys from his electric typewriter. Mr. Vance is not convinced.

CAP-OTTER TROPHY STOLEN. The Cap-Otter trophy, symbol of friendly relations between the two schools, was stolen from the Union on the eve of its return "downriver". That's one way to keep Cap from winning it. *Flash!* The trophy returned and it is now at Capital; but not for long—we hope.

(The Association, Continued)

Sellers (Joanne Day, '49), treasurer.

Johnstown, Pennsylvania

Thirty-eight persons attended the alumni dinner meeting held in the First E. U. B. Church on Thursday, February 19. The Men's Glee Club gave a concert following the meeting. Dr. Wade Miller represented the college. New officers elected are: Don Rhoades, '50, president; Mrs. George Biggs (Martha Ellen Wingate, '32), vice president; and Mrs. Earl Collins (Alice Foy, '30), secretary-treasurer. The club voted to have a picnic next spring or summer.

Greensburg, Pennsylvania

At the call of Harold Darling, '24, president, about twenty-five alumni met for dinner in the Otterbein E. U. B. Church, Greensburg. Dr. Wade Miller gave a "state of the college" report. The meeting adjourned in time for a concert by the Men's Glee Club.

ARCHITECT'S VIEW OF NEW LIBRARY ADDITION

The architect's drawing of Otterbein's \$200,000 library wing is pictured above. The space formerly occupied by the old chapel will be made fire-proof and will serve as a stack room. The new wing will be built against the west wall of the old chapel and will be the reading room. The total cost of building and equipping will be \$247,000 of which \$200,000 is on hand.

Work Begins On Library As Old Chapel Is Removed

(From Tan and Cardinal, February 12)

Construction on Otterbein's \$200,000 library addition started Monday as college workmen began dismantling the Old Chapel to make way for the new wing. Contractors, who were chosen Saturday when bids were opened by the Executive Committee of the Board of Trustees, will arrive in force to begin work Monday. A tentative date for completion has been set for September, 1953.

The building will include, besides book stacks, faculty offices, audio-visual classrooms, and a room set aside for the Otterbein historical collection.

Three levels of book stacks will enable the new library to house 80,000 volumes. Formerly, room for only 30,000 was available in Carnegie Library. The reading room will seat 160. An entrance lobby and a librarian's office and work room will also be included on the first floor.

Above the stacks, ten faculty offices, a faculty conference room, and a faculty lounge will be constructed.

These rooms will be at the second floor level, but the old literary society halls will remain unchanged.

On the ground floor, an "Otterbein Room" will be set aside as a miniature museum for literature and pictures of Otterbein's history. The exhibit will be under the direction of Dr. Robert Price. Also located on the ground floor will be two audio-visual classrooms, several listening and viewing rooms, a dark-room for the *Tan and Cardinal* and *Sibyl*, and a storage space for recordings and motion picture films.

Present plans call for the old Carnegie Library to be used for administrative offices.

The general contract has been awarded to the Columbus Construction Company, the plumbing and heating contract to Huffman-Wolfe, and the electrical contract to the Superior Electric Engineering Company. The architects are Benham, Richards, and Armstrong.

Bequests and Special Gifts Received

Bequests

Opal Shanks Croghan

From the estate of the late Mrs. H. M. Croghan (Opal Shanks, '13) Otterbein received \$1,386.14. Both Mr. and Mrs. Croghan were members of the Class of 1913 and were life-long friends of Otterbein. Mr. Croghan preceded his wife in death by several years. They made their home in Hammond, Indiana. Inasmuch as Mrs. Croghan bequeathed her gift to the Development Fund, her money will be invested and the earnings each year will become a part of the fund receipts.

Hannah B. Davis

Word has been received from the executor of Hannah B. Davis, deceased, that Otterbein is to share in her estate to the extent of \$1,000.

No one at Otterbein seems to have known Mrs. Davis. She and her husband lived in Columbus near the Ohio Stadium. Although their daughter Ruth, who taught in North High School, died a few years ago, they continued their interest in education. The Davises were Quakers. They have no near relatives and practically all of their estate was given away for educational purposes. The administrator reports that he does not know why Otterbein was chosen as a

Have you sent your gift ?

Otterbein's 106th birthday is coming on April 26. Why not make yours a birthday gift? We always remember the birthdays of our best friends. Surely Otterbein qualifies as one to be remembered. A new five-year period is beginning. Plan to be a regular giver during 1953-58.

beneficiary, for most of the other colleges to which they gave money had some Quaker connection.

If any alumni know living relatives of the Davises, the editor and executive secretary of the Development Fund, Dr. Wade Miller, would like to have their names.

Nellie Knox Miller

Mrs. F. E. Miller (Nellie Knox, '86), wife of the late Dr. Frank Miller, Otterbein's beloved professor

of mathematics, provided in her will that \$1,828.27 should come to Otterbein. Mrs. Miller was the first state student YWCA secretary for the State of Ohio. She passed away on June 12, 1952, in Westerville.

J. Burr Hughes

J. Burr Hughes, '02, another life-long friend of Otterbein, remembered his college in his will. Mr. Hughes left \$9,834.98 to be used to purchase books on Americana for the library. He taught American History at Otterbein several years after he had retired from public school work.

Gifts to W. O. B. C.

Mr. and Mrs. Fred Weber (Anna Bale, '49) made a very valuable contribution to W.O.B.C. on the day of Winter Homecoming in the form of several hundred records for the library of the station. Mr. Weber is an announcer for WIZE, Springfield.

Mrs. Alida Corkwell, whose daughter Shirley is a junior in Otterbein, donated a TV set to the college, as well as over \$1,000 worth of badly-needed radio and TV test equipment to the radio station of the college.

James Yost, '51, donated all of his time, valued at \$225, in moving the radio equipment into its new quarters in Cowan Hall and wiring it for service.

Scientific Equipment

Lt. Col. Ervin H. Shade, AUS-retired, who recently moved to Florida from Upper Arlington, has given Otterbein several pieces of scientific equipment, including a microscope, a photo-enlarger, various meters, and nearly one hundred books, both scientific and general. He has never been connected with Otterbein except that a brother, Homer, was graduated in 1917. Shade graduated from Findlay College and taught chemistry for years in Marion. He had a private commercial laboratory there before he went into service at the beginning of the last war.

Campus Beautification

Alice F. Cowan

Alice F. Cowan, wife of the late Dr. C. E. Cowan, '04, has provided \$1,050 to landscape the grounds around Cowan Hall.

Vida Shauck Clements, '01

Another gift received recently for campus improvements and beautification was from Mrs. Frank O. Clements, '01. The amount of the gift was \$2,500.

Basketball Scoring Records Fall

Dick West's first year as head basketball coach was very impressive.

Sports (Women)

Basketball—Victories over Denison and Ohio Wesleyan; defeat by Ohio Wesleyan.

Volleyball—Two losses to Capital.

Bowling—Otterbein won third place in competition with Ohio State, Denison (two teams), and Muskingum. An Otterbein player, Eleanore ZumBansen, had the second highest score of the day with 158 pins in a single game.

The bowling team has been entered in the National Intercollegiate Telegraphic Ten-Pin Tournament and also in the Ohio Intercollegiate Bowling Tournament at Ohio State.

The 1952-53 basketball season closed on a happy note with a win over Denison. The first game of the season was also with Denison, and Otterbein lost by two points in an overtime.

All scoring records were broken during the year. In the game with Wilmington at the time of the Winter Homecoming, the local boys scored 107 points. Two weeks later they passed the hundred mark in a 104-102 win over Ohio Northern.

The record stands at 7 victories and 11 defeats. This, however, does not tell the whole story. In the eighteen games played, Otterbein scored 1,474 points while the opponents scored 1,480 points, only six points difference. The average points per game were 81.88 for Otterbein and 82.22 for the opponents.

Seated, left to right: Dale Andrews, Dick Winkler, Fred Ashbaugh, Tom Miller, Chuck Ferguson, Jim Heinisch. Standing: Bill Gallagher, Jerry Wirth, Don Hagen, Dick Ruh, George Beachler, Clyde Trumbull.

A'12—Ellsworth Gilbert, A'12, manager of appliance sales planning for Frigidaire Division of General Motors, stages at least two dramatic presentations a year at sales meetings.

Headed for a job as director with Flo Ziegfeld productions back in 1929, Mr. Gilbert stopped off in Dayton and ended up working for Frigidaire. As a former producer for Redpath Chautauqua, he brings a truly professional touch to his dramatic presentations of Frigidaire products, for he does his own writing, planning, and producing.

1911—Park Wineland, '11, marks his twenty-fifth year as a citizen member of the unsalaried City Plan Board of Dayton. Also a member of the City Zoning Board of Appeals, Mr. Wineland works with city officials on such items as new maps and land use studies, recreation plans, and welfare improvement.

1917—J. R. Bridenstine, x'17, secretary-treasurer of the Central Ohio Milk Producers' Association, figured in a recent discussion with Ohio farmers over declining milk prices.

1922—Mrs. Elvin Warrick (Ruth Campbell, '22) is the newly-appointed technical librarian for the Illinois Natural History survey. Holding degrees from both Otterbein and the University of Illinois Library School, Mrs. Warrick has had several years' experience as assistant in the circulation and periodical divisions of the University of Illinois library. Mr. Warrick, '21, is the University mathematics librarian.

1926—Murl Houseman, '26, one of thirty science teachers chosen for a six weeks' scholarship science study at Harvard University, was privileged to participate in President James Conant's Science Education class.

Mr. Houseman has been an instructor in the Colorado Springs, Colorado, schools for the past twenty-four years.

Elvin Cavanagh, '26, business secretary of the Wilmington, Delaware, YMCA for fourteen years, joined the New York fund-raising firm of Ward, Wells, Dreshman, and Reinhart the first of the year. Coincidentally, back in 1922, Otterbein employed this firm to take charge of a million-dollar fund-raising campaign. The Cavanaghs (she is the former Aline Mayne, '23) will continue to reside in Wilmington.

1927 and 1923—Two prominent Otterbein alumni headed Cleveland's drive against diabetes last fall. Dr. Reginald Shipley, '27, president of the Diabetes Society, was chairman of the drive, and Mrs. Earl Hoover (Alice Propst, '28), president of the Diabetes League, helped to set up the ninety diabetes detection centers throughout Cuyahoga County.

1923—Dr. Louis W. Norris, '28, is

the new president of MacMurray College for Women in Jacksonville, Illinois.

Another Otterbeinite in library work is Mrs. Roger Palmer (Carrie Shreffler, '28), who marks her fifth anniversary as head librarian of the Royal Oak, Michigan, library. More than a book-lending agency, the library is also a center of practical aid. Under Mrs. Palmer's leadership, it offers such programs as the Great Books course, films of civic interest, a lecture series, weekly story hours, and health talks for mothers of preschool children.

1931—Walter Shelley, '31, is the new city auditor of Westerville, the first full-time person appointed to this position. Mr. Shelley replaces Mack Grimes, '41, who resigned after several years of part-time work.

1934—New pastor of Grace Bible Church in Ann Arbor, Michigan, is William Bennett, '34.

1935—Mrs. John Stombaugh (Jennie Mickle, '35) when at Otterbein, was a member of Sigma Zeta, national honorary science and mathematics fraternity. Now she graciously has sent her Sigma Zeta key to the Otterbein chapter, Epsilon, which voted to honor each chapter president with the key during his term of office. Rolland King, '53, is the first president to wear the key.

1937—Rev. William Kuhen, x'37, has accepted a pastorate in the First Presbyterian Church in Lansing, Michigan, leaving the Grandview Church in Columbus, where he has served since 1943.

1939—Mrs. Max N. Ruhl (Barbara Shaffer, x'39) writes from Giessen, Germany, where she is living with her army engineer husband, that life is interesting, the countryside pleasant, but—there is always the fear of a sudden Communist drive, and "living here is like sitting on a stack of TNT."

1940—John Karefa Smart, '40, on the staff of the Regional Office for Africa, World Health Organization, is the new Public Health Advisor to the Liberian government.

Granville Hammond, '40, is the new director of curriculum as well as the assistant to the superintendent of the Warren Public Schools. He and Mrs. Hammond, the former Jean Cook, '40, are kept busy with their four young daughters—all future Otterbein coeds!

Rev. and Mrs. Robert Ward, '40 (Auntum Ward, '40), are new residents of Rensselaer, Indiana, where Robert is the pastor of the First Presbyterian Church. Having moved from Ossian, Indiana, the Wards lament only that they are 120 miles farther from Otterbein.

1942—Florence Emert, '42, works in

the cataloging department of the University of Arizona Library.

1943—Paul Reber, '43, is an all-area supervisor at Dayton's Chrysler Air Temp, which deals with range finders used on tanks. Paul directs the work of approximately sixty men.

Norman Dohn, '43, reporter for the Columbus *Dispatch*, received national recognition last month for his article dealing with the proposal made by the Ohio State Bar Association to bar news cameras from Ohio courts. His story was published in "The Quill," the official publication of the national journalistic fraternity. Norman was again spotlighted when he appeared recently on "The Wheel of Fortune" television show as the sponsor of a ten-year-old Columbus boy, a victim of rheumatic fever.

1944—Dr. and Mrs. Dean Elliott, '44, (Gwen Murphy, '44), will be at home in Rochester, Minnesota, in April, when Dean begins study on a Fellowship in Otorhinolaryngology at the Mayo Foundation.

1948—Wendell King, '48, having received his M.D. degree from Western Reserve School of Medicine, is now interning with the Youngstown Hospital Association. Mrs. King is the former Miriam Woodford, '47.

Nevin Rodes, '48, has been named manager of conveyor section advertising by The Jeffrey Mfg. Co. of Columbus. Rodes was an account executive with Kight Advertising, Inc., before his appointment by Jeffrey.

1949—Eugene Reynolds, '49, is an assistant instructor at the University of Missouri, where he is working on his doctorate in speech and drama. Mrs. Reynolds is the former Esther Torbert, x'50.

Bob Vance, '49, will be coauthor of a technical paper entitled "Basicities of Cyclic and Acyclic Sulfides toward Boron Trifluoride," which will be presented this month before the spring meeting of the American Chemical Society in Los Angeles.

1951—Robert Packard, '51, is assistant laboratory chief in the Soil-Cement Bureau of the Portland Cement Association, Skokie, Illinois.

New home of Mr. and Mrs. Harley Mayse, '51, is Pismo Beach, California, where Harley is in the government health service at Camp Roberts.

1952—Mr. and Mrs. James Shumar, x'52, (Barbara Pottenger, x'52), are another Otterbein couple in California. Their home is in Santa Monica, where James is enrolled in the UCLA Law School.

Martha Joanne Nichols, x'52, is assistant director of health education at the Canton YWCA.

Saluting . . . SCIENTISTS, AUTHOR

MITCHELSON — Science

Jay B. Mitchelson, assistant manager of the Goodyear Rubber Company's chemical engineering division at Akron, has been transferred to duties as Superintendent of Chemical Operations with the Goodyear Atomic Corporation, which will operate the gigantic Uranium-235 plant now under construction by the government in southern Ohio.

A graduate of Westerville high school, Mitchelson attended Otterbein College, where he graduated with the Bachelor of Science degree in 1936. He received the Master of Science degree from Ohio State University in 1937 and started work immediately at Goodyear. In 1945, OSU conferred upon him the degree of Chemical Engineer.

Following a training period at Goodyear, he was assigned to the research laboratories on synthetic rubber. Growing with the problem, he moved into the pilot plant, becoming senior chemical engineer, section head, and assistant manager of the chemical engineering division.

At Otterbein he was a member of Alpha Beta Sigma and Sigma Delta Phi fraternities.

Jay B. Mitchelson, '36

GOHN — Science

George R. Gohn, '26, is the author of an article entitled "High-Speed Machine for Fatigue Studies" appearing in the December issue of *Bell Laboratories Record*.

Mr. Gohn, a member of the Chemical and Metallurgical Research Department, has been in charge of fatigue and creep studies since 1945. He was graduated from Otterbein College in 1926 with a B.A. degree. In 1929, he received the degrees of B.S. in Engineering and Metallurgy from Columbia University. That year he joined the Bell Laboratories. His work has been concerned with the investigation of the physical properties of metals, the application of die-casting processes to the manufacture of Bell System apparatus, the development of specification requirements for procurement of non-ferrous metals, and the study of creep and fatigue properties of metals.

Mrs. Gohn is the former Ruth Davis, '26.

George R. Gohn, '26

CORNETET — Author

For the third issue in succession we have presented an Otterbein author. Today we present another—Wendell H. Cornetet, '21, head of the Vocational Science Department, Huntington East High Trades School, Huntington, West Virginia.

The title of the book is *Principles of Electricity*, published by McKnight and McKnight, Bloomington, Illinois.

This is a textbook in electricity which presents information concerning fundamental electrical phenomena and is suitable for use in basic courses in secondary schools, trade schools, and colleges. It is well illustrated with diagrams and photographs.

Wendell is the son of the late Dr. N. E. Cornetet, who was a professor of Greek Language and Literature from 1901 to 1931. He also served as registrar from 1914 to 1923 and dean from 1923 to 1929. Wendell's mother, known to hundreds, is still living at her home at 99 West Park Street, Westerville. Wendell's wife is the former Elizabeth Fontanelle, x'21, and they live at 812 Second Street, West, Huntington, West Virginia.

Wendell H. Cornetet, '21

Attention All Writers

Have you written a book? Did you have an article published? Have you sent a copy to the alumni office? A space will be reserved in the historical room of the new library for books and published articles by Otterbein alumni. It will be quite a collection—if you will send yours.

Morrison —

Chaplain Robert Morrison, '39, and Mrs. Morrison (Gladys Frees, '32) are enjoying their stay in West Germany, especially since they often see Lt. and Mrs. Gardiner Brown, '47 (Emily Clark, '47). Mrs. Morrison is teaching in the Nurnberg Army School this year.

Miller —

Russell Miller, '51, a finance clerk in rear area Headquarters, 25th Inf. Div., now in Korea, spent a five-day rest and recuperation leave at Japan's famous resort city, Camp Nara. His wife, the former Jo Claire Ross, '50, and son live in Columbus.

Stearns —

Second Lieutenant Robert Dean Stearns, x'51, received signal honors by registering the highest mark ever made in the leaders' course officers' class at Indiantown Gap, Pennsylvania, where he is stationed with the Fifth Infantry Division. Now a tactics officer in the Seventh Engineer Combat Battalion, Lt. Stearns has made other enviable records during basic training and in officers' schools.

Klopfenstein —

Charles Klopfenstein, '51, serving with the 40th Infantry (60 mm mortars) Division in Korea, was promoted recently to the rank of sergeant.

Touby —

Captain Robert Touby, x'51, has been appointed adjutant to the commanding officer of the 317th Troop Carrier Wing of the U.S. Air Force. Captain Touby, who served in the European Theatre during World War II with the 93rd Bomber Group (Heavy), is the holder of the Distinguished Flying Cross, the Air Medal with three oak-leaf clusters, and the Distinguished Unit Badge. Before his recall to active duty, Robert was a loan officer for the Guarantee Title and Trust Company of Columbus. His wife is the former Frances Queen, '48.

Heckman

Ray Heckman, '51, as an Education Specialist with the U. S. Army in Japan, has ample opportunity to put in a good word for his Alma Mater! Ray's duties consist of giving advice and information pertaining to the Army Education program, and he writes that interest is high among Korean veterans for college work after discharge. Ray also proctors special examinations, lectures on current topics, and broadcasts news daily.

Since his arrival in Japan several months ago, Ray has contacted four Otterbeinite, proving that it is a small world! He has seen Margaret Miller, '50, who is doing missionary work in a fruit-growing region south of Tokyo. She gave his name and address to Dr. Tadashi Yabe, '24, who at present works in a Japanese dispensary in Tokyo. Dr. Yabe has corresponded with Ray and

invited Ray to visit him whenever possible. Art Burd, x'54, met Ray when Art was sent to Supply School. Art is now stationed in Kobe with the 565th MP Detachment. Finally, Ray has been in touch with Ron Millhouse, x'53, who is playing with the 2nd Div. Band in Korea.

Tucker —

Jack Tucker, '52, has been chosen one of sixteen men out of six hundred to continue schooling in the Army Signal Corps, Ft. Monmouth, New Jersey. Jack recently completed his basic training at Aberdeen, Maryland.

Marryatt —

Edward Marryatt, '52, having recovered from a ruptured spinal disk, is now stationed at the U. S. Submarine Base in New London, Connecticut.

Hunt —

2nd Lt. J. William Hunt, '52, is another Otterbeinite who has spent a rest and recuperation leave at Japan's Camp Nara. Working in the Office of the Surgeon with the 2nd Inf. Div., Bill has seen several Otterbein friends since he's been in Korea—John A. Smith, '44, Calvin Peters, '51, and Richard Reinhart, '50.

Kemp —

S/Sgt. David Kemp, x'53, is a hydraulic mechanic, assigned to a fighter squadron of the 35th Fighter Interceptor Wing. Key member of the Japan Air Defense Force, the 35th is responsible for aerial security of central Japan, including such industrial cities as Tokyo and Yokohama. This means that men and planes are on combat-alert status twenty-four hours a day.

Kreischer —

Dwight Kreischer, x'53, chief medical aidman in his unit, is now serving in Japan with the 1st Cavalry Division.

Siegrist —

Carl Siegrist, x'53, has been promoted to the rank of sergeant. He serves as chief of the survey section in the 623rd Field Artillery Battalion in Korea.

Morris —

Philip Morris, x'53, is serving overseas as a Dental Technician in the 10th Field Hospital, Wurzburg, Germany.

Roach —

Pfc. Bill Roach, x'53, is getting a genuine taste of army life to contrast with his military career in Hollywood. As a military policeman in "Up Front," Bill pursued Willie and Joe across half of Italy. As one of six hundred soldiers in the "Red Badge of Courage," he did a lot of marching. And in "Cattle Queen," he did some fighting. Now in Korea with the 2nd Infantry Division, Bill does barbering as a sideline. Although just behind the front lines, his shop is complete with mirrors, chair, and the

tools of the trade. His plans after discharge are already complete—more acting experience in Little Theatre and then another try at Hollywood.

Krayer —

Naval Cadet Ronald Krayer, x'53, having graduated from Pre-Flight School at Pensacola, is now stationed at Whiting Field, Florida, attending Ground School and taking flying instructions.

Dennis —

Gerald Dennis, '52, is also stationed at Whiting, and in January the two Otterbein men visited New Orleans for the "Mardi Gras."

Ullom —

M/Sgt. Kenneth Ullom, x'53, is serving with the 40th Infantry Division in Korea after intensive training in Japan.

Kilgore-Scott —

Air Cadet Kenneth Kilgore, x'54, is stationed at Sherman, Texas, and Donald Scott, x'54, is a cadet at Harlingen AFB, Texas.

Kiser —

Allan Kiser is another ex-member of the class of '54 who is serving in Korea with the Army's 79th Ord. Battalion.

Blackburn —

Donald Blackburn, x'55, is an enlisted marine now taking basic training at Parris Island, South Carolina.

Clark —

Bernard Clark, x'55, a member of the 31st Inf. Div. Band at Camp Atterbury, Indiana, also plays bagpipes in General Collins' Bagpipe Band.

TROOPS BACK IN CIRCULATION

The many friends of Mr. and Mrs. Horace Troop, '23, will be glad to know that they are on the way to complete recovery.

Mr. Troop's hospitalization made it impossible for him to make any campaign speeches in support of his candidacy for re-election to the House of Representatives. In spite of the handicap, he was re-elected by a large majority.

SPECIAL NOTE TO ALL SERVICE MEN AND WOMEN

To you who were unable to complete your college work before going into service, plan to re-enter Otterbein immediately after your discharge. Encourage some of your friends to come along with you.

If you know of Otterbein service men or women who are not receiving TOWERS, it is because we do not have their addresses. Have them write the alumni office.

What's Your Hobby?

The Reverend Edwin P. Eberly, '32, has an interesting and worthwhile hobby. Ed has earned quite a reputation as a carpenter and cabinet maker. Some of his work may be seen in his recently enlarged and remodeled church, the Park Avenue Evangelical United Brethren Church, in Akron.

Among his parishioners he is known as the parson who doesn't hesitate to roll up his sleeves and pitch into any job that needs to be done.

The parson is a member of Otterbein's board of trustees. His son, Howard, is a freshman at Otterbein.

1951 and 1954—Mr. and Mrs. William Bentley, x'54 (Claire Kerr, '51), daughter, Carol Ann, September 2, 1952.

1952—Mr. and Mrs. J. William Hunt, '52, son, Steven William, June 19, 1952.

—Mr. and Mrs. David McMillen, '52, son, David Ryan, September 14, 1952.

Grads Make the Cover Page

Chapman —

Two Otterbein grads appeared recently on the covers of magazines. Mrs. Robert M. Phelps (Eleanor Chapman, '50) appeared on the cover of the December 3 issue of *Pathfinder*, which featured a story on "What Happens to Health Champs?" It seems that Eleanor was one of fifteen girls who received blue ribbons from 1942 to 1947 as health champs. The *Pathfinder* made a check of the same girls, only to find out that they are still hale and hearty. Eleanor has since graduated from Otterbein and from Western Reserve University School of Nursing. While her husband is studying dentistry at Western Reserve University, she is working at the blood bank in the University Hospital.

Furbay —

Dr. John Harvey Furbay, x'25, is featured on the cover of the November-December issue of *Program*, the magazine of the American Platform Association. Dr. Furbay, featured in the 1950 Homecoming issue of *TOWERS*, is a world traveler and much sought-after speaker. He spoke recently at the big annual men's dinner at the First Baptist Church in Cleveland.

Receive Advanced Degrees

The following Otterbein graduates have received advanced degrees recently:

Master of Arts

James Grabill, '43; Gladys Linnabary, '48; Frederick Noel, x'44; Paul Shartle, Jr., '42; Frank Walker, '49; William Cowgill, '50; Jack Frost, '49; all from Ohio State University.

Bachelor of Laws

John Lyter, '50, Ohio State University.

Have You Sent Your Gift For '53?

BULLETIN BOARD

Class Reunions

The classes of 1893, 1903, 1913, 1923, 1928, 1933, and 1943 will have reunions on Alumni Day, May 30. Members of the classes of 1903 and 1928 should make a special effort to be present, since it will be their fiftieth and twenty-fifth anniversaries, respectively.

Student Prospects

It is an accepted fact that more students are influenced in their choice of a college by alumni than by any other persons. Please, therefore, Mr. Alumnus, get busy and help boost Otterbein's enrollment for next year. It is often said that schools which have a decline in enrollment do not have an active alumni body.

Your Annual Gift

Thanks a million to you who remember to send your annual contribution. This list comprises about 25% of Otterbein alumni and ex-students. How about the other 75%? May we count on you in '53? Try it this year, and if you do not get the thrill you expect, you can decline next year. Be a stockholder in a great business—the proper education of America's future leaders—the building of a stronger Otterbein.

Future Alumni Club Meetings

Plan to attend the next meeting of the club in your area. You do not know how much you are missing. Dates are as follows:

Northern Indiana. April 24, 6:30 P.M., Honeywell Community Building, Wabash, Indiana.

Columbus, Ohio. (Men's Club) March 12, Y.M.C.A., 12:00 noon. (Women's Club) March 18, 8:00 P.M., 2874 N. High Street.

Wooster-Mansfield. April 17, Mansfield E.U.B. Church, 6:30 P.M., covered dish dinner.

Dates to Remember

Don't forget May Day (May 2); Alumni Day, May 30; Commencement, June 1. The welcome mat will be out.

Two New Co-operative Programs

Forestry

Plans have been completed with Duke University for a five-year co-operative program in forestry. The student will spend three years at Otterbein and two years at Duke. He will receive a bachelor's degree from Otterbein and a master's degree in forestry from Duke.

Medical Technology

In four years a girl can earn a college degree at Otterbein and a certificate from the Miami Valley Hospital (Dayton) making her a registered medical technologist. She will spend three of the four years on the Otterbein Campus.

In addition, Otterbein offers the following cooperative programs:

Engineering—with Carnegie Tech.
Nursing —with Grant Hospital
Art —with Columbus Art School

It's Getting to be a Habit

Ann Carlson Brown, '52, has received Second Honorable Mention in the 1951-52 *Atlantic Monthly* Contest for college students with her poem "Three Cinquains." The verses have just appeared in a special *Atlantic* contest publication. At Otterbein the author was active in the Quiz and Quill, a creative writing club.

Mrs. Brown and her husband Robert, '52, are both currently enrolled in Western Reserve Medical School. She is the daughter of Mrs. Benjamin Carlson (Edna Dellinger, '22) and the late Dr. Carlson, '22. Her sister Mary Kay, '47 is Mrs. John Wells, '48; another sister, Alice, is a senior at Otterbein.
