**SIBYL 1968**

The days pass by and the years seem to linger. Yet she stands as tall and majestic as she has for so long. She appears to be empty ... hollow ... lonely ... Yet only she experiences all.

She is our dear Otterbein.

Armloads of clothes ... anxious parents and eager students ... nervous smiles as roommate meets roommate ... hurried good-byes ... and the endless hours of unpacking, putting rooms in order and registration. As the exhausting day comes to an end, 400 optimistic freshmen look forward to the beginning of a new life.

Orientation: expectations of hectic days taking tours, meeting new faces and adjusting to being on our own. It was this and more: the Senate-sponsored mixer . . . the afternoon teas and serendipities . . . the Freshman Talent Show at which guitarist Pam Stine and organist Debby Cramer shared top honors.

Teamwork ... determination ... ingenuity ... minor sabotage ... stamina and undying devotion .... all contributed to make the building of the freshman bonfire an event never to be forgotten. Material of every possible description supported the masterpiece and even a house was not spared by the relentless frosh.

Screams and catcalls, laughter and cheers were everywhere. Pandemonium reigned at the bonfire pep rally as Chuck Price and Sue Boster knelt to receive the crowns of 1967 Beanie King and Queen from Carl Henry and Beth Hodder, 1966 sovereigns. For the frosh, a hard day's work was climaxed as sophomore class chairman Butch Lenahan ignited the monstrous work of art and sparks began to fly.

"O-T-T-E-R-B-E-1-N ... Let's Go!" ... "Yell, frosh," ... revenge-seeking sophomores ... pajama-clad freshmen ... a roaring bonfire. The dancing around the fire and all the events of the long day finally ended as freshmen poured into the State Theater. For the first time, the class of '71 felt the spirit and sense of belonging which is Otterbein.

After the events of the previous day, the frosh were more than ready to show the sophomores which class was best. Scrap Day proved to be a true test of superiority as the bold sophomores took every opportunity to humble the undaunted freshmen.

"All's fair in love and war" ... buckets of water and water balloons saturated innocent bystanders and combatants alike. As usual, the sophomores captured the honors for the day, but in the battles that followed, victory was far from one-sided ...

Study ... cramming ... study ... attending classes ... study. At times a sincere effort is made towards an orderly -routine ... academics, as it often is referred to.

Deviations from the routine ... a  
happening as it often is referred to.

The whistles, the penalties ... the first-downs, the field goals ... even the mud, the dirt ... all belong to the gridiron. The spirit of teamwork was prevalent. The striving for victory was constant. The season was a difficult one ... but disappointments soon are forgotten and revenges remain for another year.

The players, only men ... the coaches, only men. Work ... practice ... understanding. The group becomes a team.

Try to remember ... a splash of color and a crispy air ... a big yellow mum ... the kaleidoscopic floats ... the royalty represented by Queen Miss Charma Moreland ... the United Appeal Jughead Mr. Tim Moody ... the encompassing mood ... Soon it is to be a memory only ... something to recall on another Homecoming Day.

The heart of alumni lies in tradition. And the 1967 Homecoming Day fulfilled their anticipations: seven campus favorites embellishing the proceedings ... the crowning of a queen ... a kiss from the football captain ... trophies to Talisman and Kings for winning floats ... a hard-fought game ... another fine Otterbein production on stage ... and a final dance.

The directing ... the crews behind the scenes ... the effort put forth by everyone ... like a delicate piece of machinery, all intricate parts of a production are required to be in superb order and timing to create the proper atmosphere.

The characters established dramatic rapport with the audience to relate the emotion of a play that, even today, reflects on our society-"The Merchant of Venice," this year's homecoming play.

A new beginning in a new world ... "my" group is necessary for me ... they search for me as I search for them ... and I endure the intellectual demands as well as the foolish hell ... until, at last ... I belong.

Amid the lights and gayety there exists a strange quality which cannot be explained. Parties for children ... warmth for acquaintances ... aid for those less fortunate ... people care ... Merry Christmas.

In silence she arrives and wraps us  
all in her luscious white fantasy . . .

... and when the humdrums of winter weather attack, we are optimistic enough to steal time and discover frolic.

The quiet study atmosphere ...  
the grungee attire ... the baggy  
eyes ... the chewed pencils ...  
It is the season of the year when  
the pressures test each student's  
desire to linger in the midst of  
the Otterbein Family;

The inauguration of another season on campus . . . the season of spirit when books often take second place to the obsession of enthusiasm.

They fought hard; they gave their best ... and they were victorious.

Even the BB season entertains alumni with a time set aside for returning to the Q.P.V. Observing tradition this homecoming included the roving spotlight which chooses the queen from the crowd.

Engrossed in the preparation foregoing the event ... enduring the nervous anxiety ... the night becomes reality with the crowning of a king ... and the crowning of a queen. These moments are created by the Jump Week Dance and the Intrafraternity Council Formal.

Spring . . . a time when our  
senses are re-awakened so that  
we may listen to and experience  
the warmth.

These are the days that become a melody which we can never erase from the etchings of the mind.

The conclusion of a spring day ... and the  
termination of all the symbolic thoughts ...  
why so soon after the beginning?

"Good grief! What is happening?" This, the commencement of the official welcome for May, is the competition between sororities and fraternities. These challenging and strenuous events are favorites of the campus spectators. Sphinx captured fraternity honors while Arbutus, for the third consecutive year, was the sorority champion.

The dance of the May ... the merriment of the musical production "Carousel" ... the honoring of a lovely queen, Miss Loretta Evans ... and, although the weather appeared somewhat soggy, the happiness and cheeriness of May remained effervescent.

Again, there are no days nor nights in the final stretch of semester . . . just books. Could it be so in a time of sunshine and frolic? How cruel it seems to attack the tender mind.

Until another year ... but summer is beckoning for now.

Four years . . . this school and  
all it has stood for . . . with  
these people and all they have  
meant . . .

... the emotions are varied ...  
this place, even this ceremony  
does not conform to the thoughts  
of reality ... the eyes reflect the  
fears, anxieties, desires ... now  
the questioning is no longer in the  
classroom, but in the actuality of  
life.

Lynn W. Turner ... a man who shoulders tremendous pressures and responsibilities ... a man who utilizes diplomacy with seemingly heterogeneous groups; trustees, administrators, faculty, students, and alumni ... a man who impresses the image of our college upon others ... this man, President of Otterbein College.

Striving for a pleasant smooth running college is the Otterbein College maintenance staff.

# Aerospace Studies

Maj. Morris Briggs

Maj. James Hamer

Capt. George Spence

The Aerospace Department offers cadets an opportunity to attain a commission in the USAF. During the span of a student's college career, ROTC presents immediate goals to advance academics and social life. Such activities as the Military Ball, the Heart Fund Drive, and the President's Parade and Review encourage cadets to increase their knowledge and experience in social affairs.

# Biology and Geology

Charles Botts

Michael Herschler

Arnold Leonard

George Phinney

Thomas Tegenkamp

Jeanne Willis

Although many students in the Department of Biology and Geology are enrolled in the general survey course, few are aware of the opportunities for individual study and research. In laboratories a unique opportunity exists for students and professors to work together on experimental procedures. The professors make every attempt to integrate the study of biology and geology with the fields of chemistry and physics in order to produce students with a thorough understanding of life processes.

# Chemistry

Keith Crane

Rex Ogle

Robert Place

Roy Turley

The Department of Chemistry offers a wide range of courses and is well prepared, both in personnel and equipment, to handle them. The cosmos of this field is an unending transformation. The Otterbein chemistry student receives an education which develops in accordance. Chemistry is an important and vital part of our lives, beneficial to the major, who will discover many opportunities after graduation in further study, in secondary education, or in industry, and to the student merely curious about the workings of our world.

# Economics and Business Administration

Melencio Cua

Paul Jursa

In a capitalistic nation, business and economics form a foundation for operation. Recognizing this important fact the Economics and Business Administration Department of Otterbein College provides a fundamental background of study. This department claims to have approximately one third of their majors continue their studies in graduate school. For those students who desire to enter the business world upon completing undergraduate studies, the department also helps them in securing valuable jobs.

The preparation of mature adults to guide the country's youth into the future becomes a tremendous responsibility. This is the attempt made by the largest department on campus, the Department of Education. Approximately 56% of Otterbein's graduates are in the field of education. Following a prescribed curriculum which includes a professional term, these graduates receive Ohio certification for teaching. Within five years most of the department's students begin graduate school.

The college freshman soon learns that his education involves not only the acquisition of knowledge, but also the ability to express ideas understandably. Learning how to communicate ideas is the purpose of the composition courses.

In order to establish a background in ideas, the English department seeks to emphasize themes relevant to man through his literature. The courses offered allow the student to study the literature of specific periods and types, to pursue the art of creative writing, and to prepare for the teaching of secondary English.

One of the most assiduous departments at Otterbein is the Department of Foreign Language. Oral methods employed to introduce the material are emphasized through the use of the most modern teaching techniques known. Through film-texts, the student not only is exposed audibly to foreign language dialects, but also visually to foreign customs. In order to broaden the horizons of the average student, the department promotes a study-abroad program.

## Intra murals

Many nights the college gymnasiums are teeming with enthusiastic vigor. Throughout the year, various sports contested among fraternities, sororities and the independents comprise a busy schedule for the intramural program. The importance which is stressed lies with any motivated student who participates.

# Women's Athletics

In the whirl of a sports-minded people, often the females seem neglected. However, Otterbein offers the opportunity to those with developed skills to challenge others at a high degree of competition. The intercollegiate sports program for women actively involves several different teams representing Otterbein among sundry colleges.

The ties of college friendship are ever so dear, but doubly so when bound by those of brotherhood.

Purity and courage to defend its principles are the standards represented by the crest. "Eros Kai Timi" or "Love and Honor" is the motto. E.K.T. sponsors such events as the all-campus Arbutus Goes Reno, service projects such as supporting campus drives, and many sorority activities including co-eds and spring formal.

# Tau Delta

When founded in 1921, Tau Delta was originally called "Torno Dachi" which meant "circle of friends." Due to the depression, the sorority was forced to disband in 1937. But when it was reestablished in 1943, the sisters adopted the name of Deltas and the mascot of a Siamese cat. "To thine own self be true" serves as the motto of Tau Delta. The members of this sorority are often seen in her colors of blue and white. These girls are the same who provide the campus with an old-fashion ice-cream social on May Day. # Theta Nu

Since it was founded by five art majors in 1917, the symbol of an artist's palette and the nickname of Greenwich seems quite natural for Theta Nu sorority. The sisters of today still uphold the motto "Artes Honorabit" or "she will honor the arts". Her colors of purple and white reflected in her flower, the purple spring violet. Frequently receiving the Panhellenic scholarship trophy is a proud result of emphasizing the academic area of college life. Theta Nu girls are also a prominent part of other college activities including those which are social, religious, and athletic. # Eta Phi Mu

The original members of Eta Phi Mu formed a social brotherhood for the purpose of promoting high standards of life. These brothers adopted the story of Jonathan and David as their own, and it is from this that the fraternity's English name, Jonda, is derived. The men today live their motto, "Let brotherly love continue." The Edleweiss, a small white flower signifying bravery and purity, is the fraternity flower. Jonda men participate actively in campus governing, honorary, and professional organizations, as well as athletic and musical groups.

# Pi Kappa Phi

Organized in 1908, Pi Kappa Phi acquired its present nickname of Country Club because it first held its meetings outside the city limits. This was the only fraternity to remain active during World War II. The fraternity colors are orange and black and the motto is "Staunch friends at all hazards." Club's crest signifies the book of openmindedness with the head of noble Caesar. The hands of friendship are clasped on crossed swords and a group of four chevrons bind the men together. # Sigma Delta Phi

When a Sphinxman takes membership, he vows to place the fraternity before all else and to uphold the motto, "Truth to us above all." Since its formation in 1919, Sigma Delta Phi has undergone several changes. After an eleven-year period of being disbanded due to the calling of all its members to military service, this brotherhood was re-activated by seven students. Since then, the crest has been changed to include symbols of its history. The traditional green and white colors of Sphinx still remain. Each year this fraternity sponsors the popular Chicken Barbecue in the fall.

# Sibyl Queen

The yearbook staff chooses the Sibyl Queen from six senior women who they feel is an outstanding student and has made significant contributions to Otterbein College.

# Fall Homecoming

Charma Moreland, Tau Epsilon Mu

The birth of a new season brings a rush of events. The golden fall finds its scenery enhanced by beauty as homecoming dominates the thoughts. At Otterbein, a senior girl is chosen by each Greek sorority to become a candidate for homecoming queen. Voting is restricted to male students. Charma Moreland reigned as queen, while Mary Welty and Connie Grimes were maid of honor and first attendant respectively.

Marsha Nolder, Rho Kappa Delta

Nancy Smith, Kappa Phi Omega

Rachael Stinson, Theta Nu

# Winter Homecoming

Cea Hatem, Winter Princess

Basketball is the campus favorite.- But even this sport cannot be without a homecoming accompanied by a queen. The Winter Homecoming Princess and attendants are uniquely chosen from the class of sophomore coeds by the Varsity "O". A roving spotlight highlights the previously unannounced selection as it casts its beam on the queen amid the crowd.

Lynn Scarlett, Maid of Honor

Bev Aiello, First Attendant

# Miss T & C

The snow became white velvet for one evening as six freshman women were honored by the fraternities on campus. The night of the T and C Formal a panel of judges chooses one woman on the basis of her poise and personality. The 1968 Miss Tan and Cardinal Queen was Miss Stephanie Lewis, representing Zeta Phi fraternity.

# May Queen

Loretta Evans

With the birth of spring, a loveliness emerges. The surrounding atmosphere grades this season in which the celebration of May is held. Otterbein also adds to this time of beauty with the selection of a May Day Queen. The entire student body votes for one girl from the junior class to join the regality.
