% John Stefano, Chairman

I wanted to write an open letter to everyone in the Theatre Department congratulating you on *Cabaret* and the 500th production at Otterbein. Your department brings fabulous credit to this College and you are all to be commended on the wonderful program that I know will continue to grow and thrive in the years to come.

Having spent much time attending Actor's Theatre in Louisville, I can attest to the professional nature of your productions and the fine education that our theatre majors are receiving at Otterbein. To all who initiated and nurtured this program, and to all who will continue that tradition in the future, I offer my warmest congratulations on this 500th production and best wishes for continued success.

Sincerely,

Richard H. Dorman, D.Ed.
Vice President for Institutional Advancement
