"HOTBED OF IDEAS"

Is Mind of Judge Alden Who Lectures Here Monday Apr 3.

"Witty, logical, humorous, winning, intense and practical he won all hearts and set in motion thoughts that we apprehend will bear fruit." The foregoing lines were written by an Iowa reporter in comment upon the eloquent and distinguished lecturer, Judge Geo. B. Alden who appears on the Citizens' Lecture Course here Monday evening, April 3, in the college chapel. Judge Alden comes from Puritan stock and is a direct descendent of John and Priscilla. He does not indulge in Academic discussions, but touches living, vital topics in a manner that compels attention.

He is a scholar and an orator. Of him the West Liberty (Iowa) Index writes, "He went at his address hammer and thongs. The writer has been attending public addresses of all sorts for thirty years but never before has he encountered a man who put so much energy into his remarks as did Judge Alden. Before he had been speaking two minutes his audience was magnetized by his eloquence and earnestness". Mr. Alden has two lectures, "The Powder and the Match" which is his latest achievement and "Needs of the Hour," both of which have gained national reputation. In these lectures are found unmistakable evidences of brain and heart power which gives expression to truth, honor, justice, patriotism, religion and learning as well as the monstrosities of the reverse side.

Judge Geo. D. Alden.

EXTRA RECITAL

Piano Students Will Give Concert Wednesday Evening.

In order that each student may appear in public concert during the year Prof. Grabill has arranged an extra recital to be given by the piano students next Wednesday evening at eight o'clock in the Lambert Hall. A quartet selection by lady pianists and a duet number with Prof. Grabill and Miss Brundage at the piano will be particularly pleasing features of this program.

This recital does not substitute for the regular concerts given in the Hall each month, the next regular recital to be given in two weeks with program in full.

Post Season Game.

Otterbein basketball enthusiasts are to be treated to a post season game to be played here Saturday evening, April 8, between Otterbein's varsity and Massillon High school. The latter team is a winner having made creditable showings with some of the strongest teams in the state. With the same enviable record held by the local boys a good game is assured to the spectators. Prof. W. G. Snively, '07, who is managing the Massillon team has been particularly solicitous for this game, realizing that such a contest may mean the enrollment of more Massillon students at Otterbein.

OTTERBEIN QUARTET

Will Give Concert in College Chapel, Wednesday, April 5.

The Otterbein Quartet composed of Hatton, Spafford, Curn and Williamson will give its first concert before a Westerville audience Wednesday evening, April 5 at 8 o'clock. This musical organization although never having appeared in concert in Westerville has during the past two years participated in numerous out of town programs and has gained for itself an enviable reputation. At present it is scheduled for several appointments over the state and throughout Pennsylvania. Otterbein students especially have been looking forward to this event with particular interest because of the pleasing comments that have

TO STUDY SCHOOLS

Dr. Sanders Will Spend Latter Part of Semester Investigating Collegiate Conditions in East.

To investigate the methods of some of the large educational institutions of the land and to come into actual contact with representatives of these schools Dr. T. J. Sanders will devote the latter half of the present semester to a study of such institutions as Yale, Harvard, Princeton and other schools of the East.

The primary purpose of Dr. Sanders' visits is to study these institutions in reference to his own work and secondary to investigate the methods, spirit and genius of other institutions.

Dr. Sanders will leave April 13 for Dayton and from Dayton will go to Cincinnati where he will visit the Un. of Cincinnati, the best specimen of municipal universities in the land. While in this city he will also study two of the largest High schools in the United States both of which buildings cost \$1,000,000 in their construction. From Cincinnati he will take a river boat to Pittsburgh where he will visit the Carnegie Technical Institute and the large Museum at Pittsburgh. From Pittsburgh he goes to Philadelphia. He will then make an extended study of Princeton, Columbia, and Harvard Universities.

These investigations will be of great value not only to Dr. Sanders but to Otterbein at large as Dr. Sanders will be in a position to appropriate these investigations

BE WHAT YOU ARE

Strong Slogan Presented to Y. M. C. A. by Ex-Captain Lambert.

The Young Men's Christian Association service Thursday night was a new victory for Otterbein athletes. Homer Lambert, our nerry football warrior, refereed the game which was fast and interesting.

Mr. Lambert opened the contest with the slogan, "Be What You Are." He showed how such a policy pays in life. In business or church work one cannot truly succeed unless he is what he professes to be. If a man is inconsistent in his living he is sure to be found out, sooner or later. A person who professes one thing and is something else injures both himself and those about him.

Everyone has influence which should be closely guarded. "Be What You Are," rang clear in every sentence of the speaker.

Acting on the suggestion of the leader a number of the new men in the Christian life testified as to the benefit and value of Christianity in practical life. President Clippinger also made some very helpful remarks.

Every one present Thursday night pronounced the service as one of stellar meetings of the year.

Y. W. C. A.

The theme for Y. W. C. A. last Tuesday evening was "Neglect not the gift That is in Thee." The leader, Agnes Drury, brought out the following thoughts:

Do not doubt the gift that is in thee nor fail to develop it. Each one has some gift, it may be influence or material talents. We are held responsible according to the amount of talent. If we are not aggressive we will not develop. To neglect a gift means to neglect God.

Mamie Geeding, who is now taking work in the Cincinnati Training School, gave the girls a better understanding of the deaconess work. She emphasized the fact that the calls come especially to the college girl.

\$10 for Art Production.

The Art Department is the recipient of another \$10.00 prize for the best drawing in water colors. The donor is Mrs. Mary E. McClelland of Clinton, Indiana, now

residing in her winter home at St. Petersburg, Florida. Mrs. McClelland was at one time a student in Otterbein and thus has always been interested in the welfare of the University. She offers this prize in memory of her accomplished daughter Elizabeth who was an Art student under Mrs. Thompson in 1871 and '88. This very acceptable gift comes through the interest of Mrs. Beal of Westerville.

Indiana Schedule.

At the High School Commencement exercises at Tocsin, Indiana of which High School J. S. Engle, a former student, is principal President Clippinger will address the graduates next Thursday evening.

Friday evening he will deliver an address to the men of the U. B. church at Kokoma, Indiana.

On Sunday he will deliver a second address to the men of Kokoma and in the evening will speak before the graduates of the Teachers' Training Class.

It takes a mighty conscientious man to allus be able to tell the difference between when he's tired and when he's lazy.

Uncle Eben.

During the past few weeks there has sprung into existence at Otterbein an organization called "The Recruits." Only those who pledged themselves to live a better life at the recent union revival and those who hereafter will take a similar step are eligible to membership. The purpose of this organization is to keep these new recruits on the right track and to encourage the movement inaugurated by Dr. Bitler and his assistants. Already this movement is bearing fruit. Men gifted as leaders who were at one time absolutely indifferent to movements of right are now "head over heels" in making this thing a go. It sounds good. It means that our religious activities here are not to be henceforth in the hands of the ministerial students entirely but rather engineered by fellows who can appreciate the situation from a charitable standpoint and who can exert a powerful influence over their fellows. And they are a class of fellows who are ready to lend a helping hand. We say, "Godspeed" to this movement.

He's up, he's up—your out—Saturday.

OTTERBEIN GLEE CLUB

Wins Its First Laurels of the Year.

Another indication of the splendid work accomplished by Otterbein's Department of Music was very pleasingly displayed by the University Glee Club last Wednesday evening in the college chapel. The Glee club appeared in the second annual concert before the students and citizens of Westerville.

The program contained, in nicely arranged order, choruses, solos, duets, and readings of which every number was enthusiastically applauded. The response to encores, each time elicited renewed appreciation by the audience. Professor Resler's selections as usual, were greatly enjoyed. Mr. Spafford performed very acceptably on the banjo. Prof. Gilbert's renditions on the violin deserve special mention. The readings of Prof. Heltman added substantially to the delight of the audience. This is Prof. Heltman's first appearance before

an Otterbein audience in the capacity of a reader and the manner of his presentation insures for him an enthusiastic audience for all future recitals.

The members of the Glee Club, especially Prof. Resler, director and Mrs. Resler, accompanist, are to be warmly congratulated on the worth of their pleasing and entertaining program. The Club will in the near future, appear, before audiences in different parts of the state.

The Royal Decree.

And it came to pass in the school of Otterbein which is builded near the valley of Alum creek in the land where the buckeye groweth in the country of the Amerikanites that a decree went forth;

Now this was an exceedingly great school and many wise men and comely damsels assembled to learn of the wise men (there were in all about eighteen score and ten).

It was in the sixty-fourth year of the school and the second year in the reign of Walter, whose surname was Klip Inger, a much beloved and learned man. (he was the father of Donald who runneth the Irish mail.)

Now it happened in this wise: Lo, the young men and the damsels were wont to stand up in the assembly which the scribes call chapel and utter words of exhortation to their brethren and sisters who were not of the faith and their harangues provoked exceeding great mirth;

Now these words in multitude were sometimes as the sand of the gravel pit or as the feathers on a goose and the wise men who ministered unto the needs of the seekers after knowledge waxed tired and smote their ribs.

Now it happened about the time that five and one young men of the school having the gift of tongues rose up and slew the Heidelbergers and Buchtelites that a certain young man rose up in the synagogue and spoke but could not be heard for much clapping together of the hands;

Now those but little way on the path of knowledge stamped the floor like unto many horses in battle with their strong feet shaking the tabernacle and rending the veil. The uproar was exceeding terrible.

So it came to pass that the wise men and women (some were yet beautiful) passed the decree that no man nor damsel should make any more speeches before the assembly henceforth and forever time without end.

He that presideth shall henceforth speak all sayings. This was received with much anon but no man durst utter aught against it.

Now the other things that the wise men did, is it not writ in this book of the scribe who recordeth all things?

Mr. Cope, Strong Character.

The coming of Mr. H. S. Cope, Secretary of the National Religious Educational association was anticipated with great interest on account of his national note. He more than justified the expectations entertained for him. His good common sense, practical thought, and entertaining humor appeal especially to college men and women.

The address of Monday evening was full of real, true, life-like worth. At chapel Tuesday morning he delivered a brief but exceptionally strong message. The college is fortunate in obtaining men of his calibre. We assure to Mr. Cope a most hearty welcome when he visits us again.

BASEBALL SEASON

Opens With O. M. U. vs. Otterbein Nine on Local Diamond.

The opening of Otterbein's Baseball season will take place next Saturday afternoon at 2:30 when the Otterbein nine will cross bats with O. M. U. of Columbus on the local field. With Otterbein's record of 1910 in this popular sport and with the greater number of varsity stars in harness again baseball enthusiasts are awaiting with eager expectation the first ball tossing exhibition. Coach Wrigley has been sizing up his men during the past week and is confident of a winning team.

O. M. U. promises to make this game interesting to the spectators next Saturday. Judging from their schedule which includes games with Denison, Wesleyan, and other strong teams of the state they are confident of a strong nine.

Tickets will sell for 25 cents.

Pupils Please Audience.

The work of the physical training and music departments of the local public schools proved highly entertaining to the large audience gathered in the college chapel last Thursday evening. Each number gave evidence of careful and patient training on the part of the instructors.

Of the drills which alternated with the musical numbers on the program the tennis and flag exercise elicited from the audience particular admiration because of the clockwork precision which characterized the movement of each participant.

Of the musical renditions, the work of the chorus and glee club bear particular mention giving evidence of both able direction and efficient musical material in the local High school. Although these departments are comparatively recent additions to the local school, nevertheless the progress as exhibited to the citizens of Westerville Thursday evening is proof in itself of the growing popularity of this work.

Rev. Weitkamp Bereft.

We have just recently learned of the death of Mrs. Bauer Weitkamp, wife of Rev. A. H. Weitkamp, pastor of South Broadway Congregational church, Denver, Col., graduate of Otterbein, '04. Mrs. Weitkamp was a noble Christian woman and an earnest helpmate to her husband in his pastorate.

The Review offers deep sympathy to Rev. Weitkamp.

ALUMNALS.

Prof. and Mrs. J. F. Smith of Reynoldsburg were week end guests of the latter's parents, Mr. and Mrs. Barnes.

Miss Mary Geiding, '09, who is deaconess in charge of Mission U. B. Sunday school of Cheviot, Cincinnati, Ohio, spent a few days last week with friends in Westerville.

The Journal of March 20 gives under the column of "News Our Fathers Read 31 Years Ago Today," the following item: Otterbein is jubilant over the success of her representative at Akron, Mr. E. E. Lorenze. A reception will probably be given him.

Prof. J. W. Funk, '06, of Western Reserve is spending his vacation at home.

Mr. and Mrs. John Thomas, Jr., of Johnstown, Pa., both of the class of '98, are visiting relatives in Columbus and Westerville.

Season Tickets Out.

Otterbein's baseball has been put on a different financial basis this year than that heretofore adopted. The management was put to a heavy expense at the beginning of this season on account of suits and many other paraphenila which had to be replaced by new. To defray this expense Manager Smith has issued season tickets for one dollar. This pur-

chases admission tickets to the O. M. U., Denison, Cincinnati, Wooster and Ohio State games. Five games for a dollar. Seniors see Grill, Juniors, Simon, Sophomores, Hetzler, Freshmen, Richey and Preps, Converse.

Figure in Interesting Program of Board of Trade.

The Westerville Board of Trade held its third annual banquet Friday night in the town hall. It was pronounced as one of the most enjoyable banquets in the history of the organization. President Clippinger's address was very much appreciated on account of its conciseness and practical value.

Every day without a Bliss Business Education is so much of a loss to you. It's the education you will soon demand. You may get other education and do WELL, but you can get a Bliss Business Education and do BETTER. When, in less than six months, we can qualify a young man under twenty, and earning no salary, to fill a \$75.00 per month position; a girl of nineteen, with us but eight months, now drawing \$1200.00 per year; a school teacher, who took the combined course, for a secretaryship now paying him \$5200.00 a year, don't you think it is time that you were letting us fit you for a good position—ALL BLISS GRADUATES ARE HOLDING GOOD POSITIONS.

We will teach you to overcome your inferiors, rise above your equals, and compete with your superiors. We will make you ten times more valuable to yourself and assist you to a position that will pay you 50, 100, 200 and perhaps even 300 per cent more than you can earn now.

Places obtained for students to earn board while in attendance; railroad fare to the city allowed; and to the first representative of any town a discount of five per cent deducted from regular rates.

New classes formed each Monday. Write for the "Seal of Fortune." You will marvel at the records of success our students are making, and will be better able to judge what we can do for you. Address Dept. C.
