OTTERBEIN 17, MUSKINGUM 0.

SANDERS, THE BRAINY OTTERBEIN QUARTERBACK, PROVES TO BE HERO OF HARD FIGHT.

Muskingum Offers Surprise in First Half, But Under "Tink's" Generalship in the Second Half Otterbein Makes Good Score.

By the score of 17 to 0, Otterbein forced Muskingum to return to New Concord Saturday night to tell their college friends there that they had not been able to score after they got the ball within a foot and a half of the goal line.

Otterbein did no scoring in the first half, although they were twice inside the 20-yard line. Two attempts at goal from field did not result in scoring. With the ball near the middle of the field Muskingum made an onside kick which their R. E. got and carried to our 2-yard line before he was downed by Ditmer and Wineland. Their first attempt at our line netted them 1½ yards. But the necessary foot and a half they were not able to make, losing on both the other bucks. Wineland punted out of danger.

In the second half after 10 minutes of play and the ball on Muskingum's 35-yard line, Sanders replaced Wineland at quarter and on the very first play by a forward pass to Hartman of 25 yards made it possible for a touchdown. Sanders failed to kick goal. This seemed to inspire Otterbein with new life and from now on Otterbein's scoring machine could not be stopped.

With the ball on their 20-yard line, Muskingum punted and Menke blocked a kick and fell on it behind the goal line for a touchdown. Sanders kicked goal.

By means of forward passes and bucks, O. U. got the ball on Muskingum's 10-yard line from which place Mattis made the third and last touchdown after a pretty buck. "Tink" kicked goal.

Wineland started the game at quarter and put up a good article of ball for Otterbein, although Otterbein did no scoring while he was in the game. His punting was good but it seemed like the team did not work quite as good and hard for him as it did for Sanders. In this, his first game that he has started for the first team, he need not feel discouraged for he put up a classy article of football.

The forward passing of Sanders was superb. His one forward pass of 41 yards to Wagner was the longest ever made on O. U. field.

H. Warner at left half put up a fine game. His line plunges were the prettiest seen this year and he was always hitting the line for 5 yards at least. His playing was up in good form.

Mattis and Ditmer played their usual hard games.

The ends and line played their customary hard game and deserve a good share of the credit for the winning of the game.

Campbell and Stuart were easily Muskingum's stars.

OTTERBEIN DOWNED

Mutes Put Up Terrific Fight and Win 15 to 3

By the score of 15 to 3, the Mutes scored a victory against the Scrubs Saturday morning for the first time in 3 years.

Fumbles again played a prominent part in this game. With the ball on the 30 yd. line, Zuerner fumbled, the ball being grabbed up by a mute, who ran for a touchdown.

In the second half, with the ball well down in our territory, Fries made an on-side kick, a dummy getting the ball and running for a touchdown.

In the last minute of play Fries duplicated his feat at Mt. Vernon by kicking a field goal from the 40 yd. line.

Otterbein did not put up her usual game. The backs did not play together. The interference of Otterbein was very ragged and it seemed as if the team did not play their usual, hard game.

COACH EXENDINE

WAS RE-ELECTED FOR SEASON 1910 BY ATHLETIC BOARD.

The Student Body Rejoices That the Crafty Indian Will Teach Football Tricks Again.

Coach Exendine, football coach in 1910. Such was the happy announcement in chapel Friday morning, and if one can judge by the cheers and yells that responded to this announcement, the re-election must please everyone. It is understood that he is to receive more salary than last year.

Exendine has made good and The Review joins in rejoicing that he has been secured by the Athletic Board for next season. He will attend Dickinson college this summer and study law.

True Friendship

Friends we may have, both kind and
true,

But genuine friends are very few;
In fact, like melons on the vine,
To find one good we must try nine.
And when that one is put to test,
That friendship proves to be the best.

Friends we may have who come and go,
But life-long friends are never so,
It matters not where each may be
In any land or on the sea,
Friendship's message goes to and fro
To keep each heart with love aglow.

Friends we have, let's bear in mind,
Whose value would be hard to find;
And when we know this to be true
Let friendship tell us what to do.
Consider well what it is worth
While we are still upon the earth.

—E. Vick.

They'd rather see a setting hen.

a phase of missionary activity called the industrial work.

Some thoughts from the address were—"Christ's spirit is a universal one. His purpose is to save men everywhere. A man writing a book must make it interesting to all men for all ages, if it is to live, so with the Christian man, his influence should be universal and in harmony with the Savior's. This principle is also applicable to finance".

The speaker, in closing, pointed out some opportunities for industrial work in different parts of the world.

Miss Ruth Detweiler Leader of Fine Session

"Wishing and Willing" was the subject of a very interesting discussion lead by Ruth Detweiler Thursday evening. Scripture lesson was read from Mathew 17, II John 12:13 and II Cor. 9:3.

The discussion brought out the following thoughts: God is willing to do anything for us. We should be as willing to do things for Him as we are to wish for things from Him. In college, girls often feel that they hate to do some things, but they should subject themselves to the conditions and willingly and cheerfully love and serve the Master. We should do nothing for the praise it will bring to us from our friends but for the glory it will give our Savior.

At the close of the service Miss May Powell sang, "Just One Touch."

Entered as second-class matter October 18, 1909, at the postoffice at Westerville, Ohio, under the Act of March 3, 1879.

There are many people and a surprisingly large number of students within the ranks of our own university, who have the mistaken idea that a college is a place where men are to obtain knowledge and wisdom, and to receive ambition and inspiration for the carrying out of some great purpose. Many come to college with this one thought of merely drinking in. But how contrary is this conception of development and discipline to the great ethical law of human society, that in order to receive we must give. Our college is just what you and I and all the students of former years have made her. Her standard can rise no higher than what we raise it. Let us keep her standard high, and give her something in return for what she gives us.

Canton's Plan

At Canton, they are trying a novel experiment, the boys of the Junior Class in the High School have been separated from the girls, which plan is proposed to fulfill the true purpose of education. Possibly the boys studied the girls in school instead of lessons or vice versa but at any rate a change was deemed necessary.

Most persons believe that the girls have an ameliorating effect upon the masculine mind.

Boys are indians in miniature and the young ladies keep them in check. We haven't heard

from anyone of the segregates as yet yet but we venture to say, neither are in favor of this plan. What is High School without the ladies? Bless 'em— they impart culture and refinement to the wildest indian warrior.

POOR MR. DRAYMAN

Lost His Way and Apollos Give No Entertainment.

A tardy drayman was the cause of a great disappointment to a very large audience, Monday night in the college chapel. The Apollo Quintette and Bell Ringers were to have given a concert. They were unable to get the 6:12 C. A. & C. train to stop at Westerville, neither could they secure a special car from the Electric Railway and Light company, so they hired a drayman to convey their bells to Westerville.

For some unknown reason the drayman lost his way and did not arrive here till eleven o'clock. When he asked where he was to take the bells and was told to the depot, he seemed surprised that the Apollos were not going to give their concert.

The Apollos will return on December 1 and Reno B. Welbourn who was to be here on that night will appear on November 16.

Dr. E. A. Jones Speaks

There is more actual shoe quality in the "WALK-OVER" at little cost—than is found in higher priced shoes with more pretensions. Do not believe this. Make us prove it. Try a pair of "WALK-OVERS" and find out.

Lady Director.

If one can judge by the comments made by the girls, you can infer that everyone is highly pleased with the new physical instructor for the ladies, Miss Blanche Cadot.

Now, she makes them work. There is not much loafing time for the young ladies on Wednesday and Friday afternoons between three and four or four and five.

To be sure they enjoy it. This is something we should have had long ago. It stands for one step further for Greater Otterbein. Ere long will come new gym equipment, a new gym, a plunge, new showers—and—meanwhile we are wondering about a physical director for the boys. They surely need some hop, step and jumps also.

And the Clapper Came Back.

It certainly was a glad sound Tuesday morning that greeted our ears, for the dear old college bell pealed forth its welcome call to meals and classes once more.

EAST HOME STREET

Locals.

When a girl begins to call a man by his first name, it generally indicates that she 'has designs at his last.

A man walking along the street was surprised to see an Irishman poking a dollar bill through a crack in the sidewalk, and asked why he was doing it.

"Why, ye see, sir, a minute ago I dropped a nickel through this crack, an' now Oi'm putting a dollar through so's to make it worth me while to pull up the sidewalk an' get the nickel.

FAVORITE SONGS.

Edna Hayes—"Take me out to the ball game."
