## Proposed Gymnasium Plans Favor This Type of Building

We  
Want  
That  
Gym!

We  
Want  
That  
Gym!

One afternoon back in 1892, a well-dressed, self-important political gentleman called upon Dr. George Scott. The Doctor greeted him in his usual courteous manner and for a half hour listened more or less attentively, while the political gentleman enumerated the reasons why he should be the choice of the people for a certain office. He may or may not have been an advocate of "Free silver", apparently Dr. Scott assumed that he was, for after the office seeker had exhausted the subject of his own merits, the Doctor ad-

ressed him somewhat as follows: "Yes, there is much interest in politics now days. I haven't followed it quite as closely as I usually do. You see here at Otterbein we are trying to build a new gymnasium. I am chairman of the building committee and have been quite busy—by the way we would appreciate a contribution from you, if you would like to help us out. This new building then would be a kind of monument to your political success.

"Ah—er—er" said the politician.

But when he had bowed himself out a half hour later, Dr. Scott pocketed a check for \$50.00 and chuckled. Evidently the Doctor had enjoyed the interview.

This is only an incident in the campaign that resulted in the building of the present Association Building. However the faculty was strongly opposed to the project because of a heavy indebtedness. After a stirring appeal from John R. Mott and S. D. Gordon the students entered wholeheartedly into a campaign for money.

They worked and sacrificed to erect the gymnasium which has stood for thirty years as a distinct memorial to their efforts.

It will again take work to erect a gymnasium costing \$200,000. The students of 1923 are not less courageous and loyal than those of 1892. Their efforts and those of Alumni will be rewarded as fully and as beautifully as were the efforts of those students of the nineties. A bigger and better Otterbein will be the result.

### ALUMNAL DAY TO OPEN CAMPAIGN

Plans and Program for Gymnasium Drive Are Being Worked Out To Last Minute Detail.

#### VARSITY "O" IN CHARGE

E. S. Bernard, the Father of Athletics in Otterbein, to Be Guest of Honor.

Beginning in the morning with a Varsity "O" breakfast and ending at night with the Social Groups having a reunion for all of their Alumni, Alumal Day on June 13 is expected to make a glorious start for the Gymnasium Campaign.

The Varsity "O" Association is making big plans to breakfast not only all of their alumal members but also all who are interested in the campaign for the new gymnasium. More than two hundred Otterbein athletes are expected to return for this breakfast at which E. S. Barnard, President and Secretary of the Cleveland American League Baseball Club and

The last Y. M. C. A. meeting of the year was addressed by Mr. Cheng Hui, of Canton, China, who gave a bril-

liant presentation of the "China of Today." Mr. Cheng showed that China, although misunderstood, is a nation of great possibilities.

### PICNICERS FIND PERFECT DAY ADDS TO JOY OF ANNUAL EVENT

Big Bens, Baby Bens, Sleep Meters, Flyers, Walthams and Seth Thomases all thought a spiritual Renaissance had laid hold of Otterbein Wednesday morning. After sounding forth the waking noises they were not greeted with the customary verbal barrage and volley of pillows. Instead of waxing mad as per usual expectant picnic-ers sallied forth from their beds to shut off said alarm clocks and to view those ice cream pants—carefully arranged the night before—spot-less and wrinkle-less such that Solomon in all his glory would not have been arrayed like one in these. After mobilizing all the picnic apparatus such as some "eats", horse-shoes, base ball equipment, etc., etc., and after calling bravely for fair damsels, the picnickers departed via anything from a two-cylinder hay wagon to a six-cylinder car.

The day was perfect, the place was perfect, the guests were perfect, that base ball game (at least for half the players) was perfect, the eats were—all eaten.

Along with these features of the day the general enjoyment was considerably augmented when the dunce of the party slipped and stirred up the waters of Big Walnut or the Olen-tangy; when the heavy eater of the crowd had to throw up his hands and surrender the laurels to the faculty advisor; when your heavy hitter poked out a homer in the last of the tenth with two out and the bases loaded.

Such was picnic day of 1923 which ended with the ride home, an incident of which was the blending of horses' whinnies, Ford rattles and general commotion with more lusty than musical refrains of "Old Otterbein We Love Thee" and "When You Come to the End of a Perfect Day."

**MEMORIAL DAY OBSERVED**

**Dr. E. H. Cherrington Delivers Address—Wreaths Presented in Memory of Fallen Heroes.**

In accordance with a resolution enacted last year by the Student Council, on Wednesday morning at eight o'clock the students assembled in the college chapel and, with a program prepared by a student-faculty committee, fittingly observed Memorial Day.

Dr. E. A. Jones, our veteran of the Civil War, invoked Divine blessing after which President Clippinger presented Dr. E. H. Cherrington, who delivered an appropriate address. In his address Dr. Cherrington urged us to serve our country by cherishing her ideals, obeying her laws and maintaining her constitution. "Patriotism on the field of battle is glorious but the patriotism which keeps 100% in peace is by far the best", said the speaker. He also reminded us that, "No nation in history has become great through battles or conquests but has achieved greatness through the victories of peace." Dr. Cherrington closed his address by stating that "our constitution demands the same devotion today as in the day of Lincoln when he fought so heroically to keep it intact." H. V. Miller in a very fitting manner presented a wreath to the memory of Otterbein's heroes who died in the World War. The seven gold stars on the service flag are in recognition of the sacrifice of Curtis Young, Emory Farver, Wm. C. Miller, Ira Dempsey, Wallace Miller, Harold Rowland and Winton Paul Burtner.

After the presentation of the wreath the Men's Glee Club sang, "Rest Ye in Peace Ye Flanders Dead."

The assembly then adjourned to the campus where Mr. G. A. Weinland, one of Otterbein's Civil War veterans, placed a wreath on the Soldiers' monument in memory of our soldiers who fought to save the Union. The placing of the flag at half mast and the sounding of taps ended a very appropriate Memorial Day service.

**Dan Harris Pleases In Recital**

On Monday evening of last week Dan Harris appeared in his graduating recital at Lambert Hall. A large crowd, which taxed the capacity of the auditorium, listened carefully to the entire repertoire of German and French songs. Mr. Harris performed in his characteristically pleasing manner, giving an excellent rendition of "Where Cedars Rise" and "Twilight." One of the features of the program was an instrumental quartet composed of Miss Cridland, Miss Wright, Professor Spessard and Professor Grabill.

Consisting of Choice Number of Literary Productions.—Miss Grace Hill the Editor.

On last Friday morning Otterbein's fourth publication — the Quiz and Quill — made its appearance on the campus.

From the standpoint of the literary articles the 1923 Quiz and Quill is the best number that has yet been produced. Among the essays, poems and other interesting articles are to be found the winning story of the Barnes' Short Story Contest, the oration which won fourth place in the National Oratorical Contest, and the All-Ohio short story which won for its author a prize of \$100. Extra copies may be secured from Delno Adams, Business Manager of the publication.

The evening will be turned over to classes for their Class Reunions after which the Senior Class will present Shakespeare's "Twelfth Night" in the College Chapel. Following the Senior Play the Social Groups will entertain their alumni, bringing to a close one of the biggest Alumnaal Days in the history of the college.

**Erner and Hopkins Broadcasts**

**Typical Otterbein Program**

On Monday night of this week the Erner-Hopkins Radio Co. of Columbus will present a radio program in which Otterbein College will be the special feature.

The Men's Glee Club will give a program of varied numbers after which Dr. E. H. Cherrington, Secretary of the World League Against Alcoholism, will speak for Westerville giving a great number of interesting facts concerning Otterbein College.

This is a novel way to get Otterbein before the public. Previous broadcasting has proved that Mr. Troop's oration was heard in Texas, Alabama, New Jersey, and other distant states.

**Glee Club Wins Approval  
In Memorial Hall Concert**

On Thursday afternoon and evening of last week the Men's Glee Club appeared in joint concerts with an 80 piece orchestra of Columbus school musicians at Memorial Hall. Owing to the lateness of the season the audiences were rather small but a generous amount of applause and enthusiasm was manifested in both performances. Several good critics pronounced the concerts excellent. From all indications, the Club will have no difficulty in securing a Columbus engagement next year.

**Stay for Commencement**

Commencement week is fast approaching and will soon be with us again. That week is the gala time of the year. Since work is over and cares are tossed to the winds, it is a week of happiness for the student. While it is a week of joy for the majority it is nevertheless a week of sadness for many. How strange it is that the same week can be one of happiness and sadness for the same group of students. However happy they may seem, sadness holds the seniors as they leave behind their college years. One sees sadness manifest wherever friends and schoolmates are bidding each other good-bye.

Each undergraduate should plan to stay for this Commencement. This year it holds an especial significance. Having just celebrated our seventy-fifth Diamond Jubilee anniversary it marks the beginning of the last twenty-five years towards the centennial year of Otterbein. Moreover it marks the beginning of the appeal for the new gymnasium. It is needless to say that we want that gymnasium, but wanting it will not get it. The returning alumni and friends are anxious that we have the gym. They will be pleased to see us taking an interest. How to show interest? Just by your

mere attendance you signify your interest and create a good impression on the alumni and friends. Your attendance at Commencement will silently show your interest in Otterbein's new gymnasium.

The success of this Commencement rests on the undergraduates. The seniors will be here so it remains for the underclassmen to stay for Commencement and make it successful. Our Alumni and friends are anxious to see you. Let us remain for the gala week of the year. Make this Commencement a success and insure the success of the new gymnasium.  
— P. M. G.

**Going Home.**

Only a few days yet remain before most of us will be leaving for home or for some strange community. Wherever you may go, it is well to keep in mind some suggestions which many of us, especially after our first year, are prone to forget.

In going home you are usually eager to tell all you know about your Alma Mater including all the pranks and so-called jokes that have taken place during the year. All those things are all right in their place, but just remember that the "folks back home" have one or two interesting experiences which they would like to tell you. Give them a chance and do not try to tell all you you know during the first week.

Then again you will likely feel a little different towards your friends back home than when you came to school. The bonds of friendship grow weaker and weaker year by year. But this is only natural. You, who are in an entirely different atmosphere, are growing and changing. You must expect it. When you return home you should be the first person to break this ground of difference. Do not drop down to their level, but pull them up to yours.

It will not be necessary for you to tell everybody that you have been to college. If you act natural and do your duty, they will know it soon enough and think all the more of you. We are offering these suggestions with a very clear purpose in mind. You are advertising Otterbein to your home community better than all the literature from the college office could possibly do. Do not leave a negative influence for the sake of this school. Play the part of an Otterbein man or woman and fill in the place which they have for you back home.

That she wonders what the newspapers will print, what jokes will be about, what cartoons will say, and whose picture will get on the front page after the marathon dancers lose their footing and drop dead.

That she sympathizes heartily with the cosmetic-shy hurly burly headed young man who lost his girl's compact and had to go to our fair city to replace it and became bored to tears as he tripped through the cosmetic-grabbing mob of women, girls, and children at not less than seventeen such counters, searching for a resemblance of the lost.

That she heard of one Senior who had to cut one class in order to get to another class.

That she also noticed many couples of young faithfuls go strolling instead of attending their dear classes. She thinks that these things should be prohibited in some way.

The last game of the season, played with Ohio Wesleyan on the local diamond last Tuesday evening, was lost to the visitors by a score of 6-3. Otterbein rallied in the fourth inning, bringing in three runs, after Staats had knocked a homer followed by Anderson's single, Garver's triple, and Hank's sacrifice. Otterbein later lost several chances to score by costly errors.

Mason started on the mound for the Methodists, but was forced to retire in the fifth inning when a liner from McCarrroll's bat injured his pitching hand. Loomis, who succeeded him, hurled fairly good ball.

Wesleyan scored in the first inning when Morrissey was safe on Anderson's error. LeSourd followed with a home run over the track. Staten fanned and Sacksteder fled to Garver. Carlton was safe on Hank's error and scored on Wagoner's triple to right.

Otterbein was unable to do anything until the fourth inning when Staats got the first hit from Mason, a home run across center field. Anderson followed with a single; Garver tripled to center scoring Anderson, while Garver counted on Hank's sacrifice. Bradrick ended the scoring, being tossed out Sacksteder to Hubbard.

Wesleyan scored again in the seventh when Loomis doubled to center and scored on Anderson's error from LeSourd's grounder. In the eighth inning Wesleyan pushed two more across when Sacksteder was safe on Andy's error. Carlton followed with a single while Morgan was thrown out at first. Wagner's single scored both Sacksteder and Carlton which ended further scoring.

Otterbein's best chance to tie up the score came in the eighth inning. With two men out Anderson and Garver singled and both advanced on Carlton's poor throw in. Hank was not equal to the task however and popped to Loomis. Bradrick singled in the ninth; Seneff lined out to Staten while McCarrroll hit into a double play, Staten to Morrissey to Hubbard.

**OTTERBEIN'S GROWTH RAPID**

**51% of Alumni Graduated Since 1909**  
—Figures Show Large Enrollment Increase.

Following a little research on the part of President Clippinger it is interesting to learn of the rapid growth which is being made by Otterbein College. During the past 76 years of Otterbein's history there have been 1860 graduates whereas during the past 15 years 793 graduates left these halls. These figures show that 51% of our alumni have left Otterbein since 1909.

Further than this the President has made a careful survey of the student enrollment during the past ten years, the figures of which are as follows:

**Record of Athletic Scores**

After working for two years searching and checking by all available records, H. V. Miller has completed a most valuable and authentic record of games and scores in all branches of athletics since their introduction in Otterbein beginning in 1882.

Although not exactly encouraging it is interesting to know that Otterbein has won 80 football games, losing 143 and tying 15. In basketball

the record stands 92 won, 129 lost and 1 tie. The baseball record is still better with 99 won, 119 lost with 2 ties. Track seems to have been our best bet inasmuch as we tied 1 meet, lost 17 and won 18 besides scoring high in several triangular and quadrangular meets. Tennis stands fifty-fifty with 35 all and 4 tie games. Mr. Miller should be congratulated on the collection of these interesting statistics. He has consented to present the booklet to the library for use in the future.

Eny Meeny

This week we had intended to produce for the edification of the public a little philosophical treatise which would have settled definitely several questions which scientists have been laboring over for years, but we have been side-tracked by an idea. An idea which has grown and grown and has finally taken complete possession of us. It is this — the sorrows and cares of a corpulent individual are manifold! For proof, ask anyone of this afflicted group — or imagine for yourself the trials of always having to give up your favorite chocolate sundae or rich French pastry; of always being the "under-dog" in a crowded machine; of having to deny yourself the delightful pleasure of wearing one of those slim, slinky black velvet creations; of trying everything from the "Daily Dozen" to Dr. Coue's every-day-in-every-way method without any noticeable decrease in weight; of being referred to by all your fond friends as pleasingly plump when you know they think you're just plain fat! And when you notice that all this has ceased to be imagination and has become a reality — there's when a feller needs a friend!

Oswald and Edgar were room mates and they both wanted to take the same girl to Ye Decoration Day Picnic. But they loved each other so they decided to flip a coin for her. And the durned nickel rolled down a crack and it was three days after the picnic before they found out who had won!

S. P. W. D. B.

We have a worthy candidate this week in the innocent but willing Freshman who, after reading the sign, "Help Beat Big Red Bad," dashed up to offer his services, remarking that he always had had it in for that Big Red Camp!

## OLD-TIMER SAYS

Although Memorial Day Services are now annual events, the time once was when they were not observed. Forty-five years ago—that is in 1878—what was probably Otterbein's first Memorial service was held. In that year there were only about two hundred students in the University. These gathered on the campus—much as we do today—where they observed the flag-raising service and were addressed by C. A. Bowersox, '74, later a president of Otterbein.

After these exercises the student-body and faculty marched to the Otterbein Cemetery. Thus was inaugurated the custom of observing Memorial Day as it was so worthily observed Wednesday.

Vance Cribbs spent a few days in Westerville the past week.
