## OTTERBEIN WON

FROM CINCINNATI BY THE SCORE  
OF 15 TO 3.

Otterbein Shows Up Opponents in a  
Game of Tricks vs Weight.

O. U. Cincinnati! Before the game you thought you would run a way with our little Brethren boys but when we scored 2 touchdowns and a place kick and you only got a place kick, you sat up and took notice.

15 to 3 tells the story of a game between Varsity and Cincinnati on the latter's field, in which tricks vs. weight gave weight the little end of the score.

In the first half, Otterbein scored a touchdown in the first eight minutes of play. On the 40 yd. line Sanders prepared for a place kick, but passed the ball to Mattis who sprinted down the field for a touchdown. Sanders kicked goal.

Cincinnati took a brace and by punting brought the ball close enough for a place kick. Score, 6-3.

Mattis and Ditmer bucked the line for short gains and after driving the ball up to the 40 line, a well delivered forward pass from Sanders was secured by Warner who ran the distance for touchdown number two. Sanders kicked goal. Score, 12-3. No more scoring this half.

Cincinnati came back strong in second half but couldn't do

## Boost Westerville.

Boost Otterbein is the slogan of all United Brethrens and while the spirit of boost is in the air why not boost Westerville too? They say at least four hundred delegates will be here for two days. They will look around, walk on our streets, look at our houses, make a few comparisons and who knows, some of them will say, I never saw such an enterprising town for its size. I want to educate my boys and girls. Otterbein, one of the best schools in the state can provide education for them why not move here?

That's just exactly what we want. We know we have an ideal little city and we want to make it so inviting that people will want to live here.

In talking to the delegates, and most of them will be in Westerville towns, can we not suggest this as an ideal place in which to live?

## The Foreigner and Baseball.

To the foreigner making a tour through the middle west, the great world series between the Pittsburg National and the Detroit Americans, must have appeared as a demonstration of craziness. In easy going England we can scarcely imagine the whole country going crazy over cricket the national game, nor in Canada, Lacrosse or Norway skiing. Baseball is a game of excitement of speed, skill, a battle in fact. It is the great American game—the game for which office men lie and leave a notice of "closed for

repairs"—the game that causes the office boy to tell fibs about a certain grandma's serious illness, and we all yarn a little just to see the greatest of all games. A president's tour and speeches are but little things in comparison to Han's Wagners hits and Ty Cobb's base stealing. Yes, Mr. Foreigner, American is America and no matter how bad the weather—it may rain, sleet, snow and a hundred other things at the same time but you'll find the people there just the same.

## Who Will Give a Science Building?

It maybe a trifle cheeky but we would like to ask some kind hearted individual for several thousands for a new Science building. We see in the papers that a couple of New Yorkers (Sloane is the name) became generous last week and donated a little sum like \$425,000 to Yale university for a new Physics Laboratory. That was a mighty generous thing to do.

Now right here in Otterbein we need a new Science building, and if some one would produce the \$25,000 we wouldn't ask for the \$400,000 besides we don't want that much anyhow. Come—don't all speak at once.

## Westerville and the Parliament.

We note with pride the interest the townspeople are taking in the coming parliament of ministers and laymen which convenes at the university October 27-28.

The committee of one hundred appointed by Mayor Gantz are all alive to their duties and are desirous to bid welcome to those who are coming to boost a greater Otterbein. There is a touch of sympathy between the college and the town and by helping each other, help themselves.

## Just Boys or Boys and Girls?

If you lived way down in Germany, you couldn't take "campus" like some do in Otterbein. No sir! The teachers in the higher schools have decided that best results to the scholar is obtained when there is a separation of the boys and girls—and that the boys disliked the presence of the girls. My! what a queer lot those Germans are. But why should we care, we are not in Germany.

**West Jefferson Lads Defeated Last Saturday by the Score of 35 to 16**

Otterbein Seconds and West Jefferson High School lads clashed on the local gridiron Saturday and after a pretty and interesting game our boys got away with the big end of the score of 35-16.

Reinforced by Libecap and Porter, ex-O. U. stars, the high school boys made an excellent showing for the amount of training they have had. They started things by scoring a touchdown within two minutes of play, but this was on a fluke and did not repeat the performance very soon.

Our Seconds displayed the result of Coach Exendine's training and played all around West Jefferson on offense. Bucks, end runs and forward passes worked beautifully.

"Varsity" Surrell was easily star and had the distinction of making 4 touchdowns and a

This beautiful structure pro-

It is quite fitting that Dr. San-

bein, one time president and a  
teacher, resident of Westerville  
within a stone's throw of this  
magnificent edifice, should in  
fitting words dedicate it.

"Roll Thy Burdens on the Lord."

Dr. J. G. Huber of the Bone-  
brake Theological seminary spoke  
on "The Importance of Mission  
Work." He said in part "mission  
study may mean our deciding to  
be a missionary; we shall be better  
christians; the magnitude of mis-  
sion work is world wide; the study  
of missions has an educational  
value."

President Clippinger also gave  
some excellent thoughts to the  
girls. The book to be used by

### Y. M. C. A.

The annual Mission Study rally  
of Y. M. C. A. was held last  
Thursday evening with A. S.  
Keister chairman of Mission Study  
committee leading.

The meeting was opened with  
song after which Fansher, Stouffer  
and Moore led in short prayers.  
Mr. Keister then introduced the  
speaker of the evening W. C.  
Fairfield, of Oberlin college who  
presented some very startling facts  
concerning foreign social condi-  
tions. He said that true educa-  
tion was to gain an adequate  
knowledge of our environment  
and then adopt ourselves to it.

Enrollment cards for mission  
study was then distributed by  
members of the committee and a  
large enrollment was secured.
