Honor Roll of Contributors

# A message from the president

Dear Otterbein Alumni and Friends:

Thank you! Your gifts helped Otterbein raise \$1,004,828.36 in 1980, the fifth year in the last ten that our development program has generated over one million dollars of support. In September we also exceeded the \$2.5 million Decision For The Arts campaign goal. I am especially pleased because we had the largest number of donors in College history, a significant increase of 25% over 1979. This record year is a tribute to the hard work of our development staff led by Vice President Franklin D. Fite. It is also your vote of confidence in the Otterbein students, faculty, staff and program. We are all most appreciative.

Otterbein looks to the future with confidence. These are difficult times with inflation and keen competition for students. The Ohio fiscal crisis has delayed payments of Ohio Instructional Grant monies to colleges. Pressures are great with increased food, utilities, equipment and salary costs. However, Otterbein has maintained balanced operating budgets for 25 consecutive years. A strong fall enrollment of 1677 students, including a few more full time students than last year, is a good sign for a successful 1980-81.

In 1980 College trustees adopted a new five-year long-range plan. Otterbein will meet the problem of a declining number of high school graduates in the 1980s with an aggressive recruiting program, new programs in continuing education, nursing, cooperative education, journalism, computer science and honors as well as our strong traditional liberal arts majors. We will continue to emphasize faculty development and interaction of the disciplines. We will strengthen management systems. We have a carefully phased facilities plan for physical plant improvement and maintenance.

In the competitive 1980s the success of our development program will prove even more critical than in the past. The Decision For The Arts campaign will make possible the completion of twenty years of building on the campus, a program that assures a first-rate physical plant for the remainder of the century. The Battelle Fine Arts Center is completed, work on the Towers Hall interior is in progress and the scene shop addition to Cowan Hall is scheduled for summer 1981. In the 1980s we must shift our fund raising emphasis from facilities to expansion of the annual fund and major additions to endowment and scholarships. We need your continued support for the annual fund and strongly urge you to include Otterbein endowment and scholarships in your estate planning. The gift of educational opportunities for students is one of the most vital and continuing gifts possible.

I deeply appreciate your investment in Otterbein. Such commitment is essential to sustaining strong private higher education and the ongoing Otterbein contribution to it.

Gratefully,

Thomas J. Kerr, IV  
President

Otterbein will meet the problem of a declining number of high school graduates in the 1980s with many new programs in areas such as nursing (above) and computer science (below).

The completion of the Decision For The Arts will make possible the completion of twenty years of capital improvement on campus. The Battelle Fine Arts Center is finished, work on the Towers Hall interior is in progress and the scene shop addition to Cowan Hall is scheduled for summer 1981.

# Campus News

Jeff Baugh, a business major, enjoys working at the Energy Station in Westerville.

Monica Peterson plans to pursue a career in accounting. Her co-op job is in the accounting office of Toledo Scale in Westerville.

Frank Mitchell is director of the Cooperative Education Program at Otterbein.

## Co-op program provides on-the-job training

Getting valuable on-the-job training while going to college is the best method for choosing studies and a career.

Otterbein College students Monica Peterson and Jeff Baugh can attest to the benefits of the Cooperative Education Program which allows them to work off campus for course credit and part-time salary paid by an employer. "The co-op program gives you the chance to work in several different businesses, if you want—it helps you foresee what you like and don't like," says Jeff, a junior who works in retail sales.

"It's more beneficial to get two-to-three years of experience on a job rather than just four straight years of college," explains Jeff. "The work we do in the store isn't always the same as the way business is taught from books."

Mrs. Peterson, a sophomore working in an accounting office of Toledo Scale, "highly recommends" the co-op program for letting her get "real world" job experience and providing a point of reference she can use in finding a permanent career.

### MORE THAN TEXTBOOKS

"Working an actual job gives you a better idea of what to expect from a company. It's better than textbooks because they don't show you all the things that you may do," she said.

Co-op jobs vary from person to person, according to faculty coordinator Frank Mitchell. Students have been placed in business, sales, accounting, sports administration, journalism and other fields—depending on their interests and college major.

Although Jeff is majoring in business, his co-op job experience is being done in a new concept of hardware-housing store in Westerville called The Energy Station.

A subsidiary of Cellar Lumber, The Energy Station sells products to cut home energy consumption such as wood-burning stoves, insulation, solar collectors, storm windows, how-to manuals, water heaters and a multitude of accessories.

### WORKING WITH PUBLIC

"This job lets me determine whether retailing is what I want to do for a career," Jeff said. "Dealing with the public is a big part of this business, and that's what I like about it."

"I would have hated to spend all my time isolated in an office. In my job here we make a sale, deliver wood stoves, sometimes we install the stoves or fireplace inserts. The work changes every day—some of it's outside, some inside—that's what I like."

Working with manager Ron Folian, Jeff was on the ground floor of opening The Energy Station in September. "I've been working since August so I've seen a business as it opens up. I've been personally involved with setting up shop, merchandising the entire store, setting up displays, checking products.

"Before August I didn't know anything about most of the energy saving

products in here. Now I work daily at checking on new products, then Ron and I determine whether our store will sell them," Jeff said.

### INTEREST STARTS CAREER

Mrs. Peterson has been interested in accounting for many years since she has been bookkeeping for her family's aluminum siding business in Westerville.

"Most accounting firms want employees to have a BA degree, but previously I had been working only toward an associate degree at other schools," she said.

"Originally I wanted to learn accounting to help our business — keeping books and doing taxes. But it's been so interesting that I wanted to go on with an accounting career and I wanted the credentials to do that."

Toledo Scale has Mrs. Peterson doing a variety of tasks, filing expense reports, processing money orders from advance expense reports, checking accounting reports and working with the payroll. "It really gives you an idea of what you'll end up doing. It makes you well rounded.

"And the experience will be valuable. When I start looking for a permanent job I'll have experience and references to show," explains Mrs. Peterson, an Otterbein sophomore.

### EARNINGS DEFRAY COSTS

With a family (daughters nine and 12 years old and husband Chuck), Mrs. Peterson considers her co-op studies even more valuable because she can earn some money to defray tuition costs.

"When you're a little older than regular students you tend to take the jobs and studies more seriously," she said. "I probably get more out of it because my husband and I pay for the education. A lot of students have to work through college, and co-op gives them a chance to work seriously. They can see where their education is taking them."

## Ensemble "jazzes up" worship services

Putting a little jazz into a worship experience has become the specialty of Dr. Paul Laughlin.

Laughlin, an associate professor of religion at Otterbein College, leads Otterbein's Liturgical Jazz/Arts Ensemble, a unique group of musicians who experiment with contemporary music in worship services. The group is composed of four talented Otterbein students, senior Erich Stein, juniors Maribeth Graham, Chris Ciampa and Rich Tatgenhorst.

The ensemble's repertoire, while primarily improvisational jazz, also includes 12th century pieces, original compositions and arrangements, and some popular music.

"We try to play a wide range of music," Laughlin said. "For example, during a worship experience, our selections might include the pop hit 'Desperado,' the show tune 'What I Did for Love' and a contemporary arrangement of the hymn, 'Holy, Holy, Holy.'"

Laughlin, an ordained Methodist minister, explained that jazz is an appropriate form of music for worship since its basic element is improvisation which leaves the musicians free to play what they are moved to play.

"A worship experience consists not only of music, but also of secular poetry, artwork, and slide presentations," he pointed out. "All of these help to illustrate the 'nearness of God to each of His creations.'"

Laughlin said he would like to add interpretive dance to the ensemble and if there was sufficient interest, drama.

According to Laughlin, the ensemble's religious expressions have been shared in visits to Chicago, Atlanta, and numerous other places including Davidson, North Carolina; Covington, Kentucky; and Zanesville, Ohio.

"In fact, nearly every weekend," he said, "the group leads a contemporary expression of the worship service at a church in the central Ohio area."

In December, 1980, the group also went on a special seven-day tour which included stops in Milwaukee, Wisconsin; Dayton and Cincinnati, Ohio; and Johnstown, Pennsylvania. During the tour they led their contemporary worship experience at a number of pre-selected churches.

Laughlin is also the founder of the ensemble. He formed the group in 1971 while he was attending Emory University in Atlanta, Georgia.

"The religious services seemed so routine," he said, "that there was a need for creativity and originality in the worship service. So, I decided to bring together an ensemble which could add these dimensions to the service."

Since these early days at Emory, the ensemble has been composed of many extremely talented people. The blend of talents within the present group is no exception to this tradition. Today, the group continues to facilitate new expressions of worship.

"Although the members of this Otterbein group are some of the youngest musicians I've ever worked with," Laughlin said, "they are among the best in terms of professional experience."

Laughlin, the keyboard player for the ensemble, is originally from Covington, Kentucky. He holds a bachelor's degree from the University of Cincinnati and a master's degree in divinity from the Chandler School of Theology. Laughlin received his doctorate from Emory University. He joined the Otterbein faculty in 1979.

Ciampa, the group's bass player, is a music education major from Johnstown, Pa. He plays some keyboards and composes some of the group's music. He is a member of the Otterbein Jazz Lab Band, Concert Choir, and Otterbein Orchestra.

The group's lead singer, Miss Graham, is a theatre major from Massillon, Ohio. A member of both Opus Zero and Concert Choir, she starred in the 1980 Otterbein College Children's Theatre production of "Alice in Wonderland."

Stein, a flutist, is a business major from Pittsburgh, Pa. A member of the Otterbein Orchestra, he starred in the Otterbein College Theatre production of "And They Dance Real Slow in Jackson," during the 1979-80 season.

Tatgenhorst, the group's percussionist, is a theatre major from Cincinnati, Ohio. He has played numerous leading roles in Otterbein College Theatre productions.

During the 1980 autumn term, Ted Kerr, an Otterbein staff member, served as interim drummer while Tatgenhorst was participating in a theatre internship. Kerr works as a supervisor for the service department at Otterbein.

*This story was written by David Callahan, an Otterbein junior. Callahan, who is from Cincinnati, Ohio is majoring in business administration and speech communication with a concentration in public relations. He is a 1978 graduate of Greenhills High School in Cincinnati.*

## Scholarship program is kicked off with banquet

On April 11, 1981 the first annual Scholarship Banquet will be held on the Otterbein campus. In attendance will be scholarship recipients, their parents and scholarship donors or representatives. This banquet is just a part of the new personalized Scholarship Program the College has inaugurated this year.

The new Scholarship Program recognizes that each of Otterbein's 40 named scholarships has a donor as well as a recipient. Its purpose is to bring student recipients and donors into a one-to-one relationship. This is accomplished through correspondence between the recipient and the donor, through a Scholarship Brochure that gives historical background on each scholarship and biographical data on each recipient and through socializing at the annual Scholarship Banquet.

Scholarships are awarded based on need and/or academic ability.

This year's recipient of the Robert Zech Memorial Scholarship is Maribeth Graham (right) who is a junior theatre major. Seated to her left is Edna Zech '33, the mother of the late Robert Zech '63.

McCurdy Schools is a mission school operated by the United Methodist Church.

## Mission school in New Mexico offers unique opportunities to education majors

"It's a great opportunity! You can really find out what it is like to teach and be better prepared for your student teaching," said Robin Carter, an Otterbein senior.

Going to McCurdy Schools was a special experience, according to senior Teresa Wood. "I not only learned new perspectives on teaching but made many new friends."

This off-campus study trip to McCurdy Schools in Espanola, New Mexico was an exciting, educational adventure for these two Otterbein students. Through a special program offered by the Department of Education, they were part of a group of six students who served as teaching assistants at McCurdy Schools for ten weeks during the 1979 Autumn Term.

McCurdy Schools is a mission school operated by the United Methodist Church with an enrollment of 450 students. Otterbein's McCurdy Schools Program, begun in 1971, is offered each year during the Autumn Term and is open to a limited number of juniors, majoring in elementary or secondary education.

The program is designed to provide prospective teachers with experience in working with children at the elementary and secondary levels in a boarding school setting. It also gives students the opportunity to study culture and art in Spanish and Indian communities.

At McCurdy Schools, the Otterbein students live in the schools' dormitories which house seventh through twelfth grade students. The elementary students commute to school.

According to Robin, this living arrangement was a very comfortable one for the Otterbein students.

"The people at McCurdy Schools made every effort to make us feel at home during our stay," she said. "They were very easy to get along with."

Robin, an elementary education major from Mechanicsburg, Ohio, also pointed out that the program helped her to gain valuable teaching experience.

"Under the regular teacher's guidance, I taught everything from math to music in a fifth grade class," she stated. "Now I feel more prepared to handle my own classroom in the future and have a better idea of the situations which teachers can encounter."

Robin is a 1977 graduate of Mechanicsburg Exempt High School in Mechanicsburg, Ohio.

Teresa supported Robin's views on the benefits of the McCurdy Schools Program.

"I totally enjoyed the classroom experience," she said. "I learned new perspectives and methods of teaching and had the opportunity to teach children from different backgrounds."

Teresa, an elementary education major from London, Ohio, stressed the fact that her experiences at McCurdy Schools helped to give her confidence for her regular student teaching.

Teresa is a 1977 graduate of London High School in London, Ohio.

All of the students who go to McCurdy Schools are required to complete a research paper on a related topic. In order to accomplish this task, the students work four days a week in the classroom and spend one day on researching their topics.

"Doing this kind of paper scares some students," Teresa said. "I found that it was not as difficult as it had seemed at first. I enjoyed researching my topic, 'Jewelry Made in the Southwest.'"

Robin's paper was a study of a southwestern Indian tribe.

Both girls said they had been able to do some traveling during their stay at McCurdy Schools. Some of their interesting side trips included visits to the Grand Canyon, Mexico, the New Mexico State Fair, and to the pueblos of the Taos Indians in Taos, New Mexico.

The girls also added one more reason why education majors should consider going to McCurdy Schools. There are no additional fees for students studying at McCurdy Schools. Students pay only their regular tuition for the term.

## Riding in Dad's Model T

Many people dream of the good old days—going to the nickel theatre on Saturday, sitting in the parlor listening to radio shows, and riding in Dad's Model T. For Dr. James Grissinger, those good old days live on in his collection of antique cars.

Dr. Grissinger, chairperson of the Department of Speech and Theatre at Otterbein College, began collecting antique cars in 1968 when he purchased his first car, a 1915 Model T.

According to Grissinger, a long time Westerville resident, he and his wife Jodi, and daughters Lynn and Beth became interested in antique cars when they renovated the "depot hack."

"The renovation was a real adventure for the whole family," Dr. Grissinger said. "It was an exciting experience which was fun to share. So when we finished the Model T., we decided to keep working with cars."

Now the Grissingers' have 11 classic cars which they keep in a large garage in Westerville. Their collection, which includes cars from the early 1900s to the late 1960s, has everything from Fords to a Glen Prey Cord. Dr. Grissinger is currently serving as the president of the Ohio Region of the Antique Automobile Club of America.

When asked if he had a favorite car, Dr. Grissinger said, "I suppose it is like my children, I really do not have a favorite. They all are pretty special." However, he did point out one car as being a little more unusual than the rest. The car, a 1962 BMW Isetta "Bubble Car" is a two seater with the door in the front of the car.

Dr. Grissinger explained that he frequently drives the Isetta around town since he finds it so easy to drive and to get in and out of his garage.

Four cars in the Grissinger collection, a 1915 Ford Model T, and 1931, 1939 and 1950 Ford Convertibles, have all won Ohio Region first prizes. Other cars in the collection include 1958 and 1966 Ford convertibles, 1941, 1957, and 1969 Lincoln convertibles, and a 1937 Glen Prey Cord.

In addition to the cars, Dr. Grissinger has expanded his hobby of collecting to include two antique boats, a circus wagon Calliope which he plays, and a merry-go-round organ.

Although he was born in Brooklyn, New York, Dr. Grissinger has lived in Ohio most of his life. He received his doctorate, master's and bachelor's degrees from the Ohio State University.

Dr. Grissinger has served on the Westerville City Council, and as a speech consultant to many businesses. He is currently a lieutenant colonel in the Columbus unit of the Air Force Reserve. He is also the director of the Otterbein College radio station WOBN.

Dr. Grissinger explained that he continues to collect because it is such a great family activity. The things that he collects can be used, he added, as well as grow in value as they get older.

As for his next addition to the collection, Dr. Grissinger said he would like to acquire a 1937 Cord Phaeton. It

Dr. James Grissinger and his wife Jodi pose in their 1962 BMW Isetta "Bubble Car."

The Grissingers also own a circus wagon calliope which Dr. Grissinger plays.

would be a great and rare find, and I would love to have it," he said.

*This story was written by Dominic Tiberi, an Otterbein senior. Tiberi, a 1977 graduate of St. Frances DeSales High School in Columbus is majoring in speech communication with a concentration in broadcasting and business administration.*

## Battelle Scholarship recipient is versatile musician

He's an accomplished arranger and musician. He's the assistant director of a 120-member marching band. He's Otterbein's first recipient of the Battelle Scholarship. He is Kris Lehman, a versatile and talented Otterbein senior.

Kris, the son of Mr. and Mrs. Harry D. Lehman of 5574 Copenhagen Drive, Westerville, is studying for his bachelor's degree in music education. He is not only majoring in music education but also in public relations.

Kris and music create a naturally winning combination. He plays his major instrument, the saxophone, in Otterbein's Concert Band and in the Jazz Lab Band. He plays bass drum in the Cardinal Marching Band. And, he has been playing piano for 15 years.

He's not just an excellent musician. Kris is adept at arranging music for marching and concert bands. He can do a complete arrangement for one song, such as "They're Playing My Song" by Marvin Hamlisch, or a total band show.

Kris enjoys sharing these musical talents with audiences at Otterbein and with students at his high school alma mater, Westerville North. He is one of the featured senior soloists for Otterbein's Concert Band and is the assistant director of the Westerville North Marching Band.

As the assistant director, Kris assists the band's director in creating new marching band programs, arranging music for half time shows, and in rehearsing the band. He is currently in his fourth year in this position.

Kris also excels in academics at Otterbein. He maintains an outstanding record of scholastic excellence, a standard which he has carried over from his high school years.

In 1977, he was graduated first in his class at Westerville North High School with a 4.0 grade point average and was chosen as Otterbein's first recipient of the Battelle Scholarship. The Battelle Scholarships are awarded by area colleges to students who show leadership promise as demonstrated through school activities.

Amidst his busy schedule, Kris does find time for club activities. He is the president of Otterbein's Chapter of the Ohio Student Music Educators Association.

When reflecting on his years of studying music at Otterbein, Kris praises the music department for its "personal approach to teaching music."

"Music is a very personal subject which effects individuals differently," Kris says. "At Otterbein, students receive a great deal of personal attention from their instructors and have the opportunity to study all phases of music."

Kris also recommends that students who come to Otterbein join one of the major performing groups or ensembles in music.

"The main requirement for being members of these groups is the student's desire to be members," he explains. "They will really gain a lot of experience and will enjoy working closely with the other members, many of whom will become close friends."

## Development/Public Relations office announces staff changes

Three administrative staff members in the development and public relations offices have been appointed to new positions.

Don E. Hines, director of public relations since July 1977, is the college's new director of development. Mr. Hines is replacing Michael J. Doyle who resigned on January 1 to accept the position of director of special campaigns at Ohio State University.

Mr. Hines, who holds a master's degree in speech communications from Bowling Green State University, is responsible for foundation and grants solicitation as well as supervising general fund raising activities. He served on the faculty at Otterbein for four years prior to becoming director of public relations.

Barbara A. Jackson, director of information services since July 1980, is filling the vacancy left by Mr. Hines' promotion. A master's degree candidate at West Virginia University, Miss Jackson now directs College public relations activities.

Jo Alice Bailey Povolny '74 director of publications since 1978, is also assuming new job duties. Mrs. Povolny, who has been named director of the annual fund, began with the College as assistant director of alumni and development in 1974. She will continue handling publications duties until an assistant director of public relations for publications can be hired.

Other recent staff changes in these offices include the addition of two new staff members. Eileen M. Thome is the new administrative assistant in the Office of Alumni Relations. Mrs. Thome was formerly employed by Lanier Business Products of Columbus.

Pam Weiss, formerly a reporter and editor with the Suburbia News in Westerville, is working as a staff writer in public relations on a part-time basis.

## Development office offers new publication

Many of you familiar with our former publication *Amicus* will be interested in our most recent addition, *The Educator*. *The Educator* is a bi-monthly bulletin designed to inform those interested in Otterbein College how they may best support Otterbein while providing maximum benefits to family members and minimizing taxes. Among other topics, *The Educator* advises on gifts under wills, lifetime deferred gifts, outright lifetime capital gifts, charitable remainder unitrusts and annuity trusts, and other methods of planned giving.

The development office welcomes the opportunity to work with you in planning a gift to Otterbein College. We will provide you with details about the development program and discuss special projects for which your gifts may be made. Through this publication we hope to suggest various means to sustain our concept of a liberal arts education in the Christian tradition.

For more information, please contact Vice President Franklin D. Fite, or Chester R. Turner at the Howard House, (614) 890-3000, Extension 400.

Kris Lehman was chosen as Otterbein's first recipient of the Battelle Scholarship because of the leadership he demonstrated in high school.

# The Mysterious East... Opens its Doors to Higher Education

President and Mrs. Thomas J. Kerr, IV were among a group of United Methodist college presidents and educational leaders visiting various colleges and universities in the Far East during the Pacific Rim Higher Education Seminar this past September. The seminar was sponsored by the Board of Higher Education and the Ministry of the United Methodist Church. The 30-day trip included a two-week stay in China and shorter visits to educational institutions in Hong Kong, Korea, and Japan.

Seminar members explored faculty and student exchanges between United Methodist colleges and schools in the Pacific Rim. Members also gathered information which will help to set the policies of United Methodist higher education in this part of the world.

Open to the world, Mrs. Kerr, who wrote the commentary that accompanies the photographs in this pictorial essay.

Sun Yat-sen Memorial Hall in Canton (Kwang Chow) was built in 1929. It seats 5000 in air-conditioned comfort. Sun Yat-sen was a native of Canton and still nominally revered because he fathered the revolution of 1911 that finally overthrew the imperial system.

This self-sufficient commune has a population of 11,000 divided into 15 brigades. Theatrical, appealing pre-schoolers are ready to perform as soon as guests appear on the doorstep.

With four times the U.S. population, one billion people live in the People's Republic of China, sharing a culture that has prevailed for 5000 years. However, there is much emphasis on youth since 650 million people are under age 30. With the threat of a 60% growth in population in twenty-five years, the "2 child" family is no longer acceptable. The decree advocates "one man, one woman, one child."

A wooden diety with minute carvings of an eye on the palm of each of the thousand arms emanating from all four sides is typical of the art work found in temples and garden pavilions.

During a visit to West Gate People's Commune in Hangzhou (Hangchow), a "P.R." girl posed as a tea leaf picker. Four major kinds of tea (black, green, oolong and jasmine) are grown, harvested and dehydrated here.

Our visit to the Great Wall took two hours by train heading northwest from Peking, a popular site for every foreigner and China native on his one day off. A group of school children pushed and shoved to get through the smaller arched areas and caused a "major traffic jam." This 2500 year old engineering feat of granite slabs supporting giant size bricks rambles along the Yanshan Mountain range for over 1500 miles. The average height of the wall is 25 feet.

The Gate of Heavenly Peace (Tien An Men) is on one side of Peking's vast Tien An Men Square, the entrance to the Forbidden City where royalty lived in splendor. This famous photo is one place where Mao's immense portrait remains. This massive stone gate was originally built in 1412.

Chinese art is matchless for beauty, precision and time consumption. Four hundred twenty staff members at the Shanghai Arts and Crafts Institute are arts school graduates or apprentices preserving such Chinese specialties as paper cutting, dough figurines and silk embroidery.

Craftsmen in Canton are caning chairs right on the sidewalk in front of their living quarters which would be too tiny and dark for good working conditions. Other outdoor activities include teeth brushing, clothes washing and bead stringing.

# Plan now to attend Alumni Weekend 1981 June 12, 13 & 14

## Alumni Day Highlights

### Reunions

Reminiscing and picture-taking will highlight the day for those classes celebrating the anniversary of their class graduation. Refreshments will be provided. The classes are listed below.

# Vote in the 1981 Alumni Election

According to the Constitution of the Alumni Association of Otterbein College, the officers and members-at-large of the Alumni Council are elected by the Association. Election of the alumni trustees shall be by vote of active members of the Association who are graduates of the College. In each year when official positions are to be filled by election, the Nominating Committee of the Alumni Council submits a slate of officers, council members-at-large and College trustees from the active members of the Alumni Association.

The Nominating Committee consists of two groups. The five immediate past presidents of the Alumni Association nominate the officers and the members-at-large of the Alumni Council. The Executive Committee and the members-at-large of the Council nominate the College trustees.

The Nominating Committee submits the following nominations for the 1981 election.

## Trustee Candidates

### Robert S. Agler '48

Robert "Moe" Agler, a 1948 graduate of Otterbein College, played a key role in the molding of the Cardinal Athletic System. His career as Athletic Director spanned 20 years and he has served several coaching positions. He is currently a member of the Board of Trustees, serving on the Budget Control Committee, Development and Public Relations Committee and as the Board representative to the College Senate. In 1980 he was named recipient of the Distinguished Service Award for outstanding service to the College.

Since retiring from Otterbein, he has devoted full-time to business affairs in his role as vice president of the multi-store Agler-Davidson Sporting Goods, Inc. and as vice president of Glengary Pool, Inc.

Robert has two daughters; Beth '72 and Beverly.

### William N. Freeman '57

Bill Freeman received the B.S. and B.A. degrees from Otterbein and his M.D. from the University of Cincinnati College of Medicine in 1961. After interning at Cincinnati General Hospital he entered the family practice of medicine in Westerville.

He is a member and past president of Rotary and an elder in the Central College United Presbyterian Church. He is a past president of the Westerville Board of Education and is a member of the O.S.M.A., O.A.F.P., A.A.F.P. and the Franklin County Medical Society. In 1971 the Jaycees honored him with their Distinguished Service Award for community service. Bill is the immediate past president of the Alumni Association and resides in Westerville with his wife Mary Carol and three daughters.

## Council-at-Large Candidates

### Sixties Decade

### Ronald W. Jones '61

Ron Jones was graduated from Otterbein with a B.S. in Education and earned his master's degree from Xavier University in 1966. Ron, who was a member of Pi Kappa Phi fraternity while on campus, has served in the Westerville School System since 1969. He is currently athletic director and assistant principal at Westerville South High School. Ron is vice president of the "O" Club, a member of the Church of the Master United Methodist Church and a past president of the Lions Club.

He is married to the former Suzi Shelly '62. Residents of Westerville, Ron and Suzi have three children, Jeff, a sophomore at Otterbein; Terri, a freshman at Bowling Green and Penni, a sophomore at Westerville North High School.

### James C. Granger '68

Jim Granger, a 1968 graduate of Otterbein, majored in Education, Speech, and English and received a Master of Arts from Ohio State University in Educational Research.

He worked as an admissions counselor and assistant director of development at Otterbein from 1969 to 1973. Jim was employed at the National Center for Vocational Education prior to joining Ohio Bell in 1978 as an account executive.

Jim and his wife, the former Janet Dowdy '69, live in Columbus. Jim is an elder at the Central College Presbyterian Church and is interested in drama and youth work. He is currently working towards an MBA degree at the University of Dayton extension in Columbus.

## Vice President Candidates

### Michael H. Cochran '66

Michael H. Cochran received a Bachelor of Arts degree from Otterbein in 1966 majoring in political science and history. He was a member of Phi Alpha Theta, the national history honorary.

An attorney in general practice of law in Columbus, Mike is currently the executive director of the Ohio State Association of Township Trustees and Clerks and serves as elected president of the City Council of Reynoldsburg. He was co-chairman of the 1977 Otterbein Telethon, alumni representative to the College Senate for two years and has been an at-large member of the Alumni Council for three years.

Mike and his wife, the former Gretchen Van Sickle '67, have two children and live in Reynoldsburg, Ohio. Mike and Gretchen are Centurion Club members.

### S. Clark Lord '39

Clark Lord, a native of Middletown, Ohio, received his Bachelor of Science degree from Otterbein in 1939. He started in industry with Armco Steel Co. in Middletown. During the

war he went into TNT manufacturing with the Trojan Powder Company.

At the beginning of the synthetic rubber program in 1943, he went to work with the B.F. Goodrich Chemical Company. He spent 37 years with the company in the manufacture of synthetic polymers prior to his retirement last year.

Currently he is president of the Midwest Chapter of the National Railway Historical Society. He has been a member of the American Chemical Society for more than thirty years.

Clark and his wife (Donna Love '39) have three daughters, who graduated from Otterbein in the classes of '66, '69, and '72, and one son.

### Eighties Decade

### Tracey Dover Kearnes '80

Tracey Dover Kearnes is a 1980 graduate of Otterbein. She majored in math and Spanish education. During her four years at Otterbein she served on the College Senate, Judicial Council and Personnel Committee. She was affiliated with Sigma Alpha Tau sorority and served as vice president and recording secretary. She is also a member of Torch and Key and Alpha Lambda Delta.

Tracey is currently teaching mathematics at the 7th and 9th grade levels in the Westerville City School District where she serves as advisor to the varsity cheerleaders at Westerville South High School. She is married and is living in Westerville with her husband Art.

### Kyle J. Yoest '80

Kyle Yoest was graduated from Otterbein in 1980 with a B.A. degree in business and Spanish. He was a member of the Campus Affairs and Personnel Committees and was the national president of Phi Sigma Iota, the national foreign language honorary. He served as the student representative to the foreign language department and was chosen as the student speaker for the 1980 Baccalaureate service. He received seven letters in football and track and was the 1980 recipient of the Norris-Elliott Athletic Scholastic Award. Kyle was also chosen as "Active of the Year" and "Outstanding Varsity Athlete" of Eta Phi Mu fraternity.

Kyle is currently working as a sales representative for C & C Products & Inc. and lives in Westerville.

## Secretary Candidates

### Jill Jenkins Grayem '66

Jill Jenkins Grayem graduated in 1966 with a Bachelor of Arts degree. While at Otterbein she was active in Angel Flight, Theta Nu sorority, W. A. A. and intercollegiate sports. Jill taught physical education at Rocky River Junior High School and Gahanna Lincoln High School after graduation.

She now lives in Reynoldsburg, Ohio with her husband Mike '67 and her two sons, Jason and Jeremy. She is employed by the Reynoldsburg City School System as a learning disabilities tutor while working on her master's degree at Ohio State University. Jill is seeking re-election as secretary of the Alumni Council.

### Sandra Williams Bennett '64

Sandra W. Bennett, a 1964 graduate with a B.S. in Education, earned her M.A. and Ph.D. from Ohio State University. Sandra served Ohio State as an assistant professor in speech

education and as a research and development specialist in the O.S.U. Center for Continuing Medical Education. In 1972 she joined the Ohio Nurses Association and is currently associate executive director of that organization. Sandra has authored a number of publications, articles and papers and was named an "Outstanding Young Woman of America" in 1973 and 1975.

Sandra and her husband Richard '63 are Centurion Club members and live in Reynoldsburg, Ohio.

# Notes from Howard House

## Afoot in Florida

by Franklin D. Fite

This was by far my best trip to Florida and I really enjoyed meeting and talking with all the alumni and friends of Otterbein. I'm sorry I could not reach all of you, but after 10 days and 1600 miles, I had to give up and come back to the "quiet peaceful village," no matter how cold it was.

The basketball team was a real treat to the alumni as they beat Eckerd College and St. Leo's. And the loss to Stetson University came in the last two seconds.

My wife, Mary Alice, and I especially are grateful to the Sittons for their help on this trip, and the whole basketball team sends them a big "Thanks."

**Bud Yoest '53, Bob Shaw '52, Moe Agler '48,** along with **Dick Reynolds '65,** the basketball coach, were also a big help as they met numerous alumni along the way.

Within this Class Notes column, I will pass along to you some conversations and information from the various alumni in Florida. I would say to all of you, we will be back in the spring and we will be back in late November with the basketball team. Please make plans now.

Our trip started in the Clearwater/St. Petersburg area as we met with **Gene and Donna Sitton '55.** You remember the orchid people. They again provided beautiful flowers for all who came to the Eckerd game. They also followed us to Sarasota on Sunday with more orchids, much to the delight of all the ladies. Those of you who couldn't come really missed something. **Jim Yost '51** and his lovely wife, **Lols (Abbott) '52** seemed as happy as ever and again reminded me that they would help revive one of the great Otterbein picnics for the area. **Margie (Abbott) '52** and her husband **Robbins Denham** were also at the game. It was good to see them again.

I won't forget the nice Thanksgiving Day dinner that **Mary Thomas '28** took us to on the waterfront in Clearwater. It was nice to join her since we were not able to be with our family on that day.

In Sarasota, we had a great time at Zinn's Restaurant. The food was the best, and the group was really active. I have listed all the people we talked with and have included **Barbara and William Nonnamaker**, who are relatives of **Woodrow Purdy '35** and his wife **Dorothy. Maribelle Lemley Custer '52** brought her daughter **Suzanne**, but we couldn't talk her into coming to Otterbein. I did appreciate the questions during our program from **Ben Copeland '32** and **Melvin Moody '36** on scholarships and endowment.

The following people attended the Sarasota Brunch:

**Marcus M. Schear '27**  
**Ruth Hursh Schear '27**  
**Mary B. Thomas '28**  
**Lottie Faye Starr '24**

Also at the luncheon were: (seated at the far end of the table and going counter-clockwise) **Linda Hammond '75, Jean Cook Hammond '40, G.S. Hammond '40, Grace Erickson Lindquist '44, Harold Lindquist '43, William Nonnamaker, Barbara Nonnamaker and Woodrow Purdy '35.**

In attendance at the reception before the Otterbein basketball game against Eckerd in St. Petersburg, Florida were: (l-r) **Mary Alice Fite, Bud Yoest '53, Gene Sitton, Robbins Denham, Margie Abbott Denham '52, the Eckerd basketball coach, Donna Sniff Sitton '55, Dick Reynolds '65, Lois Abbott Yost '57, Jim Yost '51 and Frank Fite.**

**Dortha Phillips '29**  
**Virginia L. Copeland '30**  
**Benjamin R. Copeland '32**  
**Richard V. James '27**  
**Lucille James**  
**Harold V. Lindquist '43**  
**Grace C. Lindquist '44**  
**G. Scott Hammond '40**  
**Jean C. Hammond '40**  
**Linda S. Hammond '75**  
**Woodrow W. Purdy '35**  
**Dorothy B. Purdy**  
**Barbara Nonnamaker**  
**Wm. Max Nonnamaker**  
**Suzanne R. Custer**  
**Maribelle L. Custer '52**  
**Donna Sniff Sitton '55**  
**Eugene Sitton**  
**John D. Cavendish '79**  
**Melvin A. Moody '36**  
**Sarah Roby Moody '36**  
**Paul Malbach '34**  
**Mrs. Paul Malbach**

Our visit to the oldest living graduate of the oldest class is presented elsewhere in this issue, but I would like to say that it was a joyful experience for us. **Mrs. S. Glen Weaver Moyer '06** is a special lady and is symbolic of all the nice Otterbein people we have become acquainted with since coming to the College. Her daughter **Virginia** is a fine person, and we have enjoyed her special recipe for Hawaiian muffins.

We talked with **Dick Wagner '65** in Longwood. He is fine and enjoying Florida life with his wife, **Ruth Ann** and two sons, **Shannon, 6** and **Mark, 1.** I had a good conversation with **Jeanne Bromeley Caldwell '27.** Her husband **Elward '27** graduated from Otterbein also. The Bromeley family goes way back in the history of Otterbein and has done much toward what the College is today. They live in the Westminster Towers, are in good health, and now have five grandchildren.

**John Bott '50** is fine, doing well in the bookstore business, and is very active around the area. He was raised in Puerto Rico but lived later in Westerville before coming to Otterbein. John is ready to publish children's books, and we look forward to the first copies. This is somewhat of a switch for him as he spent over 18 years in education in Ohio. His daughter and son are in Chicago and doing well. He has offered to assist us with any alumni functions in the area. We are most appreciative as we need active involved alumni if we are to have good, fun get-togethers.

We had a very nice visit with **LaVaughn Leatherman Johnson '22.** She lives with-in a couple blocks of Winter Park and will join us next year at the Rollins game. It was great picking oranges and grapefruit in her backyard. We were sorry to learn of her

husband's death, and we do hope all goes well for her.

I spoke with **Charles Bridwell '42** who is a manager of labor relations for Martin Marietta. His daughter **Betsy** lives in Seattle and is a 1970 alum of Otterbein.

**Gerould Maurer '54** is singing with the senior professional choir in Orlando and is looking forward to our game with Rollins next year. As you know, Rollins is near Orlando.

Another Orlando call was to the Wagner family. **Lois Arnold Wagner '42, Marian Wagner '48,** their sons **Gary '73** and **Keith '70** all are Otterbein alumni. Also, Keith's wife is **Barbara Ann Chappell,** a 1970 graduate. Keith is entering the ministry at Delaware. They also look forward to the game with Rollins.

I was not able to talk with **Perry Doran '65,** but did speak with his wife who said he was fine and enjoying his work with the F.B.I.

A family visit in Melbourne brought together **Elmer Boyles '16, Neva Priest Boyles '21, Mary Viola Priest Menke '26** and information on **Carol Boyles Cramer '54** of Melbourne. Also, **Margaret Priest Miller '35** called, but she had just returned from a trip and could not join us. I had visited with her and her family at Homecoming this year. This visit provided me with years of history of the College and the goings-on in Westerville during the '20s. **Mary Viola's** daughter, **Mary Sue** and her husband, **Jim Gahr** from Lancaster, also joined us. **Mary Sue** graduated from another Ohio school, but after talking with her about her childhood days on the campus, I can see she really is an Otterbein person.

I spoke with **Sylvia Peden Dodd '26** and her husband **Charles '29.** They live in Homestead and have been in Florida for 25 years. **Arthur Peden '21** and **Roy Peden '22** are her brothers. Another interesting thing I learned was that **Viola Peden Widows '28** is her sister. I tried to contact her in Lantana, but was not successful.

The Tippetts, **Frank '66** and **Susanne (Rosenberger) '67,** also live at Lighthouse Point and have been in Florida since 1975. They have one child, **Ethan,** who is five years old and are involved in real estate. **Frank** owns his own firm in Boca Raton, while **Susanne** is secretary to the senior vice president of a large development firm. They both taught for nine years in Ohio

before leaving for the sunny south.

**Bob Boring '53,** who lives in Pompano Beach, took **Abe Ruffini '25** and me to dinner at the Down and Under in Ft. Lauderdale. The food was excellent, but the conversation was even better. I'm convinced there could never be a dull moment anywhere with Abe around. Dr. Boring continues to bowl while Abe plays golf.

**Dan Harris '23** continues to do well, and with his help, a library book fund has been established in honor of Daniel and Deborah Lambert. Dan wants the fund to be endowed at a minimum of \$5,000. With his help, and the help of other relatives and friends of the Lambert family, we hope to reach the goal by June 1981. This memorial would continue the Lambert name on campus in a significant and meaningful way.

I spoke with **Bob Reichenbach '67** who ran cross country while in college and is now teaching at the Miami Dade Community College.

A lot of Otterbein alumni live in the Ft. Lauderdale area, and I enjoyed the time spent there. The wind was so strong that I did think the Atlantic was going to be in my motel, but after all the temperature in Westerville was 28° that day. I talked to **Byron Harter '34** who is retired and was at home taking care of his wife who had broken her leg in November. He is a good friend of **Horace Troop '23,** and I was able to tell him of Horace's heart attack and that he was doing well now at the Otterbein Home. All of us agree with **Byron** that **Judge Troop** is a "great man and citizen."

I had breakfast with **Perry Wysong '39** who is still deeply involved in the world of finance. In fact, his office reflects the activity of a downtown brokerage firm. **Perry** is a great supporter of the school, and we appreciate all he does. His "Insider Report" is read all over the world, and I told him that I even read an article of his which was reprinted in the "Stars and Stripes" in Europe this past summer.

**Roe Anderson '25** is still going strong at 91 and recounted his days with Coach **Ditmer** when he was assistant bandage master. He lettered in baseball and football and is a good friend of **Bill Steck '37.** His sons were there on a visit from the northlands.

I enjoyed my visit with **Geneva Steiner**

Among those attending the luncheon at Zinn's Restaurant in Sarasota were: (l-r) **Don Phillips '26, Dortha Bishop Phillips '29, Lottie Faye Mendenhall Starr '24, and Mary B. Thomas '28.** Seated in the foreground with their backs to the camera were: **Benjamin Copeland '32 and Virginia Brewbaker Copeland '30.**

'25 at her beautiful home. She had just returned from a visit to New York and is just doing great. When you sit in her living room and look out at the palm trees and ocean, it is hard to believe there is a more beautiful view anywhere else.

**Michael '71 and Linda Mantor James '72** are doing well and have a five month old son Michael Christopher. Michael works for Sears and enjoys Florida. His brother Tom '68 is now teaching at Otterbein.

I spoke with **Marjorie Ann Reese Borsum '52** who has lived in Florida for over 14 years. She has lost contact with most of her class and doesn't get back north anymore. **Charles Boyer '28** and his wife love Florida and really enjoy the excellent temperature over that of Pennsylvania.

I also talked with both **Robert '58 and Linda Mae Harner Pendell '61** in Plantation. They have been in Florida over 8 years since moving around between California, New York, and New Jersey. Bob works in Corporate Research for Ryder Trucks and Linda teaches pre-school.

**John '56 and Dorothea Belgrade Gallagher '58** were home when I called. They are doing well and have lived in Florida since leaving college. It seems the sun didn't shine in Ohio for about six weeks, so they decided it was time to go south. John is head of the English Department in a Ft. Lauderdale high school and Dorothea works for a food company. Their daughter is in high school in Ft. Lauderdale.

**Thelma Zellner '56** could not be with us at dinner but sends her best to all at the college. **Sally Malbach Brokken '66** is doing well as she had been on a trip to California with her husband. It was a vacation for her but work for him. She is in touch with **Richard '64 and Cheri Jane Brooks Russo '67**, even though I was unable to contact them. Sally has two boys, Todd 5 and Matthew 4.

**Leland Pace '22** is now 81 years old, has fair health and has been in the south for 10 years. He is having the same problems that most of us face these years with inflation.

I spent an afternoon with **Harold Hetzler '26** in Boynton Beach. His home is located by the water and is surrounded by lots of Florida vegetation. Harold taught 39 years at Warren Harding and is now teaching Haitians at night school. He uses his French language background that he acquired while in college. He is involved in the community, and we talked a lot about his teaching days. He is very interested in the College, and through his estate will establish a scholarship in languages.

I also tried to call **Paul Davis '48** in Boynton Beach. He was a great fullback in the days of **Moe Agler '48 and Dubbs Roush '47**. I spoke with **Bette Gail Smith Amelung '65** who teaches middle school science. She and her husband, **Richard '66**, have lived in Del Ray Beach ever since he left military service in 1972. There are also three sisters who live near each other on the east coast. **Mary Margaret Moomaw Wells '37** lives in Del Ray Beach and is now a full time resident. **Oma Moomaw Bradley '26** lives in the Waterford Towers in Tequesta. The third sister, who now lives in Tequesta, is **Doris Jean Moomaw Hinton '45** and is waiting for her new home to be built in James Beach.

**Betty Johnston Rigdon '71** says she is "just a housewife" and that her husband Jesse works for the Gas Co. of Florida. They represent the large numbers of young alumni who have found the move to the southlands to be very rewarding.

**Dan Bowell '33** and his wife **Releaffa Freeman '31** are planning to come up for the reunion in June. Her nephew is **Dr. Bill Freeman '57**, past president of the Alumni Association. Her brother **Harold '23** and son **Daniel '67** both graduated from the College. Also, their son, **Tom '68**, and his wife **Molly Beason '71** live in Coral Springs and the Bowells are going back and forth as Tom and Molly will have a new child by the first of the year. The Bowells hope to see a grandchild go to Otterbein one day.

Before I get too far, I do want to comment on a visit with **Joe Imar '32** in Bradenton. Mary Alice and I met with Joe and Mr. and Mrs. Ernest Ramsey. They are long time friends of the College and live part time in Delaware. They established a scholarship in memory of Mrs. Ramsey's parents several years ago. Otterbein is fortunate to have many friends like the Ramseys. Joe has also established a major scholarship in memory of his wife. With alumni like Joe, the College will always succeed.

A delight at the Stetson game was **Bill Messel's '50** beautiful daughter. She will enter medical school this fall. Bill is very proud of her as he should be. Another proud person was **Meseam Ruble Lick** who came up to me after the Stetson game. Her father is **Rev. Anthony Ruble '42**. She is

married to Tom Lick, professor of physics at Stetson. She related that she had had trouble in the past talking about Otterbein at Stetson, but those days were over now. They have two fine children who would make excellent students one day for this school.

**John Antonovich '62** lives in Tampa, travels as a salesman, and was interested in news of the school. **Corinne Bernice Coulson Davis '48** has lost contact with classmates and does not get back north anymore. **Ralph '24 and Jane Barton Nichols '26** look forward to an afternoon get-together in the Clearwater area. Jane says she still has a "soft spot" for Otterbein. Their family was there for the holidays, and they were especially glad to have their grandson visit. **Fred Nicolle '41** is retired from the Air Force, so we had mutual backgrounds. He has been around the world but now enjoys playing golf.

**Bryon Thomas '18** related that various relatives of his and his wife's had graduated from Otterbein, even though he completed his college at Amherst. **Barbara Frost Bates '48** tells me her husband retired from the Navy after 25 years in 1970. He worked with the United Way, but now they just enjoy Florida. **Marie Pruden Frazier '22** lives in a retirement hotel in Clearwater and is doing well. A teacher for over 42 years, **Clarence Broadhead '25** has been in Florida for 8 years.

**Jean Chapman '67** wanted me to say hello to **Marilyn Day '53**, who is a professor at Otterbein. Jean is in real estate and is moving to a new home.

**Jane Ann Guest Crouch '56** went to the College for only two years but still has fond memories of it. She graduated from Miami and then taught there. Jane now teaches at the St. Petersburg Jr. College. She did say that her sister **Alice Mae Guest Orr '48** lives in Dallas. After coming home I found out Alice was very interested in helping us with an alumni activity down Texas way.

**Bob Melberth '73** is doing well and is now involved in the Chi Chi phenomenon that is hitting the country. He has two locations in Florida with one being in Ft. Lauderdale. The Melberth's are expecting a baby very soon, and we will be sure to send them an Otterbein baby bib. **Lois Arnold '42** was surprised to hear from me and enjoyed the news of the College. Her home was in Connecticut and she has spent several winters in Florida before becoming a permanent resident. Her niece is **Lois J. Arnold Vinson '62** who lives in the Tampa area. **Ronald Mechfessel '64** owns a rental service and has been in Florida since 1972. His wife **Judith Ann Reddick '66** takes care of their home and lovely family.

I didn't get to talk to **George Sechrist '17** as he was not feeling well. I did speak with his wife, Gertrude, and we all hope George is back out in all that sunshine soon.

One note from Sun City Center was of the Hammond family. They came over to Sarasota and brought with them their lovely daughter. **Dr. and Mrs. Hammond** graduated in 1940, while **Linda** is a 1975 graduate. It was good to see **Bill Crabbe '50** again - however, when you put him, **Moe Agler**, **Bob Shaw** and **Bud Yoest** together, the basketball coach goes into a real "tizzy." With all their background in sports, they're ready to have **Dick Reynolds** take on the "big schools." Bill continues to tear up the tennis courts in Florida. **Don '26** and **Dorthea Bishop Phillips '29** came to Zinn's in Sarasota, and they continue to keep in close touch with the College. We asked them to come back next Alumni Day. As you all know, if you are alumni from the class of 1931 or earlier, you are invited as guests of the College for Alumni Weekend. You must stay in the dorms and eat college food, but the first one this year was just great. Over 60 persons from 1929 back to 1906 showed up. We hope to make that 100 persons in 1981. Therefore, you don't have to wait until your 55th, 60th, 65th, or even 80th reunion to come back. I talked a few minutes with **Lottie Mendenhall Starr '24**. She lives in Valrico. It was good to see **Carlton Gee '29** and his wife, **Mary Alice**. They came to the St. Leo's game. We had not visited with them since his 50th reunion, and it was good to seem them looking so well.

I called **C. B. Clegg '75** who was visiting his parents on Treasure Island. He now lives in Sarasota and works for the Bowman Medical Supply Company. Also I spoke briefly with **Maribelle Lemley Custer '52** in Wauchula and **Helen Webster '26** in Winter Haven. Mary Alice and I had hoped to see Helen and her sister, but our schedules could not be worked out. This was our problem with **Faith Stoughton '29** of Leesburg and **Ladybird Sipe '25** of Daytona Beach. All the nice ladies regretted our

missing them, but we will try on the next trip. When you try to cover so much area in such little time this is bound to happen. It's just that we feel so badly since we would have liked to call on everyone.

We also talked with **Wilbur Wood '25**. He lives in Florida from November until April and then goes back North to Lodi, Ohio. He was superintendent of schools in Ohio for many years.

The Naples area has several alumni, and I'm sure there are more who go there for various periods during the year. The Vanderbilt Beach area has to be one of the most beautiful in the world.

The first person I talked with in Naples was **James Smith '15**. His wife has been disabled for over 7 years, but James still is going strong. He was a roommate of **Homer Kline '15** in school. The men's luncheon group takes some of his time, and he tries to stay active in other groups. **Ronald Cox**

'63 owns two beauty salons, one at Naples and the other at Cape Coral. He has been in Florida over nine years and would not leave it. The shops are called the Golden Gate and the Village. **Dale Chittum '74** had the flu, but if he hadn't I probably would have missed talking with him. He is going to Gahanna for Christmas and has a successful real estate business. The Chittum's have two boys, Matthew, three and Cory, six months. **Don '68 and Linda Persinger '70** really enjoy Florida, and Don is doing quite well with a marketing firm which operates all over the world. **Dick Innis '65** is also in Naples and owns the 3D Appliance Sales and Service Center. He is also doing well.

I realize that there are many, many persons we did not see or contact. I hope that I can meet the rest of you in the future. If not, I, least someone from the Alumni office. Hope you all have a good 1981.

## 1906 graduate honored

Seated (l-r): Glen Moyer and his wife Dora Weaver Moyer '06; Standing: Vice president Franklin D. Fite and Virginia Jenkins.

The Otterbein Honor Cane was presented recently to Dora Weaver Moyer '06, the oldest living graduate of the College. The presentation was made when Otterbein Vice President Franklin D. Fite and his wife Mary Alice visited the 96-year-old Mrs. Moyer and family in their St. Petersburg, Florida residence.

Mrs. Moyer and her husband Glen, who is 95, live with daughter Virginia Jenkins in a neighborhood dotted with slender palm trees. The balmy St. Pete weather was only surpassed by the warm welcome extended to Otterbein officials by Mrs. Moyer's family, who were quite pleased that Dora received such a special award.

The daughter of United Brethren minister David E. Weaver, Dora Love Weaver was born March 1, 1884 in Gilmer County, WV. Just before the turn of the century the family moved to Westerville to enable their oldest son Okey to enroll in Otterbein College.

Dora's father was serving as superintendent of the Jackson, Ohio district of the United Brethren Church and as the family moved later into Columbus, Rev. Weaver became minister of the Grace United Brethren Church on W. Fifth Avenue.

After two years of high school in Jackson, Dora entered Otterbein Preparatory School in 1901, enrolled in the College in fall of 1902 and was graduated in 1906. Her sister Edna Jane Weaver Stephens graduated in art in 1905 from Otterbein. Both were members of the "Clireidian Society."

A school teacher for two years in West Virginia, Dora married Glen in Westerville on Oct. 1, 1908. Daughter Virginia was born March 7, 1910 and daughter Margaret was born Nov. 17, 1913.

Glen and Dora lived in Upper Arlington before retiring to Florida where they have lived for the past 14 years.

## High school teammates continue winning tradition

Two Whetstone High School graduates have played impressive volleyball for the Otterbein College Women's volleyball team.

Debbie Davidson and Karen Graf, both 1979 graduates of Whetstone in Columbus, have performed exceptionally well for the Cardinals, according to Coach Terri Hazucha.

Debbie, positioned as a setter and hitter, is a transfer student from Bowling Green University majoring in nursing. At Whetstone, she received varsity letters in volleyball and softball, and explained that she and Graf have "switched" positions since playing at Otterbein.

When the two played together at Whetstone, Debbie was a hitter and Karen was a setter, but Coach Hazucha has since reversed their former roles.

According to Debbie, volleyball is just as much a mental game as it is a physical one because the momentum can switch sides so quickly.

"So much can happen in the time it takes to score fifteen points," she said. Points can only be scored by the serving team and Debbie adds that quite often the lead goes back and forth, causing the momentum to change.

Debbie, daughter of Dr. and Mrs. H. R. Davidson of 644 Teteridge Road,

Columbus, commented on her concern about the stereotype that many people have about college teams. According to Debbie, that stereotype is that team members are "out for themselves" and that the benefit of the team is their least concern.

"No one is out for themselves. At Otterbein, it is a team effort," she stated, adding that the team members get along well and are concerned with making themselves winners.

"We have a great coach and the potential for a very good team," Debbie said. The team worked all season toward building themselves for tournament play according to Debbie, and will continue to do so by using their experience to help iron out the rough spots and build momentum for the 1981 season.

Karen, who was last year's "Rookie of the Year" as a freshman hitter, is confident that the combination of team work and team depth will become a winning one.

Because of a double major in physical education and accounting, Karen uses what limited free time she has playing racquetball and outdoor activities.

She has been labeled the team's most consistent spiker by both Debbie and Coach Hazucha, and Karen feels that her high school experience benefited her greatly. Besides volleyball, she was a letter winner in basketball at Whetstone.

Karen, the daughter of Mr. and Mrs. Richard L. Graf of 495 Fairlawn Drive, Columbus, stated, "Right now there are some spots that need to be filled, but we'll get it together. I'm really looking forward to the 1981 season."

The Cardinal spikers finished the 1980 season at 9-27. Against Division III schools, the team posted an 8-20 mark and against all opponents, an 8-25 season before the tournaments.

Karen was top hitter at 26% effectiveness, second best server and third best in serve receiving. Debbie was a quality setter until an ankle injury sidelined her.

*This story was written by Bill Daubenmire, an Otterbein junior. Daubenmire who is from Hebron, Ohio is majoring in speech communication with a concentration in public relations. He is a 1977 graduate of Lakewood High School in Hebron, Ohio.*

## Football Cardinals complete winning season in 1980

The football Cardinals completed a winning season in 1980 with a 5-4 record, including a thrilling 13-10 win over rival Capital and a 26-20 homecoming victory over Kenyon.

Five of Coach Rich Seils' gridders were named first team All-Ohio Athletic Conference, two made honorable mention.

Named for a second year to the All-OAC team were senior safety Dave Vulgamore of Centerville, senior offensive guard Doug McCombs of Gallon and sophomore kicker Jim Hoyle of Columbus.

Vulgamore finished his career with a school record of 11 interceptions (4 in 1980) and received honorable mention on a wire service All-America team. McCombs was selected the Card's Most Valuable Player, and with a 3.39 gpa he achieved district status in balloting toward Academic All-America.

Making first team All-OAC for the first time were junior linebacker Randy Weisenstein of Summit Station and split end Wayne Woodruff of Centerville. Honorable mention All-OAC were junior defensive end Jeff Humphrey, Columbus, and junior cornerback Doug Lake, Hanover.

Good defense is always stressed by ninth-year Otterbein coach Dick Reynolds whose team is containing the big man at Eckerd College during a Florida basketball trip in December. Cardinal players above are Bill Mehl (52) Steve Johnston (middle) Ron Stewart (32) and John Denen (22). Otterbein finished their non-conference play at 7-5, including a second place in its "O" Club Classic and a third in the Transylvania tournament. The Cardinals were averaging nearly 80 points while opponents averaged 73.5 prior to conference play. Ron Stewart was leading scorer with 22 points per game while senior center Tom Dill was grabbing over nine rebounds per game.

## 1981 cross country team wins OAC championship

Members of Otterbein's OAC champion cross country team selected as 1981 captains junior Jeff Kneice of Columbus and junior Rob Rose of Youngsville, Pa.

Kneice was top runner in the Ohio Athletic Conference championship with a time of 25.39 minutes for the five mile course; Rose was third in that race which gave Otterbein its first cross country title. Rick Miller finished fourth, Mark Burns fifth and Bob Gold eighth in that race. All the above made the All-OAC team.

Named Most Valuable Runner was sophomore Burns who placed 9th in the NCAA Regional at Holland, Michigan and 95th out of 240 runners at the NCAA Nationals in Rochester, NY. Senior Craig Merz received the Coach's Award presented by 11th-year coach Dave Lehman.

Otterbein was 19-0 in dual meets last fall and finished second in the College Division (9th overall) in the All-Ohio meet. The Cards also captured first in the Glenville Invitational. Freshman Brian Wenger was the junior varsity conference champ.

## Alumni president asks for involvement

Dear Alumni,

This issue of TOWERS is a special one, for it contains the names of alumni, parents, and friends who have supported Otterbein in 1980. This "Honor Roll" documents a banner year in terms of alumni participation, listing 4,446 donors - a new record.

Otterbein College needs continued involvement of alumni to remain strong throughout the coming years. Your involvement with the College can be social, as a volunteer, and as a financial supporter.

Involve yourself socially in alumni events on and off campus. Make your plans now to attend Alumni Day on June 13 to renew college friendships. Join in with the Alumni Choir or Alumni Band, or participate in the "O" Club functions. Area alumni events also provide the opportunity to renew your membership with the "Otterbein family."

Involve yourself as a volunteer for the advancement of the College. Alumni help to identify prospective students and often further the admissions effort by serving as area contacts. Some alumni serve as class agents to promote participation of classmates in the annual fund, while others are volunteer callers in the telethons, designed

to contact alumni in a personal manner. The telethon scheduled for late April, 1981 is in need of a number of volunteers to call classmates, so give an evening to Otterbein to help promote support for your College.

Involve yourself financially. Give according to your means, but please give. The participation level of 1980 is encouraging but must be sustained. Renew or increase your last gift-or make that first gift. Otterbein is worthy of your support.

Elsewhere in this issue you will also find the 1981 Alumni election information. Please consider these candidates and return your ballots.

Exercise your privilege as an Alumni Association member and join the Alumni Council in support of Otterbein College. It's an involvement you will enjoy.

Sincerely,

*Waid Vance*

# Honor Roll of Alumni Contributors in 1980

Otterbein depends on alumni, friends, parents, organizations, businesses and foundations for support. The class lists below include those alumni who gave to the Otterbein Fund for operating purposes, the Decision For The Arts for capital purposes, and for other designated purposes. Numerals preceding the names indicate the total number of years that person has made contributions. For the first time this year, we have listed class agents and the percentage of participating class members at the beginning of each class listing. If your class does not have a class agent and you would like to serve in that capacity, contact Jim Scarfpin, Director of Alumni, Howard House, Otterbein College, Westerville, Ohio 43081.
