Otterbein develops campus grievance procedures

As a voluntary Affirmative Action Institution, Otterbein College has developed a series of grievance procedures for the campus community — procedures you may need to follow at some time.

Let's take a look at what

these are and how they can apply to you.

For instance, if you are a student who got a lower grade in a course than what you expected, Article VII, paragraph 713 of the Otterbein College By-Laws tells you how to contest that grade if you thought it

was given unfairly.

First of all, if you thought the grade was low for no apparent reason or because the teacher was prejudiced against you, then you can appeal to the vice president for academic affairs after you consult with the teacher.

The same is true if you thought your total course performance was better than what the grade gave you credit for. However, in all cases the evidence you give must be in writing.

If the matter remains unresolved, then it may be referred to the Appeals Council.

What happens if a student is accused of breaking a college rule?

According to Article VII, if you are accused of a major infraction, you will have your case heard by the Judicial Council (Traffic Council for major traffic violations). You may appeal the decision to the Appeals Council.

Minor infractions resulting in penalties in which the case was not heard by the Judicial Council, can be appealed to the Judicial Council (Traffic Council for minor traffic violation penalties).

Non-teaching staff members can find grievance procedures on pages 24-25 of the Otterbein College Personnel Policy Manual.

The course of action is to first consult with your immediate supervisor to see if the problem came from a misunderstanding. If no solution is found, you may request a conference with the appropriate department head or vice president.

The supervisor is required

to make arrangements for this meeting and it must be held within one week unless a vacation or extreme emergency interferes. If a solution still is not found, you may request to discuss the matter with the president whose decision is final.

This procedure is currently being revised along with other policies outlined in the *Personnel Policy Manual*. The revision, when complete, will be distributed to all personnel affected by it.

Faculty members who feel that a tenure or promotion decision by the Personnel Committee is in error or that their academic freedom has been violated, may appeal through a procedure recorded on pages six, seven, and eight of the *Faculty and Administrative Manual*.

First, you should request an informal hearing with the Personnel Committee. Afterwards, if you feel the problem was not solved to your satisfaction, a further appeal may be made to the Personnel Appeals Committee. This committee will report its findings to the Board of Trustees through the president.

These procedures are carefully detailed in the *Faculty and Administration Manual*.

Theatre comedy opens Wednesday

Otterbein College Theatre opens its 1976-77 season Wednesday with "A Flea in Her Ear" by George Feydeau. Performances of the French bedroom farce are set for 8:15 p.m. nightly in Cowan Hall, Oct. 13-16.

Playwright Feydeau was the Neil Simon of his day with some 50 successes produced in Parisian theatres at the turn of the century. All of his plays were similar with wild plots involving comic chases, mistaken identities, philandering husbands and foot loose wives. "Flea" is no exception to that formula.

First produced at the Old Vic in London, this version originally starred Albert Finney. Stephen Black takes the role in Otterbein's production as the lord of the manor whose wife misinterprets a note and suspects him of assignation in a seedy hote.

Trying to trap him, Lisa Durham as the suspicious

Lisa Durham and Steve Black rehearse for "A Flea in Her Ear."

wife writes a bogus love note to Black, making an appointment to meet him at the hotel.

In his role as Chandebise, Black gives the note to a friend who takes his place at the hotel. Comic complications roll from Feydeau's pen in this Gallic romp. Revolving beds, two men who look exactly alike,

a mad Spaniard brandishing a pistol and a happy ending all add up to a French farce "at its naughty best."

Fred Thayer is designer and technical director for "A Flea in Her Ear" with Donald R. Streibig guest director for this opening of the Otterbein season. Costumes have been designed by Mrs. Petie Dodrill.

Cap-Otter marathon begins

This morning marked the beginning of the annual W O B N Cap-Otter Rockathon in front of the Campus Center.

Thirty hours of live broadcasting will continue through tonight until game time tomorrow. The "music marathon" is a tradition with the staff of 91.5 FM preceeding every year's football game with Capital.

In honor of the nickname "Capital Plumbers," WOBN always hands out "purple plungers" to the first person to identify the taped sound of a toilet flushing. In addition to the infamous plungers, WOBN has pizzas, sandwiches and many other prizes to give away during the 30 hours of music and fun.

Station Manager, Mark

Snider, hopes that, "students will take this opportunity to become involved with the radio station and comeout and have a good time."

Members of the Concert Choir will also be joining WOBN this year, literally rocking along with rocking chairs in order to earn money for their trip to Europe.

T&C to stage election

Who is your choice for the next President? Is it Republican candidate Gerald Ford or Democratic candidate Jimmy Carter or one of the Third party candidates? Now is your chance to decide:

The *Tan and Cardinal* will be holding a mock election on Tuesday, Oct. 13. You can mark your ballot from 10:30 to 1:30 and 4:30 to 6:30 in the Campus Center.

Agape meets Sunday

Agape is a group of students who meet on Sunday nights to discuss questions, observations, joys and concerns about life, death, and religious perspectives. Anyone is welcome. It is held in Towers 1 (in the basement of Towers Hall). This week Reverend Clarke will speak about Prayer at 10:00 and a discussion will follow.

Third degree Burns

The easy way to heaven

Chet Cady was ill much of this week and was unable to write a "Manna" column for this issue. Seeing as how I am the editor and it is my job to keep an editorial balance throughout the paper, I thought I'd provide you with some religious enlightenment.

The following is a list of commandments that a forthright, honest and dedicated Otterbein student should keep uppermost in his mind at all times:

1. Thou must read the *T & C* weekly and contemplate on it.
2. Thou *SHALT NOT* take the name of Don Snider in vain lest thee be smitten from the earth.
3. Remember, thou mustn't refer to theatre majors as "weirds."
4. Honor thy R.A. and thy Head Resident.
5. Thou shalt not speak poorly of the (expletive deleted) new phone system.
6. Thou shalt not commit adultery after 2 a.m. on weekends.
7. From the library, thou shalt not steal.
8. Thou shalt not "Bear" false witness against thy coach.
9. Thou shalt not covet thy neighbor's place in the lunch lines.
10. Thou shalt not covet thy neighbor's lunch.
11. Thou shalt not burn dormitories down as burnt offerings to the Board of Trustees.

By following these simple rules you can earn for yourself eternal bliss.

by Mickey Burns

Working for you!

In case you haven't noticed, there are two lines open on Sunday nights now for dinner. This better facilitates the number of students returning from their weekend away.

Richard Stafford, Dining

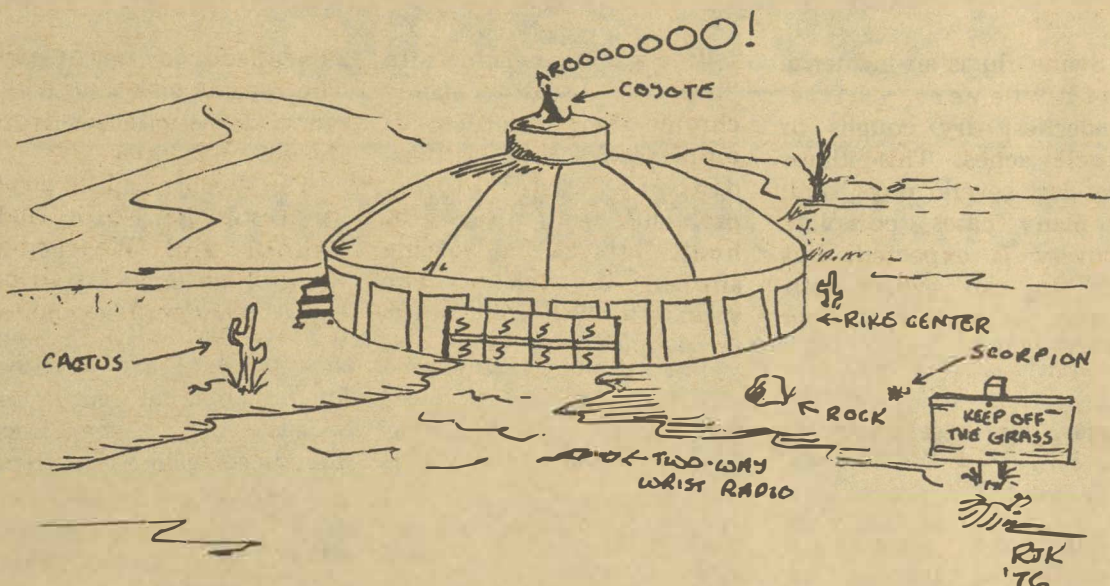

Hall Manager, responded to an editorial in the *Tan and Cardinal* September 24 and enacted the "two-line system."

The *T & C* is working for you!

Another Predicament

The friends I loved are gone again with the wind
and the leaves of the summer.
They are on the ground, they are dry and dead
and man steps on them because they seem lifeless
but they aren't.
They belong to life and as such they have to be loved
This is why nature cries
this is why there are tears in my heart of sorrow.
I long for a dear love
I long for the princess of the dreams never dreamt
I long for the infinite made finite.
Many times I make of wisdom the ultimate
But when sadness assails my soul
I realize that love is beyond and above knowledge.
The predicament is that my dear friends are fleeting;
hence I have to retreat into the pursuit of knowledge
which is eternal.
But love is the end.

Editorial

Get off the grass, huh!

Whether or not you particularly like Otterbein you have to agree that our campus is (at least) attractive to the Observer.

The sprawling (?) surroundings that comprise the college are generally

well kept and always pleasing to the eye.

This is good both for making a four year stay here more bearable to the student as well as drawing prospective freshmen to Otterbein.

An aspect that does mar the campus' beauty is the fact that in several places "walkpaths" have evolved where there was once grass.

These paths are the results of lazy people not being able to walk around on the side walk. The most notable of these paths is at the north entrance to Cowan Hall.

For mere seconds saved, (and at the most three steps) there is now an eyesore where grass was.

Why don't we make a conscious effort to stay off the grass and take a little pride in our school.

Readers Sound-off

Must eliminate theft

Dear Editor:

In response to David Robinson's feelings of being "shut out" of the Campus Center Dining Hall, we would like to offer these comments:

The intention is not to turn students away from using the facility but to eliminate theft of food. Some people go upstairs and have a salad and dessert and a coke and never pay for it. Unfortunately, the only way to control this situation is to not allow anyone in the Dining Hall except through the line.

If you have any suggestions about our solution to the problem, please do not hesitate to come and see us. We hope you will utilize the Main Lounge and other areas in the Campus Center to socialize, study and discuss your classes. We appreciate your comments and concerns.

Swine flu vaccine is available

Swine flu is an influenza with fever, chills, headaches, dry coughs or muscle aches. This illness may last several days, and, in many cases, complete recovery is expected, but this flu can evolve into pneumonia or death. Swine flu is epidemic.

If a person is subject to "high risk diseases" mainly chronic lung disorders of emphysema and asthma, diabetes and kidney problems, heart diseases or heart attacks, a vaccine should be taken. The vaccine for Swine flu works on people from 18-59. Its

side effects are few if any. The vaccine makes an adult completely immune from the epidemic virus.

The vaccine will be given at Westerville North High School and Westerville South High School starting this Sunday until November 6.

Special precautions for this vaccine include: anyone under 18 won't be given the vaccine (it doesn't work), anyone with an allergy to eggs should take the vaccine under medical supervision, anyone with a fever should delay getting the vaccine until fever is gone, and anyone who received another vaccine within the past 14 days should take medical advice before taking the vaccine.

If there are still questions on the flu or on the vaccine, call Act Safe at 228-7233. Let's stop the epidemic before it gets out of proportion.

Jaycee yellers to tryout

Junior varsity cheerleading tryouts are scheduled for October 12 at 7 p.m. in the Rike Center. The Varsity cheerleaders conducted two pre-tryout practices this week, demonstrating mounts, jumps, gymnastics and the mandatory cheer required for tryouts.

A panel of approximately ten judges, including the varsity cheerleaders, will choose six freshman girls for the 1976-77 reserve basketball season. To

qualify, the girls must have attended at least the first practice session.

The varsity cheerleaders report that they are looking forward to the selection of the new cheerleaders. They hope to establish a close, working relationship between squads. One cheerleader said, "We're looking for girls with vitality and talent, but it's equally important that they are cooperative and dedicated."

Torch and Key sponsor book sale

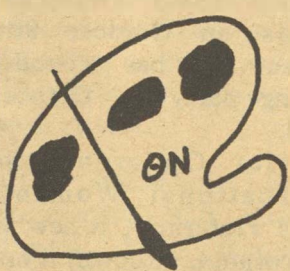

The Torch and Key Book Sale will be held on Wednesday, October 13 from 10 a.m. to 5:30 p.m. in the Campus Center. Co-Chairmen Dr. Harold Hancock and Mr. Hohn Becker estimate that more than 3,000 books in fiction, non-fiction, and in most academic fields will be for sale. Prices will range from \$.10 to \$.50 and some books will be free for the taking.

This is the sixth annual sale which helps to support the Scholarship fund of the Torch and Key, a scholastic honorary. Last year \$170 was raised and the organization granted two \$100 scholarships.

Dr. Hancock and Mr. Becker view this sale as an opportunity for students and faculty to acquire books in subjects of their interest. Books that remain unsold will be given to the Otterbein College Thrift Shop, which supports scholarships.

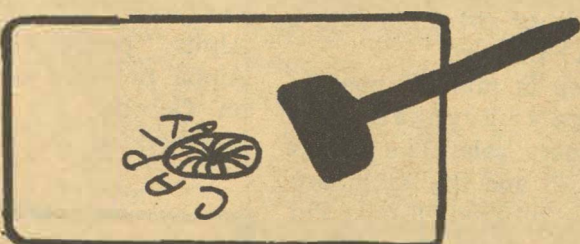

Sometimes interesting experiences occur. At one sale a patron thought that she had found an original letter written by a famous American. Mr. Becker could not convince her that it was only a copy made by the author's namesake!

So try your luck! Who knows? You may find an original letter written by a famous person or perhaps an autographed book for your own special collection. But be sure to come early for the best selections.

- 8:15 p.m. — Otterbein College Theatre: "A Flea In Her Ear"
- 8:30 p.m. — Pi Kappa Phi Co-Ed

McCurdy students send thoughts.

(ED note: The six Otterbein students currently studying in McCurdy thought they would let the campus community know that they're still alive and thinking about them. The following are their thoughts...MB)

We're so far away, doesn't anybody stay in one place anymore?" No, six 'Beiners have journeyed to New Mexico to participate in an inner cultural experience at McCurdy School in Santa Cruz. We would like to share with you some of our thoughts about the experiences that we have had while we have been here.

"It's hard to believe that we have been here for over a month, time seems to go by so quickly. I really enjoy working with my fourth graders, but most of all, I love the traveling that we do. I used to think that majestic snow-capped mountains, colorful deserts, and the vivid colors of autumn trees on a hillside were some things only magazines could show me. But they are real, I have seen them, and they are beautiful!

—Betsy Rogers

"We are having such an experience here. I wish I had the time and space to express everything I want to say. I'll try to sum things up: The funniest part of the trip is our living quarters, the saddest thing is the amount of college work we have to complete in the next four weeks. The worst part of our term is the daily 6:30 a.m. breakfast calls, the best thing is hearing news from friends at home. The easiest part is traveling through the beautiful south - west, the hardest thing is trying to retain a student - teacher relationship with people only three years younger than myself. Looking forward to seeing my friends in November."

—Dale Lund

"Everything is so neat here. The people are so neat and the scenery is fantastic! it is all so different from anything in Ohio. I really like it!"

—Judy Wygant

"Re-entering first grade is not a simple task. Although my fourteen years leave - of - absence afforded me an evident change in status, I am not sure it's a higher status. I am thoroughly enjoying McCurdy (recess is still my favorite subject!). It is the people who make it special: the little people

whose world one can enter only with their permission; and the big ones who are helping me to mold a jumble of experiences, thoughts, sensations, and emotions into a significant, fulfilling pattern."

—Michael Bowers

"The thing which impresses and pleases me most are the people and their willingness to learn. The students are here by choice, not force, for many reasons. For instance, the public schools are severely strained because of the low tax base in the area and many students cannot live at home due to broken homes, neglect, or personality conflicts. McCurdy provides quality

education and homes for these students. Seventy per cent of the graduates further their education. The people of New Mexico are proud and warm - hearted. They have so much less materially than I, yet they can give more through designing pottery, jewelry, art, experiences. etc."

—Jeannine Ruble

"Why are we here? In his or her own unique way, each individual has journeyed afar to meet the challenge of education. It has often been said that professional educators must have the strength of an olympic weight lifter, the fleet feet of a ballerina, the social knowledge of the *New York Times*, *Saturday*

Evening Post, and Martha Mitchell, the grace of Amy Vanderbilt, the physical stamina of Pete Rose, the intelligence of Albert Einstein, the acute social awareness of Sigmund Freud, the tact and euphemistic ways of Ernest Borgnine, and the radiant smile of Plains City, Georgia's Jimmy Carter; retroactive to pre-debate times.

Certainly, no man could put asunder these necessary and essential characteristics of the professional educator."

—Wes Newland

All six of us wish all our friends at Otterbein the best.

Greek News

Serenading is big event

By Nancy Ballog

The pressure is on the Greeks. Homecoming is only a week away. Floats, housecleaning, luncheons, the football game, the parade, and the other Homecoming festivities will be crammed into one week.

The big event this week for the sororities is Serenades, beginning October 10th at 8:30 p.m. in the Campus Center. Each sorority and independent serenade their homecoming queen candidate in a cavalcade of songs. It should be an enjoyable evening of music.

If that special someone is on the mind, buy her a Theta Nu mum. The mums come with a choice of multi-colored ribbons and cost \$1.25 at the presale and \$1.50 on Homecoming Day. Make your girl smile with a Theta Nu mum!

Keep in mind Kappa Phi Omega's keychain and stationery sale. The chains are \$.35 and the stationery can be ordered. Kappa Phi will be going to Village Pizza Inn tonight for a sorority get-together.

Sphinx had a swinging party at Tony's Pizza Monday night after the fraternity meeting. They are

still in the process of renovating their 2nd floor. John McQueen was elected editor of the fraternity's newspaper, "Sphinx on the Move." Sphinx will also be singing at Serenades, Sunday night.

Jonda fraternity is still painting their house. Hopefully, it will be done when the alumni visit on October 16th.

Tau Epsilon Mu and Epsilon Kappa Tau are having their individual Coeds on October 9th. Theta Nu has a roller skating party on October 22nd.

Delta Omicron, the International Women's Music Fraternity, is new to this column, although it has been well-known in the music department. The Otterbein chapter of the fraternity, "Omicron Alpha," participated in the Alpha province convention on October 1st and 2nd. Members of the chapter —

Cathy Stettner, Lynn Marshall, and Robin Sando — and the advisor — Ms. Schilling gave performances in voice and piano at the convention. The Otterbein chapter placed first in the collegiate banner contest, winning \$10.00. The chapter also won an honor award for service to the Otterbein Music Department for the 1975 - 1976 year. Congratulations to all the Omicron Alpha members for your great success!

Interfraternity Council (IFC) and Panhellenic Council are offering their services to the Alumni Development Center on October 17th and 24th by participating in a telethon. The telethon is one of the many ways the college gets its income.

All fraternity and sorority house residents are asked to be aware of fire inspection. Make your houses safe and have the fire marshall see it soon.

Homecoming candidates vie for queen spot

by Hope Roberts

With Homecoming weekend at hand, there is always a feeling of excitement within the sororities as the queen candidates are elected. The girls are chosen by the entire sorority and must be

seniors. The independent women also choose a candidate to run for homecoming queen.

Kim Christy, representing Kappa Phi Omega is a theology major. She works on the library student staff, participates in SCOPE, and is involved with Campus Christian Association. Kim also serves on Senate.

The Theta Nu candidate, Cherie Conklin, is a special education major. This year she is interning at Chapelfield Elementary School in Gahanna, Ohio. Cherie is a member of "Division of Teacher Education Students," and participates in Torch and Key.

A speech / theatre major, Janet James, is representing Sigma Alpha Tau in the homecoming festivities. This year she is serving as

house manager of the Owls House. Janet is interning at Grant Hospital in the Public Relations Department and is a member of the Otterbein Senate.

Representing the independent women is Terrie Hopkins. She is a life science major and is currently part-time employed by the Ohio Department of Natural Resources. Terrie was the 1975 candidate to the All - Ohio Shrine Bowl and has been a member of S.O.U.L. for four years.

Yei Yan Kim is the Tau Delta Sorority's choice for homecoming queen. Yei is a mathematics major with concentration in accounting. She is involved with the Campus Crusades for Christ and works for Dr. Koo at the Economics and Business Administration Department.

Belinda Seibert

Epsilon Kappa Tau has chosen a music education major, Debbie Scott. She is a member of the Otterbein Marching Band and Concert Choir. Debbie is a member of OSMEA and the treasurer of Delta Omicron.

Homecoming Candidate for Tau Epsilon Mu is Belinda Seibert. Belinda is a Business Administration Major. She was selected for the Varsity Cheerleading squad three consecutive years and has been elected to the office of Treasurer of Tau Epsilon Mu.

Center to expand

Expansion was the theme when Otterbein's commuting students met Tuesday, September 21, to discuss the Commuter Center, located in the Clements Hall Basement.

Chris Andrew and Dave Peters, coordinators of the commuter group, felt that the center, which has traditionally been known as a place for commuters to "crash" between classes, could serve a wider range of student needs. They saw the center as a possible starting point for integrating the commuting student into Campus Life.

Chris Andrew said, "Too often the commuting student comes to classes and then goes home. After four years they can only step back and say, 'I never really did anything.'"

The center is attempting to remedy this problem by encouraging the commuter to involve himself with

other commuters and the campus in general.

The commuter center currently occupies two rooms of Clements Hall. One room holds mailboxes and book lockers for the off-campus student. The other, equipped with a stereo, television and kitchenette, serves as a roosting spot for students between classes.

Since Otterbein has approximately 250 more students off-campus housing, the facilities could conceivably become cramped if student participation increases as the group homes that it will. Dave Peters assured the students that the administration is willing to provide other facilities if this becomes a problem.

The commuters hope to involve more students in the upcoming projects. Any commuter who's interest in participating should stop into the center in rooms 11 and 12 of Clements Hall.

Men to vote for queen

Men of Otterbein vote for Homecoming queen on Monday October 11 at lunch and dinner hours. Pictures of the candidates are in the show cases in the Campus Center lounge. All Otterbein men are allowed to vote!

The queen will be presented at the Homecoming football game

on Saturday October 16, 1976. Also listen to WOBN on Thursday night to hear the announcement of the queen in an interesting way. The favorite song of each candidate will be played. Homecoming is promised to be better than ever this year so be sure to attend all the activities!

Yearbook needs photographer

Sibyl, the Otterbein College yearbook, needs an experienced photographer for its staff. This salaried position is open to all students and it will be for the remainder of the '76-'77 academic year.

Interested students may apply by submitting a brief, typewritten letter to Publications Board Chairman David Ross in care of the Tan & Cardinal. All letters must include the name and address of the applicant and must be submitted no later than 12 noon Friday, October 15.

Stacking the Cards

Capital gridder is okay

by Dan Thompson

We are happy to report that Jess Davidson, the Capital gridder who fractured his neck, is now moving and in his fifth day of therapy. Davidson is listed in good condition and is now able to have visitors.

The second week of intramural football has moved Club and Zeta out as the early front runners in their respective divisions.

Mondays action saw Zeta defeat an outmanned Jonda team 24-2, and Sphinx won by forfeit over Pi Sig.

Zeta chalked up another win shutting out Kings 18-0, and Club whipped the Sphinxmen 16-6, in Wednesdays play.

In Division I the slates

read Club (2-0-1), Sphinx (1-2-0), and Kings (1-2-0). Division II shows Zeta (3-0-0), Jonda (0-1-1), and Pi Sig (0-2-0).

The national polls printed Sept. 28 rated perennial OAC power Wittenberg No. 2 behind C.W. Post College, in Division III rankings. Muskingum College, last seasons Ohio Conference champ, held the 4th spot nationally.

Underdog Cards down Bears

by Brad Haynes

The Otterbein Fighting Cardinals soundly defeated the Ohio Northern Polar Bears 16-14, last Saturday night after being picked an eleven point underdog by a Columbus newspaper sports columnist.

Invading Ada, Ohio after making the one hour and 45-minute trip, the Cards took over and completely dominated the contest both on offense and defense. Quarterback Bill Hillier got the Otters on the score board with 11:06 to go in the first half on a one-yard pass to Bob Bardelang; the Mike Koob P.A.T. was wide.

The second scoring drive for the Cards was capped by a 35 yard pass from Hillier to split end Bob Boltz who is averaging just under 3 receptions per game. Koob's kick made it 13-0 and looked like a comfortable halftime lead, but suddenly

lightning struck.

The specialty team tried to stop a runback of Mark Bailey's punt to no avail as Tony Fastuca returned it from the Polar Bear 45 yard line.

The only scoring for the Otters in the second half came on a field goal by Mike Koob which proved to be the winning margin as the Polar Bears struck for one more TD. The Otterbein Offense was deep in their own territory when

Hillier elected to pitch out to freshman Wayne Cummerlander.

Cummerlander was hit the same time as the ball got to him and that was all the opportunity the ONU end needed to snatch the pigskin from Cummerlander and waltz into the end zone. But it was too little too late as the clock ran out and the Cardinals returned to Westerville with a 2-1 record and Capital on their minds.

Casing the Conference

Throw out records

by Michael Smith

With 14 of 19 games correctly predicted this season, I am considering retiring, moving to Delaware and making my fortune playing their football lottery. I guess one more week of practice couldn't hurt me too much:

Otterbein (2-1) at Capital (3-0) — You can throw all stats and records out the window on this one. Gut pride along with the Otters will prevail by 5 in this one.

Denison (0-2-1) at Heidelberg (0-2) — This rates as the "who really cares game of the week." Heidelberg lacks talent and Denison has more wounded than Rommels third army. Heidelberg should take it by 6.

Mount Union (1-2) at Wooster (3-0) — The Mount finally got their offense untraced last week and Wooster's record is very deceiving. The Purple Raiders by 10.

Ashland (2-2) at

Muskingum (3-0) — Muskingum is moving and Ashland is up and down. Down again this week for the Eagles. Muskies by 14.

Canisius (1-2) at Oberlin (0-3) — Oberlin's players were considering giving up football in favor of tap dancing, but since the schedule is complete for the rest of the season they decided to stick it out. Canisius by 12.

Kenyon (2-1) at Marietta (0-3) — The Pioneers should hit the winning column for the first time this season. Look out Kenyon! Marietta by 7.

Georgetown Ky. (3-1) at Ohio Northern (2-1) — Georgetown has had excellent luck with OAC schools this year and the trend should continue. Georgetown by 6.

Wittenberg (2-1) at Baldwin Wallace (1-2) — The boys from Berea have won-loss record on their mod sod of 24-2. The Tigers own both of those B-W losses and should easily make it three. Wittenberg by 14.

Field hockey gals drub B-W

The Otterbein Women's field hockey team drubbed an out-classed Baldwin-Wallace squad at home Saturday morning by an impressive score of 10-0.

Captain Sue Truitt drove home five of the goals and was credited with four assists. Gina Miller, playing left inner, scored four times and had three assists, while freshman Debbie Hoar hit

the goal once and tallied two assists as well.

Devensively the fighting Otter squad was tough, with goalies Carol Geisler and Carol Cominita both having notable clears. Coach Miss Durocher pointed out that it was a team effort and all the girls hustled and worked well together the entire game.

Martha Montgomery,

Louise Rynd and Karen Grist are the other forwards along with Truitt, Miller and Hoar. Halfbacks are Gail Nichols, Nancy Case, Sue Kreps, Cindy Good and Laura Forsha, while Marty Paul, Tina Fetherolf and Yvonne Gonzalez play fullback.

The Otter gals face action again this Saturday when they play Wittenberg in a home game, starting at 10 a.m.

Co-op ed holds meeting

Frank Mitchell, newly appointed Director of the Cooperative Education program here at Otterbein, will hold his first meeting on Wednesday, October 13 at 4 p.m. in CC room no. 3 for all business majors.

Mr. Mitchell will explain the new program in depth. Co-op Ed. involves off-campus fulltime work in sophomore and/or junior years for pay, experience and academic credit.

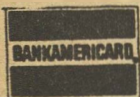

The meeting is directed at business majors but all are invited to attend.

Hillier, Snider pegged best in OAC

Don Snider

Bill Hillier and Don Snider, a pair of junior captains and two keys in Otterbein's 16-14 victory over Ohio Northern last Saturday, have been honored by the Ohio Athletic Conference.

Hillier, whose two touchdown passes accounted for most of the Cardinal scoring, was chosen offensive player of the week in the Blue

Division by OAC coaches. Snider, a linebacker who led a rugged defensive charge, gained the same recognition on defense.

Completing 10 of 18 attempts, Hillier (Mt. Vernon) tossed second quarter scoring strikes to Bob Boltz (33 yards) and Bob Bardelang (two yards). A third quarter field goal gave the Otters their 16 points as the defense held the Polar Bears scoreless in the last 14 minutes.

"Bill did an excellent job in his play selection and his passes were very sharp," said Head Coach Rich Seils. "He made several key passes to keep drives going."

Snider, the Columbus West grad, helped spark the Cards' final defensive blockade and also intercepted a pass.

"He called all the defenses and led a very aggressive unit," said Seils. "As far as I'm concerned, his honor gives recognition to the entire defensive effort."

Bill Hillier

Course is offered

A first aid course will be offered to all future teachers and interested would-be parents.

The course is scheduled for Thursdays November 4 and 11 from 6:00 p.m. to 10:00 p.m. in room 136 of the Science Building. If interested call Ext. #468.

Photo registration continues

The Visual Arts Department is continuing registration for students interested in taking photography during the winter and/or spring quarter.

The courses to be offered are: Art 39 - Photography - The Camera and the Negative (Winter Term) and Art 39 - Photography - The

Print (Spring Term). Each course is valued at one credit. There are no prerequisites and the students need not have their own camera.

Students interested in or planning to take photography should see Carl Scott in the Learning Resource Center before October 22.

Alka-Seltzer Football Fumbles & 'Fizz'les

Find yourself punting already on class projects? Don't despair — instead, put that punting knowledge to use in the Alka-Seltzer Football

Jimmy
"The Greek"
Snyder

iron below and predict the handicaps and final scores on

Fumbles & 'Fizz'les game. If you do tackle this contest, you might score and win one of the exciting prizes.

To enter, simply fill out the grid-

the seven upcoming college football games listed. Jimmy "The Greek" has provided his early handicaps on the outcome, specifically for this contest. We'd like you to take a pass at upsetting the famous football analyst's educated guess.

Grand Prize: Super Bowl

In this first round, students from around the country will predict handicaps for the competition. The top 50 entrants will each receive a new Odyssey 300 electronic TV game featuring tennis, hockey and smash. Those 50 winners will be eligible to compete for the Grand Prize: a trip for

two to the Super Bowl Game held in the Rose Bowl on January 9, 1977. The trip includes game tickets, airfare (from anywhere in the U.S.), hotel accommodations and expenses for two days in Pasadena, California.

So, why not take a pass at this contest? No purchase is necessary. No penalties will be given and clipping is allowed (just clip this entry form from the paper, fill in and mail). And, if all these numbers make your head ache and turn you stomach sour, remember Alka-Seltzer for a little 'after-the-game' relief.

Alka-Seltzer Football Fumbles & 'Fizz'les
Official Rules — No Purchase Required

Contest Entries

1. Print or type on this official entry blank your name, address, zip code and school.

2. ePrint or type for each of the 7 football games listed below: A. — your handicap predictions for each game, B. — the grand total of your handicap differences, and C. — predictions of the final score for each game. (See sample entry below.)

3. Enter as often as you wish, but entries must be mailed separately. Mail your entry to: Alka-Seltzer's Football Fumbles & 'Fizz'les, P. O. Box 4818, Chicago, IL 60677. Only one prize per person will be awarded.

4. eEntries must be postmarked no later than October 22, 1976, and received no later than November 5, 1976.

Judging

1. eThe fifty entries that come closest to predicting the grand total of the handicap differences will be judged winners in the first round. In case of ties, those entrants who predict the highest number of individual game handicaps correctly will be chosen. In case of further ties, entrants

will be judged on individual game score predictions.* In addition to receiving a new deluxe electronic TV game valued at \$80.00, they will receive entry forms for the second round — the Texas-Arkansas game to be held December 4, 1976. For that game, the fifty winners will be asked to predict a handicap, the final score and total yardage gained by the winning team. The Grand Prize winner will be selected on the basis of handicaps. In case of ties, the judges will look first to the predictions of the actual score and secondly to the predictions on total yardage gained to determine the winner.* All winners will be chosen by Advertising Distributors of America, an independent judging organization, whose decisions will be final. All prizes will be awarded. Winners will be notified by mail. The odds of winning are dependent on the number of entrants.

2. eAll entries become the property of Miles Laboratories, Inc., its representatives and its agencies. None will be returned or acknowledged.

3. List of winners will be

sent to entrants who send a self-addressed, stamped envelope to Alka-Seltzer's Football Fumbles & 'Fizz'les, P. O. Box 3431, Merchandise Mart, Chicago, IL 60654. (Do not send request with entry.)

4. The Grand Prize winner must accept prize by December 10, 1976. If for any reason the winner is unable to use prize, a cash prize of \$1,200 will be awarded.

Eligibility

1. eThis contest is open to residents of the U.S.A., except employees and their families of Miles Laboratories, Inc., its affiliated companies, its advertising agencies and Daniel J. Edelman, Inc. It is subject to all federal, state and local laws and is void in the states of Missouri and Florida and where prohibited by law. No substitution of prizes will be permitted. All taxes are the responsibility of the prize winner.

Contest sponsored by Alka-Seltzer and Miles Laboratories, Inc., Elkhart, Indiana.

*e If necessary, random drawings will be held to determine semi-finalists and Grand Prize winners.e

Pit your skills against Jimmy "The Greek" by circling your winning team choice, and predicting both the handicaps and final scores on these games scheduled for October 23:
