# Women in **Philanthropy Summit**

## Investing in Women for **the Common Good**

Join women leaders and students to learn more about the vital role women play in philanthropy. The program is designed to stimulate dialog to help women learn, create networks and become social entrepreneurs of the future. Did you know that women will inherit 70% of the \$41 trillion in intergenerational wealth throughout the next 40 years? What will their giving or volunteer plans be? How will they make a difference? How will they invest their time, talent, and treasure?
