Winter 1980

Honor Roll Edition

## A Message from the President

February, 1980

Dear Donors and Friends:

I am deeply grateful for your commitment to Otterbein College. Your support has immediate impact in providing educational opportunities to students. You facilitate personal growth reaching toward a future of enriched life and service.

You help create and sustain a vital Otterbein. Evidence abounds. This fall an all time high 1685 full and part-time students enrolled. In the 1970's Otterbein responded to changing career opportunities and student interests with new programs in nursing, adult education, cooperative education, computer science, journalism, professional theatre, equine science and business. Otterbein faculty experienced

professional growth through one of the finest faculty development programs in the country. The addition of the Court-right Memorial Library, Rike Physical Education-Recreation Center and Battelle Fine Arts Center complemented other excellent facilities to give Otterbein an effective and efficient educational plant. We enhanced our program of student activities. We extended our consecutive years of balanced operating budgets to 24.

Broad support produced this record. Achieving and sustaining it requires an effective development program. Such a program relates the College mission and vision to alumni, metropolitan, church, business and educational communities. The goal of the development program is to inform, inspire interest and invite commitment. Response may come through

student enrollment, personal service or gifts. Otterbein has an able and dedicated development staff under strong future-oriented leadership.

You have assured the success of one dimension of our development program. In 1979 gifts to Otterbein totaled \$1,184,000. By exceeding one million dollars in gifts for the fourth time in the last ten years, Otterbein averaged over one million dollars a year in gift support for the 1970's. In four years the Venture Into Opportunity campaign generated \$2.8 million. In two and one-half years the Decision for the Arts campaign has secured over \$2.3 million in pledges and gifts toward the \$2.5 million goal. Concurrently we increased gifts to the Otterbein Fund. Thank you!

In the 1980's, with your help, Otterbein College can continue to be responsive to

student educational needs and opportunities. We can complete the Decision for the Arts campaign this year. We can expand the Otterbein Fund. We can increase endowment and scholarship funds. We can enhance program and enrollment so that each successive student generation can benefit from our dynamic mission of liberal arts education in the Christian tradition.

You are a vital link in bridging rich past and productive future. I invite you to increase involvement in the Otterbein creative community.

Appreciatively,

*Thomas J. Kerr, IV*

# "Hello from Howard House. May we help you?"

Providing services to Otterbein's constituencies is the goal of the 18 persons who work in Howard House, Otterbein's center of development, alumni and public relations activity.

Whether you seek meaningful ways to support the College, want basic information on College programs and personnel, or need assistance in locating a "long lost" roommate, the staff members profiled here will help you.

When Vice President **Frank Fite** first came to Otterbein in August, 1978 he brought the College's public relations operation from Towers Hall into a unified staff structure with development and alumni staff in Howard House.

The move reflected his management approach which is aimed at full participation by all staff concerned with the total development program. The implementation of management systems continues to be a major function for the vice president. Long-range planning, budget management and continued refinement of the computer system are also top priorities with Fite.

In 1973, Fite retired from the United States Air Force as a lieutenant colonel after 23 years of service. He holds a B.S. degree from University of Houston and an M.S. in government from Ohio University.

Responsibility for the coordination of all development activities belongs to **Michael Doyle**, director of development. He joined the development staff in October 1977, as director of the Decision for the Arts campaign and became director of development last summer.

Completion of the DFA campaign is a major priority for Doyle. He is also responsible for the Otterbein Fund, leadership giving programs, and coordination of all other staff activities that contribute to Otterbein's total development program.

Doyle holds B.S. and M.S. degrees from Ohio University. Prior to coming to Otterbein he was in alumni and development work at Ohio Dominican College for more than two years and at Proctor Academy in New Hampshire for a year.

**Fran Schreiber**, secretary in development, has been with the staff since January, 1977. She initially worked as secretary to the assistant director of development, then became secretary for the DFA campaign when Michael Doyle joined the staff. In addition to large amounts of record keeping and typing, Mrs. Schreiber is the receptionist in Howard House and keeps track of scheduling for both Fite and Doyle.

**Jinny McCullen** serves as the development office's bookkeeper and financial records clerk. She has been in her current position since March, 1970. Prior to that she spent five months with the dining service in the Campus Center. She is responsible for recording all gifts to the College and for generating the reports of the amounts raised during the year.

**Philip Myers** is the part-time assistant to the vice president and is responsible for the planned giving program. Since coming to Otterbein a year ago, he has worked on programs for trusts, wills and bequests, insurance gifts, and other methods of assisting alumni and friends in making long-range gifts to the College.

Myers "came out of retirement" to join the Otterbein staff, and has vast experience in all phases of development, alumni and public relations. He was director of development for Ohio Dominican College from 1974 to 1978. Prior to that he served as vice president for development at Milton College in Wisconsin, assistant to the president at Western College for Women in Oxford, Ohio, director of development at Wittenberg University, a professional fund raiser for Tamblin & Brown, Inc., and as public relations director for Connecticut Junior Republic.

He holds an A.B. degree, magna cum laude, from Brown University and an M.Ed. from Springfield College.

**Rev. Chester R. Turner '43** is part-time director of church relations. Rev. Turner is concentrating efforts this year on United Methodist Churches in the East Ohio, West Ohio and Western Pennsylvania conferences where Otterbein alumni serve as pastors. He is working to establish better communication between the churches and the College and to make members more aware of what Otterbein has to offer.

Rev. Turner has been with Otterbein since 1966 when he joined the staff in the church relations capacity. From 1971-1979 he was director of alumni relations. Following graduation from Otterbein he graduated from the United Theological Seminary in 1949. He served the Michigan Conference of the E.U.B. Church for 16 years, eight of them as a fund raiser. He was also Centennial Director of the Flat Rock Children's Home in Ohio.

**James Scarfpin** is the newest staff member, having become director of alumni relations in July, 1979. In his position Scarfpin is responsible for communicating with alumni and coordinating all alumni services, programs and activities. A major project this year is publishing the Alumni Directory.

Before coming to Otterbein Scarfpin was associate campaign director of United Way of Franklin County. He has also been athletic director and head basketball coach with the Columbus Academy, a sales representative for Proctor & Gamble, and an assistant basketball coach with Marietta College and Ohio Wesleyan University. A Westerville native, he holds a B.A. degree from Ohio Wesleyan University and an M.A. from Ohio State University.

**Janice Muschott** serves as secretary in the alumni office. In addition to typing alumni correspondence and working with

the director of alumni relations on alumni events, Mrs. Muschott also compiles class notes for TOWERS magazine. She came to Otterbein in 1972 as secretary for the Venture Into Opportunity Campaign and became secretary in the alumni office at the campaign's conclusion.

**Mary Bivins** is records supervisor for alumni and development. She joined the staff in the records section in October, 1970, and became supervisor in 1976. Her chief responsibility is maintaining complete, up-to-date records on alumni, parents and friends of the College. In addition, she coordinates and supervises all bulk mailings from alumni and development offices, a task that saw more than 317,000 pieces of mail sent last year!

**Betty Recob '50** has been in the records section since October, 1969. Prior to that she worked part-time for the registrar's office. She also works on keeping all records current and is responsible for maintaining accurate alumni records on the computer. She also assists with the massive mailing efforts.

**Mary Leonard** is also on the staff of the records section where she has been since 1970. She works both in alumni records and serves as the development staff's "in-house computer expert." She too works with the rest of the records section on large mail outs.

College public relations efforts are under direction of **Don Hines**. Responsibility for supervision and coordination of all news and publicity, advertising, internal communication, and community relations belongs with Hines. In addition to his role in public relations, he is also associate director of development. He works with Michael Doyle in coordination and supervision of all development activities, particularly in the creation of development print pieces and other communication.

Hines became director of public relations in July, 1977, and assumed the development role last summer. He came

## Howard House has unique history

*Editor's Note:* Much of the following information is excerpted from an article by Robert Price that appeared in the July 29, 1971 *Public Opinion*.

Howard House (see cover), the current home of Otterbein's Alumni-Development-Public Relations staff, was built 70 years ago by Dr. Purley A. Baker, then general superintendent of the Anti-Saloon League of America. It stands with five other houses built between Park and Walnut Streets by League officials.

Throughout its history, Howard House has had a close tie to the literary arts. Currently, the Public Relations staff and the director of publications work to put out the quarterly magazine, over 80 other printed pieces each year, and countless press releases.

But the tradition of writers working at Howard House goes back to 1924, when immediately after the death of Dr. Baker, the two front rooms were converted into editorial offices. There the six volume "Standard Encyclopedia of Alcoholism" was produced over a six year period.

In 1930, Temperance League officials offered the lower floor of Dr. Baker's home to serve as a community library. The library remained in the Baker home for three years, under the guidance of Mrs. Cora Bailey, before moving to bigger quarters.

After several years of private ownership, the Baker home was acquired by Otterbein College to serve as the residence for its president. In 1947, Dr. J. Gordon Howard, for whom Howard House is named, moved into the house at the corner of Park & Grove Streets. President Howard, who served Otterbein from 1945-57 before becoming Bishop of the United Methodist Church, revived the literary traditions that once flourished in his home. A prolific writer, Howard initiated a flurry of writing projects across the campus.

Lynn W. Turner followed Howard as Otterbein president, serving from 1958-71. Turner was also a writer of note, authoring several historical books. The writing of "History of Otterbein College" by Dr. Harold Hancock, and the founding of "Otterbein Miscellany," a faculty-produced periodical, also came in Turner's tenure.

After President Turner retired in 1971, the alumni and development staff moved into Howard House. The public relations staff moved to Howard House from Towers Hall in November 1978.

Since the total alumni-development-public relations area has been consolidated under one roof, 18 people plus several students now work in Howard House. The building has been repainted inside and outside and much of the house has been recarpeted.

"We want Howard House to be not only an attractive place to work, but also a place where alumni will feel free to stop by for a visit," said Jim Scarfpin, director of alumni relations.

# Planning for the future

An interview with Franklin D. Fite  
Vice President for Development and Public Relations

Nineteen seventy-nine marked the fourth time in the last ten years that annual gifts to the College exceeded one million dollars, causing Otterbein to average over one million dollars a year in gift support for the 1970's. In light of this fact, we have asked Franklin D. Fite, vice president for development and public relations at Otterbein, to share his views on Otterbein's successful development program.

Mr. Fite assumed his position in August, 1978. Prior to that time he pursued a military career which included public relations jobs in Greece and Washington, D.C. and concluded with the position of professor of military science at Capital University. From 1974-1978 he served as director of development and assistant headmaster at The Columbus Academy.

**Q. During the past decade Otterbein conducted a very successful development program. What was the major emphasis of the College development program during the 70's?**

A. For the past 20 years Otterbein's development program has emphasized capital giving. Since 1960 the College has successfully completed three capital campaigns. The most recent campaign, "Decision For The Arts," is currently in its final stages. Through these campaigns we have increased the effectiveness of Otterbein's physical plant with the addition of the Courtright Memorial Library, the Rike Physical Education-Recreation Center and the Battelle Fine Arts Center. However, concentration on capital giving has not permitted us to do as much as we would have liked in the area of planned or long-range giving.

**Q. Do you plan to concentrate more on the area of planned or long-range giving during the 80's?**

A. Definitely. I see the 80's as a time to strive to substantially increase the College's endowment through a planned giving program. In the days of rising tuitions and costs, we must concentrate on programs that will assist us in keeping the cost of a college education at a level that is affordable. The 1980's will also be the time to establish academic chairs, professorships and scholarships through funds obtained from annuities, trusts, pooled life incomes, insurance policies, bequests and wills.

Long-range giving is an important aspect of a development program. It is also very challenging in the sense that the development work done today will not produce immediate results. Long-range gifts help plan for the future.

**Q. From where does Otterbein get most of its money? What proportion of the total amount of money raised comes from alumni?**

A. We receive gifts from alumni, parents of current and former students, friends, the church, foundations and business. This year as always the alumni contributed a substantial part of the total. Of the \$1,184,000 received in 1979, alumni gifts represented 42% of the total amount received. Otterbein is fortunate to have such dedicated and loyal alumni.

**Q. Even though your title is Vice President for Development and Public Relations, these two offices were separate when you arrived. You have now combined the alumni-development office with the public relations office. Why?**

A. I have always viewed the offices of development and public relations as inseparable. I feel strongly that you can

have public relations without development, but you cannot have development without public relations. It is extremely important for our constituency to realize "why" the College needs to raise funds. Through good public relations (which informs the public of the types of programs the College has, what is being accomplished on campus and how the students are benefiting) this can be accomplished.

**Q. Has combining the two offices accomplished what you hoped?**

A. Yes. Besides the philosophical reasons for combining the offices, it was done to bring both staffs closer together so they could have a true feeling of what the total mission of development and public relations is. A close working relationship between all staff members also allows for more versatility from each individual.

**Q. With the combining of the public relations and alumni-development offices, you have 18 people working directly under you. Do you have a particular approach to management?**

A. My approach to management is based on the total involvement of all people. Our development program would not be successful if we didn't have an excellent faculty that supports it, a student body that understands it and a president that is totally committed to it. We have all three of those ingredients at this College.

Once you have total involvement it takes a good staff to put the program into action. I also feel that staff development is critical to a successful program; therefore I have tried to structure the staff to allow opportunities for growth. Young staff members are assigned specific responsibilities, learn from their own mistakes or successes and, in general, develop professionally.

**Q. In dealing with a prospective donor, what do you say when he/she asks "Why should I give?"**

A. I hope our alumni would want to give because the College is worthy of his or her gift. We constantly demonstrate that worthiness through our programs, through our students, through each one of us who works at the College, and through our alumni.

**Q. On the other hand, does the College have a sense of duty to its alumni?**

A. Yes. It is the duty of the College to maintain its high standards and philosophical aims. By doing this, the College preserves the value of the graduate's diploma.

**Q. I know you feel enrollment is related to development work. How?**

A. Our staff has two major goals-to raise funds for the College and to aid in the recruitment of students. These goals are basic to the development program. When

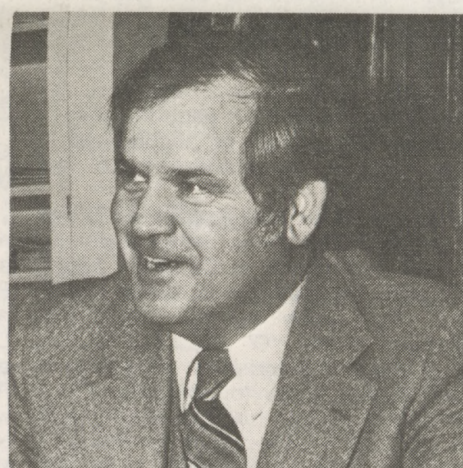

enrollment is maintained there is not the pressure for additional funds to meet today's costs. This permits the development office to concentrate more in the area of endowment.

**Q. Recently you decided to involve current parents in the development process. Why?**

A. Despite the rising costs, tuition does not cover the entire cost of a college education. In fact tuition and fees pay only 70% of the total cost. To help keep tuition down, we have involved parents, along with alumni and friends, in our annual giving program which raises money to provide library books, scholarships, financial aid, faculty support, equipment and other vital needs for the basic operation of the College.

**Q. What is the development office's relationship to students?**

A. A close one. This relationship is most important because the students are our reason for being. They assist us directly with help in the telethons, serving on the student-alumni relations committee and participation in activities that are viewed by the public. The alumni have organizations which work with the fraternities, sororities, band, choir, theatre and athletics. We hope these relationships will grow as the current students progress through Otterbein so they will have a better understanding of the need for a total development program.

## Why put off making a deferred gift?

Kim Wells '75 (seated), Ken Barr '70 and Ron Scharer '70 (standing) have become members of the Lifetime President's Club by giving the College gifts of life insurance.

The term "deferred giving" is often misconstrued as a giving program designed for persons in their later years. In actuality, even young alumni can find a deferred giving program practical.

Several recent Otterbein graduates have chartered an unusual deferred giving program that makes use of life insurance to provide a gift to Otterbein.

Kim Wells '75, has become the most recent Otterbein graduate to make a gift to Otterbein in the form of a life insurance policy. He purchased a \$25,000 policy from Ken Barr '70 to become a member of the Lifetime President's Club. Ken has also become a Lifetime President's Club member through a gift of life insurance.

A gift of life insurance provides the young donor the means to make a large gift. The premiums on a \$25,000 policy constitute a modest investment in what will ultimately become a major gift. The premiums are also 100% tax deductible since the College becomes owner of the policy.

The concept of giving through life insurance was introduced at Otterbein by Ron Scharer '70, who was the first alumnus to give the College a \$25,000 policy. Ron also suggested the current program

which provides lifetime membership in the President's Club in return for the gift of life insurance.

Membership in the President's Club was previously available only to those who made a gift to the College of at least \$1,000 a year. Membership is now available to those persons who purchase a life insurance policy with Otterbein College as beneficiary under the following conditions:

- The face amount of the policy be \$25,000 or more.
- The contract be of the whole-life or straight-life variety.
- The annual premiums be level (not increasing as time passes).
- The beneficiary be Otterbein College.
- The owner of the policy be Otterbein College.
- Otterbein maintain physical possession of the contract.

# GET THE SPIRIT!

## with the Alumni Association

"The alumni director shall carry out the program and policies of the association and council...and do everything possible to strengthen the ties between alumni and their college." So states the Constitution of the Otterbein College Alumni Association. The same document defines the purpose of the Alumni Association and the Office of Alumni Relations, as being:

- 1) To promote a spirit of goodwill and loyalty among its members.
- 2) To participate actively in student recruitment.
- 3) To assist the College by:
  - a) supporting the yearly alumni giving program and the capital fund campaigns.
  - b) assisting in the conduct of on-campus and off-campus alumni programs,
  - c) being responsibly informed of College procedures and proposals,
  - d) informing industries and communities of life at Otterbein and the needs of the College.
- 4) To provide for and to promote the organization of alumni clubs wherever practical.

But who makes up the membership of this group designed to foster and promote the spirit of Otterbein? You do. You are an active member because you attended Otterbein for one or more terms. Honorary members are appointed by the College or by the Alumni Council. In accordance with the constitution, there are no membership dues, "but each member of the association shall be encouraged to make annual contributions to the College."

What's in it for you? Plenty! The Office of Alumni Relations offers alumni, parents and friends of Otterbein opportunities to enjoy all that Otterbein has to offer. Last June several Westerville members of the "O" Club, an alumni group which supports the athletic program, challenged Dayton area alumni to a golf outing. A great turn-out, some pretty fair golf and a cook-out at the home of Harold and Gracie Augspurger '41, '39, helped make a super day.

Many other events are supported by the alumni program. Last summer many alumni dined in the Campus Center before attending the Summer Theatre production of *Harvey*. The Otterbein College-University of Dayton football game, preceded by a pre-game pep rally/dinner in Dayton, attracted over 200 people. A continental breakfast in New York City hosted by President and Mrs. Kerr, a light supper before a home football game and receptions and dinners in Zanesville, New Philadelphia and Akron held in conjunction with the "informances" of the Otterbein College Affiliate Artist, Stan Bumgarner, were all a part of the 1979 fall alumni program.

Fall brought Homecoming '79 which featured a come-from-behind football victory over arch-rival Capital University. After witnessing the traditional Homecoming parade, which included an appearance by the Alumni Band, many lunched at the Cider 'N' Bratwurst Picnic on the patio of the Campus Center and were entertained by the Cardinal Marching Band in memorable pre-game and half-time shows. Dr. and Mrs. Kerr hosted the President's Reception after the game. In addition to attending the numerous fraternity and sorority receptions, alumni and friends could view a varsity women's volleyball match, join the Women's Intramural and Recreation Association for dinner, dine with the "O" Club at Wind-song Tennis Club or watch the "Otter Feud," a version of a favorite TV game show that pitted students against alumni. The day was capped off by the Otterbein College Theatre's production of "The Miracle Worker."

There are events for out-of-state alumni, too. Recently, the basketball team took a southern swing through Georgia and Florida. Pre-game receptions or dinners were held in Marietta, Georgia prior to the Otterbein-Southern Tech game; in Winterpark, Florida before the team took on Rollins College; and in St. Leo, Florida where the team played St. Leo College. In addition, President and Mrs. Kerr treated alumni and friends with a slide show about the campus at a Fort Lauderdale

dinner, a West Palm Beach breakfast and a Tampa luncheon. The trip also included visits by the president and the director of alumni to the homes of alumni in Melbourne, Lakeland, Winterhaven, Kissimmee, Sarasota and Anna Maria Island. The meetings gave alumni the chance to interact socially, reminisce about college days, view the slide show and enjoy an exciting evening of basketball.

While the basketball team went South, the concert choir toured Ohio and Pennsylvania. The Office of Alumni Relations sponsored receptions in Canton, Ohio, Johnstown, Pennsylvania and Cincinnati, Ohio. The concert choir performed for many alumni, including those at The Otterbein Home in Lebanon, Ohio.

Basketball was again the theme as Akron - Canton area alumni met for a dinner prior to the Kent State game. Dayton alumni had a similar meeting in the Associates Lounge before the Cardinals played Wright State in the University of Dayton arena.

The new year brought with it more opportunities for alumni involvement with the College. Several alumni pastors enjoyed dinner in Columbus during the Ohio Pastors' Convocation. Washington, D.C. alumni recently attended a gala event at the Officers Club of Andrews Air Force Base. Opus Zero, a highly talented group of Otterbein student singers, dancers and instrumentalists joined Dr. and Mrs. Kerr in representing the College.

The off-campus program for alumni continues in 1980 with such events as: a dinner in Philadelphia on March 19, a breakfast in New York City on March 21, Affiliate Artist "informances" and receptions in Shelby and Butler Counties and a get-together for Detroit area alumni in early July.

On-campus activities will include informal gatherings scheduled around home

basketball games and productions by the theatre and music departments and a "Meet the Artist" supper before the Artist Series presentation of guitarist Stan Bumgarner. The giving club dinners and Alumni Day round out the on-campus social calendar for the 1979-80 school year. A highlight of Alumni Day will again be the concert performed by the Alumni Choir.

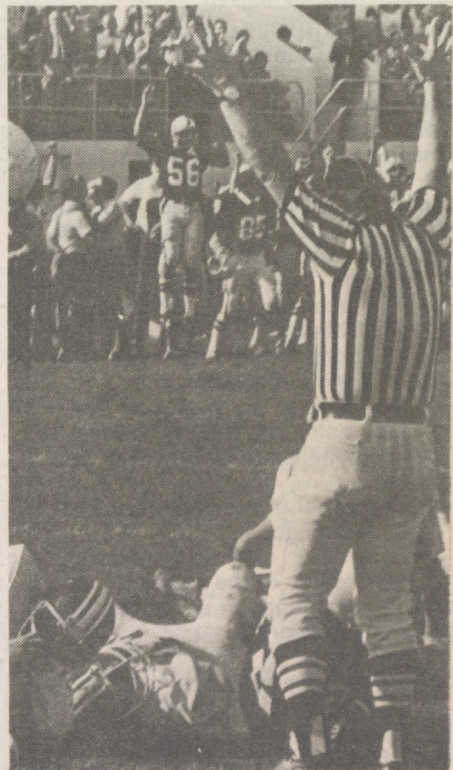

The Spring Telethon in mid-April allows alumni volunteers to assist the College in raising money for the Otterbein Fund. Alumni serve as callers and supervisors in this intense, four-day effort.

The Alumni Association also sponsors a tour program for alumni, parents and friends. This year's trip is a Bavarian Holiday, a week-long tour of the Tyrolean Alps in mid-August.

In addition to the activities and events mentioned above, the Office of Alumni Relations along with the Public Relations Office provides many services for alumni. These services include maintaining alumni records and addresses, printing TOWERS magazine quarterly, corresponding with alumni and generally serving as an information center for alumni who have questions or problems concerning the College. A major undertaking of the office is the publishing of a comprehensive Alumni Directory. The directory will aid alumni in locating one another and is scheduled for distribution in June.

In general, the Alumni Association and the Office of Alumni Relations work together to provide attractive opportunities for alumni to become re-involved with Otterbein; to re-kindle the spark of interest in friendship and activities that were a part of the Otterbein experience; to involve alumni socially, financially and as a volunteer force to further the tradition of the quality liberal arts education that is Otterbein College.

**HOMECOMING HIGHLIGHTS:** Clockwise from right: The Alumni Band marched in the Homecoming Parade. Harold Augspurger '41 received the "O" Club Award during halftime ceremonies. A Cider 'N' Bratwurst Picnic attracted many alumni to the patio behind the Campus Center. The Otterbein Fighting Cardinals enjoyed a victory over the Capital University Crusaders 14-13.

## Alumni directory to be distributed in June

Response to the Alumni Directory questionnaire has exceeded all expectations. Over eleven thousand questionnaires were mailed in early December to Otterbein alumni, and a better than average return was anticipated by the Otterbein Alumni Office. The rate of return of alumni questionnaires across the nation's campuses averages approximately forty per cent. According to a spokesman for Carleton Graphics, publishers of the forthcoming Otterbein College Alumni Directory, a fifty per cent return is "unheard of." Well, the Alumni Office is inundated with questionnaires, as sixty per cent of the information sheets have been sent back and more are arriving daily.

Each questionnaire is checked by hand for corrections and additions so that information printed in the directory will be as accurate as possible. The directory will

list alumni alphabetically, geographically and by class year. It will include for each alumnus, name, class year, home address and occupational field.

The Alumni Directory will be available only to members of the Otterbein family. No distribution of the book or information obtained for the book will be made available to other individuals or firms.

The directory will be distributed beginning in June of 1980 to all current alumni donors to Otterbein College. Each alumni donor is being asked to consider an additional gift above and beyond the annual contribution to help defray the cost of publication.

We know from the numerous notes attached to the returned questionnaires that many of you are interested in locating old friends and classmates, and we are pleased to make this limited edition available to you.

Mary Bivins, Betty Recob, Janice Muschott and Jim Scarfpin sort through alumni questionnaires in preparation for the publishing of the Alumni Directory.

## BAVARIAN HOLIDAY featuring the Oberammergau Passion Play

In the year 1634, the elders of Oberammergau, Germany, made a solemn vow before the altar to stage a play of the life and sufferings of Christ every ten years if they were spared the Plague. The town was miraculously spared and the Passion Play of Oberammergau has been performed each decade ever since.

The Otterbein College Alumni Association is pleased to make available to you not only the Passion Play, but also many other exciting sights and experiences as well. Departure will be from Cleveland on August 14 with return on August 22, 1980. There are two great options from which to choose:

**OPTION #1:** The small Alpine village of Inzell, located in the picturesque Bavarian Alps serves as the base for this option. For the price of \$879 per person, you will receive round trip transportation to Munich, hotel accommodations in a tourist style inn located in Inzell, tickets to attend the Passion Play, two meals a day and the use of your own private rental car with unlimited mileage. Enjoy the freedom of exploring Bavaria at your own pace.

**OPTION #2:** If you are interested in touring the Tyrolean Area of Europe by motor coach, this option is for you. You will visit the countries of Liechtenstein, Switzerland, Austria and Germany with one of the one-night stops in Oberammergau to attend the Passion Play. For the price of \$989, you will receive round trip air transportation, private motor coach transportation throughout, lodging at superior tourist class hotels, two meals daily, sightseeing and much more.

## OTTERBEIN COLLEGE WESTERVILLE, OHIO 43081

Dear TOWERS Subscriber,  
Inflated paper, printing and mailing costs have forced us to realign the OTTERBEIN TOWERS publication budget in an attempt to reduce expenses.

The OTTERBEIN TOWERS mailing list was substantially reduced to include only alumni and friends who demonstrate an interest in the College. Contributors to the Annual Fund receive four issues of OTTERBEIN TOWERS. The first \$3.00 of each gift serves as a subscription rate to offset publication expenses. Non-donors receive two issues including this issue and a summer magazine.

The new OTTERBEIN TOWERS appearing for the first time last November features an 8" x 11" format. Other issues are scheduled for spring and summer. The new format allows for greater indepth alumni and campus feature stories. This special edition of OTTERBEIN TOWERS features the Honor Roll of Contributors for 1979. The tabloid format is used only for this edition because of the need for an increased number of pages.

Make a contribution today and receive all four issues of TOWERS. Read about Alumni Success Stories, Campus News, Sports, Alumni Activities and events in your area - And More.

Sincerely,

## Football season finishes with naming of two All America gridders

Otterbein senior gridders Wayne Cummerlander-FB and Ric Lainhart-DE were named All America players for 1979 by the Associated Press to finish off a successful 6-3-0 rebuilding year under fifty year coach Rich Seils.

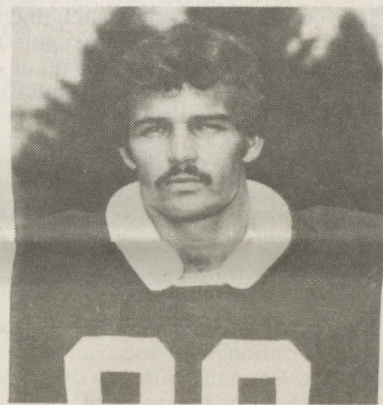

Cummerlander, a 5-10, 210 pound runner from Grove City, leaves Otterbein with three of the six school rushing records: most career yardage, 2,454 yards; most career carries, 669 and most season carries, 219, which was set in 1978.

And Lainhart, a 6-0, 190 pound product of Columbus West, was a three year starter at wide side defensive end, garnering First Team All Ohio Conference honors his final two seasons.

In total, eight Otterbein players made the All Ohio Conference honor team, that group second only to the 12 Cardinals chosen following the 8-1 1977 season.

## Men and women plan spring athletic season

Through the long days and nights of winter, while most people are looking for refuge from the cold and snow, there's a hearty breed of souls burning the midnight oil in the Rike Center, laying plans for what could be a fantastic spring athletic season at Otterbein.

"This should be one of the best track teams ever," says fourth-year coach Porter Miller who has led his charges to a 40-2 dual meet record over the past three seasons.

"With four All America runners back (one is a double All America) and four Ohio Conference Champions returning, I'm pretty optimistic about how things will turn out."

Returning to supply the nucleus of Miller's hopes will be Wayne Woodruff, a double All America performer in the 400 intermediate hurdles of 1600 meter relays; Kevin Brown, 100 meter All America and OAC Champ in the 100 and 200 meters; Dan Rader, a 1600 meter relay AA and OAC Champ in the 400 meters; John McKenzie, the third member returning from the AA relay squad; and Doug McCombs, '79's OAC Champion shot putter.

"We have an outstanding upper class returning," Miller beams. "Of course anything can happen in a big meet, but

we've got our sites set on bringing home the OAC Championship for the first time in the College's history."

While Miller readies a place for the conference track trophy, baseball coach Dick Fishbaugh will be rebuilding a pitching staff that lost two hurlers who combined for a 16-1 record.

But fear not fans, "Tatter's" back.

Specifically that's junior first baseman Doug Barr, a 6-2, 195 pound, one man wrecking crew. With some mammoth shots and a .311 batting average, he rewrote the conference record books with an unheard-of 53 runs batted in last year, (1.23 RBI's per game) which ranked him third in the nation.

However, Barr's not even the best hitter on the club.

The Cards have senior centerfielder Dean Smith to fill that spot. Smith's .371 average led the Otterbein offensive onslaught last year with a record 53 hits. And his sparkling 18 stolen bases in 19 attempts helped the Cards to a 28-16 record, the most wins ever by an Otterbein team.

For tennis enthusiasts, both ninth-year women's coach JoAnn Tyler and first year men's coach Bill Hillier have gone out on a limb and promised pretty good seasons.

"We should be improved over last

year," says Tyler whose team went 8-2 for the '79 season.

Junior Polly Subich, undefeated in regular season matches, senior Linda Lucas and freshman twins Beth and Lou Ann Slater should shake things up between the lines. In his rookie season, Hillier will rely on the talents of Jeff and Mitch Ulery. Jeff, who is a junior, was 12-3 in matches last year. His brother, a sophomore, teamed with Mike Hartscok '79 as an 11-4 doubles pair.

"Good last year, better this year," is how first-year softball coach Audrey Am-

brose grades the Cards softball squad. "We've got a good nucleus back including sophomore long ball hitter Lisa Jones, so we're looking for quite a few wins during the 15 game schedule."

And finishing up with golf, coach Rich Seils expects his club back intact with maybe a few additions.

"We should be at least as good as last year and probably better," says the fourth year coach. Last year's freshmen Scott Smart and Bob Smolinski led Otterbein out of the cellar to a 10th place finish in the OAC Championships.

TAKE THAT CAP!!!!.....Otterbein junior forward Steve Johnston takes a baseline route in front of a pair of Capital players for 2 of his 19 points as the Cards crucified the Crusaders 79-67. After starting the season with a Southern tour and pre-Conference record of 3-7, Otterbein rose to a 5-2 Ohio Conference mark and second place standing with the 12-point win over the Bexleyites.

Everyone is listed under his/her preferred class year, not necessarily the year a degree was granted.

to Otterbein in 1973 as instructor of speech and director of forensics. He had earlier served as an assistant director of public relations for the Ft. Wayne Schools in Indiana. He holds a B.S. in Ed. degree from Ball State University and an M.A. from Bowling Green State University.

**Jo Alice Bailey Povolny '74** is director of publications and responsible for the planning and coordination of all College publications. In addition to the normal duties of design and production, she is also responsible for budgeting for all publications, working with publication users in the planning process and evaluating the effectiveness of all printed materials.

Mrs. Povolny began with Otterbein as assistant director of alumni and development after graduation. In 1976 she became editor of TOWERS magazine, a position she continues to hold with her current duties. She has a B.A. degree from Otterbein.

**Bill Stewart** is assistant director of public relations for sports information. He works with Otterbein's intercollegiate athletics to publicize and promote all

Fighting Cardinal teams. He also coordinates and supervises internal communication handled by the public relations office and serves as the College's representative to the Westerville Uptown Merchants.

**Stewart** came to Otterbein in December, 1977 from a public relations position with the National Football League in New York. He holds a B.S. degree and an M.Ed. from Ohio University.

**Mark Rowland** is assistant director of public relations for news information. His primary responsibility is to coordinate and produce all news and publicity for the College outside of the athletic area. His duties include supervision and coordination of photography services to supplement the news information function.

**Rowland** joined the staff in December, 1978, after receiving a B.S. degree from Ball State University.

**Deborah Banwart James '77** is assistant director of public relations for special events on campus, especially as they relate to the total development program. A major project for Mrs. James is the administration of the Artist Series, Lecture Series and the Affiliate Artist pro-

gram.

She joined the Otterbein staff in December, 1977, as assistant director of alumni and development and assumed her present post last summer. She graduated with a B.A. degree and worked with the Artist-in-the Schools program of the Greater Columbus Arts Council before returning to Otterbein.

**Linda Davis** is a public relations secretary with major responsibilities in bookkeeping and budgeting. She also produces *Focus on Otterbein*, an internal communication piece for employees. She joined the public relations office in March, 1976.

**Mrs. Yvonne Parsons** is also a public relations secretary, a post she has held since January, 1979. In addition to major responsibilities in copy preparation and maintenance of public relations files, she produces *Daily Data*, a daily internal communication piece.

These 18 persons all work to meet your needs and provide services you deserve as alumni, parents and friends of the College. And together, they make the Howard House a bustling center of activity on the Otterbein campus!

### Did You Know?

On October 19 the Alumni Council voted to form a student relations committee to encourage interaction between students and young alumni. If you live in Franklin County, graduated between 1969-1979 and are interested in getting involved in alumni and student/alumni activities, please contact the alumni office.

# Alumni — Be Proud

William N. Freeman

Alumni, be proud of your old Alma Mater. She is alive and well and has taken her place as one of the most respected liberal arts colleges in this nation. While many similar institutions are in financial

and academic trouble, Otterbein remains in the black and has diversified her curriculum to compete in today's student market. Through the fertile minds of a dedicated Board of Trustees and the firm leadership of President Kerr and his staff, Otterbein has made, and is continuing to make, adjustments to meet the changing needs of adults and young alike.

Alumni, take pride in supporting this great institution. Otterbein needs your assistance in the recruitment of students as well as your financial support. We, as responsible alumni, must continue to assume an active role in order for our College to continue to grow.

The Alumni Office is also adjusting to these changing times. More alumni meetings in all parts of the country are being scheduled. Programs for young alumni are being arranged. More alumni information is being compiled and stored in the computers. Otterbein needs us today as we needed her in yesteryear. For those of you who have not been active as an Otterbein alumnus, I urge you to become active. It's fun, rewarding and satisfying. For those of you who are active, I say thanks.

One of the greatest experiences I have had as an alumnus of Otterbein was sing-

ing in the Alumni Choir last Spring on Alumni Day. Six hours of rehearsal with alumni of all ages under the inspiring leadership of William Wyman, a former director of the choir, was followed by a one hour concert in the Battelle Fine Arts Center in the evening. It brought together all of us who returned in a spirit of great Otterbein tradition. What a thrilling experience! The Alumni Choir is now an organized institution with a constitution and board of directors. Plans for this year's concert are well under way and you will soon be notified from the Alumni Office with details. Professor Robert Hohn will be returning to direct this year's concert. If for some reason your name is not on the list, please contact the Alumni Office.

It is the hope of your Alumni officers that many departmental activities such as the Alumni Choir and the Alumni Band can be instituted to renew and maintain interest in one of the greatest institutions of its kind -Dear old Otterbein... Come on down.

## Otterbein Music Professor Dies

Richard H. Chamberlain, associate professor of music at Otterbein College, died December 26, 1979. Chamberlain was 61 at the time of his death.

Chamberlain had served on the music faculty at Otterbein since 1960. He was a specialist in vocal and choral music and directed the College's A Capella Choir from 1960-1972. An accomplished lyric baritone, he appeared in Otterbein Opera Theatre productions of *The Pirates of Penzance* in 1977 and in *The Gondoliers* in 1978.

"Prof. Chamberlain had a strong commitment to the highest professional standards in the field of music," stated Dr. Thomas J. Kerr, IV, Otterbein College President. "Through the years this proved inspirational to many students and colleagues. We shall miss his personal charm as well as his professional contributions."

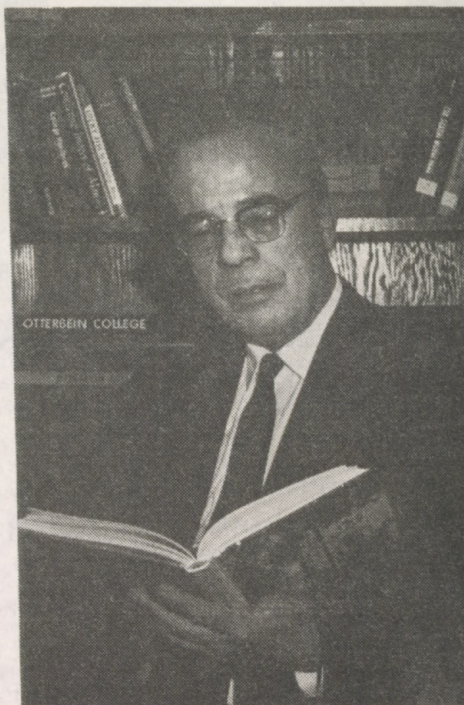

Chamberlain received a B.S. degree from Houghton College (New York) and an M.M. degree from North Texas State. In 1950-51 he was a Fulbright Fellow in voice and opera in Italy. He also studied and toured as a soloist in Germany and Austria.

In the U.S. he was principal artist for opera companies of Kentucky, Lakeside and Chautauqua, Wichita Falls, National Orchestral Association and Kozartem. He also served as an accompanist for many widely renowned singers.

In Central Ohio he appeared in several Columbus Symphony operas, was long-time soloist and director of music at Temple B'nai Israel, and served as a soloist at Central Presbyterian and First Congregational Churches in Columbus.

A memorial service for Richard Chamberlain was held in the Battelle Fine Arts Center January 15, 1980. Chairman of the music department Morton Achter delivered the eulogy in which he said, "We will miss this free spirit, this honest musician, bonvivant, gourmet, collector of diverse objects d'art, promulgator of atrocious puns, this thoughtful, caring, gentle man."

A memorial fund has been established by alumni and friends to name a room in the Battelle Fine Arts Center in memory of Professor Chamberlain. Donations to this fund can be sent to Michael Doyle in the Howard House.

## Oldest alumna celebrates 100th birthday

Miss Mabel Moore, current holder of the Otterbein Honor Cane and the school's oldest living alumna, celebrated her 100th birthday on October 29, 1979, in Bloomville, Ohio.

Miss Moore attended Otterbein Academy as well as the College, where she received a degree in 1904. She also attended Carnegie Library School in Pittsburgh in 1910-11, receiving a degree eventually converted to a B.S. in Library Science when the school became the Carnegie Institute of Technology in 1931.

She served for the majority of her career as a children's librarian in various cities, including Des Moines, Iowa, Detroit, Michigan and Columbus, Ohio.

Born in 1879 in Attica, Ohio, Miss Moore was a member of the Cleiorhe-

tean Literary Society, which then met on the third floor of Towers Hall.

Jim Scarfpin, director of alumni relations at Otterbein, visited Miss Moore at the Bloomville Nursing Care Center on her birthday to present a letter from President Kerr. She also received letters wishing her well on her 100th birthday from U.S. Senator John Glenn, Governor Jim Rhodes and President Jimmy Carter. The village of Bloomville passed a resolution recognizing Miss Moore as its Elder Citizen.

Miss Moore is the twelfth holder of the Honor Cane. On an interesting note, the eighth holder of the Cane, Leonie Scott, was the daughter of Otterbein president George Scott, whose term coincided with Miss Moore's term at Otterbein. Miss Moore has been the caneholder since 1976.

## Alumni Choir to sing Alumni Day - June 14

Those who have sung with the Alumni Choir in previous concerts know that a truly outstanding musical unit has emerged. We are anxious to include all interested alumni who are eligible.

If you were a glee club or choir member from 1930-47 or were a member of the organized A Capella or Concert Choirs from 1947-present, plan now to sing with your former Otterbein colleagues in this year's Alumni Day program on Commencement weekend.

The guest conductor for 1980 will be Dr. Robert Hohn '38, who founded the A Capella Choir in 1947 and was the choral director at Otterbein for 12 years.

Alumni will also have the opportunity to sing under the present choral conductor, David Isele. Dr. Isele will acquaint us with some of his latest compositions, which will also be on the program.

Former choral members should receive a letter outlining the commencement weekend activities. If you do not receive your letter and are eligible, please write or call the Alumni Office.

## Community involvement important to staff in Howard House

Consulting and offering professional advice and assistance to other groups and organizations serving the community good are functions regularly performed by staff members in development, alumni and public relations. In the photo above left, Carolyn Wood, director of development at Columbus School for Girls, discusses fundraising telethons with Phil Myers (left) and Vice President Frank Fite. In the photo above right, Joyce Schoedinger, development director with Buckeye Boy's Ranch, consults with Jim Scarfpin (left) and Vice President Fite about the planning necessary for a total development program.

Other inputs the staff makes in the

community are numerous. Frank Fite and Don Hines join with the president and vice presidents in regular discussion meetings with other Westerville government, education and business leaders. Vice President Fite is also a member of the board of the Westerville Fund of the Columbus Foundation. Don Hines serves on the boards of Westerville Area Chamber of Commerce and the Westerville Music and Arts Festival, is chairman of the board of Concord Counseling Service, Inc. and is representing the College on a special school planning task force established by Westerville City Schools. Michael Doyle is a volunteer fundraiser for the Central

Ohio Council of Boy Scouts, as well as working with the American Cancer Society and American Heart Fund to raise funds.

Phil Myers is a deferred giving consultant for Epworth United Methodist Church, and Deborah Banwart James is a PR consultant for the same church, as well as an assistant director of plays for the Worthington Alternative High School. Jo Alice Povolny is a member of the board of trustees for the Columbus USA Association, the group that sponsors the Columbus Day USA celebration. Bill Stewart is the College's representative to the Westerville Uptown Merchants Association.

# Honor Roll of Alumni Contributors in 1979

Otterbein depends on alumni, friends, parents, organizations, businesses and foundations for support. The class lists below include those alumni who gave to the Otterbein Fund for operating purposes, the Decision For The Arts for capital purposes, and for other designated purposes. Numerals preceding the names indicate the total number of years that person has made contributions.
