ANOTHER DEFEAT

GIVEN BY OTTERBEIN SECONDS
WEDNESDAY EVENING.

Westerville High School Forced to
Accept a 45 to 22 Score—Game
Never in Doubt

On last Wednesday evening occurred the second game of the season between Otterbein's second team and Westerville Hi. Of course Otterbein had to keep up her good work so she took the game by the score of 45 to 22. The score is somewhat larger than the one the previous week but it was only by the hardest kind of work that Otterbein was able to get the lead.

Substitutions were made on both teams which made the game of a fast and lively nature.

For the Seconds, J. Stringer made the majority of Otterbein's points, having a total of 17—7 field goals and 3 foul goals. He put up a very acceptable game for the Seconds and was playing the game at all times. Locke and Foltz at forwards put up good games as did A. Lambert and Lutz at center. Lutz by his good work enabled himself to lead 4 baskets. The guards were taken care of acceptably by Cook and Fouts and later by Metzgar and Hall. Each of these players deserves his share of credit for his good work in the game.

For the Westerville team R. Stringer was by far the best. He was able by his hard and good work to get 5 baskets and played a very nice game throughout. Campbell and Gammill put up good games also for the Hi team.

Guy Hawley P. M.

Guy D. Hawley, of Arcanum, who was in school three years ago, and who would have graduated in 1910 if he had continued, has recently been appointed as assistant postmaster at Arcanum. Hawley has many friends in Otterbein who will rejoice at his good fortune. He enters upon his position today.

Mrs. Dr. Keefer Dies.

Death came suddenly to Mrs. Dr. A. H. Keefer Sunday morning from heart failure. She has not been feeling well for a year but she was apparently in good health Saturday as she was up town and did some shopping.

She was a loyal United Brethren and an energetic worker.

She is survived by her husband Dr. A. H. Keefer, '84, Otterbein.

CHRISTMAS PROGRAM

Sunday Marked a Big Day for U.
B Church

The services Sunday both morning and evening in the United Brethren church breathed the spirit of Christmas.

The music in charge of Prof. F. J. Resler was inspiring and the sermon in the morning and the addresses last evening were uplifting. President W. G. Clipping, Kiyoshi Yabe and Supt. J. A. Weinland were the speakers.

Miss Mary Weinland sang at both services.

Winter Term.

School reopens Tuesday, January 11, 1910. Let every student be on time.

Skating Saturday.

The cold weather last week made excellent skating on Everal's pond.

We wish the readers of
The Review a Merry,
Merry Christmas and the
Happiest of New Years.

EXAMINATIONS

ARE IN OUR MIDST—TERM DRAWS
TO CLOSE

First 16 Weeks Under New President
Shows That the Slogan. "Greater
Otterbein," is No Myth.

All is hurry, scurry at Otterbein these days. The term is drawing to a close and examinations and Christmas are nigh.

Thursday noon marks the close of the fall term and to glance back at the sixteen weeks past gives one the impression that Greater Otterbein is not only in the future but is here now.

This was a term of large things. First, our worthy President showed an energetic, aggressive spirit that means much for developing the school.

The big Parliament in October was the best advertisement Otterbein has ever had. By means of a determinate press club, the name of Otterbein was scattered far and wide. The delegates and friends present have done and will do much.

Our most successful football season in years has advertised Old Otterbein as only a good football team can. The name of Otterbein and Exendine looked good in sporting columns.

Plans for a big, bigger, biggest summer school are already culminated.

Can we not say that the new era for Greater Otterbein is here, not visionary nor ephemeral, but really here and increasing every day?

Notice.

The next issue of the Review will be published January 17, the first Monday of the winter term.

ANOTHER DEFEAT

(Continued from Page One)

ville boys was at times hard to break up and several times they succeeded in giving the Seconds a good scare. A game is arranged for next Wednesday night. Let everyone come out for these games are always interesting and prove of good value.

The teams lined up as follows:
Otterbein. Westerville.

J. Stringer, Foltz, L. F. Campbell,
..... Gammill
Locke, Wellbaum, R. F., Sechrist, Sanders
Lambert, Lutz, C. R. Stringer, Wert
Cook, Foltz, Hall, L. G. Whitehead,
..... Bennett
Fouts, Welbaum,
Metzgar R. G. Payne, Bale
Goals from field—J. Stringer 7, Lutz 4,
Locke 3, Welbaum 3, Foltz 2, Cook, A.
Lambert, R. Stringer 5, Campbell 3,
Gammill 2. Goals from foul—J. Stringer
3, Campbell, Sanders. Referee—Strahl.
Umpire—Sanders. Timekeepers—C. Bai-
ley, O. U. and Phelps, Westerville. Time
of halves—20 and 15 minutes.

GOOD PROSPECTS

Basketball practice last week has been the best that we have seen this year. It was possible for Capt. Sanders to be out for practice the past week and of course put new life and action in the team. Team work has been good this week and the first team has been playing in a creditable manner.

The lineup of the first team the past week has been: Capt. Sanders and Young forwards, Cornet center and C. Bailey and Hix Warner guards. Whether this will be the team that will face O. S. U. January 15 is not positively known. Some changes might possibly be made.

Manager Menke has changed the schedule somewhat in the past week. On January 29 the team plays at Denison and on February 12 Denison will appear here instead of Wesleyan, as heretofore scheduled.

CLASS GAMES

The class games will possibly be played while the team makes the Findlay and Denison trip, January 28 and January 29.

On January 15 our team appears on Ohio State's floor. We all want to be there to see the team administer a defeat to the Stater's as last spring in baseball. We can do it if the student body thinks so.

Alumni.

J. H. Harris, of Hillsboro, was in town a few days last week visiting his brother.

MRS HARFORD HONORED

New Church at Omaha Bears Name
of Otterbein Alumna.

A great surprise came to Mrs.
Lillian R. Harford, of Omaha,
Neb., a couple of weeks ago,
when in the course of the dedica-
tion of a new Otterbein church
it was announced that the church
would be known as the "Lillian
Resler Harford Memorial United
Brethren Church."

Mrs. Harford has been asso-
ciated with the United Brethren
church since early life and no
one has given more of her life
to the church than she.

She is an alumna of Otterbein
'72, and a very warm friend of
this institution.

She has lived in Omaha for
the past several years and be-
cause of her great love for the
church, both in Omaha and at
large, it was deemed fitting to
honor the new church by calling
it by her name.

The secret was kept from her
as she is reticent about taking
credit to herself.

"Make Every Minute Count." F. H. Menke leads Fine Meeting

The meeting Thursday night was the last one for this school term, and the spirit and interest manifested was a fitting close for the work this term.

Mr. F. H. Menke led the meeting on the subject, "Redeeming the Time" the phrase being taken from Ephesians 5:16. Very many excellent thoughts were brought out by the leader.

"We waste in idleness time that we should spend in usefulness. This habit seems to be prevalent among students. We spend too much time in sleeping and eating; we should make every moment of our waking hours count. Let no moment slip by. We are here to prepare ourselves for future activities.

Many of us loaf and loafing gives occasion to idle thoughts and idle thoughts lead to idle and sometimes vicious lives. We should not be day dreaming all the while, not labor in the future but labor in the present for the future. Let us fill our days with good deeds. Christ is our ideal. "He went about doing good."

Y. W. C. A.

"We are What We Think We Are" Miss Sheller Says.

"Thoughts the Test of Character." Such was the subject for discussion at Tuesday evening's meeting. Miss Florence Sheller led the service and read for scripture lesson the 135th Psalm. After prayer was offered a vocal solo was given by Miss Lucile Morrison entitled, "Building, Daily Building."

We become like the thoughts we love to think. If we think impure thoughts our characters will reveal it. If we think pure thoughts so also will they be mirrored in our lives. We may find sufficient evidence of this statement when we study the lives and characters of great men and women seeing the noble purposes that they ever held up before them.

Character is all we can take with us when we die so we should cultivate it. There will be no pretense in life to come our real thoughts will be revealed. Let us model our thoughts after the

A Friend of O. U.

In behalf of the school, the Review wishes to thank Mr. Phillips, of Buchannon, West Virginia, for his kindness in sending Otterbein a barrel of holly.

Two handsome wreathes "O" and "U" hung over the rostrum bear evidence of this gift.

Mr. Phillips was present at the Parliament in October.

Entered a second-class matter October 18 1909, at the postoffice at Westerville, Ohio under the Act of March 3, 1879.

There is Christmas in the air. Everyone is talking about it. The papers are full of Christmas advertisements. People are buying gifts for their friends. Not only is it talked of here in Westerville or Ohio, or America but throughout the world. What does it all mean? It means that centuries ago the great Father of Light and Love gave His Son that He might pay the costly ransom of immortal souls. For the wise men there shone a star and to the shepherds, watching their flock by night on the lonely Judean hills, there came the sound of angelic voices singing the anthem of the free, "Peace on earth and good will toward men." Thus was heralded forth the glad tidings of the new-born king. And from that day unto this people everywhere, with each returning year, lay aside their daily cares to fill the world with Christmas cheer.

How many times have you said "I just know he (or she) is going to give me a present and I suppose I'll have to give him one, too."

Nineteen days vacation! May you enjoy it to the fullest extent.

Is your heart in tune with the spirit of Christmas?

The Eternal Question, December 26, What did you get for Xmas?

Lest you forget! Come back next term.

Merry Christmas and a Happy New Year!

Same to you.

Seven Rules of Life

Live up stairs if you wish to be in good health! "Up how many flights?" Only one flight of seven steps. I will describe them.

First Step—Eat wheat, oats, corn, fruits, beef, mutton, plainly cooked, in moderate quantity, and but two meals a day.

Second Step—Breathe good air day and night.

Third Step—Exercise freely in the open air.

Fourth Step—Retire early and rise early.

Fifth Step—Wear flannel next your skin every day of the year, and so dispose your dress that your limbs may be kept warm. Bathe frequently.

Sixth Step—Live in the sunshine. Let your bedroom be one which receives a flood of light and spend your days out in the sunlight or in a room which is well lighted.

Seventh Step—Cultivate a cheerful temper. Seek the society of jolly people. Absolutely refuse to worry, and, above all, don't be afraid to laugh. Live above. Sickness cannot crawl up there. Disease prowls about in the basement; rarely does it get upstairs.—Dr. F. G. Butler, in Chicago Journal.

Learning to Talk Well.

There is a suggestion in George Herbert Palmer's "Self Cultivation in English" that would make an excellent individual or family practice. It refers to the extension of the power of expression, which necessarily carries with it an enlargement of ideas.

Say, that an individual adds to his vocabulary two words every week, that he had not previously used in his conversation. In the course of a year there would be an addition of one hundred words. That would vastly increase one's ability to express his ideas, and at the same time,

it would increase his ideas too. Every word possesses a certain of knowledge and thus, while the faculty of expression is increased, the intellectual scope and outlook is extended.

Or say, in a family, the father or mother give to the children two new words; one probably on Wednesday and one on Saturday; with a little practice on them in between, so that they will become familiar in their meaning and use, studying at the same time, preciseness and elegance of expression. This experience will make clean, intelligible, entertaining talkers of the children.

And as we have indicated, the benefit will not be in the talking but in the thinking, for words are the tools of thought, and so take a large part in the intellectual work. This process is elevating. It builds character. It helps one to think. It serves to make one feel the importance of his speaking and thus contributes to it a dignity and a purpose. The beneficial results will far exceed the proportions of the effort. One can almost construct a liberal education by this method. Try it.—From the Ohio State Journal.

Mrs. Emmitt—"I do believe some one has taken the whisk broom I left on the dining table last night."

Mr. Emmitt—"I guess the joke's on me. It was not quite light when I got up this morning and I thot you left a shredded wheat biscuit for my breakfast."

Bungard—"What is your full name, Stein?"

Stein—"Just the same, full or sober."

Reider—"What is the formula for alcohol."

Hall—"B-o-o-z-e."

Bilising—"That fellow I was telling you about married his stenographer."

Wenger—"I suppose he has been short handed ever since."

Snively—"I hear the Methodist people are going to give a potato pie social Saturday night."

Troxall—"I suppose the preacher will have for his subject the next Sunday evening, 'A Night of Agony.'"

Menke—"I understand Boxwell was to see Miss Garst last night."

Baker—"I don't believe it. I was past there about eleven o'clock and the lights were lit."

Band en—Reider, what are you going to get Jessie for Xmas?"

Reider—"Why I'm going to get her what I intended."

Bandeen—"What was that?"

Reider—"Why nothing."

Bailey—"Why did you dispute everything that was said in Logic this morning?"

Kelly—"Oh just trying to put a little fertilizer on my grade."

Spring—"What do you do in a Biography."

Sorensen—"Well, you take a man's life and—"

Spring—"I won't do that. They would hang me."

Cox reading in Latin—"She put her arms around him."

Dr. Scott—"Go on."

Cox—"That is as far as I got."

Dick—"Otterbein is and always has been a mathematic proposition."

King—"How is that?"

Dick—"It is made up of points."

Why is Miss Codner so quiet. Because she would like to be Curt(s).

When all the jokes are written
And all the stories are told,
"What shall we do?" sighed pessimist
As a tear from his eyelids rolled.

"What shall we do?" grinned optimist,
"Just what we've done be ore.
We'll change them round a little bit
And grind them out once more."

BIG SUMMER SCHOOL.

Special Teachers Will Make Summer Course Attractive.

Plans are being culminated to make the Summer School of 1910 the biggest in the history of the institution.

Besides the regular course the following special features should be noted:

Miss Margaret Sutherland, principal of the Columbus Normal school, will conduct classes in normal work and give lectures and talks suitable to teachers.

Professor E. A. Jones, present professor of History and Economics, will conduct classes in public school law and administration.

President W. G. Clippinger will teach educational psychology and child study.

The regular school of music

will continue with the same instructors.

Throughout the course special lectures and entertainments will be given.

The Steady Man

We'd like to write a little rhyme about the steady man, who keeps on pegging all the time and does the best he can; the man who early goes to work and doesn't get home till late; who never tries to shirk in order to be great. There are some fellows who will try to do their business tricks and have a finger in the pie of city politics; they try to put on lots of style and play a heavy role, and in a little bit o' wile you find them in a hole! I like the man of steady pace, his system I admire; he has no wild desire to place more irons in the fire!—Los Angeles Express.
