## THE FIRST GAME

### OF THE BASKETBALL SEASON WEDNESDAY EVENING.

#### Westerville High School Outclassed by Otterbein Seconds Who Win by Score of 29 to 16

On last Wednesday evening between teams representing Westerville High and our second team, a large crowd of spectators was treated to the first basketball game of the year. The final score was 29 to 16, Otterbein scoring all but two of her points in the second half. The first half ended by the score of 7 to 2 in favor of the high school boys. In this half it seemed as if we were a little outplayed. We were closely guarded at least and attempts at baskets resulted in no scoring.

In the second half things worked a little different. Locke was substituted in place of Andrews and played a very creditable game. He eluded his guard in a very clever manner until he had scored enough points to put us in the lead. After obtaining it once, it was not able to be overcome by the Hi team.

J. Stringer played the whole game at L. F. He was instrumental for some of the scoring in not only making the baskets himself but also by passing it to his teammates. He played a hard game and deserves credit for his good work.

Hogg and Lutz at center, Andrews, Fouts, Foltz and Ditmer put up a good article of ball for the college and deserve some of the credit which is heaped upon the other players.

The Westerville team has a

## NEW PROFESSOR.

### Westerville High Secures Otterbein Grad for Math and Physics.

Raymond Durling Bennett, was elected teacher of physics and mathematics in the Westerville High School at a meeting of the Board of Education Tuesday evening.

Mr. Bennett was graduated from the Westerville High School in 1902 and Otterbein in 1908.

Though he had considerable competition, he received a unan-

imous vote of the Board for this position. He takes his new position January 10, 1910, when the Westerville schools reopen after the holidays.

### Death Claims Mrs. J. R. Williams.

Mrs. J. R. Williams passed away at 12:20 this morning, after an illness of over a year. She was a kind friend and loving mother. The funeral will be Tuesday at 2 o'clock. Interment in Otterbein cemetery.

She is survived by her husband and two sons, Harry, '05, and Clarence, '10.

### MANAGER MENKE HAS TEN FAST GAMES FOR O U.

#### Six Games at Home. O. S. U. First Game of the Season, to be Played January 15, 1910.

Basketball at Otterbein has been going along at a lively, fast clip. Swiftmess is one of the good requisites of basketball and the team that represents Otterbein this year will certainly be of that kind. About 30 candidates have been out each evening trying for the different positions for the team. Each one is given a fair chance to show his worth and his value and no kick can be registered on this account. As to the winning of the games, no predictions will be made, but this much can be said that Otterbein will play the game all the time and if an opposing team wins from us, they will certainly

### Alumnals.

The Rev. J. A. Barnes, '94, who has been in Boston this fall, is visiting his sister, Miss Tirza Barnes, '85, Librarian, for several weeks before going to Los Angeles, where he will spend the winter.

C. H. Kohler, '08, spent Sunday in Westerville.

Dr. L. E. Custer, '84, spoke at the annual meeting of the Ohio Dental Association in Columbus last week.

R. D. Bennett, '08, left Saturday for E. Liverpool where he intends spending a few days with friends. He will go to Cleveland and Painesville before returning home.

### Football Manager's Report.

At the meeting of the Athletic Board last Thursday evening Manager Essig, of this year's football team gave his report. It showed that he had cleared \$70.15 during the past season. When we take this into consideration, we can congratulate ourselves that there remains in the treasury this fine surplus. Most generally when the football season has closed, there is a deficit. Only two football managers before this time have closed the season with money on the right side of the ledger, but neither one of these has come up to this season's record. This certainly has been a fine season in every respect.

The officials for the games have been of the first class. Not much kicking can be registered against

the officials as in former years. The manager has not been saving in this respect. He has procured good officials at whatever cost.

This has been one of the prettiest uniformed teams this year and there was great expense in fitting out the team. The season ended gloriously by the manager giving a sumptuous supper to the team and subs after the Wittenberg game at Springfield.

The second team this year was ably managed by C. D. Yates. The amount cleared from the second team games was \$37. The scheduling of the St. Patrick game was a fine bit of management, for on this day was assembled the greatest crowd to witness an athletic contest here. Approximately 500 attended the game. He has assisted Mr. Essig in a fine manner for the success of this, our best financial football season.

### COCHRAN HALL.

Miss Luella Gilpin, of Springboro, was here the latter part of the week visiting Maud Hansford.

Marie Huntwork was at her home over Sunday.

Mr. C. O. Smith was here a short time Wednesday visiting his sister Ethel.

Mabel Peters spent Sunday at her home.

Florence Shride spent Sunday with her parents at Croveport.

Hazel Codner spent Sunday at her home in Canal Winchester.

Prof. E. P. Durrant Speaks Upon "Evolution and Faith"

Mr. I. D. Warner had charge of the meeting Thursday evening. After song, prayers were offered by Messrs Drury, Hartman and Menke. Following this a few items of business were transacted and some announcements made. Mr. Warner then introduced the speaker, Prof. E. P. Durrant, who spoke upon the subject, "Evolution and Faith".

The following are some of the very excellent and interesting thoughts brought out. To many evolution is synonymous with heresy but it is directly opposite to it. Evolution means development, it is the fundamental principle of all about us. Evolution is not a force but a process. The force manifest in all things is the will of God. No biologist can look at nature and not see God revealed in it. Any other notion is inconsistent and irrational. If there is no guiding principle and power back of all things then everything is accidental.

The speaker then pointed out the different stages of development of the animal kingdom pausing to say that some people fail to grasp the true meaning of life and accordingly do not develop. He dwelt for some time upon the survival of the fittest saying that it was not a question of mind.

The second part of his topic was upon faith. He started this part of the discussion by saying that faith is the working hypothesis of a successful man. He took his definition of faith from the eleventh chapter of Hebrews, "Faith is the substance of things hoped for, the evidence of things unseen". If we would grow we must look forward and by faith accept that which we could not perceive.

After another song the meeting was dismissed with prayer by Dr. J. Sandars.

last Tuesday evening. Miss Helen Converse was the leader. After scripture reading which was I John 1-17. Miss Edna Hayes sang "Calling Thee."

These are some of the thoughts. All of us are endowed with passive love for our fellows, but when the exercise of that love makes us uncomfortable we pass it by. Miss Johnson gave a review of Miss Thoburn's early life. This woman was a true soldier of the cross. Miss Sherrick reviewed her latter life dealing with her call and works. Her early missionary career in India was given by Wilda Dick. Miss Wagner discussed higher education in India.

A duet was rendered by Elsie Worhle and Mary Creamer, "May thy Mercy Keep Us." Irene Staub then spoke on "Missions in India." Miss May Dick read a letter from Mrs. Hursh speaking of the missionary whom the association has seen supporting and who died several months ago.

## The College Man's Christmas.

For the many college people who are in school for the first time and have not been home since the beginning of the term, the word Christmas means much—Going home! Oh the joy and thrill of the thought. To open the same gate, to walk through the same door, to feel the same homelike feeling in every chair and picture. To be home once more, to be with father, mother, brother and sister. Oh joyous occasion!

But suppose the college man has no home, father and mother gone, no brother, no sister—he is just staying with relatives or friends. To him "home" is a vision of days past and gone.

To this one, we extend a word of Christmas cheer, a word of sympathy and of kindness.

Deprived of the real pleasures of the happy Christmas tide, let us make him glad by inviting him to our homes and making them as "homelike" as possible for him.

A Princeton student discovered a new comet the other day. Last Saturday an Otterbein Freshman went skating and saw a whole constellation.

How many noticed that editorial in the Ohio State Journal last week on "Spoonings?" It is especially applicable to small colleges.

And yet some college men persist in pushing aside ladies to get a seat in the car.

Do you wish to please your chum at home? Have the Review sent to his address. One year 75c.

The Girl's Bazaar Saturday should have settled the "What to Buy" question.

Don't let Christmas shopping in crowded stores destroy your ideas of chivalry.

It is better to have crammed and flunked than not to have crammed at all.

All the news papers have caught the "Do Your Shopping Early" habit.

Have you remembered the orphan boy next door?

Who said Santa Claus was a myth?

Campusty stock was low last week.

A Norwegian Christmas Story Told  
by Crist. Sorensen.

"My dear girl, it seems such a long time till Christmas; the time you have set for our wedding, two long weeks; think of it!" The speaker was a stalwart Norwegian miner, with blue eyes and light hair, characteristic of his nationality. The girl to whom he was talking and at whose home he had stopped for a few moments before going to work, looked up at him smiling. "Olaf," she replied, "I could not possibly get ready before that time. You see I am going to make a muffler for you as a Christmas gift," and she laughed a happy little laugh.

**THE CATASTROPHE.**

About two o'clock in the afternoon, a dull heavy thud that shook the very mountain sides, told the little village that the most dreaded calamity of all, a mine explosion, had occurred. It took several days before the last body was brought out and still there remained a few missing ones to be recovered.

**FIFTY YEARS LATER.**

Fifty years have passed. It is the day before Christmas. Everything is hustle and bustle in order to get everything ready for the festivities of the evening. Only a few of the miners are working. Suddenly there is a stir among a crowd of men at the shaft house discussing their day's earnings; a body has been found, the petrified form of a young man was discovered in an old vacated entry. How lifelike it seems, he looked as one sleeping peacefully, his right hand clasped about a gold locket suspended from his neck. Who can it be?

**THE LOVER FOUND.**

An old lady is coming down the mountain path, supporting herself on a crutch. Suddenly the crutch falls out of her hand as she catches a glimpse of the dead youth—she staggers forward while with shaking hands she pulls an old muffler, strangely embroidered, from her bosom tying it about her lover's neck, whispering, "Olaf, our wedding day 50 years ago." Slowly she seems to give away and clasping

Zeller."

Mayne—"She is my mother-  
in-law".

Hohn—"What kind of a vege-  
tation is a good poison for rats?"

Anderson—"Catnip."

Mr. Wales in hall before chapel  
—"We married men allowed to  
be in lover's lane".

Cox—"Sure we are allowed to  
be here".

Cox—"I started to read all  
books in the Lima Library".

Grill—"I'll bet the second one  
you read was "Quit".

Prof. Evans—"Here is a paper  
without a name".

Wells—"Maybe it is mine".

Prof. Evans—"No it is a Y. M.  
C. A. subject".

Dr. Sherrick—"What do you  
know about this poem?"

Knapp—"I know very little  
about it".

Dr. Sherrick—"Tell what you  
know, yea even unto the small-  
est.

Prof. Weinland—"How to save  
the classification committee  
laundry bills, finish up your work  
and get your credits in".

Bilsing—"What can a fellow do  
to take the smell of onion from  
his breath?"

Dick—"The least thing a fellow  
in college can do is to collect his  
bills. That will take his breath  
away."

Dr. Miller explaining a mathe-  
matical condition—"Now always  
remember this, that points are  
not points until they are fully  
embraced."

## President Returns.

Pres. W. G. Clippinger return-  
Friday from a business trip through  
Indiana and Michigan. Among  
other places, he stopped at India-  
napolis and Detroit.

At Newark Saturday morning  
he spoke before the County Teach-  
ers Association upon the subject  
"The Psychology of Institution  
Training."

In the afternoon his topic was  
"The Psychology of Habit."

The President preached last  
night at the Methodist church be-  
a large and well pleased audience.

## Ice and Snow.

The cold weather last week  
afforded excellent skating on  
Everal's pond.

The snow Saturday spoiled the  
ice but put in fine shape Bishop's  
hill for coasting.
